CONSULTING ENGINEERS & LAND SURVEYORS

1207 Cedarwood Dr, Crest Hill, IL 60403 • 815-730-1010 • geotechconsultantsinc.com

December 23, 2024

Mr. Sean Mikos, P.E.
Deputy Director of Engineering
City of Joliet Public Works
150 W. Jefferson Street
Joliet, IL 60432

RE: Phase II Engineering Services with Addendum No. 1
Route 66 Park at The Broadway Street Greenway
920 Broadway Street, Joliet

Dear Mr. Mikos:

Geotech Incorporated appreciates the opportunity to submit the following proposal related to the scope of work outlined in the Request for Quotes (RFQ) for Phase II Engineering Services for the Route 66 Park at the Broadway Street Greenway Improvements (including Addendum No. 1).

Based on the RFQ and subsequent conversations, our understanding is the project will consist of developing improvement plans to modify existing conditions around the perimeter of the existing building at 920 Broadway in order to provide accessible routes in compliance with the Illinois Accessibility Code.

Geotech Incorporated has over 50 years of experience with surveying and design of various land development and infrastructure projects in and around the City of Joliet. All work will be performed at our office in Crest Hill by staff each having at least 25 years of experience working with personnel from the City of Joliet.

Based on current workload, we anticipate the scope of work can be completed within the schedule outlined with Addendum No. 1. However, variables beyond our control, such as weather, may impact survey work during the month of January.

We appreciate the opportunity to submit this proposal and look forward to working with you on this project. If you have any questions, please do not hesitate to contact us. If you would like us to proceed with the project, please sign and return this proposal.

Sincerely,
Geotech Inc.

Thomas Carroll, PE
Director of Engineering

Proposed Scope of Work & Quote

Topographic Survey	\$5,000.00
○ Perform a topographic survey in accordance with the Illinois Minimum Standards for a Topographic Survey. ○ Survey limits will generally be focused on the area around the existing building at 920 Broadway Street, including the existing entrance and drive aisle to the south. ○ Scope of work does not include a boundary survey of the overall parcel.	
Site Improvement Plan	\$19,500.00
○ Prepare final engineering plans and supporting documents for the construction of the proposed improvements. ○ Plans will generally include, as appropriate, design information related to: demolition, geometric layout, site grading, and site utilities associated with provided accessible routes in and around the existing building at 920 Broadway Street. ○ Prepare an estimate of construction costs for the proposed improvements.	
Contract Documents	\$4,000.00
○ Assist City of Joliet staff on the preparation of contract documents. It is assumed the City will be utilizing their standard contract documents, following their purchasing and bidding requirements.	
Permitting	\$4,000.00
○ Assist City of Joliet staff with any permitting that may be necessary for the proposed improvements.	
Total:	\$32,500.00

Thomas Carroll, P.E.

Partner/Director of Engineering

As Director of Engineering for Geotech Incorporated, Thomas designs and coordinates all engineering related services on a wide range of land development projects. In addition, Thomas actively interacts with the client, project team, and permitting authorities to ensure projects are successfully completed.

Thomas brings an added dimension of expertise to Geotech's services as a result of his prior experience as the Chief Subdivision Engineer for the Will County Land Use Department and the Director of the Will County Stormwater Management Committee.

Education

- B.S., Civil Engineering, University of Iowa
- M.S., Civil Engineering, University of Iowa

Professional Registrations

- Illinois Professional Engineer, License #062-052783

Professional Affiliations

- Member, Illinois Society of Professional Engineers
- Member, American Society of Civil Engineers

Accomplishments

- Past Director, Will County Stormwater Management Committee
- Past President, Joliet Chapter ISPE
- Joliet Chamber of Commerce Community Leadership School

- Heritage Woods of Minooka – Supportive Living, Minooka, IL
- MK Orthopedics, Joliet, IL

Christopher Papesch, P.L.S.

Partner/Director of Surveying

As Director of Land Surveying for Geotech Incorporated, Christopher manages the efforts of the survey field crews and office staff for a wide range of topographic, boundary, ALTA, construction staking, and as-built survey projects. In addition, Christopher actively interacts with the client, project team, and permitting authorities to ensure projects are successfully completed. Based on Christopher's expertise, he was selected to serve of co-editor of the Illinois Boundary Law Book [Jeffrey Lucas, 2013] and is often consulted to provide assistance on complicated boundary and legal description disputes.

Education

- B.S., Civil Engineering Technology, Southern Illinois University

Professional Registrations

- Illinois Professional Land Surveyor, License #3369

Professional Affiliations

- Member, Illinois Professional Land Surveyors Association
- Member, National Society of Professional Surveyors

Accomplishments

- Co-Editor of Illinois Boundary Law Book [Jeffrey Lucas, 2013]
- Delegate to the Board of the Illinois Professional Land Surveyors Association
- Past Member, Ethics & Practice Committee of the Illinois Professional Land Surveyors Association
- Past President of the Northeast Chapter of the Illinois Professional Land Surveyors Association

Clayton Thurston

Project Manager/Survey Technician

As a Survey Technician for Geotech Incorporated, Clayton responsibilities include the preparation of boundary, topographic, and ALTA surveys for a wide variety of projects. In addition, Clayton also manages and schedules the survey field crews. After almost two decades of surveying experience, in both the field and the office, Clayton possesses a thorough understanding of the entitlement process, site design, and construction means and methods for various development projects. Clayton also actively interacts with the client, project team, and permitting authorities to ensure projects are successfully completed. As an example, Clayton serves as the project manager for Centerpoint Properties' Intermodal Industrial Park, coordinating the surveying and platting needs for the City of Joliet entitlement process.

Education

- Associate Degree, Construction Engineering Technology, Morrison Institute of Technology

Professional Affiliations

- Member, Illinois Professional Land Surveyors Association

Select Project Experience

Boundary/ALTA Surveys
