TO: Comprehensive Plan Advisory Committee
FROM: Jayne M. Bernhard, Secretary to the Comprehensive Plan Advisory Committee
SUBJECT: Public Engagement Events – Comprehensive Plan

OVERVIEW

During the Joliet Comprehensive Plan process, various types of public engagement activities will be held to gather community input and inform the community about the project in addition to the three major public open houses / workshops. These types of activities may include but are not limited to:

- pop-ups (a table or presence at another entity's event or meeting)
- interactive public workshops
- presentations
- and more!

CONCLUSION

Comprehensive Plan Advisory Committee members have an opportunity to share activity and event ideas and locations for consideration for public engagement during the planning process. Key questions that will be asked of the group during the meeting, include:

- What events would be recommended for pop-ups?
- What public engagement activities have worked or not worked in the past?
- What areas of the city or organizations need to be included that may have been left out in the past?
- Any other considerations?
