PUBLIC HEARINGS:

All evidence and testimony will be presented under oath. The petitioner will be allowed to present first. After the petitioner is completed, interested parties will be allowed to present evidence and/or cross examine the petitioner. As this hearing is legislative in nature and not administrative, an interested party shall be defined as someone who either owns property within 600 feet of the proposed development site, or a member or official representative of an affected governmental body; the remainder of those who wish to be heard shall be classified as public speakers. Interested parties will present second. Once the interested parties have completed, public speakers will be heard. These individuals are public speakers, so the applicable public speaking rules shall be in effect: Speakers should try to address all comments to the council as a whole and not to any individual member, repetitive comments are discouraged, total comment time for any one person is 4 minutes, no speaker shall engage in a debate or make direct threats or personal attacks or be uncivil or abusive, disruptive behavior by the members of the public will not be tolerated, and the presiding officer may limit irrelevant, immaterial, or inappropriate comments or statements.

PUBLIC HEARINGS:

All evidence and testimony will be presented under oath. The petitioner will be allowed to present first. After the petitioner is completed, interested parties will be allowed to present evidence and/or cross examine the petitioner. As this hearing is legislative in nature and not administrative, an interested party shall be defined as someone who either owns property within 600 feet of the proposed development site, or a member or official representative of an affected governmental body; the remainder of those who wish to be heard shall be classified as public speakers. Interested parties will present second. Once the interested parties have completed, public speakers will be heard. These individuals are public speakers, so the applicable public speaking rules shall be in effect: Speakers should try to address all comments to the council as a whole and not to any individual member, repetitive comments are discouraged, total comment time for any one person is 4 minutes, no speaker shall engage in a debate or make direct threats or personal attacks or be uncivil or abusive, disruptive behavior by the members of the public will not be tolerated, and the presiding officer may limit irrelevant, immaterial, or inappropriate comments or statements.

Public Hearing for a Resolution Approving an Annexation Agreement for 0.14 acres at the intersection of Elgin Avenue and Leach Avenue (A-2-26)

Memo

File #: 386-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Jeff Carey, Fire Chief

SUBJECT:

Award of Contract for the 2026-2027 Joliet Fire Department Medical and Fitness Evaluations - RFP to Rock Valley Health for \$290,376.00

BACKGROUND:

The Mayor and City Council approved the 2026 budget, which included funding for the Fire Department to conduct mandatory physical and fitness evaluations for firefighters in accordance with the National Fire Protection Association Standard 1500.

The Public Safety Committee will review this matter.

CONCLUSION:

On July 2nd, 2026, at 10:00 A.M., the (four) bids were received for the 2026-2027 Joliet Fire Department Medical and Fitness Evaluations.

The bid summary is as follows:

BIDDER:	BID AMOUNTS:
MH OCCUPATIONAL HEALTH	\$261,880.00
PROFESSIONAL HEALTH SERVICES	\$234,372.40
ROCK VALLEY HEALTH	\$290,376.00
WORKSITE WELLNESS OCCUPATIONAL HEALTH SERVICES	\$294,500.00

Section 2-444. Award of contract to the lowest responsible bidder; factors for determination of "lowest responsible bidder". Three of these circumstances apply:

- (a) Contracts which require bidding shall be awarded, after final action by the Mayor and City Council, to the lowest responsible bidder. In determining the "lowest responsible bidder, the Mayor and City Council shall consider the following:
- (1) The ability, capacity and skill of the bidder to perform the contract or provide the service required;
 - (4) The quality of performance on previous contracts or services;
 - (7) The quality, availability and adaptability of the bidder's supplies, equipment, or

personnel to the particular use or service required;

The Fire Department's most recent physical and evaluation contract was conducted with Rock Valley Health, whose professionalism and performance met all expectations

This is a two-year contract agreement with the option for up to four one-year extensions. Each extension may be exercised only upon mutual agreement of the parties and continued satisfaction with the terms and performance under this contract.

Sufficient funds are available from the professional services fund (Org 07001000, Object 523300).

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council award the 2026-2027 Joliet Fire Department Medical and Fitness Evaluations Contract to Rock Valley Health in the amount of \$290,376.00.

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Allison Swisher, Director of Public Utilities

SUBJECT:

Award of Professional Services Agreement for the Minton Road Lift Station Replacement Construction Engineering Services to V3 Companies Inc. in the Amount of \$49,950.00

BACKGROUND:

The City of Joliet acquired the Southeast Joliet Sanitary District (District) water and sanitary sewer systems on February 1, 2026. Will County is providing funding via multiple sources to fund improvements in the District's system. One of these funding sources is federal grant funds from the Congressionally Directed Spending (CDS) program.

The Minton Road Lift Station Replacement project was identified as a candidate for the use of CDS funds. It is a priority project for the system due to existing operational issues and pump outages that can result in basement sewer back-ups.

On July 21, 2026, the Mayor and City Council approved the award of the Minton Road Lift Station Replacement Project to Austin Tyler Construction Inc. in the amount of \$590,075.00. The City of Joliet requested a proposal from V3 Companies, the City's Construction Engineering Consultant, for construction engineering services for the Minton Road Lift Station Replacement Project.

The Public Service Committee will review this matter.

CONCLUSION:

V3 Companies provided a proposal, in the amount of \$49,950.00, to provide construction engineering services for the Minton Road Lift Station Replacement Project. The scope of work that V3 Companies will provide generally consists of project management, field engineering services, and review of contractor payment requests.

Section 2-438 of the City of Joliet Code of Ordinances states that purchases whose estimated cost is in excess of twenty-five thousand dollars (\$25,000.00) may be awarded without written specifications or bidding under certain circumstances. Two (2) of these circumstances apply:

- (f) Purchases when authorized by a concurring vote of two-thirds (2/3) of the Mayor and City Council;
- (g) Purchases of Professional Services.

Funds will be charged to the PU Grant / Reimbursable Projects Fund / SEJSD / Construction (Org 50180170, Object 557200, Project 25048, \$49,950.00).

The charges for this project will be reimbursed through a Congressionally Directed Spending Grant and Will County Land Use Funds.

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council approve the Professional Services Agreement for the Minton Road Lift Station Replacement Construction Engineering Services, in the amount of \$49,950.00, to V3 Companies.

AGREEMENT FOR PROFESSIONAL SERVICES

THIS AGREEMENT, MADE AS OF THIS 4th day of August, 2026, by and between the City of Joliet, Illinois, an Illinois Municipal Corporation, (hereinafter called the "City") and RJN Group Inc., (hereinafter called the "Consultant"), collectively referred to as the "Parties" herein, is an AGREEMENT for professional services.

NOW, THEREFORE, the City and the Consultant in consideration of the mutual covenants hereinafter set forth agree as follows:

SECTION 1 – SERVICES OF THE CONSULTANT

- 1.1 The Project scope of work is defined in the attached Letter Proposal dated July 17, 2026.
- 1.2 The City and the Consultant, by mutual agreement, shall determine the final schedule.
- 1.3 The Consultant shall perform its services consistent with the professional skill and care ordinarily provided by Consultants in their line of work. The Consultant will use their best professional judgment in the course of the work. Design criteria, guidelines and other standards shall be supplemented by the professional judgment of the Consultant. Deviations from design criteria, guidelines and other standards shall be called to the attention of the City's representative.

SECTION 2 – THE CITY'S RESPONSIBILITIES

The City will:

- 2.1 Provide full information as to the requirements for the Project in a timely manner in which the Consultant may reasonably rely on with regard to its completeness and accuracy.
- 2.2 Designate in writing a person to act as the City's representative with respect to the work to be performed under this Agreement; and such person shall have complete authority to transmit instructions, receive information, interpret, and define the City's policies and decisions with respect to materials, equipment elements and systems pertinent to the work covered by this Agreement.
- 2.3 Guarantee access to and make all provisions for the Consultant to enter upon the City's facilities as required for the Consultant to perform their work under this Agreement.
- 2.4 Examine all studies, reports and other documents presented by the Consultant and shall render decisions pertaining thereto within seven (7) calendar days from receipt so as not to delay the work of the Consultant.
- 2.5 Obtain approval of all governmental authorities having jurisdiction over the Project and such approvals and consents from such other individuals or bodies as may be necessary for completion of the Project.

SECTION 3 – PAYMENTS TO THE CONSULTANT

3.1 The City will pay the Consultant for the professional services performed under SECTION 1, in an amount not to exceed \$49,950.00

3.2 Invoices for payment shall be submitted by Consultant to the City, together with reasonable supporting documentation. The City may require such additional supporting documentation as City reasonably deems necessary or desirable. Payment to Consultant shall be made in accordance with the Illinois Local Government Prompt Payment Act, after City's receipt of an invoice and all such supporting documentation.

3.3 Payment to the Consultant for expenses associated with direct costs or reimbursable expenses, as dictated by the Agreement and/or Scope of Services, shall be made upon presentation of receipts for costs or expenses.

SECTION 4 – TIME OF COMPLETION

4.1 The Consultant shall complete the project by April 15, 2027, subject to time extensions to such schedule arising from delays beyond Consultant's control. To the extent Consultant is impacted by such delays, Consultant shall be entitled to an adjustment to its schedule for performance.

4.2 Time is of the essence for this Agreement.

4.3 The Consultant shall commence work within ten (10) calendar days of the date of execution of this Agreement or such other time mutually agreed to by the Parties in writing.

4.4 The Consultant may request an extension to complete the scope of work, and the City may grant such extension in a subsequent contract amendment.

SECTION 5 – RIGHTS TO DELIVERABLES

5.1 Deliverables, as defined in the Scope of Work, shall become the City's permanent property upon payment by the City to the Consultant.

5.2 Consultant shall not use photographs of the Deliverables for project competition, awards of any nature, project testimonials, presentations, advertising, proposals, professional papers, public display, or any other use without obtaining prior written approval from the City's representative. Any photographs taken of City property in the execution of the Consultant's work may not be re-used by the Consultant for project competition, awards of any nature, project testimonials, advertising, proposals, presentations, professional papers, public display, or any other use without obtaining prior written approval from the City's representative.

SECTION 6 – REMOVAL AND REPLACEMENT OF PERSONNEL

6.1 Consultant (for the duration of the term of the Agreement) will not, without obtaining the City's prior written consent not to be unreasonably withheld, replace, or alter the assignment of its

lead personnel, to the extent their respective availability is reasonably within the Consultant's control.

6.2 Consultant shall promptly remove any person assigned to perform the Services in the event of notification by the City that he/she is no longer acceptable, irrespective of any prior City consent. Replacement of lead personnel, prior to assignment, will be subject to the City's approval, which shall not be unreasonably withheld.

6.3 A violation by Consultant of paragraph 6.1 and/or 6.2 may be considered a substantial and material breach of Agreement, for which termination and damages otherwise provided by Law or the Agreement may be claimed.

6.4 The City's right to request the removal of Consultant's personnel from the Services as set forth in paragraph 6.2 does not expressly or implicitly create an employer-employee relationship between the City and personnel assigned by Consultant. Such a relationship is expressly denied herein by Consultant and the City.

SECTION 7 – INSURANCE

The Consultant shall maintain for the duration of the Agreement, insurance purchased from a company, or companies lawfully authorized to do business in the State of Illinois and having a rating of at least A-minus as rated by A.M. Best Ratings. Such insurance will protect the Consultant from claims set forth below which may arise out of or result from the Consultant's operations under the agreement and for which the Consultant may be legally liable, whether such operations be by the Consultant or by a SubConsultant or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

Worker's Compensation Insurance covering all liability of the Consultant arising under the Workers' Compensation Act and Occupational Diseases Act; limits of liability not less than statutory requirements.

Employers Liability covering all liability of Consultant as employer, with limits not less than: \$1,000,000 per injury – per occurrence; \$1,000,000 per disease – per employee; and \$1,000,000 per disease – policy limit.

Comprehensive General Liability in a broad form on an occurrence basis, to include but not be limited to, coverage for the following where exposure exists; Premises/Operations, Contractual Liability, Products/Completed Operations for 2 years following final payment, Independent Consultant's coverage to respond to claims for damages because of bodily injury, sickness or disease, or death of any person other than the successful proposers employees as well as claims for damages insured by usual personal injury liability coverage which are sustained (1) by a person as a result of an offense directly or indirectly related to employment of such person by the Consultant, or (2) by another person and claims for damages, other than to the Work itself, because of injury to or destruction of tangible property, including loss of use there from; Broad Form Property Damage Endorsement;

General Aggregate Limit \$ 2,000,000

Each Occurrence Limit \$ 1,000,000

Automobile Liability Insurance shall be maintained to respond to claims for damages because of bodily injury, death of a person or property damage arising out of ownership, maintenance, or use of a motor vehicle. This policy shall be written to cover any auto whether owned, leased, hired, or borrowed.

Each Occurrence Limit \$1,000,000

Professional Liability Insurance shall be maintained to respond to claims for damages due to the Consultant's errors and omissions.

Errors and Omissions \$1,000,000

Consultant agrees that with respect to the above required insurance:

1. The CGL policy shall be endorsed for the general aggregate to apply on an annual basis.
2. To provide separate endorsements: to name the City of Joliet and its officers and employees as additional insured as their interest may appear, and to provide 30 days' notice, in writing, of cancellation or material change.
3. The Consultant's insurance shall be primary in the event of a claim.
4. The City of Joliet shall be provided with Certificates of Insurance and endorsements evidencing the above-required insurance, prior to commencement of an agreement and thereafter with certificates evidencing renewals or replacements of said policies of insurance at least thirty (30) days prior to the expiration of cancellation of any such policies.
5. A Certificate of Insurance that states the City of Joliet and its officers and employees have been endorsed as an "additional insured" by the Consultant's general liability and automobile liability insurance carrier. Specifically, this Certificate must include the following language: "The City of Joliet and its officers and employees are, and have been endorsed, as an additional insured under the above reference policy number _____ on a primary and non-contributory basis for general liability and automobile liability coverage for the duration of the contract term."

Failure to Comply: In the event the Consultant fails to obtain or maintain any insurance coverage required under this Agreement, the City of Joliet may purchase such insurance coverage and charge the expense thereof to the Consultant. Such insurance shall be maintained in full force and effect during the life of the Agreement and shall protect the Consultant, its employees, agents and representatives from claims for damages, for personal injury and death and for damage to property arising in any manner from the negligent or wrongful acts or failures to act by the Consultant, its employees, agents and representatives in the performance of the work covered by the Agreement. The Consultant shall also indemnify and save harmless the City from any claims against, or

liabilities incurred by the Consultant of any type or nature to any person, firm or corporation arising from the Consultant's wrongful or negligent performance of the work covered by the Agreement.

SECTION 8 – SUCCESSORS AND ASSIGNS

The City and the Consultant each binds himself and his partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as above, neither the City nor the Consultant shall assign, sublet or transfer his interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any employee, officer or agent of any public body or the Consultant which may be a party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the City and the Consultant.

SECTION 9 – NON-DISCRIMINATION

In all hiring or employment made possible or resulting from this Agreement, there shall be no discrimination against any employee or applicant for employment because of sex, age, race, color, creed, national origin, marital status or the presence of any sensory, mental or physical handicap, unless based upon a bona fide occupational qualification, and this requirement shall apply to, but not be limited to, the following: employment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. No person shall be denied or be subjected to discrimination in receipt of the benefit of any services or activities made possible by or resulting from this Agreement on the grounds of sex, race, color, creed, national origin, age except minimum age and retirement provisions, marital status, or the presence of any sensory, mental, or physical handicap. Any violation of this provision shall be considered a violation of a material provision of this Agreement and shall be grounds for cancellation, termination, or suspension, in whole or in part, of the Agreement by the City.

SECTION 10 – MODIFICATION OR AMENDMENT

This Agreement constitutes the entire Agreement of the Parties on the subject matter hereof and may not be changed, modified, discharged, or extended except by written amendment duly executed by the Parties. The Consultant agrees that no representations or warranties shall be binding upon the City unless expressed in writing herein or in a duly executed amendment hereof, or authorized or approved Change Order as herein provided.

SECTION 11 – APPLICABLE LAW AND DISPUTE RESOLUTION

11.1 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of State of Illinois.

11.2 Any controversy, claim or dispute arising out of or relating to the interpretation, construction, or performance of this Agreement, or breach thereof, shall be referred to the American Arbitration Association (the "AAA") for a voluntary, non-binding mediation in the municipality where the Services are provided and to be conducted by a mutually acceptable single mediator, in accordance with then applicable Construction Industry Mediation Rules, prior to

resorting to litigation to any State or Federal Court located nearest to where the Services are provided. Neither party shall be liable for any indirect, incidental, or consequential damages of any nature or kind resulting from or arising in connection with this Agreement. The Parties shall share the cost of the mediator's services equally.

WITH RESPECT TO ANY SUCH LITIGATION, EACH PARTY HEREBY KNOWINGLY, VOLUNTARILY AND WILLINGLY WAIVES ALL RIGHTS TO TRIAL BY JURY IN ANY ACTION, SUIT, OR PROCEEDING BROUGHT TO RESOLVE ANY DISPUTE BETWEEN OR AMONG ANY OF THE PARTIES HERETO, WHETHER ARISING IN CONTRACT, TORT, OR OTHERWISE, ARISING OUT OF, CONNECTED WITH, RELATED OR INCIDENTAL TO THIS AGREEMENT, THE TRANSACTION(S) CONTEMPLATED HEREBY AND/OR THE RELATIONSHIP ESTABLISHED AMONG THE PARTIES HEREUNDER.

SECTION 12 – TERMINATION OF THE CONTRACT

12.1 TERMINATION BY THE CONSULTANT

If the Work is stopped for a period of thirty days under an order of any court or other public authority having jurisdiction, through no fault of the Consultant, or if the City has not made timely Payment thereon as set forth in this Agreement, then the Consultant may upon twenty-one (21) days written notice (from postmark) to the City, terminate the Agreement.

12.2 TERMINATION BY THE CITY

In the event of any breach of this Agreement by the Consultant, the City may, at its option, serve the Consultant with a written seven (7) day notice (from postmark) with the Consultant's option to cure the breach, or the City may engage the services of another Consultant to complete the work and deduct the cost of such completion from any amount due the Consultant hereunder, or the City may either pause or terminate the contract.

IN WITNESS WHEREOF, the undersigned have placed their hands and seals upon and executed this Agreement in triplicate as though each copy hereof were an original and that there are no other oral agreements that have not been reduced to writing in this statement.

RE: Proposal for Professional Services

Phase III Construction Engineering Services • Minton Road Lift Station Replacement

Dear Mr. Anczer:

V3 Companies (V3) is pleased to submit this proposal for Phase III construction engineering services for the Minton Road Lift Station Replacement Project. We have provided a detailed scope and fees for Phase III Construction engineering services for the above mentioned project.

This proposal includes Phase III engineering services in the amount of \$49,950.00. This proposal provides a Resident Engineer/Construction Inspector part time. If you find this proposal acceptable, the executed copies of this letter will constitute the agreement between the City of Joliet (CLIENT) and V3 Companies, Ltd. (V3) for construction engineering services for this project.

Scope of Work

To ensure that the City's expectations are met during construction we have broken down our approach to project management into two phases and the anticipated scope of work within each phase:

CONSTRUCTION PHASE

Once construction has begun, we will provide, at a minimum, the following services:

- Provide part time Resident Engineering services to perform on-site inspections and ensure completion of the work in accordance with contract documents.
- Maintain the project field book throughout construction.
- Provide digital construction progress photos documenting the progress of constructed work.
- Prepare and submit pay estimates monthly.
- Coordinate and conduct progress status meetings with all interested parties.

FINAL CLOSE-OUT PHASE

We will provide, at a minimum, the following services during the final close-out phase:

- Obtain backup documentation required for final payment.
- Continually prepare and monitor the completion of the punch list.
- Prepare and submit the final pay request.
- Conduct final inspection of the contractor's work.

FINAL CONTRACT DOCUMENTS & AS-BUILT DRAWINGS

Upon completion of the project, V3 will prepare and monitor the completion of the final punch list. A final inspection of the contractor's work will be made. The required back-up documentation will be obtained and a final payment request will be prepared and submitted.

COMPENSATION

SERVICE	FEE	
I. Phase III Construction Engineering Services	\$49,950	(Not to Exceed)
Total Project Cost	\$49,950	(Not to Exceed)

We appreciate the opportunity to present this proposal and look forward to working with the City of Joliet on this project.

Sincerely,

V3 COMPANIES, LTD.

Kurt Corrigan, P.E.

Vice President of Municipal Services

Memo

File #: 388-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Allison Swisher, Director of Public Utilities

SUBJECT:

Approval of Change Order No. 2 for the 2025 Sanitary Sewer Cleaning and Inspection Program to Pipe View America in the Amount of \$91,700.00 and Amendment No. 1 for the Professional Services Agreement for the 2025 Sanitary Cleaning and Television Program to RJN Group Inc. for the Not-to-Exceed Amount of \$24,700.00

BACKGROUND:

On June 3, 2025, the Mayor and City Council awarded a contract for the 2025 Sanitary Sewer Cleaning and Inspection Program, in the amount of \$528,650.00, to Pipe View America. Subsequently, Change Order No. 1 was approved for a net increase of \$82,779.94.

The Public Service Committee will review this matter.

CONCLUSION:

Change Order No. 2, a net increase in the amount of \$91,700.00, is a result of the following:

- An additional 200 hours of on call labor hours to provide cleaning and televising assistance to City sewer crews through the end of 2026.
- Addition of 52 hours of on call labor hours for cleaning and televising work in the former Southeast Joliet Sanitary District (SEJSD) area.

Funds for Change Order No. 2 will be charged to the Water & Sewer Operations Fund / Field Operations / Sewer / Contractual Services (Org 50080020, Object 524200, \$73,500.00) and to the PU Grant / Reimbursable Fund / Professional Services (Org 50180170, Object 557200, Project Code 25048, \$18,200.00). The charges related to the SEJSD work will be reimbursed to the City by Will County via a Community Development Block Grant.

Included with Change Order No. 2 is Amendment No. 1 with RJN Group Inc., for the not-to-exceed amount of \$24,700.00, for additional field inspection and professional engineering services required for the additional work added by Change Orders 1 and 2.

Funds for Amendment No. 1 will be Charged to the Water & Sewer Operations Fund / Field Operations / Sewer / Professional Services (Org 50080020, Object 523300, \$24,700.00).

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council take the following actions.

1. Approve Change Order No. 2, for a net increase of \$91,700.00, for the 2025 Sanitary Sewer Cleaning and Inspection Program, to Pipe View America.
2. Approve Amendment No. 1, for the not-to-exceed amount of \$24,700.00, for the 2025 Sanitary Cleaning and Televising Program Professional Services Agreement to RJN Group Inc.

Memo

File #: 389-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Greg Ruddy, Director of Public Works

SUBJECT:

Award of Contract for the 2026 Hickory - Spring Creek Cleaning Project to Gregg W. Dobczyk Excavating in the Amount of \$139,900.00

BACKGROUND:

Regular cleaning and maintenance of the Hickory Creek and Spring Creek channels are required each year to ensure proper water flow. This project was advertised on Wednesday, July 1, 2026.

The Public Service Committee will review this matter.

CONCLUSION:

On Thursday, July 16, 2026, at 10:00 A.M., two (2) sealed bids were received for the 2026 Hickory - Spring Creek Cleaning Project. The bid summary is as follows:

<u>CONTRACTOR</u>	<u>BID AMOUNT</u>
Gregg W. Dobczyk Excavating	\$139,900.00
PT Ferro Construction Co.	\$196,000.00
Engineer's Estimate	\$150,000.00

The low bid by Gregg W. Dobczyk Excavating, in the amount of \$139,900.00, is 6.73% below the engineer's estimate.

Sufficient funds exist utilizing the Engineering General Fund / Contract Services (Org 09027000, Object 524200, \$139,900.00).

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council award the 2026 Hickory - Spring Creek Cleaning Project to Gregg W. Dobczyk Excavating in the amount of \$139,900.00.

Memo

File #: 390-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:

Approve the Purchase of a Caterpillar Generator for Public Works Cedarwood facility to Altorfer Power Systems in the amount of \$163,379.84.

BACKGROUND:

The Public Works facility located on Cedarwood is a critical component to operations. The facility does not have an existing generator and during emergency situations this facility serves as the command post for response to Public Works operations. It is crucial to have a dependable generator to provide backup power when needed to maintain Public Works operations from the facility.

The Public Assets Committee will review this matter.

CONCLUSION:

The City of Joliet is seeking approval of the purchase and installation for The Public Works Cedarwood facility Generator. Sourcewell pricing was used to secure pricing.

Company

Altorfer Power Systems

Proposal Amount

\$163,379.84

Section 2-438 of the City of Joliet Code of Ordinances states that purchases over twenty-five thousand dollars (\$25,000.00) may be awarded without written specifications under certain circumstances. Two (2) of these circumstances apply:

- (f) Purchases when authorized by a concurring vote of two-thirds (2/3) of the Mayor and City Council.
- (g) Purchases of professional services.

Funds will be charged to Capital Funds (Org 30090290, Object 557500), \$150,000.00 and Buildings & Grounds Repairs & Maintenance (Org 02015000, Object 524300) \$13,379.84.

RECOMMENDATION: Based on the above, it is recommended that the Mayor and City Council approve the Public Works Cedarwood Generator Purchase to Altorfer Power Systems in the amount

of \$163,379.84.

PROPOSAL

Customer: City of Joliet

Date: 7/9/2026

Project Name: City of Joliet Roadway #1 Generator Replacement

Altorfer Power Systems appreciates your interest in Caterpillar power generation equipment and the opportunity to work with you on this project. This proposal includes the standard accessories and are provided per Sourcewell (NJPA) contract #092222-CAT. ***This meets State of Illinois laws, and therefore should satisfy your bidding requirements without further solicitation.***

Per our discussions here is some good general information regarding Sourcewell:

- Sourcewell is a government agency, created by State statute, with a publicly elected board. Its sole purpose is to provide contract purchasing solutions to serve government and non-profit agencies – government serving government.
- Sourcewell does not eliminate the bid process, instead it satisfies the agency's requirements for competitive bidding.
- Caterpillar was awarded the Sourcewell Contract #092222-CAT
- Please see copy of State of Illinois Statutes.
- For more information please see www.sourcewell-mn.gov

CATERPILLAR ITEMS PER SOURCEWELL CONTRACT #092222-CAT

One (1) new Caterpillar model DG60 natural gas engine generator set rated at 60kW standby, 240V, single-Phase, 60 Hz, 1800 RPM, sound attenuated enclosure, equipped per attached bill of materials.

SOURCED GOODS ITEMS PER SOURCEWELL CONTRACT #092222-CAT

- One (1) ASCO new automatic transfer switch, 300 Series, open transition, 600A, 3 pole, SER, 240V, in-phase monitor for motor load transfer, UL Type 3R enclosure.
- Time for Altorfer certified technician on site for equipment startup.
- Time for Altorfer certified technician on site for load bank testing
- Time for Altorfer certified technician on site for end user training and handoff
- Two-year standard Caterpillar warranty
- Freight and shipping of project equipment to project jobsite
- Installation provided by Elliot Electric
- Natural Gas piping and plumbing provided by Burns

Please review the following bill of materials, terms and conditions, and pricing. Feel free to contact us with questions or for any changes that may be needed to meet the scope of the project as you understand it.

Sincerely,

Austin Foster

Standard Equipment Caterpillar

FACTORY TESTING AT 0.8 PF

- ✓ Results at full load reported are: engine rpm, frequency, average voltage, line-to-line voltages for all three phases, average current, line currents for all three phases, and observed power--all at 0.8 power factor. Engine rpm, average voltage and line-to-line voltages for all three phases are reported at no load.

AIR INLET SYSTEM

- ✓ Air cleaner

ENGINE

- ✓ Emission control engine
- ✓ Structural steel base
- ✓ Oil and fuel filter system
- ✓ Critical type silencer system

GENERATOR

- ✓ Caterpillar 60kW generator, standby rated, engine mounted and tested at the Caterpillar factory, Class H Insulation, optimal pitch
- ✓ Digital Voltage Regulator
- ✓ Class H insulation; class H temperature rise.

ENCLOSURE

- ✓ Weatherproof enclosure and sound attenuated - Durable weather-resistant finish
- ✓ Critical grade exhaust silencer. Exhaust silencing system includes exhaust pipe and rain cap.
- ✓ Internally mounted critical grade silencer
- ✓ Robust/highly corrosion resistant construction
- ✓ Steel Construction
- ✓ Lockable, gasketed doors provide secure access to maintenance items (battery, fuel fill, oil, and coolant)
- ✓ Lube oil and coolant drains piped to exterior of enclosure and terminated with drain valves
- ✓ Radiator guard

LUBE SYSTEM

- ✓ Lubricating oil, Oil filter, Oil drain line with valve piped to edge of base

MOUNTING SYSTEM

- ✓ Formed steel base
- ✓ Linear vibration isolators between base and engine-generator

STARTING SYSTEM

- ✓ Battery, Battery Charger, Jacket water heater, Charging alternator

DIGITAL CONTROL PANEL**Instrumentation**

- ✓ LCD display with adjustable contrast and backlight with auto power off
- ✓ AC metering: Volts 3-phase (L-L & L-N); Amps (per phase & average); Frequency; kW (total & per phase); kVA (total & per phase); kVAR (total & per phase); Power Factor (overall & per phase); kW hours; kVAR hours
- ✓ DC metering: Battery Volts; Engine hours run; Engine Jacket Water Temperature (in °C or °F); Lube oil pressure (in psi, kPa or bar); Engine speed (rpm); Crank attempt counter; Start counter

Protection

- ✓ Fail to start shutdown, Low oil pressure shutdown, High engine temperature, Approaching high coolant temperature alarm, Approaching low oil pressure alarm, Not in auto mode alarm, Underspeed/Overspeed, Loss of engine speed detection, Low/High battery voltage, Battery charger failure (if fitted), Under volts, over volts, Under frequency, over frequency, Overcurrent

Controls

- ✓ Run key and LED indicator, Auto key and LED indicator, Stop key and LED indicator
- ✓ Lamp test key, Alarm acknowledge key, Menu navigation keys
- ✓ Engine and AC metering shortcut keys, All control module keys have tactile feedback
- ✓ Lock down emergency stop push button. Service interval counter.

Remote Annunciator (shipped loose) – Qty 1

- ✓ Each Annunciator includes sixteen (16) LED's for annunciation of alarm conditions and system status.
- ✓ Includes Alarm Horn and Alarm Acknowledge pushbuttons.
- ✓ Meets NFPA 99/110 requirements for remote annunciation on Emergency Standby Generator Systems.
- ✓ Label cards are provided next to each set of LED by to indicate various alarms and events.
- ✓ Designed and Tested to meet stringent Impulse Shock and Operating Vibration requirements

GOVERNING SYSTEM

- ✓ Cat Electronic Isochronous Governor. The engine governor shall be an electronic speed control with actuator. Speed droop shall be 0 (isochronous) from no load to full rated load. Steady state frequency regulation shall be +/- 0.25%. Speed shall be sensed by a magnetic pickup off the engine flywheel ring gear.

GENERAL GENERATOR SET NOTES:

- ✓ UL listed Circuit breaker, unit mounted 250A circuit breaker
- ✓ First fill lubricating oil
- ✓ First fill coolant, installed

TECHNICAL FIELD SERVICE TO INCLUDE:

Note: Field Services do not include initial fuel fill or replenishment, videotaping, sound measurements, or city permits for load testing on site.

INSTALLATION AUDIT:

A pre-start audit is available when time and circumstances permit, to be performed by Altorfer Power Systems Project Manager prior to dispatching our field service technician to perform the equipment startup; this will insure site work is completed. These services are to be performed during normal

Ref #: AF#26-31618397

Page 4 of 6

business hours, Monday through Friday 7:30 am to 3:30 pm. Additionally, our local project managers are available for consult during the entire life of the project.

EQUIPMENT STARTUP:

One (1) day of on-site start-up testing are included for only the equipment purchased through Altorfer Power Systems. Time allowed for our factory certified technician is based on accessibility, site preparation and safety concerns for both equipment and personal. This includes systems preparation, equipment start-up and functional operational test utilizing building load only. We will endeavor to meet the requirements of all interested parties as is reasonable, but informing & scheduling of all authorities, inspectors, etc. is the responsibility of the customer; all services included in this quotation are to be performed during normal business hours, Monday through Friday 7:30 am to 3:30 pm. Additional personal required or revisits as dictated by the site, will require a written request for services with a change order by an authorized person and will be billed at prevailing rates.

LOAD BANK TESTING

On-site load bank test utilizing a resistive load bank. Time allowed for 1 (one) factory certified technician is based on accessibility, site preparation and safety concerns for both equipment and personal. Altorfer Power Systems will provide a portable load bank (sized to the generator rating) and 100 feet of power cable. Cable runs greater than 100 (one hundred) feet will be billed at prevailing rates. These services are to be performed during normal business hours, Monday through Friday 7:30 am to 3:30 pm. Additional personal required or revisits as dictated by the site, will require a written request for services with a change order by an authorized person and will be billed at prevailing rates.

TRAINING:

The appropriate Altorfer personnel are available to provide a basic/up to one (1) hour training on site on the same trip during the unit has been started up. If more time is required, or additional sessions are required, arrangements can be negotiated.

WARRANTY:

Caterpillar 2-year warranty applies unless extended service coverage is purchased. Standard manufacturer's warranty applies to all non-Caterpillar equipment. Altorfer will administer all warranty claims during the appropriate warranty period. All other manufacturers warranty is for components only. Labor associated with these claims will be charged accordingly. Copy of warranty statements will be provided at project submittal.

CUSTOMER VALUE AGREEMENT OFFER:

Caterpillar equipment is designed and built to provide maximum productivity and operating economy throughout its operating life. Customer Value Agreements (CVA) are high-efficiency tools for managing your Caterpillar equipment to maintain that built-in value and achieve high reliability. CVA's provide access to trained CAT experts with exceptional knowledge about your CAT equipment. Building the right CVA always begins with a careful assessment of your needs and ends with an agreement that provides you with the lowest possible operating cost. The best time to do this is at the beginning of the equipment's service life considered directly after startup and commissioning testing. Altorfer CAT will assess your equipment in its final installed configuration and work with you to create a CVA that best suits your needs at that time. A review of risk mitigation tools, such as extended warranty, training, inspections, load bank testing, fuel/oil/coolant fluids analysis, and remote asset monitoring is also included in this assessment.

AVAILABILITY:

Determined after approved release. Equipment submittal time is to be negotiated.

FINANCIAL TERMS:

Net cash 30 days upon receipt of invoice, with credit approval. Equipment will be invoiced at the contracted amount when ready for shipment. Retainers are not allowed unless previously negotiated and are identified in this proposal. Late charges of 1-1/2% per month will be assessed for late payments and customer will also be responsible for any collection costs and expenses, including reasonable attorney's fees. Equipment storage fees may apply when delivery is not accepted when ready for shipment. Sales tax is NOT included in the purchase price and will be charged at the current tax rate, if applicable.

ADDITIONAL TERMS AND CONDITIONS:

The scope of supply for this quotation is limited to the equipment and services listed in this proposal. The bill of material herein does not include demolition, removal, terminations, installation, labor, fuel, fuel piping, air ducting, exhaust silencer installation, exhaust piping or electrical wiring between loose items such as engine, control gear, transfer switches, day tanks, battery charger, etc. Coordination studies & relay settings & relay testing services are not included. Permitting not included. The customer is responsible for any and all installation of the above Equipment unless specifically modified by this proposal. All equipment needed to perform any loading or unloading of the Equipment supplied by Altorfer Power Systems is the responsibility of the customer unless specifically modified by this proposal. Unless specifically listed in our bill of material, equipment not indicated is to be supplied by others. We reserve the right to correct any errors or omissions. Customer's signature on this quotation or the issuance of a purchase order or other acknowledgement by customer for the Equipment shall constitute acceptance of this quotation subject only to the terms and conditions set forth herein notwithstanding any terms and conditions contained in any such purchase order or other acknowledgment or communication from the customer which are different from or in addition to the terms and conditions of this quotation. This quotation is subject to any applicable manufacturer's general terms and conditions of sale. Changes to the terms of this quotation may only be made by the express written agreement of Altorfer Power Systems. Altorfer Power Systems shall not be responsible for any consequential, special, indirect or liquidated damages hereunder or for any manufacturer or other delays beyond Altorfer's control. Altorfer Power Systems will not be responsible for any labor or material charges by others associated with the start-up and installation of this equipment unless previously agreed upon, in writing by Altorfer Power Systems. This quotation expires in 30 calendar days or sooner with notice and is subject to prior sale. The prices stated herein are subject to any manufacturer increases if the order is not released for manufacture within 90 calendar days from order date or, if drawings for approval are required, the drawings are not returned and released for manufacture within 30 calendar days of mailing date. For any completed order, scheduled for shipment, that is held, delayed or rescheduled at the request of the Buyer, Seller may, at its sole option, ship to storage, invoice, and transfer title, all at the sole cost and risk of loss of the Buyer. Buyer may terminate or cancel an order by written notice and upon payment of appropriate charges based upon a percentage of the quoted sales price at the stage of completion: 10% hold for approval status and 100% after release for manufacture status.

EXCEPTIONS & CLARIFICATIONS:

Quotation is based on customer request dated 1/9/26 only. If actual job site conditions/local codes require a change in BOM, all such changes will be quoted and billed accordingly.

- Installation provided by Elliot Electric
- Plumbing and NG piping provided by Burns

2026 Supply Chain Volatility Note - Altorfer Power Systems continuously strives to reduce costs and optimize productivity whenever possible. Unfortunately, the current volatility of the supply chain has necessitated a price review process that will take place at the time we receive a "release for production" for this project. We will review the cost basis that was used at the time of quotation and if we find our inputs have increased, we will issue a revised proposal before accepting your "release for production".

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:

Award Contract 2990-0726 for the City of Joliet Facilities Grounds Maintenance 2026-2029 to Dukes Landscape Services in the amount of \$879,996.00.

BACKGROUND:

The City of Joliet Facilities Grounds Maintenance contract includes weekly maintenance of 15 different city-owned locations (City Hall, Joliet Police Department, West Substation, Campbell St, 1000 N Center Park, Bicentennial Park and Bluffs, Ottawa Parking Garage, Joliet Area Historical Museum, City Square, Exterior Slammers Stadium, Transportation Campus, Marion Lot, Osgood Motor Maintenance, Grover St, Richards St) including services of grass cutting, fertilizer application, tree and shrub pruning, mulch applications, litter pickup, weed pulling, spring and fall cleanups, and seasonal flower watering.

The City of Joliet Facilities Grounds Maintenance contract was advertised in the Herald News on Friday, June 5, 2026.

A mandatory pre bid meeting was held on Monday, June 22, 2026, at 8:30AM at City Hall with two attendees.

The Public Assets Committee will review this matter.

CONCLUSION:

On Tuesday, June 30, 2026, at 10:00AM; one (1) sealed bid was opened and read in the City Hall Conference Room 1 for the City of Joliet Facilities Grounds Maintenance Contract. The bid summary is as follows:

Company

Dukes Landscape Services

Proposal Amount

\$879,996.00

Original estimates were for \$525,000 (2 years) or \$1,050,000 for 4 years, the low bid is 9% below estimates.

Funds will be charged to Community Development, Buildings & Grounds Repairs & Maintenance (Org 02015000, Object 524300) \$159,996 FY 2026 \$240,000 in FY 2027, 2028, 2029. \$250,000 was

included in the 2026 budget for ground maintenance.

RECOMMENDATION: Based on the above, it is recommended that the Mayor and City Council award Contract No 2990-0726 for the City of Joliet Facilities Grounds Maintenance, in the amount of \$879,996.00, to Dukes Landscape Services.

SUBJECT:

Issuance of a Class "B" Liquor License at 16336 Boulevard Place - BJ's Restaurant & Brewhouse

BACKGROUND:

A Liquor Hearing was held with the Deputy Liquor Commissioner on July 17th, 2026, for BJ's Restaurant & Brewhouse.

RECOMMENDATION:

Attached are the Findings and Recommendation of the Liquor Commissioner.

FINDINGS OF THE LIQUOR COMMISSION
ISSUANCE OF A LIQUOR LICENSE

Based on a public hearing that took place on Friday, July 17, 2026, the Liquor Commission of the City of Joliet hereby reports its findings based on Chapter 4, Section 5C of the Code of Ordinances of the City of Joliet to the City Council. The findings are as follows:

1. **(a) Applicant:** BJ's Restaurant Operations Company
d/b/a: BJ's Restaurant & Brewhouse

(b) Address of premises: 16336 Boulevard Place
2. **Class of liquor license applied:** Class B – Premises Only
3. **Past Performance:** Over 30 years of experience with sales and service of alcoholic liquor.
4. **Character and reputation of the applicant:** The applicant is not a convicted felon.
5. **General design and layout of the premises:** On file in the Mayor's Office.
6. **Amount of anticipated gross revenue from sale of alcoholic beverages:** 20%
7. **Nature of entertainment:** N/A
8. **Premise compliance with all ordinances of the City:**

Building Inspections Department approval pending final inspection.

Joliet Fire Department approval pending final inspection.
9. **Any outstanding monies owed to the City of Joliet:** There are no monies owed to this address.

10. The following are the class, type and number of licensed premises within a one (1) mile radius of the proposed premises:

Class Type of Liquor License	Total
Class "A" Premises & Package:	
Class "A1" Brew Pub:	
Class "A2" Craft Brewery:	
Class "A3" Craft Distillery:	
Class "B" Premises Only:	4
Class "C" Package Goods Only:	1
Class "C-D" Package Goods Only/ Beer & Wine Only:	
Class "D" Premises/Beer & Wine Only:	2
Class "E" Restaurant or Hotel:	1
Class "F" Club:	
Class "J" Governmental & Non-for-profit:	
Class "K" Stadium:	
Class "L" Riverboat-Related Facility:	
Class "P" Bicentennial Park:	
Class "TH" Theater or Cinema:	1
Class "BG" Gas Station/On-Site/Gaming:	
Class "CG" Gas Station/Package:	
The total amount of liquor licenses within a one-mile radius of the proposed location:	9

11. Zoning, general character of the neighborhood and the impact of the premises of the surrounding neighborhood and the city as a whole:

The subject business is a new restaurant within The Boulevard Place development near the Interstate 55 and Route 30 interchange. The property is zoned B-3 (general business), which permits a restaurant with on-premises consumption and the sale of liquor.

The property is surrounded on the west, north, and east by commercial properties within The Boulevard with either City of Joliet B-3 (general business district) zoning or Village of Plainfield B-3 (highway business district) zoning. Across Route 30 to the south are commercial properties zoned Village of Plainfield B-3 (highway business district).

12. Any law enforcement problems created by the issuance of the liquor license:

Joliet Police Department does not foresee any special law enforcement problems associated with the issuance of this liquor license.

13. Comments at the hearing:

The liquor hearing was conducted by Deputy Liquor Commissioner Kevin Kelley, Interim Corporation Counsel Todd Lenzie, and Detective TJ Gruber.

No one appeared in opposition to the issuance of the liquor license.

14. Recommendation:

Based on the liquor hearing, the Liquor Commission feels that the issuance of the liquor license would be in the best interest of the city, and therefore, recommends approval of the license.

SUBJECT:

Public Hearing for the Creation of the Rock Run Collection Business District

BACKGROUND:

The 2022 Redevelopment Agreement for the Rock Run Collection development included the creation of a Business District to generate revenue to repay the bond used for the installation of the infrastructure at the site. On July 7, 2026, the City Council adopted an ordinance proposing the Business District and set the public hearing for August 4, 2026. Notice of the public hearing was published in the Joliet Herald News on July 17th and July 24th.

The proposed business district would create an additional one percent (1%) sales and hotel/motel tax within the commercial/retail area of the Rock Run Collection development. The additional revenue will be used to repay the obligations associated with the development of the Rock Run Collection.

CONCLUSION:

Adoption of this item will create the Rock Run Collection Business District effective January 1, 2027

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council adopt an Ordinance Approving a Business District Plan for the Rock Run Collection Business District and Establishing the Rock Run Collection Business District; Making a Blighted Area Finding Within the Business District, and Imposing a Business District Retailers' Occupation Tax, A Business District Service Occupation Tax, and A Business District Hotel Operators' Occupation Tax within Such Business District ion the City of Joliet, Will and Kendall Counties, Illinois.

ORDINANCE No. _____

AN ORDINANCE APPROVING A BUSINESS DISTRICT PLAN FOR THE ROCK RUN COLLECTION BUSINESS DISTRICT; DESIGNATING AND ESTABLISHING THE ROCK RUN COLLECTION BUSINESS DISTRICT; MAKING A BLIGHTED AREA FINDING WITHIN THE BUSINESS DISTRICT, AND IMPOSING A BUSINESS DISTRICT RETAILERS' OCCUPATION TAX, A BUSINESS DISTRICT SERVICE OCCUPATION TAX, AND A BUSINESS DISTRICT HOTEL OPERATORS' OCCUPATION TAX WITHIN SUCH BUSINESS DISTRICT IN THE CITY OF JOLIET, WILL AND KENDALL COUNTIES, ILLINOIS

WHEREAS, the City of Joliet, Will and Kendall Counties, Illinois (the "**City**") is a home rule unit of government under the Constitution of the State of Illinois, and pursuant to said constitutional authority, may exercise and perform any function pertaining to its governmental affairs; and

WHEREAS, Section 11-74.3-1(1) of the Illinois Business District Development and Redevelopment Law, 65 ILCS 5/11-74.3-1, *et seq.* (the "**Business District Law**") allows the City to determine that it is "essential to the economic and social welfare of the municipality that business districts be developed, redeveloped, improved, maintained, and revitalized, that jobs and opportunity for employment be created within the municipality, and that, if blighting conditions are present, blighting conditions be eradicated by assuring opportunities for development or redevelopment, encouraging private investment, and attracting sound and stable business and commercial growth"; and

WHEREAS, on July 7, 2026, the City Council of the City (the "**City Council**") adopted Ordinance No. 18874, "An Ordinance Proposing the Creation of a Business District in the City of Joliet, Will and Kendall Counties, Illinois, and Fixing the Date and Time for a Public Hearing in Connection with the Same (Rock Run Collection Business District)" (the "**Proposal Ordinance**"); and

WHEREAS, by operation of the Proposal Ordinance, the City Council proposed: (i) the designation of the properties on the northeast intersection of Interstate 55 and Interstate 80 within the City, as depicted in Exhibit A attached hereto and made a part hereof, and as legally described in Exhibit B attached hereto and made a part hereof, as a business district pursuant to the Business District Law (the "**Rock Run Collection Business District**"), and (ii) the approval and adoption of the business district plan for the Rock Run Collection Business District (the "**Business District Plan**") prepared for the City by SB Friedman Development Advisors, LLC, which is attached hereto and made a part hereof as Exhibit C; and

WHEREAS, the Proposal Ordinance further fixed the time and place for a public hearing (the "**Hearing**") on the proposed Rock Run Collection Business District and the proposed Business District Plan; and

WHEREAS, the City Council conducted the Hearing on August 4, 2026, at 6:30 p.m., at City Hall, Council Chambers, 150 West Jefferson Street, Joliet, Illinois, after public notice was published on July 17, 2026 and July 24, 2026 in the *Joliet Herald News*, in full compliance with the Business District Law; and

WHEREAS, at the Hearing, (a) City officials and consultants made presentations regarding a blighted area designation within the Rock Run Collection Business District pursuant to the Business District Law, the proposed Business District Plan, and the potential imposition of a Business District Retailers' Occupation Tax, a Business District Service Occupation Tax, and a Business District Hotel Operators' Occupation Tax, and (b) the City Council heard and determined all protests and objections raised to and against the designation of the Rock Run Collection Business District and/or the approval and adoption of the Business District Plan from all members of the public who wished to speaking during the Hearing regarding these matters; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to establish and designate the Rock Run Collection Business District as a blighted area business district pursuant to the Business District Law; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to approve and adopt the Business District Plan; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to impose a Business District Retailers' Occupation Tax at the rate of one percent (1%) upon the Rock Run Collection Business District for the planning, execution, and implementation of the Business District Plan and to pay for business district project costs as set forth in the Business District Plan, all as set forth in this Ordinance and in full compliance with the requirements of the Business District Law and all other applicable laws; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to impose a Business District Service Occupation Tax at the rate of one percent (1%) upon the Rock Run Collection Business District for the planning, execution, and implementation of the Business District Plan and to pay for business district project costs as set forth in the Business District Plan, all as set forth in this Ordinance and in full compliance with the requirements of the Business District Law and all other applicable laws; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to impose a Business District Hotel Operators' Occupation Tax at the rate of one percent (1%) upon the Rock Run Collection Business District for the planning, execution, and implementation of the Business District Plan and to pay for business district project costs as set forth in the Business District Plan, all as set forth in this Ordinance and in full compliance with the requirements of the Business District Law and all other applicable laws.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Joliet, Will and Kendall Counties, Illinois, as follows:

SECTION 1. The preambles of this Ordinance are true, correct and complete and are hereby incorporated as though fully set forth herein.

SECTION 2. Based upon the evidence presented at the Hearing, the City Council hereby finds and determines as follows:

1. The Rock Run Collection Business District on the whole has not been subject to growth and development through investment by private enterprises and would not reasonably be anticipated to be developed or redeveloped without the adoption of the Business District Plan;
2. The Business District Plan conforms to the City's comprehensive plan for the development of the City as a whole;
3. The Rock Run Collection Business District is qualified as a blighted area, as defined in Section 5 of the Business District Law, by reason of the predominance of defective, non-existent or inadequate street layout; and
4. The Rock Run Collection Business District is a contiguous area, as that term is defined in the Business District Law.

SECTION 3. The City Council hereby establishes and designates the Rock Run Collection Business District as a blighted area business district, in accordance with a pursuant to the Business District Law.

SECTION 4. The City Council hereby approves and adopts the Business District Plan as the business district plan for the Rock Run Collection Business District.

SECTION 5. The City Council shall have and exercise all powers and authority, with respect to the Rock Run Collection Business District and the Business District Plan, as are now or as shall hereinafter be granted by the provisions of the Business District Law, including but not limited to all powers and authority granted by Section 3 of the Business District Law (65 ILCS 5/11-74.3-3), as amended.

SECTION 6. The City Council, pursuant to Section 11-74.3-6(b) of the Business District Law and to the fullest extent permitted by law, does hereby impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of the State of Illinois, at retail in the Rock Run Collection Business District at a rate of one percent (1%) of the gross receipts from the sales made in the course of such business, in accordance with, and as limited by, the Business District Law. The tax imposed herein is in addition to all other applicable taxes, provided, however, that the tax imposed herein may not be imposed on tangible personal property taxed at the rate of 1% under the Retailers' Occupation Tax Act.

SECTION 7. The City Council, pursuant to Section 11-74.3-6(c) of the Business District Law and to the fullest extent permitted by law, does hereby impose a Business District Service

Occupation Tax upon all persons engaged, in the Rock Run Collection Business District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the Rock Run Collection Business District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service at a rate of one percent (1%) of the selling price of tangible personal property so transferred within the Rock Run Collection Business District, in accordance with, and as limited by, the Business District Law. The tax imposed herein is in addition to all other applicable taxes, provided, however, that the tax imposed herein may not be imposed on tangible personal property taxed at the rate of 1% under the Service Occupation Tax Act.

SECTION 8. The City Council, pursuant to Section 11-74.3-6(d) of the Business District Law and to the fullest extent permitted by law, does hereby impose a Business District Hotel Operators' Occupation Tax upon all persons engaged, in the Rock Run Collection Business District, in the business of renting, leasing, or letting rooms in a hotel (as defined in the Hotel Operators' Occupation Tax Act (35 ILCS 145/1 *et seq.*)) at a rate of one percent (1%) of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the Rock Run Collection Business District, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel (as defined in the Hotel Operators' Occupation Tax Act) and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act (70 ILCS 210/13 *et seq.*). The tax is imposed in accordance with, and as limited by, the Business District Law. The tax imposed herein is in addition to all other applicable taxes.

SECTION 9. The taxes imposed pursuant to Sections 6 and 7 herein, and all civil penalties that may be assessed as an incident thereto, shall be collected and enforced by IDOR of the State of Illinois ("***IDOR***"), which shall have full power to administer and enforce the provisions of Sections 6 and 7 of this Ordinance. The taxes imposed pursuant to Section 8 herein, and all civil penalties that may be assessed as an incident thereto, shall be collected and enforced by the City, which shall have full power to administer and enforce the provisions of Section 8 of this Ordinance.

SECTION 10. There is hereby created and established a special fund, which shall be referred to as the "Rock Run Collection Business District Tax Allocation Fund," for the City (the "***Fund***"). All proceeds from the taxes imposed by Sections 6, 7 and 8 of this Ordinance pursuant to Sections 3(10) and 3(11) of the Business District Law (65 ILCS 5/11-74.3-3(10); 65 ILCS 5/11-74.3(11)) shall be deposited into the Fund, after which they may be allocated, paid, withdrawn, transferred, or otherwise used in any manner permitted by the Business District Law, as amended, or as otherwise permitted by applicable law.

SECTION 11. The City Council hereby declares that the Fund shall be dissolved upon the date that final payment of all business district project costs and the retirement of all bonds, notes or other obligations paying or reimbursing business district project costs is completed (the "***Dissolution Date***"), provided that in no event shall said Dissolution Date be later than more than two hundred and seventy (270) days after payment to the City of the last distribution of taxes as provided in Section 6 of the Business District Law (65 ILCS 5/11-74.3-6).

SECTION 12. The City Clerk is hereby authorized and directed to file a certified copy of this Ordinance with IDOR on or before October 1, 2026, and further to provide IDOR with the boundaries of the Rock Run Collection Business District and each address located within said district in such a manner as is acceptable to IDOR and that will allow IDOR to determine whether any given business is located within the Rock Run Collection Business District. The City Clerk is further authorized and directed to provide IDOR with any other or additional information that it may request or require in order to administer and enforce the various taxes imposed by this Ordinance.

SECTION 13. IDOR is hereby directed to begin collecting, administering, distributing and enforcing the taxes imposed pursuant to this Ordinance beginning January 1, 2027, provided that this Ordinance is filed with IDOR on or before the proceeding October 1, 2027.

SECTION 14. In the event that any provision or provisions, portion or portions, or clause or clauses of this Ordinance shall be declared to be invalid or unenforceable by a court of competent jurisdiction, such adjudication shall in no way affect or impair the validity or enforceability of any of the remaining provisions, portions, or clauses of this Ordinance that may be given effect without such invalid or unenforceable provision or provisions, portion or portions, or clause or clauses.

SECTION 15. All ordinances, resolutions, motions, or parts thereof, conflicting with any of the provisions of this Ordinance, are hereby repealed to the extent of the conflict.

SECTION 16. This Ordinance shall be in full force and effect from and after its adoption and approval as provided by Business District Law.

PASSED this 4th day of August, 2026.

1. Introduction

The City of Joliet, Illinois (the “City”) engaged SB Friedman Development Advisors, LLC (SB Friedman) to conduct an eligibility study and prepare a business district plan for the designation of a commercial area in the City as the proposed Rock Run Collection Business District (the “Business District” or “Area”) under the provisions of the Illinois Business District Development and Redevelopment Law (65 ILCS 5/11-74.3-1 et seq., as amended) (the “Law”).

This document (the “Report”) includes two major sections: (1) information on the eligibility factors and other findings necessary to designate the area as a business district under the Law (the “Eligibility Study”); and (2) the Business District Plan (the “Plan”). SB Friedman has prepared this Report with the understanding that the City would rely on the findings and conclusions of this Report in proceeding with the designation of the proposed Business District and the adoption and implementation of the Plan in compliance with the Law.

The Proposed Business District

The proposed Business District generally encompasses properties on the northeast intersection of Interstate 55 and Interstate 80. The proposed Business District consists of 17 parcels. The Area contains approximately 195 acres, of which approximately 22 acres are rights-of-way as of June 2026. The location and detailed boundary of the proposed Business District is displayed on **Map 1** on the following page. The legal description of the proposed Business District and a list of Property Index Numbers (PINs) are included in **Appendix 1** and **Appendix 2**, respectively.

The Area primarily includes vacant land intended for commercial use. The land has been under private developer control since 2015; however, despite the Area’s strategic location near Interstate 55 and its long-term development potential, limited vertical development has occurred to date. In 2022, the City of Joliet entered into a Redevelopment Agreement (“RDA”) with the developer to facilitate development of the Area and nearby sites. As part of the RDA, the City agreed to issue approximately \$100 million of its general obligation bonds to fund major infrastructure improvements, including the construction of an interchange to provide access from Interstate 55 to the Area.

A recent Rock Run Collection site plan (the “Site Plan”) indicates that roughly 1.2 million square feet of commercial space, including retail and entertainment users, and over 470 hotel rooms could be built. However, the scale of development contemplated by the Site Plan has not yet materialized. To date, two buildings, a Chipotle and Hollywood Casino, have been constructed within the Area. The developer has indicated that development will not proceed in the Area without additional financial assistance. This is further evidenced by the City’s recent amendment to the RDA pursuant to an Amended and Restated Development Agreement adopted on May 5, 2026 (the “Amended RDA”), which provides additional assistance (consisting of the proposed issuance by the City of its notes and additional general obligation bonds) intended to catalyze development in the Area.

The lack of substantial development activity since the developer’s acquisition of the land in 2015, combined with the need for significant public infrastructure investment and the Amended RDA, indicates that private market forces alone have not been sufficient to induce the anticipated commercial development.

2. Eligibility Study

The proposed Business District suffers from a defective, non-existent, or inadequate street layout. These characteristics appear to hinder the economic potential of the proposed Business District. To enhance its economic viability, it is critical that the physical conditions of the proposed Business District be improved. Without required multimodal transportation infrastructure that is necessary to support development in the area, the economic viability of the proposed Business District will continue to be challenged. The proposed Business District will benefit from a strategy to improve access and connectivity, allowing for economic growth and redevelopment.

The eligibility findings presented herein cover events and conditions that were determined to support a finding that the Area qualifies as a “blighted area” under the Law.

Eligibility Provisions of the Illinois Business District Development and Redevelopment Act

In order to impose sales and hotel taxes within a business district, a municipality must find that the area meets the “blighted area” provision under the Law and satisfies several other findings and tests. These eligibility criteria are summarized below.

BLIGHTED AREA DEFINITION

A business district can be considered a blighted area under the Law by the predominance of at least one of the following five factors:

- Defective, Non-Existent or Inadequate Street Layout
- Unsanitary or Unsafe Conditions
- Deterioration of Site Improvements
- Improper Subdivision or Obsolete Platting
- Existence of Conditions which Endanger Life or Property by Fire or Other Causes

In addition, the presence of the factor(s) must have at least one of the following four effects on the business district:

- Retard(s) the Provision of Housing Accommodations
- Constitute(s) an Economic or Social Liability
- Constitute(s) an Economic Underutilization of the Area
- Constitute(s) a Menace to the Public Health, Safety, Morals or Welfare

OTHER REQUIRED FINDINGS AND TESTS

Four additional findings and tests are required for designation of a business district:

1. **Lack of Growth and Development through Private Investment.** The City is required to evaluate whether or not a business district as a whole has been subject to growth and development through

investment by private enterprises and must substantiate a finding of lack of such investment prior to establishing a business district.

2. **“But For” the Creation of a Business District, Area Would Not Be Redeveloped.** The City must find that the area would not reasonably be anticipated to be developed or redeveloped without the adoption of the business district plan.
3. **Contiguity and Substantial Benefit.** The boundary of a business district must contain contiguous parcels that are directly and substantially benefited by the plan.
4. **Conformance to the Plans of the City.** A business district plan must conform to the comprehensive plan of the City or, for municipalities with a population of 100,000 or more, regardless of when the business district plan was approved, the business district plan either:
 - a. Conforms to the strategic economic development or redevelopment plan issued by the designated planning authority or the municipality, or
 - b. Includes land uses that have been approved by the planning commission of the municipality.

Methodology Overview

SB Friedman conducted the following analyses to determine whether the proposed Business District qualifies as a blighted area, as defined by the Law:

- Parcel-by-parcel fieldwork in March 2026 documenting external property conditions and infrastructure status;
- Analysis of equalized assessed value (EAV) for which data are available and final (2025) from the County Assessor’s Office, compared to EAV for shopping centers in Will County;
- Review of building permit records (From 2023 through June 2026);
- Review of local zoning and building regulations for the Area;
- Review of geographic information systems (GIS) parcel shapefile data from Will County;
- Review of the status of planned infrastructure investments for the Area, based on materials from the City of Joliet Public Works Department, including a March 30, 2026 memo (“Public Works Memo”) and annotated maps describing public right-of-way and pedestrian investments as of March 2026;
- Review of the Site Plan for the Area, provided on April 21, 2026;
- Review of the RDA and Amended RDA;
- Review of the City’s current comprehensive plan (“1959 Comprehensive Plan”) and documentation related to the forthcoming City of Joliet Comprehensive Plan update.

All properties were examined for qualification factors consistent with the blighted area requirements of the Law. SB Friedman evaluated the eligibility factors on a parcel-by-parcel basis and analyzed the spatial distribution of the eligibility factors. When appropriate, the presence of eligibility factors was calculated on adjacent infrastructure and ancillary properties associated with the structures. The eligibility factors were linked to tax parcels and buildings using aerial photographs, property files created from field observations, and record searches. The information was then graphically plotted on a parcel map of the proposed Business District to establish the distribution of eligibility factors, and to determine which factors were present to a meaningful extent and reasonably distributed throughout the proposed Business District.

Eligibility Findings

BLIGHTED AREA FINDING

SB Friedman's research indicates the proposed Business District on the whole qualifies as a blighted area under the Law due to the predominance of the following factor:

1. Defective, Non-Existent or Inadequate Street Layout

Map 2 displays the spatial distribution of this factor throughout the proposed Business District.

Defective, Non-Existent or Inadequate Street Layout

SB Friedman conducted fieldwork and collected data from the City to assess the street layout and multimodal transportation dynamics within the proposed Business District.

The proposed Business District exhibits conditions that indicate a defective and inadequate road and pedestrian network, which materially impair access, circulation, and the overall functionality of the Area as a viable commercial environment. In the Public Works Memo, the City's Director of Public Works indicates that the Area's public infrastructure does not support safe access or circulation. The existing roadway system is characterized by an incomplete road network, fragmented internal circulation patterns, constrained ingress and egress, and lack of an overall pedestrian network to support multimodal connectivity. This has implications for future business occupancy.

- **Incomplete Road Network.** Gateway Boulevard, Shale Road, and portions of Olympic Boulevard and Sandstone Drive have been constructed but have yet to be reviewed and accepted by the City.¹ Portions of Olympic Boulevard and Rock Run Crossings Drive are only partially installed to the binder course but have not been surfaced. Other planned roads, including Graphite Drive, Briarstone Drive, Heathstone Drive, Festival Boulevard, Slate Drive, and Quartz Drive have not yet been designed.
- **Fragmented Internal Circulation Patterns.** Many properties rely on singular access points from perimeter roadways, with little to no internal connectivity to adjacent parcels. A significant portion of the Area is comprised of large, irregularly shaped parcels that lack internal drive aisles, cross-access easements, or coordinated circulation systems. These parcels function as isolated superblocks rather than integrated components of a cohesive street network, limiting the ability for vehicles to move efficiently within and between parcels. Furthermore, contemporary retail, restaurant and service users require well-defined internal circulation patterns that support intuitive navigation, multiple points of ingress and egress, and separation of customer and service traffic.
- **Constrained Ingress and Egress.** Properties within the Area are characterized by a limited number of ingress and egress locations. Several large parcels rely on single curb cuts or indirect access routes, constraining the ability of vehicles to enter and exit parcels efficiently. The existing access configuration

¹ City acceptance indicates that the City has determined the roads align with City design and safety standards.

serving businesses is limited and inefficient, particularly along Shale Road. For example, a motorist traveling northbound on Gateway Boulevard is required to enter Interstate 55 after passing Rock Run Crossings Drive, eliminating the ability to directly access nearby commercial properties. As a result, motorists seeking to reach businesses located north of the Gateway Boulevard and Rock Run Crossings Drive intersection must continue onto Interstate 55, exit at the next interchange, and reverse direction, creating a circuitous and inconvenient travel pattern.

- Lack of Pedestrian Network.** The Area also lacks adequate pedestrian infrastructure. As of June 2026, no sidewalk improvements have been formally accepted by the City to date. While pedestrian infrastructure is planned for 11 of the 17 parcels, improvements have only been installed on five parcels and no pedestrian infrastructure is currently planned for the remaining 6 parcels. Therefore, pedestrian infrastructure within the Area is incomplete and, in certain locations, deficient. These deficiencies include gaps in the sidewalk network, limited safe and clearly defined pedestrian crossings, and incomplete ADA-compliant access routes. The lack of a complete pedestrian network limits walkability and reduces connectivity between commercial uses, hotels, entertainment destinations, parking areas, and adjacent development sites. A successful commercial, entertainment, and hospitality district requires safe, accessible, and convenient pedestrian circulation across multiple parcels. Without additional investment, the Area is unlikely to function as a cohesive commercial district, which may limit tenant interest, reduce development momentum, and constrain the scale and timing of future private investment.

Collectively, these conditions result in a transportation and access network that is not merely suboptimal but functionally inadequate to support modern commercial development patterns area-wide within the proposed Business District. These limitations restrict customer access and impair the Area's ability to function as a cohesive commercial district. As a result, the Area is less competitive for retail, entertainment and service uses that rely on convenient vehicular access, strong traffic patterns, safe pedestrian circulation, and walkability. According to the Public Works Memo, "as development advances these outstanding infrastructure items will need to be addressed to support full public access, ensure safe pedestrian connectivity, and enable the City to assume long term maintenance responsibilities". While SB Friedman is not a transportation engineering firm, the conditions identified in the Public Works Memo indicate that the existing transportation network and street layout contain deficiencies that limit access, circulation, and pedestrian connectivity within the proposed Business District. Based on the location, extent, and functional significance of the deficiencies identified above, the defective, non-existent, or inadequate street layout factor is present to a meaningful extent within the proposed Business District. These deficiencies are not limited to isolated parcels, but instead affect the Area's overall circulation framework and are reasonably expected to constrain the timing, scale, and distribution of future private development.

Map 2: Defective, Non-Existent or Inadequate Street Layout

Sources: City of Joliet Esri; SB Friedman; Will County

Effect of Blighting Factors on the Proposed Business District

It appears the present blighting factor has the following effect on the proposed Business District:

- Constitutes an Economic Underutilization of the Area

ECONOMIC UNDERUTILIZATION OF THE AREA

The Area exhibits economic underutilization, as evidenced by its relatively low Equalized Assessed Value (“EAV”) and limited intensity of commercial activity compared to similarly situated retail nodes in the broader market. As of 2025, the Area reflects an average EAV of approximately \$75,000 per acre, which is significantly below that of comparable properties with a fully developed, adequate roadway network. For example, commercial districts in Will County that have benefited from coordinated development, such as Promenade Bolingbrook, Shorewood Crossing, and Joliet Commons, demonstrate significantly higher levels of property tax productivity on a per-acre basis with a range of roughly \$248,000 to \$426,000 per acre. These comparable properties have similar land uses and are located within the same regional market area but benefit from functional road networks, direct access to arterial corridors, and established pedestrian connectivity. The Area’s current EAV per acre is materially below the EAV productivity observed in comparable developed commercial nodes in Will County. Given the Area’s planned use as a regional commercial, entertainment, and hospitality destination, this differential indicates that the Area is not currently generating assessed value consistent with its underlying development potential. The comparison supports a finding that the Area remains economically underutilized relative to similarly situated commercial properties with more complete access, circulation, and infrastructure systems.

Based on a reasonable highest-and-best-use scenario that reflects the proposed Rock Run Collection site plan, the Area could support a stabilized EAV of approximately \$515,300 per acre, representing an increase of nearly 586% over current levels and aligning more closely with comparable serviced properties. The estimated stabilized EAV scenario illustrates the magnitude of unrealized economic value associated with full development of the Area. The variance between current EAV and estimated stabilized EAV is attributable, in part, to infrastructure and site-readiness limitations that inhibit the Area’s ability to support the intensity of development contemplated by the Site Plan. Accordingly, the Area’s present condition constitutes an economic underutilization of land that is otherwise planned and positioned for substantially higher-value commercial use. Absent targeted public investment in roadway and pedestrian infrastructure improvements, such development is unlikely to occur. Accordingly, these infrastructure deficiencies constitute a material barrier to private investment, and the Area is expected to remain economically underutilized “but for” the implementation of public improvements designed to enhance access, connectivity, and overall site viability.

Other Required Findings and Tests

In addition to finding of blight, the Law requires that four required findings and tests be satisfied for designation. SB Friedman’s research, as described below, indicates that the proposed Business District satisfies these requirements.

1. LACK OF GROWTH AND DEVELOPMENT THROUGH PRIVATE INVESTMENT

The RDA approved the issuance of the City's general obligation bonds to support infrastructure development, including the construction of the interchange providing access to the Area, with the intent of attracting private investment. Yet, the Area has experienced a prolonged lack of growth and development through private investment, as evidenced by limited recent vertical development, limited site improvements, and continued underutilization of otherwise strategically located land, as described above.

The Site Plan contemplated a comprehensive, phased, mixed-use project including approximately 1.2 million square feet of commercial space, including retail and entertainment users, over 470 hotel keys, and supporting infrastructure within the proposed Business District. However, City permit data from June 2023 to June 2026 indicates that vertical development activity has been limited relative to the scale of the planned development program. During this period, building permit activity has been concentrated in a small number of projects, including the Hollywood Casino, a single restaurant user, one hotel currently under construction, and one additional retail project that does not appear to have commenced construction as of June 2026. Since June 2023, only 192,750 square feet of vertical development has been constructed or is currently under construction, representing a limited portion of the total development contemplated for the Area. The limited amount of constructed and under-construction development represents a relatively small share of the total commercial, entertainment, and hospitality development contemplated for the Area. In addition, recent private investment has been concentrated in a limited number of projects rather than distributed across the proposed Business District. This pattern indicates that development activity to date has not established a sustained, areawide investment trend sufficient to implement the planned commercial district.

This disparity between the approved development program and actual construction to date demonstrates that private investment has not occurred at the scale or pace necessary to realize the Area's intended outcomes. Even the significant amount of public investment authorized through the RDA and construction of the casino have not been sufficient to catalyze the full extent of anticipated additional private investment. Significant portions of the Area remain undeveloped, including most of the planned commercial space, additional hotel development, and key infrastructure elements anticipated to support full buildout. This continued lack of investment, despite the Area's strategic location, prior public infrastructure commitment, and presence of a major regional entertainment anchor, indicates that private market forces alone have not been sufficient to catalyze comprehensive development of the Area.

Finding: *The proposed Business District on the whole has not been subject to growth and development through investment by private enterprises at a level sufficient to realize the Area's planned commercial, entertainment, and hospitality development program.*

2. "BUT FOR" THE CREATION OF A BUSINESS DISTRICT, AREA WOULD NOT BE REDEVELOPED

The lack of construction progress relative to the Site Plan reflects ongoing economic and infrastructure-related constraints which support the finding that, without public resources, the development objectives for the proposed Business District would most likely not be realized. The Area requires substantial upfront investment in infrastructure and site preparation, including internal roadways and stormwater management, which are necessary to support development but do not generate revenue. The private market, on its own, has shown little ability to absorb all such costs, as evidenced by the need for public assistance under the RDA.

Four years later, this public assistance has still proven insufficient to fully offset the extraordinary development costs and attract private capital at the scale necessary to complete development of the Area, resulting in efforts to amend and restate the RDA throughout 2025 and early 2026. The Amended RDA provides for additional

public funding by the City with the intent of strengthening the likelihood of future private investment in the Area. The Amended RDA provides that the developer must satisfy certain conditions with respect to the Area prior to the issuance by the City of its notes and bonds. The Amended RDA states that this funding is to be backed by the revenues generated by a Business District. Therefore, absent the additional public assistance enabled by the proposed Business District, it appears unlikely that significant private investment would occur in the Area at the scale, pace, or quality contemplated by the Site Plan.

Finding: *The Area would not reasonably be anticipated to be developed without the adoption of the Business District Plan.*

3. CONTIGUITY OF PARCELS

Finding: *All parcels in the Area are contiguous and are expected to directly and substantially benefit from the Business District Plan.*

4. CONFORMANCE TO THE PLANS OF THE CITY

The Business District Plan conforms to the City's comprehensive planning efforts as a whole. The Area is zoned Commercial Business District (B-2) which is intended for a variety of retail activity and is designed for major shopping districts. Additionally, the City is currently preparing an update to the 1959 Comprehensive Plan. Documentation related to the forthcoming City of Joliet Comprehensive Plan update identifies the Area for future development as a cohesive, mixed-use activity center. This Business District Plan helps translate the City's goals for coordinated infrastructure-led growth and economic development in the Area into a defined implementation framework.

Finding: *Based on a review of the 1959 Comprehensive Plan, in addition to documentation related to the forthcoming City of Joliet Comprehensive Plan update (anticipated to be adopted in 2026), the Business District Plan conforms to the City's comprehensive plan for development of the municipality as a whole.*

Summary of Findings

SB Friedman found that the proposed Business District qualifies to be designated as a "blighted area." The proposed Business District is blighted due to the predominance of defective, non-existent or inadequate street layout, which constitutes an economic underutilization of the area. The proposed Business District also satisfies the four separate findings and tests required for designation.

3. Business District Plan

Redevelopment Needs of the Proposed Business District

The economic potential of the proposed Business District is currently hampered by a defective, non-existent, or inadequate street layout. Investment in infrastructure and improvements in roadways, parking and sidewalks in the Area are necessary to increase the economic viability within and adjacent to the proposed Business District. The existing conditions of the Area suggest three major needs for the proposed Business District:

1. Construction of new commercial development;
2. Construction of infrastructure and capital improvements; and
3. Site preparation.

This Business District Plan identifies tools for the City to support the improvement of the proposed Business District through the provision of necessary infrastructure improvements and other public and private improvements to best serve the interests of the City, local business owners and residents.

The public and private improvements outlined in this Business District Plan will create an environment conducive to economic growth and development within the proposed Business District and the City overall.

Goal and Objectives

The overall goal of the Business District Plan is to reduce or eliminate conditions that qualify the proposed Business District as a blighted area under the Law and to provide the direction and mechanisms necessary to create vibrant commercial corridors that will strengthen the economic base and enhance the quality of life of the Area and City as a whole.

The following three objectives support the overall goal of area-wide revitalization of the proposed Business District:

1. Enhance the City's tax base by encouraging private development and investment within the proposed Business District;
2. Foster the construction, improvement, replacement and/or repair of public infrastructure; and
3. Provide improved pedestrian and bicycle access throughout the proposed Business District.

Public and private improvements throughout the Area will increase the economic viability of businesses within and adjacent to the proposed Business District. The overall development is expected to affect each of the properties in the proposed Business District.

Powers of the Municipality

The Law grants municipalities various powers to designate, implement and maintain a business district. In addition to the powers a municipality may now have, a municipality shall have the following powers:

- To make and enter into all contracts necessary or incidental to the implementation and furtherance of a business district plan, as more fully set forth in 65 ILCS 5/11-74.3-3(1);
- To acquire by purchase, donation, or lease, and to own, convey, lease, mortgage, or dispose of land and other real or personal property or rights or interests within the business district, as more fully set forth in 65 ILCS 5/11-74.3-3(2) and 65 ILCS 5/11-74.3-3(2.5);
- To clear any area within a business district by demolition or removal of any existing buildings, structures, fixtures, utilities, or improvements, and to clear and grade land;
- To install, repair, construct, reconstruct, or relocate public streets, public utilities, and other public site improvements within or without a business district which are essential to the preparation of a business district for use in accordance with a business district plan;
- To renovate, rehabilitate, reconstruct, relocate, repair, or remodel any existing buildings, structures, works, utilities, or fixtures within any business district;
- To construct public improvements, including but not limited to buildings, structures, works, utilities, or fixtures within any business district;
- To fix, charge, and collect fees, rents, and charges for the use of any building, facility, or property or any portion thereof owned or leased by the municipality within a business district;
- To pay or cause to be paid business district project costs, as more fully set forth in 65 ILCS 5/11-74.3-3(8). Such eligible project costs are defined in the following section. As per 65 ILCS 5/11-74.3-3(8.5), the Law also empowers the City to utilize up to 1% of the revenue from a business district retailers' occupation tax and service occupation tax and/or a hotel operators' occupation tax ("porting") for business district eligible costs from another business district that is:
 - contiguous to the business district from which the revenues are received;
 - separated only by a public right of way from the business district from which the revenues are received; or
 - separated only by forest preserve property from the business district from which the revenues are received if the closest boundaries of the business districts that are separated by the forest preserve property are less than one mile apart.
- To apply for and accept grants, guarantees donations of property or labor or any other thing of value for use in connection with a business district project;
- To impose a retailers' occupation tax and a service occupation tax in the business district at a rate not to exceed 1.0% of the gross receipts from the sales made (to be imposed only in 0.25% increments) for the planning, execution, and implementation of business district plans and to pay for business district project costs as set forth in the business district plan approved by the municipality; and
- To impose a hotel operators' occupation tax in the business district at a rate not to exceed 1.0% of the gross receipts from the sales made (to be imposed only in 0.25% increments) for the planning, execution, and implementation of business district plans and to pay for the business district project costs as set forth in the business district plan approved by the municipality.

Financial Plan

ELIGIBLE COSTS

Under the Law, eligible business district project costs include all costs incurred by the municipality, other governmental entity or nongovernmental entity in the furtherance of the business district plan, and may include:

- Costs of studies, surveys, development of plans and specifications, implementation and administration of a plan, and personnel and professional service costs including architectural, engineering, legal, market, financial, planning, or other professional services, provided no charges for professional services may be based on a percentage of tax revenues received by the municipality;
- Property assembly costs, including but not limited to, acquisition of land and other real or personal property or rights or interests therein, and specifically including payments to developers or other nongovernmental persons as reimbursement for property assembly costs incurred by that developer or other nongovernmental person;
- Site preparation costs including but not limited to, clearance, demolition or removal of any existing buildings, structures, fixtures, utilities, and improvements, and clearing and grading of land;
- Costs of installation, repair, construction, reconstruction, extension, or relocation of public streets, public utilities, and other public site improvements within or without the business district which are essential to the preparation of the business district for use in accordance with the business district plan, and specifically including payments to developers or other nongovernmental persons as reimbursement for site preparation costs incurred by the developer or nongovernmental person;
- Costs of renovation, rehabilitation, reconstruction, relocation, repair or remodeling of any existing buildings, improvements and fixtures within the business district, and specifically including payments to developers or other nongovernmental persons as reimbursement for costs incurred by such developer or nongovernmental person;
- Costs of installation or construction within the business district of buildings, structures, works, streets, improvements, equipment, utilities, or fixtures, and specifically including payments to developers or other nongovernmental persons as reimbursements for such costs incurred by such developer or nongovernmental person;
- Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations, payment of any interest on any obligations issued under the Law that accrues during the estimated period of construction of any redevelopment project for which obligations are issued and for not exceeding 36 months thereafter, and any reasonable reserves related to the issuance of those obligations; and
- Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law.

ANTICIPATED PROJECT COSTS

The estimated eligible costs of this Business District Plan are shown in **Table 1** below. The total Business District Project Costs (Project Costs) shown in **Table 1** provides an upper limit on expenditures that are to be funded using Business District revenues, exclusive of capitalized interest, issuance costs, interest, and other financing costs. Additional funding in the form of county, state and federal grants, private developer contributions, porting of funds from contiguous business districts, and other outside sources may be pursued by the City as a means of financing improvements and facilities that are of benefit to the general community.

Table 1. Project Costs

Eligible Cost Categories [1]	Budget
Professional Services (including studies, surveys, legal, architectural, engineering, marketing, etc.)	\$1,000,000
Property Assembly (including acquisition, reimbursement for developer assembly costs)	\$1,500,000
Site Preparation (including clearance, demolition, clearing and grading)	\$2,000,000
Public Works Installation, Repair or Construction (within or without a Business District, which are essential to the Plan, including streets, utilities and other public site improvements)	\$32,000,000
Renovation or Rehabilitation of Existing Buildings, Improvements and Fixtures (including reconstruction, relocation, repair and remodeling)	\$1,000,000
Construction or Installation of Buildings, Improvements, Fixtures, Equipment or Utilities (within the Business District)	\$30,000,000
Financing Costs (including expenses related to issuance, interest and reserves related to obligations)	\$1,500,000
Relocation Costs (to the extent municipality deems necessary or is required by federal or State law)	\$1,000,000
TOTAL PROJECT COSTS [2] [3]	\$70,000,000

[1] Costs are shown in 2026 dollars and shall be adjusted from time to time to reflect changes in the cost of living, as measured by the U. S. Department of Labor's Consumer Price Index.

[2] Increases in estimated Total Project Costs of more than 5%, after adjustment for inflation from the date this Business District Plan is approved, are subject to the amendment procedures as provided under the Law.

[3] Adjustments may be made among line items in the budget without amendment, as provided under the Law.

Each individual project expenditure will be evaluated in light of Plan goals as it is considered for public financing under the provisions of the Law. The totals of line items set forth in **Table 1** are not intended to place a limit on the described expenditures. Adjustments may be made to line items within the total, either increasing or decreasing line item costs because of changed redevelopment costs and needs. Within the total Project Costs

limit, adjustments to the estimated line item costs in **Table 1** are expected and may be made by the City without amendment to this Plan.

The Project Costs described above are intended to further the goals outlined in this Plan and will benefit the owners and tenants of commercial businesses in the proposed Business District, as well as City residents and patrons of local businesses.

Anticipated Sources of Funds to Pay Project Costs

As required by the Law, the City shall establish and maintain a Business District Tax Allocation Fund ("the Fund") to which Business District revenues generated through the Business District Retailers' Occupation Tax, the Business District Service Occupation Tax and Business District Tax and/or the Hotel Operators' Occupation Tax (collectively "Business District Taxes") shall be deposited or credited. If and when the Village adopts any or all of the Business District Taxes, the Business District Taxes shall be administered as provided in the Law. Eligible Project Costs are to be reimbursed using the Fund Law, as described below.

BUSINESS DISTRICT RETAILERS' OCCUPATION TAX

A Business District Retailers' Occupation Tax will be imposed upon persons engaged in the business of selling tangible personal property at retail (excluding property titled or registered with an agency of the State of Illinois government) in the Business District at a rate of 1.0% of the gross receipts from the sales made in the course of such business. The tax may not be imposed on food for human consumption that is to be consumed off the premises from which it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purposes of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

BUSINESS DISTRICT SERVICE OCCUPATION TAX

A Business District Service Occupation Tax will be imposed upon all persons in the Business District engaged in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the Business District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. This tax will be imposed at a rate of 1.0% and may not be imposed on food for human consumption that is to be consumed off the premises from which it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purposes of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

BUSINESS DISTRICT HOTEL OPERATORS' OCCUPATION TAX

A Business District Hotel Operators' Occupation Tax will be imposed upon all persons in the Business District engaged in the business of renting, leasing or letting rooms in a hotel, at a rate of 1.0% of the gross rental receipts, excluding from gross rental receipts, the proceeds of such renting, leasing or letting to permanent residents of that hotel.

OTHER SOURCES OF FUNDS

Other sources of funds that may be used to pay for development costs and associated obligations issued or incurred include land disposition proceeds, state and federal grants, investment income, private investor and financial institution funds, and other lawful sources of funds and revenues as the municipality and developer from time to time may deem appropriate.

The proposed Business District may be or become contiguous to, or be separated only by a public right-of-way from, one or more other business districts created by the City in accordance with the Law (65 ILCS 5/11 74.4 4 et. seq.). The City may utilize Business District tax revenues received from the Business District to pay eligible costs, or obligations issued to pay such costs, in such other business districts, and vice versa. The amount of revenue from the proposed Business District made available to support such business districts, when added to all amounts used to pay eligible business district project costs within the proposed Business District, shall not at any time exceed the total Project Costs described in **Table 1** of the Plan.

If necessary, the plans for other business districts that may be or already have been created under the Law may be drafted or amended, as applicable, to add appropriate and parallel language to allow for the transfer and utilization of relevant business district tax revenues between such districts.

ISSUANCE OF OBLIGATIONS

To finance Project Costs, the City may issue bonds or obligations secured by the anticipated Business District Taxes generated within the proposed Business District, or such other bonds or obligations as the Village may deem as appropriate.

All obligations issued by the City pursuant to this Plan and the Law shall be retired in the manner provided in the ordinance authorizing issuance of such obligations, by the receipts of taxes from the proposed Business District and by any other revenue designated or pledged by the City. The final maturity date of any such obligations that are issued may not be later than 20 years from their respective dates of issue or the dissolution of the Business District, whichever is earlier.

In addition to paying Project Costs, monies in the Fund may be used for the scheduled and/or early retirement of obligations, as provided in the ordinance issuing such obligations. As provided in the Law, following payment or reimbursement for all Project Costs, any surplus funds in the Fund will be deposited into the City's general corporate fund.

Establishment and Term of District

Pursuant to the Law, the term of the proposed Business District shall not exceed 23 years from the date the ordinance approving this Plan and designating the District is approved. The Business District Retailers' Occupation Tax, Business District Service Occupation Tax and Business District Hotel Operators' Occupation Tax will be imposed for no longer than the term of the Business District.

Provisions for Amending Plan

This Plan may be amended pursuant to the provisions of the Law.

Appendix 3. Limitations of Engagement

The Eligibility Study covers events and conditions that were determined to support the designation of the proposed Business District as a “blighted area” under the Law at the completion of our field research in March 2026 and not thereafter. SB Friedman’s findings do not consider events or conditions that may have occurred after completion of field research, including, without limitation, governmental actions and additional development.

This Report summarizes the analysis and findings of the consultant’s work, which, unless otherwise noted, is solely the responsibility of SB Friedman. The City is entitled to rely on the findings and conclusions of the Report in designating the Area as a business district under the Law. SB Friedman has prepared the Report with the understanding that the City would rely on the findings and conclusions of this Report in proceeding with the designation of the proposed Business District and the adoption and implementation of the Plan in compliance with the Law.

The Report is based on estimates, assumptions, and other information developed from research of the market, knowledge of the industry, and meetings during which we obtained certain information. The sources of information and bases of the estimates and assumptions are stated in the Report. Some assumptions inevitably will not materialize, and unanticipated events and circumstances may occur. Therefore, actual results achieved will necessarily vary from those described in our Report, and the variations may be material.

The terms of this engagement are such that we have no obligation to revise the Report to reflect events or conditions which occur subsequent to the date of the Report. These events or conditions include, without limitation, economic growth trends, governmental actions, additional competitive developments, interest rates, and other market factors. However, we will be available to discuss the necessity for revision in view of changes in economic or market factors.

Preliminary Business District revenue projections were prepared for the purpose of estimating the approximate level of revenues that could be generated by proposed projects and other properties within the proposed Business District and from inflationary increases in sales. These projections were intended only to assist in preparing a budget for the Business District Plan.

As such, our Report and the preliminary projections prepared under this engagement are intended solely for your information, for the purpose of establishing a business district. These projections should not be relied upon for purposes of evaluating potential debt obligations or by any other person, firm or corporation, or for any other purposes. Neither the Report nor its contents, nor any reference to SB Friedman, may be included or quoted in any offering circular or registration statement, appraisal, sales brochure, prospectus, loan, or other agreement or document intended for use in obtaining funds from individual investors, without prior written consent.

Memo

File #: 399-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Kevin Sing, Director of Finance

SUBJECT:

Ordinance Approving a Business District Plan for the Rock Run Collection Business District and Establishing the Rock Run Collection Business District; Making a Blighted Area Finding Within the Business District, and Imposing a Business District Retailers' Occupation Tax, A Business District Service Occupation Tax, and A Business District Hotel Operators' Occupation Tax within Such Business District ion the City of Joliet, Will and Kendall Counties, Illinois

BACKGROUND:

The 2022 Redevelopment Agreement for the Rock Run Collection development included the creation of a Business District to generate revenue to repay the bond used for the installation of the infrastructure at the site. On July 7, 2026, the City Council adopted an ordinance proposing the Business District and set the public hearing for August 4, 2026. Notice of the public hearing was published in the Joliet Herald News on July 17th and July 24th.

The proposed business district would create an additional one percent (1%) sales and hotel/motel tax within the commercial/retail area of the Rock Run Collection development. The additional revenue will be used to repay the obligations associated with the development of the Rock Run Collection.

CONCLUSION:

Adoption of this item will create the Rock Run Collection Business District effective January 1, 2027

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council adopt an Ordinance Approving a Business District Plan for the Rock Run Collection Business District and Establishing the Rock Run Collection Business District; Making a Blighted Area Finding Within the Business District, and Imposing a Business District Retailers' Occupation Tax, A Business District Service Occupation Tax, and A Business District Hotel Operators' Occupation Tax within Such Business District ion the City of Joliet, Will and Kendall Counties, Illinois.

ORDINANCE No. _____

AN ORDINANCE APPROVING A BUSINESS DISTRICT PLAN FOR THE ROCK RUN COLLECTION BUSINESS DISTRICT; DESIGNATING AND ESTABLISHING THE ROCK RUN COLLECTION BUSINESS DISTRICT; MAKING A BLIGHTED AREA FINDING WITHIN THE BUSINESS DISTRICT, AND IMPOSING A BUSINESS DISTRICT RETAILERS' OCCUPATION TAX, A BUSINESS DISTRICT SERVICE OCCUPATION TAX, AND A BUSINESS DISTRICT HOTEL OPERATORS' OCCUPATION TAX WITHIN SUCH BUSINESS DISTRICT IN THE CITY OF JOLIET, WILL AND KENDALL COUNTIES, ILLINOIS

WHEREAS, the City of Joliet, Will and Kendall Counties, Illinois (the "**City**") is a home rule unit of government under the Constitution of the State of Illinois, and pursuant to said constitutional authority, may exercise and perform any function pertaining to its governmental affairs; and

WHEREAS, Section 11-74.3-1(1) of the Illinois Business District Development and Redevelopment Law, 65 ILCS 5/11-74.3-1, *et seq.* (the "**Business District Law**") allows the City to determine that it is "essential to the economic and social welfare of the municipality that business districts be developed, redeveloped, improved, maintained, and revitalized, that jobs and opportunity for employment be created within the municipality, and that, if blighting conditions are present, blighting conditions be eradicated by assuring opportunities for development or redevelopment, encouraging private investment, and attracting sound and stable business and commercial growth"; and

WHEREAS, on July 7, 2026, the City Council of the City (the "**City Council**") adopted Ordinance No. 18874, "An Ordinance Proposing the Creation of a Business District in the City of Joliet, Will and Kendall Counties, Illinois, and Fixing the Date and Time for a Public Hearing in Connection with the Same (Rock Run Collection Business District)" (the "**Proposal Ordinance**"); and

WHEREAS, by operation of the Proposal Ordinance, the City Council proposed: (i) the designation of the properties on the northeast intersection of Interstate 55 and Interstate 80 within the City, as depicted in Exhibit A attached hereto and made a part hereof, and as legally described in Exhibit B attached hereto and made a part hereof, as a business district pursuant to the Business District Law (the "**Rock Run Collection Business District**"), and (ii) the approval and adoption of the business district plan for the Rock Run Collection Business District (the "**Business District Plan**") prepared for the City by SB Friedman Development Advisors, LLC, which is attached hereto and made a part hereof as Exhibit C; and

WHEREAS, the Proposal Ordinance further fixed the time and place for a public hearing (the "**Hearing**") on the proposed Rock Run Collection Business District and the proposed Business District Plan; and

WHEREAS, the City Council conducted the Hearing on August 4, 2026, at 6:30 p.m., at City Hall, Council Chambers, 150 West Jefferson Street, Joliet, Illinois, after public notice was published on July 17, 2026 and July 24, 2026 in the *Joliet Herald News*, in full compliance with the Business District Law; and

WHEREAS, at the Hearing, (a) City officials and consultants made presentations regarding a blighted area designation within the Rock Run Collection Business District pursuant to the Business District Law, the proposed Business District Plan, and the potential imposition of a Business District Retailers' Occupation Tax, a Business District Service Occupation Tax, and a Business District Hotel Operators' Occupation Tax, and (b) the City Council heard and determined all protests and objections raised to and against the designation of the Rock Run Collection Business District and/or the approval and adoption of the Business District Plan from all members of the public who wished to speaking during the Hearing regarding these matters; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to establish and designate the Rock Run Collection Business District as a blighted area business district pursuant to the Business District Law; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to approve and adopt the Business District Plan; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to impose a Business District Retailers' Occupation Tax at the rate of one percent (1%) upon the Rock Run Collection Business District for the planning, execution, and implementation of the Business District Plan and to pay for business district project costs as set forth in the Business District Plan, all as set forth in this Ordinance and in full compliance with the requirements of the Business District Law and all other applicable laws; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to impose a Business District Service Occupation Tax at the rate of one percent (1%) upon the Rock Run Collection Business District for the planning, execution, and implementation of the Business District Plan and to pay for business district project costs as set forth in the Business District Plan, all as set forth in this Ordinance and in full compliance with the requirements of the Business District Law and all other applicable laws; and

WHEREAS, the City Council has determined that it is necessary, expedient, and in the best interests of the City and its citizens to impose a Business District Hotel Operators' Occupation Tax at the rate of one percent (1%) upon the Rock Run Collection Business District for the planning, execution, and implementation of the Business District Plan and to pay for business district project costs as set forth in the Business District Plan, all as set forth in this Ordinance and in full compliance with the requirements of the Business District Law and all other applicable laws.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Joliet, Will and Kendall Counties, Illinois, as follows:

SECTION 1. The preambles of this Ordinance are true, correct and complete and are hereby incorporated as though fully set forth herein.

SECTION 2. Based upon the evidence presented at the Hearing, the City Council hereby finds and determines as follows:

1. The Rock Run Collection Business District on the whole has not been subject to growth and development through investment by private enterprises and would not reasonably be anticipated to be developed or redeveloped without the adoption of the Business District Plan;
2. The Business District Plan conforms to the City's comprehensive plan for the development of the City as a whole;
3. The Rock Run Collection Business District is qualified as a blighted area, as defined in Section 5 of the Business District Law, by reason of the predominance of defective, non-existent or inadequate street layout; and
4. The Rock Run Collection Business District is a contiguous area, as that term is defined in the Business District Law.

SECTION 3. The City Council hereby establishes and designates the Rock Run Collection Business District as a blighted area business district, in accordance with a pursuant to the Business District Law.

SECTION 4. The City Council hereby approves and adopts the Business District Plan as the business district plan for the Rock Run Collection Business District.

SECTION 5. The City Council shall have and exercise all powers and authority, with respect to the Rock Run Collection Business District and the Business District Plan, as are now or as shall hereinafter be granted by the provisions of the Business District Law, including but not limited to all powers and authority granted by Section 3 of the Business District Law (65 ILCS 5/11-74.3-3), as amended.

SECTION 6. The City Council, pursuant to Section 11-74.3-6(b) of the Business District Law and to the fullest extent permitted by law, does hereby impose a Business District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of the State of Illinois, at retail in the Rock Run Collection Business District at a rate of one percent (1%) of the gross receipts from the sales made in the course of such business, in accordance with, and as limited by, the Business District Law. The tax imposed herein is in addition to all other applicable taxes, provided, however, that the tax imposed herein may not be imposed on tangible personal property taxed at the rate of 1% under the Retailers' Occupation Tax Act.

SECTION 7. The City Council, pursuant to Section 11-74.3-6(c) of the Business District Law and to the fullest extent permitted by law, does hereby impose a Business District Service

Occupation Tax upon all persons engaged, in the Rock Run Collection Business District, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the Rock Run Collection Business District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service at a rate of one percent (1%) of the selling price of tangible personal property so transferred within the Rock Run Collection Business District, in accordance with, and as limited by, the Business District Law. The tax imposed herein is in addition to all other applicable taxes, provided, however, that the tax imposed herein may not be imposed on tangible personal property taxed at the rate of 1% under the Service Occupation Tax Act.

SECTION 8. The City Council, pursuant to Section 11-74.3-6(d) of the Business District Law and to the fullest extent permitted by law, does hereby impose a Business District Hotel Operators' Occupation Tax upon all persons engaged, in the Rock Run Collection Business District, in the business of renting, leasing, or letting rooms in a hotel (as defined in the Hotel Operators' Occupation Tax Act (35 ILCS 145/1 *et seq.*)) at a rate of one percent (1%) of the gross rental receipts from the renting, leasing, or letting of hotel rooms within the Rock Run Collection Business District, excluding, however, from gross rental receipts the proceeds of renting, leasing, or letting to permanent residents of a hotel (as defined in the Hotel Operators' Occupation Tax Act) and proceeds from the tax imposed under subsection (c) of Section 13 of the Metropolitan Pier and Exposition Authority Act (70 ILCS 210/13 *et seq.*). The tax is imposed in accordance with, and as limited by, the Business District Law. The tax imposed herein is in addition to all other applicable taxes.

SECTION 9. The taxes imposed pursuant to Sections 6 and 7 herein, and all civil penalties that may be assessed as an incident thereto, shall be collected and enforced by IDOR of the State of Illinois ("***IDOR***"), which shall have full power to administer and enforce the provisions of Sections 6 and 7 of this Ordinance. The taxes imposed pursuant to Section 8 herein, and all civil penalties that may be assessed as an incident thereto, shall be collected and enforced by the City, which shall have full power to administer and enforce the provisions of Section 8 of this Ordinance.

SECTION 10. There is hereby created and established a special fund, which shall be referred to as the "Rock Run Collection Business District Tax Allocation Fund," for the City (the "***Fund***"). All proceeds from the taxes imposed by Sections 6, 7 and 8 of this Ordinance pursuant to Sections 3(10) and 3(11) of the Business District Law (65 ILCS 5/11-74.3-3(10); 65 ILCS 5/11-74.3(11)) shall be deposited into the Fund, after which they may be allocated, paid, withdrawn, transferred, or otherwise used in any manner permitted by the Business District Law, as amended, or as otherwise permitted by applicable law.

SECTION 11. The City Council hereby declares that the Fund shall be dissolved upon the date that final payment of all business district project costs and the retirement of all bonds, notes or other obligations paying or reimbursing business district project costs is completed (the "***Dissolution Date***"), provided that in no event shall said Dissolution Date be later than more than two hundred and seventy (270) days after payment to the City of the last distribution of taxes as provided in Section 6 of the Business District Law (65 ILCS 5/11-74.3-6).

SECTION 12. The City Clerk is hereby authorized and directed to file a certified copy of this Ordinance with IDOR on or before October 1, 2026, and further to provide IDOR with the boundaries of the Rock Run Collection Business District and each address located within said district in such a manner as is acceptable to IDOR and that will allow IDOR to determine whether any given business is located within the Rock Run Collection Business District. The City Clerk is further authorized and directed to provide IDOR with any other or additional information that it may request or require in order to administer and enforce the various taxes imposed by this Ordinance.

SECTION 13. IDOR is hereby directed to begin collecting, administering, distributing and enforcing the taxes imposed pursuant to this Ordinance beginning January 1, 2027, provided that this Ordinance is filed with IDOR on or before the proceeding October 1, 2027.

SECTION 14. In the event that any provision or provisions, portion or portions, or clause or clauses of this Ordinance shall be declared to be invalid or unenforceable by a court of competent jurisdiction, such adjudication shall in no way affect or impair the validity or enforceability of any of the remaining provisions, portions, or clauses of this Ordinance that may be given effect without such invalid or unenforceable provision or provisions, portion or portions, or clause or clauses.

SECTION 15. All ordinances, resolutions, motions, or parts thereof, conflicting with any of the provisions of this Ordinance, are hereby repealed to the extent of the conflict.

SECTION 16. This Ordinance shall be in full force and effect from and after its adoption and approval as provided by Business District Law.

PASSED this 4th day of August, 2026.

1. Introduction

The City of Joliet, Illinois (the “City”) engaged SB Friedman Development Advisors, LLC (SB Friedman) to conduct an eligibility study and prepare a business district plan for the designation of a commercial area in the City as the proposed Rock Run Collection Business District (the “Business District” or “Area”) under the provisions of the Illinois Business District Development and Redevelopment Law (65 ILCS 5/11-74.3-1 et seq., as amended) (the “Law”).

This document (the “Report”) includes two major sections: (1) information on the eligibility factors and other findings necessary to designate the area as a business district under the Law (the “Eligibility Study”); and (2) the Business District Plan (the “Plan”). SB Friedman has prepared this Report with the understanding that the City would rely on the findings and conclusions of this Report in proceeding with the designation of the proposed Business District and the adoption and implementation of the Plan in compliance with the Law.

The Proposed Business District

The proposed Business District generally encompasses properties on the northeast intersection of Interstate 55 and Interstate 80. The proposed Business District consists of 17 parcels. The Area contains approximately 195 acres, of which approximately 22 acres are rights-of-way as of June 2026. The location and detailed boundary of the proposed Business District is displayed on **Map 1** on the following page. The legal description of the proposed Business District and a list of Property Index Numbers (PINs) are included in **Appendix 1** and **Appendix 2**, respectively.

The Area primarily includes vacant land intended for commercial use. The land has been under private developer control since 2015; however, despite the Area’s strategic location near Interstate 55 and its long-term development potential, limited vertical development has occurred to date. In 2022, the City of Joliet entered into a Redevelopment Agreement (“RDA”) with the developer to facilitate development of the Area and nearby sites. As part of the RDA, the City agreed to issue approximately \$100 million of its general obligation bonds to fund major infrastructure improvements, including the construction of an interchange to provide access from Interstate 55 to the Area.

A recent Rock Run Collection site plan (the “Site Plan”) indicates that roughly 1.2 million square feet of commercial space, including retail and entertainment users, and over 470 hotel rooms could be built. However, the scale of development contemplated by the Site Plan has not yet materialized. To date, two buildings, a Chipotle and Hollywood Casino, have been constructed within the Area. The developer has indicated that development will not proceed in the Area without additional financial assistance. This is further evidenced by the City’s recent amendment to the RDA pursuant to an Amended and Restated Development Agreement adopted on May 5, 2026 (the “Amended RDA”), which provides additional assistance (consisting of the proposed issuance by the City of its notes and additional general obligation bonds) intended to catalyze development in the Area.

The lack of substantial development activity since the developer’s acquisition of the land in 2015, combined with the need for significant public infrastructure investment and the Amended RDA, indicates that private market forces alone have not been sufficient to induce the anticipated commercial development.

2. Eligibility Study

The proposed Business District suffers from a defective, non-existent, or inadequate street layout. These characteristics appear to hinder the economic potential of the proposed Business District. To enhance its economic viability, it is critical that the physical conditions of the proposed Business District be improved. Without required multimodal transportation infrastructure that is necessary to support development in the area, the economic viability of the proposed Business District will continue to be challenged. The proposed Business District will benefit from a strategy to improve access and connectivity, allowing for economic growth and redevelopment.

The eligibility findings presented herein cover events and conditions that were determined to support a finding that the Area qualifies as a “blighted area” under the Law.

Eligibility Provisions of the Illinois Business District Development and Redevelopment Act

In order to impose sales and hotel taxes within a business district, a municipality must find that the area meets the “blighted area” provision under the Law and satisfies several other findings and tests. These eligibility criteria are summarized below.

BLIGHTED AREA DEFINITION

A business district can be considered a blighted area under the Law by the predominance of at least one of the following five factors:

- Defective, Non-Existent or Inadequate Street Layout
- Unsanitary or Unsafe Conditions
- Deterioration of Site Improvements
- Improper Subdivision or Obsolete Platting
- Existence of Conditions which Endanger Life or Property by Fire or Other Causes

In addition, the presence of the factor(s) must have at least one of the following four effects on the business district:

- Retard(s) the Provision of Housing Accommodations
- Constitute(s) an Economic or Social Liability
- Constitute(s) an Economic Underutilization of the Area
- Constitute(s) a Menace to the Public Health, Safety, Morals or Welfare

OTHER REQUIRED FINDINGS AND TESTS

Four additional findings and tests are required for designation of a business district:

1. **Lack of Growth and Development through Private Investment.** The City is required to evaluate whether or not a business district as a whole has been subject to growth and development through

investment by private enterprises and must substantiate a finding of lack of such investment prior to establishing a business district.

2. **"But For" the Creation of a Business District, Area Would Not Be Redeveloped.** The City must find that the area would not reasonably be anticipated to be developed or redeveloped without the adoption of the business district plan.
3. **Contiguity and Substantial Benefit.** The boundary of a business district must contain contiguous parcels that are directly and substantially benefited by the plan.
4. **Conformance to the Plans of the City.** A business district plan must conform to the comprehensive plan of the City or, for municipalities with a population of 100,000 or more, regardless of when the business district plan was approved, the business district plan either:
 - a. Conforms to the strategic economic development or redevelopment plan issued by the designated planning authority or the municipality, or
 - b. Includes land uses that have been approved by the planning commission of the municipality.

Methodology Overview

SB Friedman conducted the following analyses to determine whether the proposed Business District qualifies as a blighted area, as defined by the Law:

- Parcel-by-parcel fieldwork in March 2026 documenting external property conditions and infrastructure status;
- Analysis of equalized assessed value (EAV) for which data are available and final (2025) from the County Assessor's Office, compared to EAV for shopping centers in Will County;
- Review of building permit records (From 2023 through June 2026);
- Review of local zoning and building regulations for the Area;
- Review of geographic information systems (GIS) parcel shapefile data from Will County;
- Review of the status of planned infrastructure investments for the Area, based on materials from the City of Joliet Public Works Department, including a March 30, 2026 memo ("Public Works Memo") and annotated maps describing public right-of-way and pedestrian investments as of March 2026;
- Review of the Site Plan for the Area, provided on April 21, 2026;
- Review of the RDA and Amended RDA;
- Review of the City's current comprehensive plan ("1959 Comprehensive Plan") and documentation related to the forthcoming City of Joliet Comprehensive Plan update.

All properties were examined for qualification factors consistent with the blighted area requirements of the Law. SB Friedman evaluated the eligibility factors on a parcel-by-parcel basis and analyzed the spatial distribution of the eligibility factors. When appropriate, the presence of eligibility factors was calculated on adjacent infrastructure and ancillary properties associated with the structures. The eligibility factors were linked to tax parcels and buildings using aerial photographs, property files created from field observations, and record searches. The information was then graphically plotted on a parcel map of the proposed Business District to establish the distribution of eligibility factors, and to determine which factors were present to a meaningful extent and reasonably distributed throughout the proposed Business District.

Eligibility Findings

BLIGHTED AREA FINDING

SB Friedman's research indicates the proposed Business District on the whole qualifies as a blighted area under the Law due to the predominance of the following factor:

1. Defective, Non-Existent or Inadequate Street Layout

Map 2 displays the spatial distribution of this factor throughout the proposed Business District.

Defective, Non-Existent or Inadequate Street Layout

SB Friedman conducted fieldwork and collected data from the City to assess the street layout and multimodal transportation dynamics within the proposed Business District.

The proposed Business District exhibits conditions that indicate a defective and inadequate road and pedestrian network, which materially impair access, circulation, and the overall functionality of the Area as a viable commercial environment. In the Public Works Memo, the City's Director of Public Works indicates that the Area's public infrastructure does not support safe access or circulation. The existing roadway system is characterized by an incomplete road network, fragmented internal circulation patterns, constrained ingress and egress, and lack of an overall pedestrian network to support multimodal connectivity. This has implications for future business occupancy.

- **Incomplete Road Network.** Gateway Boulevard, Shale Road, and portions of Olympic Boulevard and Sandstone Drive have been constructed but have yet to be reviewed and accepted by the City.¹ Portions of Olympic Boulevard and Rock Run Crossings Drive are only partially installed to the binder course but have not been surfaced. Other planned roads, including Graphite Drive, Briarstone Drive, Heathstone Drive, Festival Boulevard, Slate Drive, and Quartz Drive have not yet been designed.
- **Fragmented Internal Circulation Patterns.** Many properties rely on singular access points from perimeter roadways, with little to no internal connectivity to adjacent parcels. A significant portion of the Area is comprised of large, irregularly shaped parcels that lack internal drive aisles, cross-access easements, or coordinated circulation systems. These parcels function as isolated superblocks rather than integrated components of a cohesive street network, limiting the ability for vehicles to move efficiently within and between parcels. Furthermore, contemporary retail, restaurant and service users require well-defined internal circulation patterns that support intuitive navigation, multiple points of ingress and egress, and separation of customer and service traffic.
- **Constrained Ingress and Egress.** Properties within the Area are characterized by a limited number of ingress and egress locations. Several large parcels rely on single curb cuts or indirect access routes, constraining the ability of vehicles to enter and exit parcels efficiently. The existing access configuration

¹ City acceptance indicates that the City has determined the roads align with City design and safety standards.

serving businesses is limited and inefficient, particularly along Shale Road. For example, a motorist traveling northbound on Gateway Boulevard is required to enter Interstate 55 after passing Rock Run Crossings Drive, eliminating the ability to directly access nearby commercial properties. As a result, motorists seeking to reach businesses located north of the Gateway Boulevard and Rock Run Crossings Drive intersection must continue onto Interstate 55, exit at the next interchange, and reverse direction, creating a circuitous and inconvenient travel pattern.

- Lack of Pedestrian Network.** The Area also lacks adequate pedestrian infrastructure. As of June 2026, no sidewalk improvements have been formally accepted by the City to date. While pedestrian infrastructure is planned for 11 of the 17 parcels, improvements have only been installed on five parcels and no pedestrian infrastructure is currently planned for the remaining 6 parcels. Therefore, pedestrian infrastructure within the Area is incomplete and, in certain locations, deficient. These deficiencies include gaps in the sidewalk network, limited safe and clearly defined pedestrian crossings, and incomplete ADA-compliant access routes. The lack of a complete pedestrian network limits walkability and reduces connectivity between commercial uses, hotels, entertainment destinations, parking areas, and adjacent development sites. A successful commercial, entertainment, and hospitality district requires safe, accessible, and convenient pedestrian circulation across multiple parcels. Without additional investment, the Area is unlikely to function as a cohesive commercial district, which may limit tenant interest, reduce development momentum, and constrain the scale and timing of future private investment.

Collectively, these conditions result in a transportation and access network that is not merely suboptimal but functionally inadequate to support modern commercial development patterns area-wide within the proposed Business District. These limitations restrict customer access and impair the Area's ability to function as a cohesive commercial district. As a result, the Area is less competitive for retail, entertainment and service uses that rely on convenient vehicular access, strong traffic patterns, safe pedestrian circulation, and walkability. According to the Public Works Memo, "as development advances these outstanding infrastructure items will need to be addressed to support full public access, ensure safe pedestrian connectivity, and enable the City to assume long term maintenance responsibilities". While SB Friedman is not a transportation engineering firm, the conditions identified in the Public Works Memo indicate that the existing transportation network and street layout contain deficiencies that limit access, circulation, and pedestrian connectivity within the proposed Business District. Based on the location, extent, and functional significance of the deficiencies identified above, the defective, non-existent, or inadequate street layout factor is present to a meaningful extent within the proposed Business District. These deficiencies are not limited to isolated parcels, but instead affect the Area's overall circulation framework and are reasonably expected to constrain the timing, scale, and distribution of future private development.

Map 2: Defective, Non-Existent or Inadequate Street Layout

Sources: City of Joliet Esri; SB Friedman; Will County

Effect of Blighting Factors on the Proposed Business District

It appears the present blighting factor has the following effect on the proposed Business District:

- Constitutes an Economic Underutilization of the Area

ECONOMIC UNDERUTILIZATION OF THE AREA

The Area exhibits economic underutilization, as evidenced by its relatively low Equalized Assessed Value (“EAV”) and limited intensity of commercial activity compared to similarly situated retail nodes in the broader market. As of 2025, the Area reflects an average EAV of approximately \$75,000 per acre, which is significantly below that of comparable properties with a fully developed, adequate roadway network. For example, commercial districts in Will County that have benefited from coordinated development, such as Promenade Bolingbrook, Shorewood Crossing, and Joliet Commons, demonstrate significantly higher levels of property tax productivity on a per-acre basis with a range of roughly \$248,000 to \$426,000 per acre. These comparable properties have similar land uses and are located within the same regional market area but benefit from functional road networks, direct access to arterial corridors, and established pedestrian connectivity. The Area’s current EAV per acre is materially below the EAV productivity observed in comparable developed commercial nodes in Will County. Given the Area’s planned use as a regional commercial, entertainment, and hospitality destination, this differential indicates that the Area is not currently generating assessed value consistent with its underlying development potential. The comparison supports a finding that the Area remains economically underutilized relative to similarly situated commercial properties with more complete access, circulation, and infrastructure systems.

Based on a reasonable highest-and-best-use scenario that reflects the proposed Rock Run Collection site plan, the Area could support a stabilized EAV of approximately \$515,300 per acre, representing an increase of nearly 586% over current levels and aligning more closely with comparable serviced properties. The estimated stabilized EAV scenario illustrates the magnitude of unrealized economic value associated with full development of the Area. The variance between current EAV and estimated stabilized EAV is attributable, in part, to infrastructure and site-readiness limitations that inhibit the Area’s ability to support the intensity of development contemplated by the Site Plan. Accordingly, the Area’s present condition constitutes an economic underutilization of land that is otherwise planned and positioned for substantially higher-value commercial use. Absent targeted public investment in roadway and pedestrian infrastructure improvements, such development is unlikely to occur. Accordingly, these infrastructure deficiencies constitute a material barrier to private investment, and the Area is expected to remain economically underutilized “but for” the implementation of public improvements designed to enhance access, connectivity, and overall site viability.

Other Required Findings and Tests

In addition to finding of blight, the Law requires that four required findings and tests be satisfied for designation. SB Friedman’s research, as described below, indicates that the proposed Business District satisfies these requirements.

1. LACK OF GROWTH AND DEVELOPMENT THROUGH PRIVATE INVESTMENT

The RDA approved the issuance of the City's general obligation bonds to support infrastructure development, including the construction of the interchange providing access to the Area, with the intent of attracting private investment. Yet, the Area has experienced a prolonged lack of growth and development through private investment, as evidenced by limited recent vertical development, limited site improvements, and continued underutilization of otherwise strategically located land, as described above.

The Site Plan contemplated a comprehensive, phased, mixed-use project including approximately 1.2 million square feet of commercial space, including retail and entertainment users, over 470 hotel keys, and supporting infrastructure within the proposed Business District. However, City permit data from June 2023 to June 2026 indicates that vertical development activity has been limited relative to the scale of the planned development program. During this period, building permit activity has been concentrated in a small number of projects, including the Hollywood Casino, a single restaurant user, one hotel currently under construction, and one additional retail project that does not appear to have commenced construction as of June 2026. Since June 2023, only 192,750 square feet of vertical development has been constructed or is currently under construction, representing a limited portion of the total development contemplated for the Area. The limited amount of constructed and under-construction development represents a relatively small share of the total commercial, entertainment, and hospitality development contemplated for the Area. In addition, recent private investment has been concentrated in a limited number of projects rather than distributed across the proposed Business District. This pattern indicates that development activity to date has not established a sustained, areawide investment trend sufficient to implement the planned commercial district.

This disparity between the approved development program and actual construction to date demonstrates that private investment has not occurred at the scale or pace necessary to realize the Area's intended outcomes. Even the significant amount of public investment authorized through the RDA and construction of the casino have not been sufficient to catalyze the full extent of anticipated additional private investment. Significant portions of the Area remain undeveloped, including most of the planned commercial space, additional hotel development, and key infrastructure elements anticipated to support full buildout. This continued lack of investment, despite the Area's strategic location, prior public infrastructure commitment, and presence of a major regional entertainment anchor, indicates that private market forces alone have not been sufficient to catalyze comprehensive development of the Area.

Finding: *The proposed Business District on the whole has not been subject to growth and development through investment by private enterprises at a level sufficient to realize the Area's planned commercial, entertainment, and hospitality development program.*

2. "BUT FOR" THE CREATION OF A BUSINESS DISTRICT, AREA WOULD NOT BE REDEVELOPED

The lack of construction progress relative to the Site Plan reflects ongoing economic and infrastructure-related constraints which support the finding that, without public resources, the development objectives for the proposed Business District would most likely not be realized. The Area requires substantial upfront investment in infrastructure and site preparation, including internal roadways and stormwater management, which are necessary to support development but do not generate revenue. The private market, on its own, has shown little ability to absorb all such costs, as evidenced by the need for public assistance under the RDA.

Four years later, this public assistance has still proven insufficient to fully offset the extraordinary development costs and attract private capital at the scale necessary to complete development of the Area, resulting in efforts to amend and restate the RDA throughout 2025 and early 2026. The Amended RDA provides for additional

public funding by the City with the intent of strengthening the likelihood of future private investment in the Area. The Amended RDA provides that the developer must satisfy certain conditions with respect to the Area prior to the issuance by the City of its notes and bonds. The Amended RDA states that this funding is to be backed by the revenues generated by a Business District. Therefore, absent the additional public assistance enabled by the proposed Business District, it appears unlikely that significant private investment would occur in the Area at the scale, pace, or quality contemplated by the Site Plan.

Finding: *The Area would not reasonably be anticipated to be developed without the adoption of the Business District Plan.*

3. CONTIGUITY OF PARCELS

Finding: *All parcels in the Area are contiguous and are expected to directly and substantially benefit from the Business District Plan.*

4. CONFORMANCE TO THE PLANS OF THE CITY

The Business District Plan conforms to the City's comprehensive planning efforts as a whole. The Area is zoned Commercial Business District (B-2) which is intended for a variety of retail activity and is designed for major shopping districts. Additionally, the City is currently preparing an update to the 1959 Comprehensive Plan. Documentation related to the forthcoming City of Joliet Comprehensive Plan update identifies the Area for future development as a cohesive, mixed-use activity center. This Business District Plan helps translate the City's goals for coordinated infrastructure-led growth and economic development in the Area into a defined implementation framework.

Finding: *Based on a review of the 1959 Comprehensive Plan, in addition to documentation related to the forthcoming City of Joliet Comprehensive Plan update (anticipated to be adopted in 2026), the Business District Plan conforms to the City's comprehensive plan for development of the municipality as a whole.*

Summary of Findings

SB Friedman found that the proposed Business District qualifies to be designated as a "blighted area." The proposed Business District is blighted due to the predominance of defective, non-existent or inadequate street layout, which constitutes an economic underutilization of the area. The proposed Business District also satisfies the four separate findings and tests required for designation.

3. Business District Plan

Redevelopment Needs of the Proposed Business District

The economic potential of the proposed Business District is currently hampered by a defective, non-existent, or inadequate street layout. Investment in infrastructure and improvements in roadways, parking and sidewalks in the Area are necessary to increase the economic viability within and adjacent to the proposed Business District. The existing conditions of the Area suggest three major needs for the proposed Business District:

1. Construction of new commercial development;
2. Construction of infrastructure and capital improvements; and
3. Site preparation.

This Business District Plan identifies tools for the City to support the improvement of the proposed Business District through the provision of necessary infrastructure improvements and other public and private improvements to best serve the interests of the City, local business owners and residents.

The public and private improvements outlined in this Business District Plan will create an environment conducive to economic growth and development within the proposed Business District and the City overall.

Goal and Objectives

The overall goal of the Business District Plan is to reduce or eliminate conditions that qualify the proposed Business District as a blighted area under the Law and to provide the direction and mechanisms necessary to create vibrant commercial corridors that will strengthen the economic base and enhance the quality of life of the Area and City as a whole.

The following three objectives support the overall goal of area-wide revitalization of the proposed Business District:

1. Enhance the City's tax base by encouraging private development and investment within the proposed Business District;
2. Foster the construction, improvement, replacement and/or repair of public infrastructure; and
3. Provide improved pedestrian and bicycle access throughout the proposed Business District.

Public and private improvements throughout the Area will increase the economic viability of businesses within and adjacent to the proposed Business District. The overall development is expected to affect each of the properties in the proposed Business District.

Powers of the Municipality

The Law grants municipalities various powers to designate, implement and maintain a business district. In addition to the powers a municipality may now have, a municipality shall have the following powers:

- To make and enter into all contracts necessary or incidental to the implementation and furtherance of a business district plan, as more fully set forth in 65 ILCS 5/11-74.3-3(1);
- To acquire by purchase, donation, or lease, and to own, convey, lease, mortgage, or dispose of land and other real or personal property or rights or interests within the business district, as more fully set forth in 65 ILCS 5/11-74.3-3(2) and 65 ILCS 5/11-74.3-3(2.5);
- To clear any area within a business district by demolition or removal of any existing buildings, structures, fixtures, utilities, or improvements, and to clear and grade land;
- To install, repair, construct, reconstruct, or relocate public streets, public utilities, and other public site improvements within or without a business district which are essential to the preparation of a business district for use in accordance with a business district plan;
- To renovate, rehabilitate, reconstruct, relocate, repair, or remodel any existing buildings, structures, works, utilities, or fixtures within any business district;
- To construct public improvements, including but not limited to buildings, structures, works, utilities, or fixtures within any business district;
- To fix, charge, and collect fees, rents, and charges for the use of any building, facility, or property or any portion thereof owned or leased by the municipality within a business district;
- To pay or cause to be paid business district project costs, as more fully set forth in 65 ILCS 5/11-74.3-3(8). Such eligible project costs are defined in the following section. As per 65 ILCS 5/11-74.3-3(8.5), the Law also empowers the City to utilize up to 1% of the revenue from a business district retailers' occupation tax and service occupation tax and/or a hotel operators' occupation tax ("porting") for business district eligible costs from another business district that is:
 - contiguous to the business district from which the revenues are received;
 - separated only by a public right of way from the business district from which the revenues are received; or
 - separated only by forest preserve property from the business district from which the revenues are received if the closest boundaries of the business districts that are separated by the forest preserve property are less than one mile apart.
- To apply for and accept grants, guarantees donations of property or labor or any other thing of value for use in connection with a business district project;
- To impose a retailers' occupation tax and a service occupation tax in the business district at a rate not to exceed 1.0% of the gross receipts from the sales made (to be imposed only in 0.25% increments) for the planning, execution, and implementation of business district plans and to pay for business district project costs as set forth in the business district plan approved by the municipality; and
- To impose a hotel operators' occupation tax in the business district at a rate not to exceed 1.0% of the gross receipts from the sales made (to be imposed only in 0.25% increments) for the planning, execution, and implementation of business district plans and to pay for the business district project costs as set forth in the business district plan approved by the municipality.

Financial Plan

ELIGIBLE COSTS

Under the Law, eligible business district project costs include all costs incurred by the municipality, other governmental entity or nongovernmental entity in the furtherance of the business district plan, and may include:

- Costs of studies, surveys, development of plans and specifications, implementation and administration of a plan, and personnel and professional service costs including architectural, engineering, legal, market, financial, planning, or other professional services, provided no charges for professional services may be based on a percentage of tax revenues received by the municipality;
- Property assembly costs, including but not limited to, acquisition of land and other real or personal property or rights or interests therein, and specifically including payments to developers or other nongovernmental persons as reimbursement for property assembly costs incurred by that developer or other nongovernmental person;
- Site preparation costs including but not limited to, clearance, demolition or removal of any existing buildings, structures, fixtures, utilities, and improvements, and clearing and grading of land;
- Costs of installation, repair, construction, reconstruction, extension, or relocation of public streets, public utilities, and other public site improvements within or without the business district which are essential to the preparation of the business district for use in accordance with the business district plan, and specifically including payments to developers or other nongovernmental persons as reimbursement for site preparation costs incurred by the developer or nongovernmental person;
- Costs of renovation, rehabilitation, reconstruction, relocation, repair or remodeling of any existing buildings, improvements and fixtures within the business district, and specifically including payments to developers or other nongovernmental persons as reimbursement for costs incurred by such developer or nongovernmental person;
- Costs of installation or construction within the business district of buildings, structures, works, streets, improvements, equipment, utilities, or fixtures, and specifically including payments to developers or other nongovernmental persons as reimbursements for such costs incurred by such developer or nongovernmental person;
- Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations, payment of any interest on any obligations issued under the Law that accrues during the estimated period of construction of any redevelopment project for which obligations are issued and for not exceeding 36 months thereafter, and any reasonable reserves related to the issuance of those obligations; and
- Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law.

ANTICIPATED PROJECT COSTS

The estimated eligible costs of this Business District Plan are shown in **Table 1** below. The total Business District Project Costs (Project Costs) shown in **Table 1** provides an upper limit on expenditures that are to be funded using Business District revenues, exclusive of capitalized interest, issuance costs, interest, and other financing costs. Additional funding in the form of county, state and federal grants, private developer contributions, porting of funds from contiguous business districts, and other outside sources may be pursued by the City as a means of financing improvements and facilities that are of benefit to the general community.

Table 1. Project Costs

Eligible Cost Categories [1]	Budget
Professional Services (including studies, surveys, legal, architectural, engineering, marketing, etc.)	\$1,000,000
Property Assembly (including acquisition, reimbursement for developer assembly costs)	\$1,500,000
Site Preparation (including clearance, demolition, clearing and grading)	\$2,000,000
Public Works Installation, Repair or Construction (within or without a Business District, which are essential to the Plan, including streets, utilities and other public site improvements)	\$32,000,000
Renovation or Rehabilitation of Existing Buildings, Improvements and Fixtures (including reconstruction, relocation, repair and remodeling)	\$1,000,000
Construction or Installation of Buildings, Improvements, Fixtures, Equipment or Utilities (within the Business District)	\$30,000,000
Financing Costs (including expenses related to issuance, interest and reserves related to obligations)	\$1,500,000
Relocation Costs (to the extent municipality deems necessary or is required by federal or State law)	\$1,000,000
TOTAL PROJECT COSTS [2] [3]	\$70,000,000

[1] Costs are shown in 2026 dollars and shall be adjusted from time to time to reflect changes in the cost of living, as measured by the U. S. Department of Labor's Consumer Price Index.

[2] Increases in estimated Total Project Costs of more than 5%, after adjustment for inflation from the date this Business District Plan is approved, are subject to the amendment procedures as provided under the Law.

[3] Adjustments may be made among line items in the budget without amendment, as provided under the Law.

Each individual project expenditure will be evaluated in light of Plan goals as it is considered for public financing under the provisions of the Law. The totals of line items set forth in **Table 1** are not intended to place a limit on the described expenditures. Adjustments may be made to line items within the total, either increasing or decreasing line item costs because of changed redevelopment costs and needs. Within the total Project Costs

limit, adjustments to the estimated line item costs in **Table 1** are expected and may be made by the City without amendment to this Plan.

The Project Costs described above are intended to further the goals outlined in this Plan and will benefit the owners and tenants of commercial businesses in the proposed Business District, as well as City residents and patrons of local businesses.

Anticipated Sources of Funds to Pay Project Costs

As required by the Law, the City shall establish and maintain a Business District Tax Allocation Fund ("the Fund") to which Business District revenues generated through the Business District Retailers' Occupation Tax, the Business District Service Occupation Tax and Business District Tax and/or the Hotel Operators' Occupation Tax (collectively "Business District Taxes") shall be deposited or credited. If and when the Village adopts any or all of the Business District Taxes, the Business District Taxes shall be administered as provided in the Law. Eligible Project Costs are to be reimbursed using the Fund Law, as described below.

BUSINESS DISTRICT RETAILERS' OCCUPATION TAX

A Business District Retailers' Occupation Tax will be imposed upon persons engaged in the business of selling tangible personal property at retail (excluding property titled or registered with an agency of the State of Illinois government) in the Business District at a rate of 1.0% of the gross receipts from the sales made in the course of such business. The tax may not be imposed on food for human consumption that is to be consumed off the premises from which it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purposes of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

BUSINESS DISTRICT SERVICE OCCUPATION TAX

A Business District Service Occupation Tax will be imposed upon all persons in the Business District engaged in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the Business District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. This tax will be imposed at a rate of 1.0% and may not be imposed on food for human consumption that is to be consumed off the premises from which it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purposes of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

BUSINESS DISTRICT HOTEL OPERATORS' OCCUPATION TAX

A Business District Hotel Operators' Occupation Tax will be imposed upon all persons in the Business District engaged in the business of renting, leasing or letting rooms in a hotel, at a rate of 1.0% of the gross rental receipts, excluding from gross rental receipts, the proceeds of such renting, leasing or letting to permanent residents of that hotel.

OTHER SOURCES OF FUNDS

Other sources of funds that may be used to pay for development costs and associated obligations issued or incurred include land disposition proceeds, state and federal grants, investment income, private investor and financial institution funds, and other lawful sources of funds and revenues as the municipality and developer from time to time may deem appropriate.

The proposed Business District may be or become contiguous to, or be separated only by a public right-of-way from, one or more other business districts created by the City in accordance with the Law (65 ILCS 5/11 74.4 4 et. seq.). The City may utilize Business District tax revenues received from the Business District to pay eligible costs, or obligations issued to pay such costs, in such other business districts, and vice versa. The amount of revenue from the proposed Business District made available to support such business districts, when added to all amounts used to pay eligible business district project costs within the proposed Business District, shall not at any time exceed the total Project Costs described in **Table 1** of the Plan.

If necessary, the plans for other business districts that may be or already have been created under the Law may be drafted or amended, as applicable, to add appropriate and parallel language to allow for the transfer and utilization of relevant business district tax revenues between such districts.

ISSUANCE OF OBLIGATIONS

To finance Project Costs, the City may issue bonds or obligations secured by the anticipated Business District Taxes generated within the proposed Business District, or such other bonds or obligations as the Village may deem as appropriate.

All obligations issued by the City pursuant to this Plan and the Law shall be retired in the manner provided in the ordinance authorizing issuance of such obligations, by the receipts of taxes from the proposed Business District and by any other revenue designated or pledged by the City. The final maturity date of any such obligations that are issued may not be later than 20 years from their respective dates of issue or the dissolution of the Business District, whichever is earlier.

In addition to paying Project Costs, monies in the Fund may be used for the scheduled and/or early retirement of obligations, as provided in the ordinance issuing such obligations. As provided in the Law, following payment or reimbursement for all Project Costs, any surplus funds in the Fund will be deposited into the City's general corporate fund.

Establishment and Term of District

Pursuant to the Law, the term of the proposed Business District shall not exceed 23 years from the date the ordinance approving this Plan and designating the District is approved. The Business District Retailers' Occupation Tax, Business District Service Occupation Tax and Business District Hotel Operators' Occupation Tax will be imposed for no longer than the term of the Business District.

Provisions for Amending Plan

This Plan may be amended pursuant to the provisions of the Law.

Appendix 3. Limitations of Engagement

The Eligibility Study covers events and conditions that were determined to support the designation of the proposed Business District as a “blighted area” under the Law at the completion of our field research in March 2026 and not thereafter. SB Friedman’s findings do not consider events or conditions that may have occurred after completion of field research, including, without limitation, governmental actions and additional development.

This Report summarizes the analysis and findings of the consultant’s work, which, unless otherwise noted, is solely the responsibility of SB Friedman. The City is entitled to rely on the findings and conclusions of the Report in designating the Area as a business district under the Law. SB Friedman has prepared the Report with the understanding that the City would rely on the findings and conclusions of this Report in proceeding with the designation of the proposed Business District and the adoption and implementation of the Plan in compliance with the Law.

The Report is based on estimates, assumptions, and other information developed from research of the market, knowledge of the industry, and meetings during which we obtained certain information. The sources of information and bases of the estimates and assumptions are stated in the Report. Some assumptions inevitably will not materialize, and unanticipated events and circumstances may occur. Therefore, actual results achieved will necessarily vary from those described in our Report, and the variations may be material.

The terms of this engagement are such that we have no obligation to revise the Report to reflect events or conditions which occur subsequent to the date of the Report. These events or conditions include, without limitation, economic growth trends, governmental actions, additional competitive developments, interest rates, and other market factors. However, we will be available to discuss the necessity for revision in view of changes in economic or market factors.

Preliminary Business District revenue projections were prepared for the purpose of estimating the approximate level of revenues that could be generated by proposed projects and other properties within the proposed Business District and from inflationary increases in sales. These projections were intended only to assist in preparing a budget for the Business District Plan.

As such, our Report and the preliminary projections prepared under this engagement are intended solely for your information, for the purpose of establishing a business district. These projections should not be relied upon for purposes of evaluating potential debt obligations or by any other person, firm or corporation, or for any other purposes. Neither the Report nor its contents, nor any reference to SB Friedman, may be included or quoted in any offering circular or registration statement, appraisal, sales brochure, prospectus, loan, or other agreement or document intended for use in obtaining funds from individual investors, without prior written consent.

Memo

File #: 400-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Dustin Anderson, Directory of Community Development

SUBJECT:
Ordinance Declaring Certain Structures Public Nuisances

BACKGROUND:

The attached list of addresses represents properties that meet the City's modified policy concerning public nuisances, in that all buildings are, by reason of lack of maintenance or adequate maintenance of the property, and/or being abandoned, vacant, boarded up, dilapidated or fire damaged, and of which depreciates the enjoyment, aesthetic appearance and use of properties in the immediate vicinity or neighborhood to such an extent that is detrimental to the city at large. In all instances proper notification of a pending public nuisance declaration has been mailed to each property owner and they have failed to respond. If approved, this declaration of a public nuisance is a progressive step in seeking compliance which can lead to demolition.

Upon a public nuisance declaration, demolition proceedings will be pursued, or in the alternative, executed agreements requiring the rehabilitation of the structures in compliance with the ordinances of the City of Joliet. The subject properties are as follows:

962 Cottage Place
6 North Hickory Street
216 3rd Avenue

The Public Safety Committee will review this item.

CONCLUSION:

The purpose of this ordinance is to declare the attached list of properties public nuisances and authorize application to the Circuit Court for injunctive relief through code compliance or demolition.

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council approve an Ordinance Declaring Certain Structures Public Nuisances

EXHIBIT A

Address: 962 Cottage Place

PIN: 30-07-17-412-003-0000

Owner: Anastazja Mikowski

Property Description: The structure is a one-story, wood-frame, single-family residence located at the rear of the property that has been used for storage. The building has no active utility services and contains large openings in the roof, leaving it exposed to the elements and in a state of significant deterioration. The property owner has failed to respond to repeated correspondence or otherwise communicate with the City regarding the property's condition. Administrative adjudication fines have been assessed but remain unpaid, and no effort has been made to correct the violations or bring the property into compliance.

Legal Description: Lot 12 block 6 in millboro, being a sub of prt of the E1/2 of the SE1/4 of sec. 17, T35N0-R10E.

Address: 6 North Hickory Street

PIN: 30-07-16-201-002-0000

Owner: Rosemary Lawler

Property Description: This is a two-story, wood-frame, single-family home with a detached one-story wood-frame garage. It has been vacant since 2015 and has had no active water service since July 2020. The property owner, Rosemary Lawler is deceased. The property has accumulated more than \$22,000 in outstanding fines and is subject to an extensive and continually growing list of code violations resulting from prolonged abandonment and neglect.

Legal Description: Lot 4 in block 7, in that part of the City of Joliet , known and described as School Section Addition to Joliet, being a Subdivision of part of Section 16,

Township 35 North, Range 10 East of the Third Principal Meridian, in Will County, Illinois.

Address: 216 3rd Avenue

PIN: 30-07-15-129-006-0000

Owner: George & Minnie Curtis

Property Description: The property is a vacant, two-story, wood-frame, single-family residence that sustained extensive fire damage in October 2023. The property owners are believed to be deceased. Since the fire, the City has undertaken maintenance activities to address the property's deteriorating condition, including mowing the grass, securing the structure by boarding it, and removing accumulated debris. The property remains in a state of disrepair and continues to have a negative impact on the surrounding neighborhood. This property is located within the East Side National Register Historic District.

Legal Description: The W1/2 of lot 3 in county clerks sub of blocks 23 & 24 in canal trustees sub, being a sub of part of the E1/2 of the NW1/4 of sec 15, T35N-R10E

ORDINANCE NO.

AN ORDINANCE DECLARING CERTAIN STRUCTURES PUBLIC NUISANCES

WHEREAS, the structures located on the properties identified and described in Exhibit A are deteriorated, dangerous, structurally unsafe, and in such a state of disrepair that they constate a hazard to life and property, and the Mayor and City Council have determined that it is necessary to seek the demolition of the structures.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, ILLNOIS AS FOLLOWS:

SECTION 1: The structures located on the properties identified and described in Exhibit A constitute public nuisances, and the City of Joliet, through its Legal Department, is hereby authorized to commence demolition proceedings against the structures, or in the alternative, to seek an injunction requiring the rehabilitation of the structures in compliance with the ordinances of the City of Joliet.

SECTION 2: The Mayor and City Council hereby authorize the filing of a lien and the acquisition of the lots on which the demolished structures were located if the owners fail to pay all demolition costs, including attorney's fees, pursuant to any remedy authorized by all law.

SECTION 3: This Ordinance shall be considered severable, and the invalidity of any section, clause, paragraph, sentence or provision of the Ordinance shall not affect the validity of any other portion of this Ordinance.

SECTION 4: This Ordinance shall be in effect upon its passage.

Memo

File #: 401-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:

Ordinance Approving a Variation of Use to Allow Administrative Offices, an R-B (Restricted Business) Use, Within an Existing Residential Structure in the R-2 (Single-Family Residential) Zoning District, Located at 317 S. Reed Street (ZBA 2026-29)

BACKGROUND:

The petitioner, Brian Patel on behalf of the United Cerebral Palsy - Center for Disability Services, is requesting a Variation of Use to allow administrative offices for the UCP - Center for Disability Services within the existing residential structure at 317 S. Reed Street. The subject site is zoned R-2 (single-family residential) district, which does not allow office uses. Administrative offices are a permitted use in the R-B (restricted business) district. The offices would serve the Center's main facility at 311 S. Reed Street, which is adjacent to the north side of the subject site. Approximately eight non-programmatic staff members would occupy the building, which would be used for administrative functions only. There would be no programming, instruction, or other client services held at 317 S. Reed Street.

UCP-Center for Disability Services provides comprehensive programs and services for individuals with intellectual and developmental disabilities to promote independence and a high quality of life. The Center's headquarters and educational campus is located at 311 S. Reed Street, which is the former Reedwood public school site and contains a school building, outdoor playground, and around 65 parking spaces. The Center offers a therapeutic day school and community day services in the existing school building. The Center also provides home-based services, such as therapy, life skills training, and respite care, within clients' own homes. The school is licensed through the Illinois State Board of Education, and the day services and home-based services programs are licensed through the Illinois Department of Human Services.

The organization has been operating in Joliet since around 1955. The Center first occupied the site at 311 S. Reed Street in 1985. In 2005, City Council approved a Special Use Permit to allow adult training and educational programming (community day services) at the site in addition to the existing day school. The main facility contains the Center's administrative offices as well as classroom and programming space.

The property, which is located in the Reedwood neighborhood, is 10,480 square feet and contains a one-story residential house and a rear one-car detached garage. The Center purchased the property at 317 S. Reed Street in May 2026. According to the petitioner, the subject property was vacant prior to their purchase and has experienced significant deterioration and deferred maintenance. The UCP - Center for Disability Services is located north of the site, and there are single-family residences to the

west, south, and east of the subject site. All surrounding properties are zoned R-2 (single-family residential).

The petitioner states that the 317 S. Reed Street property will maintain its residential appearance. There would be no exterior modifications inconsistent with the site's residential character. The petitioner does not intend to install any exterior signage at the subject property. The interior of the building will also retain its residential layout. The proposed floor plans show that the main floor will contain several offices, meeting and work space, a kitchen, and two bathrooms. The basement will contain another office, a meeting room, and a bathroom. According to the petitioner, all interior improvements, such as rehabilitation of the bedrooms and bathrooms, will be completed in a manner that preserves the residential character of the home. The structure will need to meet accessibility codes as part of the change in use from residential to office. The petitioner plans to install an ADA-compliant entrance ramp at the front of the building for access to the main entrance. A plat of survey and floor plans are included in the Zoning Board of Appeals staff report packet.

Employees working at 317 S. Reed Street would continue to park in the employee parking area at the main site at 311 S. Reed Street, which has sufficient parking for all current and projected staff. The petitioner does not intend to use the driveway or garage at 317 S. Reed Street for daily employee parking, but might use the garage to periodically store organizational vehicles.

The Center wishes to use the property at 317 S. Reed Street because of its specific location adjacent to the main campus. By moving administrative functions to the subject site, the Center will be able to convert some of the office space at the main facility into additional special education classrooms, therapeutic programming areas, and disability-related service space, thus increasing their service capacity to individuals within Joliet and the surrounding area.

The petitioner's description of the proposal and in-depth response to the Variation of Use criteria is included in the staff report packet. The petitioner is willing to include conditions of the proposed Variation of Use that address the site's location within a residential neighborhood, including: limiting the use of the site to office functions only; maintaining the exterior residential appearance of the structure and property; and retaining an interior residential layout. The petitioner also states that there will be no more than eight employees at the site and that these employees will continue to park at the adjacent main facility.

The request meets several criteria for a Variation of Use: the site has the unique circumstance of being adjacent to the main campus of the Center, which is an existing institutional use that has been located in the middle of a residential neighborhood for around 40 years; and the granting of the Variation of Use will not alter the essential character of the area if the proposed conditions are met. The petitioner has stated that they will not alter the exterior appearance of the property in a way that affects its residential character, nor will they reconfigure the interior into a commercial-style layout. The petitioner is proposing the office use at the subject site specifically due to the site's adjacency to the main campus, which will allow access between the sites without disrupting other properties. The office use would be an expansion of an existing institutional use within the neighborhood and would not alter the essential character of the area since the structure will remain residential in appearance.

ZONING BOARD OF APPEALS PUBLIC HEARING:

The Zoning Board of Appeals held a public hearing on this matter on July 16, 2026. Brian Patel, petitioner (president and CEO of United Cerebral Palsy - Center for Disability Services), represented

the petition. One person spoke in favor of the petition. Meeting minutes are attached.

RECOMMENDATION OF THE ZONING BOARD OF APPEALS:

Bob Nachtrieb moved that the Zoning Board of Appeals recommend approval of the Variation of Use to allow administrative offices, an R-B (restricted business) use, within an existing residential structure in the R-2 (single-family residential) zoning district, located at 317 S. Reed Street, subject to the following conditions:

1. That the use of the site shall be limited to administrative office functions and shall not include client services or programmatic activities;
2. That the exterior of the property shall maintain its residential character and no exterior modifications shall be made to the structure that are not residential in style;
3. That the interior of the property shall maintain a layout typical to a residential use;
4. That the use of the property shall not be expanded in the future; and
5. Should the property be declared a public nuisance, the property may be subject to a rehearing and a possible revocation of the Variation of Use.

Ralph Bias seconded the motion, which passed with five (5) aye votes and no nay votes. Voting aye were: Bias, Nachtrieb, Radakovich, McGrath Schmig, and Leon. Voting nay were: none. Absent were: Stiff.

RECOMMENDATION:

Staff concurs with the recommendation of the Zoning Board of Appeals and recommends that the Mayor and City Council adopt the following, subject to the same conditions approved by the Zoning Board of Appeals above:

1. Ordinance Approving a Variation of Use to Allow Administrative Offices, an R-B (Restricted Business) Use, Within an Existing Residential Structure in the R-2 (Single-Family Residential) Zoning District, Located at 317 S. Reed Street

ORDINANCE NO. _____

AN ORDINANCE GRANTING A VARIATION OF USE
(317 S. Reed Street)

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, PURSUANT TO ITS HOME RULE AND STATUTORY AUTHORITY, AS FOLLOWS:

SECTION 1: A variation of use from the Zoning Ordinance of the City of Joliet, Ordinance No. 5285, as amended and ratified, is hereby granted to allow the specific use identified in Exhibit A on the real property described in Exhibit A and subject to the conditions set forth in Exhibit A. The variation of use is granted subject to the terms and conditions of all applicable federal, state, and local laws, ordinances, and regulations. The zoning classification of the subject property for which this variation of use is granted remains the same and is not changed in any way by the passage of this Ordinance. This Ordinance shall be strictly construed to prohibit any use not specifically granted herein or otherwise allowed by the Zoning Ordinance of the City of Joliet. Noncompliance with the mandatory conditions set forth in this Ordinance shall subject the variation of use to repeal.

SECTION 2: The findings of fact and recommendation of the Zoning Board of Appeals on the granting of this variation of use are hereby adopted and made a part of this Ordinance (unless the Zoning Board of Appeals has recommended against the approval of the variation of use, in which case this Ordinance has been passed by a favorable vote of at least two-thirds of the members of the City Council then holding Office).

SECTION 3: This Ordinance shall be considered severable, and the invalidity of any section, clause, paragraph, sentence, or provision of the Ordinance shall not affect the validity of any other portion of this Ordinance.

SECTION 4: This Ordinance shall be in effect upon its passage.

PASSED this _____ day of _____, 2026.

2. That the exterior of the property shall maintain its residential character and no exterior modifications shall be made to the structure that are not residential in style;
3. That the interior of the property shall maintain a layout typical to a residential use;
4. That the use of the property shall not be expanded in the future; and
5. Should the property be declared a public nuisance, the property may be subject to a rehearing and a possible revocation of the Variation of Use.

STAFF REPORT

DATE: July 9, 2026
TO: Zoning Board of Appeals
FROM: Helen Miller, Planner
RE: Petition Number: 2026-29
Applicant: Brian Patel, UCP-Center for Disability Services, Inc.
Status of Applicant: Property owner
Location: 317 S. Reed Street (Council District #5)
Request: Variation of Use to allow administrative offices, an R-B (restricted business) use, within an existing residential structure in the R-2 (single-family residential) zoning district

Purpose

The applicant is requesting a Variation of Use to allow administrative offices for the United Cerebral Palsy (UCP) – Center for Disability Services within the existing residential structure at 317 S. Reed Street. Administrative offices are a permitted use in the R-B (restricted business) district. The subject site is within the R-2 (single-family residential) district, which does not permit office uses. The Variation of Use request must be considered by the City Council following the recommendation of the Zoning Board of Appeals.

Site Specific Information

The subject site is 80 feet by 131 feet (10,480 square feet) and contains a one-story residential house and a rear one-car detached garage. The property is zoned R-2 (single-family residential). The north side of the site is adjacent to the property at 311 S. Reed Street, which contains the headquarters and educational campus for the UCP-Center for Disability Services. The Center's property is the former Reedwood public school site that currently contains a school building, an outdoor playground, a cell tower and its ground equipment, and around 65 parking spaces.

UCP-Center for Disability Services provides comprehensive programs and services for individuals with intellectual and developmental disabilities to promote independence and a high quality of life. The Center offers a therapeutic day school and community day services in the existing building. The Center also provides home-based services, such as therapy, life skills training, and respite care, within clients' own homes. The school is licensed through the Illinois State Board of Education, and the day services and home-based services programs are licensed through the Illinois Department of Human Services.

The organization has been operating in Joliet since around 1955. The Center first occupied the site at 311 S. Reed Street in 1985. In 2005, City Council approved a Special Use Permit to allow adult training and educational programming (community day services) at the site in addition to the existing day school. The main facility contains the Center's administrative offices as well as classroom and programming space.

The Center purchased the property at 317 S. Reed Street in May 2026. According to the petitioner, the subject property was vacant prior to their purchase and has experienced significant deterioration and deferred maintenance.

Surrounding Zoning, Land Use and Character

The property is located in the Reedwood neighborhood on the west side of Reed Street between Morgan Street and Fisk Avenue. The United Cerebral Palsy – Center for Disability Services is located to the north of the subject property at 311 S. Reed Street. There are single-family residences to the west, south, and east of the subject property. A public alley runs along the rear (west side) of the subject property. All surrounding properties are zoned R-2 (single-family residential).

Applicable Regulations

- Section 47-10.1(4) R-B (Restricted Business) District Permitted Uses
- Section 47-6 R-2 (Single-Family Residential) District
- Section 47-17.28 Variation of Use

Section 47-17.28: Variation of Use: A "variation of use" shall be defined to mean relief from strict compliance with the use limitations of this Ordinance regarding the classification, regulation, and restriction of the location where trades, industries, businesses, and residences may exist.

Discussion

The petitioner, Brian Patel on behalf of UCP-Center for Disability Services, is requesting a Variation of Use to allow administrative offices for the Center within the existing residential structure at 317 S. Reed Street in the R-2 (single-family residential) zoning district. The offices would serve the main site at 311 S. Reed Street. Approximately eight non-programmatic staff members would occupy the building, which would be used for administrative functions only. There would be no programming, instruction, or other client services held at 317 S. Reed Street. Employees working at 317 S. Reed Street would continue to park in the employee parking area at the main site at 311 S. Reed Street, which has sufficient parking for all current and projected staff. The petitioner does not intend to use the driveway or garage at 317 S. Reed Street for daily employee parking, but might use the garage to periodically store organizational vehicles.

The petitioner states that the 317 S. Reed Street property will maintain its residential appearance. There would be no exterior modifications inconsistent with the site's residential character. The petitioner does not intend to install any exterior signage at the subject property. The interior of the building will also retain its residential layout. The attached floor plans show that the main floor will contain several offices, meeting and work space, a kitchen, and two bathrooms. The basement will contain another office, a meeting room, and a bathroom. According to the petitioner, all interior improvements, such as rehabilitation of the bedrooms and bathrooms, will be completed in a manner that preserves the residential character of the home. The structure will need to meet accessibility codes as part of the change in use from residential to office. The petitioner plans to install an ADA-compliant entrance ramp at the front of the building for access to the main entrance. A plat of survey and floor plans are included in the staff report packet.

The Center wishes to use the property at 317 S. Reed Street because of its specific location adjacent to the main campus. By moving administrative functions to the subject site, the Center will be able to convert some of the office space at the main facility into additional special education classrooms, therapeutic programming areas, and disability-related service space, thus increasing their service capacity to individuals within Joliet and the surrounding area.

The petitioner's description of the proposal and in-depth response to the Variation of Use criteria is included in the staff report packet. The petitioner is willing to include conditions of the proposed Variation of Use that address the site's location within a residential neighborhood, including: limiting the use of the site to office functions only; maintaining the exterior residential appearance of the structure and property; and retaining an interior residential layout. The petitioner also states that there will be no more than eight employees at the site and that these employees will continue to park at the adjacent main facility.

Recommended Action

Staff finds that the request does not include an exceptional hardship but does meet the following Variation of Use criteria:

- The site has the unique circumstance of being adjacent to the main campus of the Center, which is an existing institutional use that has been located in the middle of a residential neighborhood for around 40 years. The subject site is one of two lots directly adjacent to the Center property. The petitioner is proposing the office use at the subject site specifically due to the site's adjacency to the main campus, which will allow access between the sites without disrupting other properties.
- The granting of the Variation of Use will not alter the essential character of the area if the proposed conditions are met. The petitioner has stated that they will not alter the exterior appearance of the property in a way that affects its residential character, nor will they reconfigure the interior into a commercial-style layout. They

also do not plan to use 317 S. Reed Street or the adjacent street for employee parking, but will continue to supply off-street parking for all employees at the main facility.

Approval of the Variation of Use would allow administrative offices for an adjacent institutional use within an existing residential structure. The office use would be an expansion of an existing institutional use within the neighborhood and would not alter the essential character of the area since the structure will remain residential in appearance.

Recommended Conditions

If the Zoning Board desires to approve this Variation of Use to allow administrative offices, an R-B (restricted business) use, within an existing residential structure in the R-2 (single-family residential) zoning district at 317 S. Reed Street, staff recommends that the following conditions be included:

1. That the use of the site shall be limited to administrative office functions and shall not include client services or programmatic activities;
2. That the exterior of the property shall maintain its residential character and no exterior modifications shall be made to the structure that are not residential in style;
3. That the interior of the property shall maintain a layout typical to a residential use;
4. That the use of the property shall not be expanded in the future; and
5. Should the property be declared a public nuisance, the property may be subject to a rehearing and a possible revocation of the Variation of Use.

PRESENT USE(S) OF PROPERTY: Single-Family Home

PRESENT ZONING OF PROPERTY: R-2 Single Family Residential District

VARIATION OF USE REQUESTED: Variation of Use to permit the use of the existing single-family residential structure for low-impact
administrative office space for a small number of non-programmatic staff of UCP—Center for Disability Services, adjacent to the Applicant's headquarters
at 311 S Reed St. No clients or individuals receiving services will be present at any time. Exterior residential appearance will be maintained.

RESPONSE TO VARIATION OF USE CRITERIA

The Zoning Board of Appeals is authorized to grant or recommend relief only when it has received adequate evidence to establish a practical difficulty or hardship. The evidence must support each of the following three conditions:

- (a) The property in question cannot yield a reasonable return by use permitted and subject to the conditions allowed by the regulations in the particular district or zone.
- (b) The plight of the owner is due to unique circumstances.
- (c) The variation, if granted, will not alter the essential character of the locality.

Please describe how this request meets the criteria by responding to the following questions in your own words.

1. How do the applicable zoning regulations prevent the property in question from yielding a reasonable return?
Please see the attachment.

2. What unique circumstances exist which mandate a variance?

Please see the attachment.

3. What impact would the granting of this variance have upon the essential character of the general area? Please include both positive and negative impacts.

Please see the attachment.

Response to Variation of Use Criteria

317 South Reed Street — Joliet, Illinois

Applicant: United Cerebral Palsy—Center for Disability Services

1. How do the applicable zoning regulations prevent the property in question from yielding a reasonable return?

The existing residential zoning classification prevents the subject property from yielding a reasonable return due to the property's demonstrated history of failed residential viability and its unique location immediately adjacent to an established institutional campus.

Prior to acquisition by the Applicant, the property experienced extended vacancy, significant deterioration, and unauthorized occupancy by squatters. These conditions persisted under the current residential zoning classification, demonstrating that the residential market alone was insufficient to sustain productive use or reasonable economic return at this location. No private residential buyer or investor successfully stabilized the site.

A licensed home inspection conducted prior to closing confirmed significant deferred maintenance, structural deterioration, safety deficiencies, and environmental conditions consistent with extended vacancy and failed residential stewardship — further demonstrating that the property was unable to sustain productive residential use under its current zoning classification.

The property's immediate adjacency to the longstanding headquarters and educational campus of United Cerebral Palsy—Center for Disability Services at 311 South Reed Street — which has operated continuously at that location since 1985 — materially affects the property's marketability as a single-family residence. Prospective residential buyers and tenants are unlikely to assign full market value to a home situated directly adjacent to an institutional facility, narrowing the buyer pool and depressing potential return under the current zoning.

The Applicant does not contend that no residential use is theoretically possible. Rather, the property's documented history of vacancy, deterioration, and failed residential stewardship — combined with its unique adjacency to an institutional campus — establishes that the current zoning classification prevents the property from achieving a reasonable return in practice. The Applicant's acquisition has already stabilized a previously distressed property, improved neighborhood safety, and returned the site to productive use — outcomes the residential market alone was unable to achieve.

Absent the requested variation, the property remains limited to a use classification under which it has already failed to yield a reasonable return, while being prevented from serving the low-impact administrative function for which its location uniquely qualifies it.

2. What unique circumstances exist which mandate a variance?

Several unique circumstances support and justify the requested Variation of Use.

First, the subject property is directly adjacent to the Applicant's long-established headquarters and educational/service facility at 311 South Reed Street. Few residential properties possess such a uniquely integrated relationship with an adjacent nonprofit educational and disability-services campus. This physical relationship makes the property uniquely suited for the proposed low-impact administrative use in a way that no other property in the neighborhood could replicate.

Second, the Applicant is not proposing an intensive commercial operation, retail use, manufacturing activity, or high-traffic business use. The property will be utilized solely for low-impact administrative office functions for a small number of non-programmatic staff — no more than eight (8) employees during standard business hours. No clients or individuals receiving services will be present at the property at any time. All programming, instruction, therapy, and direct services will continue to be provided exclusively at the main facility at 311 South Reed Street.

Third, the Applicant will utilize the existing rooms within the home as office space without altering the overall interior layout or the exterior character of the structure. Due to the condition of the property upon acquisition, certain interior improvements — including rehabilitation of bathrooms and bedrooms — are necessary to bring the space to a functional, safe, and code-compliant standard for daily occupancy. All interior improvements will be designed and completed in a manner that preserves the residential character of the home. The rooms will retain their existing residential configuration and will not be converted into commercial-style buildouts, open floor plans, or institutional spaces. The property will continue to appear as a single-family residence from the outside. No commercial signage, facade modifications, or exterior changes inconsistent with the residential character of the neighborhood are proposed. The Applicant does intend to upgrade a deteriorating enclosed porch/deck to meet current safety and building code standards and to install ADA-compliant ramps at the entrances to ensure accessibility — both of which represent improvements to the property's condition and safety that benefit the surrounding neighborhood.

Fourth, the proposed use will generate no additional demand for on-street parking. Staff relocating to 317 South Reed Street will continue to park in the existing parking lot at 311 South Reed Street, which has sufficient capacity to accommodate current and projected staffing levels. The residential driveway at 317 South Reed Street will not be used for daily employee parking.

Fifth, the requested variation directly advances an important public purpose by increasing the organization's capacity to serve Joliet residents with intellectual and developmental disabilities. By relocating non-programmatic administrative staff into the subject property, the Applicant will convert existing office space within the main facility into additional special education classrooms, therapeutic programming areas, and disability-related service space.

Sixth, the property's prior condition — including extended vacancy, deterioration, and unlawful occupancy — created documented neighborhood concerns that persisted under the current residential zoning classification. A licensed home inspection conducted prior to closing confirmed significant deferred maintenance, structural deterioration, safety deficiencies, and environmental conditions consistent with extended vacancy and failed residential stewardship. The Applicant's ownership provides long-term stewardship, stabilization, maintenance, and

oversight by a respected nonprofit organization with deep roots in the Joliet community dating to 1955.

Finally, the proposed use represents a logical and minimal expansion of an existing institutional use rather than the introduction of a new or incompatible land use into the neighborhood. The Applicant respectfully offers the following voluntary conditions to be made part of any approval:

- Use limited to administrative office functions only — no client services, programmatic activities, or public-facing operations at the property.
- No more than eight (8) employees on-site during standard business hours (Monday–Friday).
- No organizational signage on the property.
- All employee parking in the existing lot at 311 South Reed Street — no on-street parking.
- Exterior residential appearance maintained — no commercial modifications.
- If the Applicant ceases to use the property for this purpose, the variance terminates.

3. What impact would the granting of this variance have upon the essential character of the general area? Please include both positive and negative impacts.

The granting of the requested Variation of Use will not alter the essential residential character of the neighborhood and is expected to produce several positive community impacts with minimal adverse effect.

Exterior Character. The Applicant will maintain the residential appearance of the property consistent with surrounding homes. No commercial-style facade modifications, organizational signage, exterior lighting changes, or intensive traffic-generating uses are proposed. Any renovations made to the interior or exterior of the property — including the planned upgrade of a deteriorating enclosed porch/deck to meet current safety and building code standards and the installation of ADA-compliant accessibility ramps at entrances — will be designed and constructed to preserve the residential character of the structure and remain architecturally compatible with the surrounding neighborhood. The home will continue to look like a home.

Interior Character. The Applicant will utilize the existing rooms within the home as administrative office space without demolition or structural modification to the layout. Due to the condition of the property upon acquisition, certain interior improvements — including rehabilitation of bathrooms and bedrooms — are necessary to bring the space to a functional, safe, and code-compliant standard for daily occupancy. All interior improvements will be designed and completed in a manner that preserves the residential character of the home. The rooms will retain their existing residential configuration and will not be converted into commercial-style buildouts, open floor plans, or institutional spaces.

Operational Impact. The proposed use will be limited to a small number of non-programmatic administrative staff — no more than eight (8) employees — during standard business hours, Monday through Friday. No clients or individuals receiving services will be present at the property at any time. All programming, instruction, therapy, and direct services will continue to be provided exclusively at the main facility at 311 South Reed Street. The administrative office use will generate substantially less activity, traffic, and noise than many other potentially permitted or higher intensity uses.

Parking and Traffic. All employees working at 317 South Reed Street will continue to park in the existing parking lot at 311 South Reed Street, which has sufficient capacity to accommodate current and projected staffing levels. No on-street parking will be utilized, and the residential driveway at 317 South Reed Street will not be used for daily employee commuter parking. The proposed use will generate no measurable increase in traffic to the neighborhood.

Positive impacts include:

- Expansion of special education, therapeutic, and disability-related services for Joliet residents through the conversion of existing administrative space at 311 South Reed Street into additional classrooms and program areas.
- Continued stabilization, rehabilitation, and responsible maintenance of a formerly distressed and vacant property that had been a source of neighborhood concern.
- Improved neighborhood safety and security through consistent daily occupancy and professional oversight by a responsible institutional owner.
- Upgrade of a deteriorating enclosed porch/deck and installation of ADA-compliant ramps — tangible physical improvements to the property's condition and safety.
- Preservation of the residential appearance of the structure in perpetuity.
- Strengthening of a longstanding nonprofit institution that has served individuals with disabilities in the Joliet community since 1955.

Negative impacts. The Applicant anticipates minimal negative impact. The only material change is a shift in occupancy type from residential to low-impact administrative office use. Because no clients will be served at the property, no organizational signage will be displayed, no on-street parking will be utilized, and the property's residential appearance will be maintained, the practical day-to-day impact on neighboring properties is expected to be negligible. Traffic, noise, and operational intensity will remain low and fully compatible with the surrounding residential area.

The organization has operated responsibly and harmoniously at the adjacent property for approximately four decades. The Applicant is committed to continuing that record of responsible stewardship and community partnership.

For these reasons, the requested Variation of Use is consistent with the public welfare, compatible with the essential character of the surrounding area, and represents an appropriate and reasonable use of the property.

Voluntary Conditions Offered by the Applicant

The Applicant respectfully offers the following voluntary conditions to be incorporated into any approval of the requested Variation of Use. These conditions are intended to provide the Zoning Board of Appeals and the City Council with enforceable protections that preserve the residential character of the neighborhood and address potential community concerns:

1. **Use Restriction:** The property shall be used exclusively for administrative office functions associated with United Cerebral Palsy—Center for Disability Services. No client services,

programmatic activities, therapeutic services, educational instruction, or public-facing operations shall be conducted at the property at any time.

2. **Staffing Limit:** No more than eight (8) employees shall be on-site during standard business hours (Monday through Friday). No weekend or evening operations are proposed.
3. **No Signage:** No organizational, commercial, or institutional signage shall be displayed on the property or visible from the street.
4. **Parking:** All employees assigned to 317 South Reed Street shall park in the existing parking lot at 311 South Reed Street. No on-street parking shall be utilized for daily employee parking.
5. **Exterior Appearance:** The exterior residential appearance of the property shall be maintained at all times. No commercial-style facade modifications, exterior lighting changes, or alterations inconsistent with the residential character of the neighborhood shall be made. Any exterior improvements — including the upgrade of the enclosed porch/deck and installation of ADA-compliant ramps — shall be designed to remain architecturally compatible with the surrounding residential properties.
6. **Interior Character:** All interior improvements — including the rehabilitation of bathrooms and bedrooms necessary due to the property's condition upon acquisition — shall preserve the residential character and configuration of the home. No commercial-style buildouts, open floor plan conversions, or institutional modifications shall be made.
7. **Termination:** In the event that the Applicant ceases to use the property for the approved administrative office purpose, the Variation of Use shall terminate and the property shall revert to its underlying residential zoning classification.

CITY OF JOLIET OWNERSHIP DISCLOSURE FORM

The City of Joliet requires that applicants for zoning relief, subdivision approval, building permits and business licenses disclose the identity of all persons having an ownership interest in the business and the real property associated with the application. A copy of this form must be completed and submitted with other application materials. Failure to properly complete and submit this form may result in the denial of the application.

I. INFORMATION ABOUT THE APPLICATION

This form is submitted as part of an application for the following (check all that apply):

- ☒ Rezoning, Special Use Permit, Variation, or Other Zoning Relief (Complete Sections II and III)
- ☐ Preliminary Plat, Final Plat, or Record Plat of Subdivision (Complete Sections II and III)
- ☐ Building Permit (Complete Sections II and III)
- ☐ Business License (Complete All Sections)

II. INFORMATION ABOUT THE PROPERTY

The address and PIN(s) of the real property associated with this application are:

317 South Reed Street - Joliet, IL 60436

PIN(s): 30-07-17-221-040-0000

III. PROPERTY OWNERSHIP

Select the type of owner of the real property associated with this application and fill in the appropriate contact information below:

- ☐ **Individual:** State the names, addresses, and phone #'s of the individual owner(s)
- ☐ **Corporation:** State the names, addresses, and phone #'s of all persons holding 3% or more of the stock of the corporation and the percentage of shares held by such stockholders
- ☐ **Limited Liability Company:** State the names, addresses, and phone #'s of all members of the company along with the percentage of ownership held by each member
- ☐ **Land Trust:** State the names, addresses, and phone #'s of the trustee(s) and all beneficiaries
- ☐ **Partnership:** State the names, addresses, and phone #'s of all partners
- ☒ **Other type of organization:** State the names, addresses, and phone #'s of all persons having a legal or equitable ownership interest in the organization or the right to direct the affairs of the organization

United Cerebral Palsy - Center for Disability Services Inc. - an Illinois nonprofit

corporation with an address of 311 South Reed Street - Joliet, IL 60436

The corporation is governed by a Board of Directors (attached is list of Directors)

Brian Patel is President & CEO -

E-MAIL

FAX: (815) 744-3500

IV. BUSINESS OWNERSHIP

If the owner of the business is different than the owner of the real property associated with the application, then the following information must be provided:

Select the type of business owner associated with this application and fill in the contact information below:

- ☐ **Individual:** State the names, addresses, and phone #'s of the individual owner(s)
- ☐ **Corporation:** State the names, addresses, and phone #'s of all persons holding 3% or more of the stock of the corporation and the percentage of shares held by such stockholders
- ☐ **Limited Liability Company:** State the names, addresses, and phone #'s of all members of the company along with the percentage of ownership held by each member
- ☐ **Partnership:** State the names, addresses, and phone #'s of all partners
- ☒ **Other type of organization:** State the names, addresses, and phone #'s of all persons having a legal or equitable ownership interest in the organization

Same as Property Owner

E-MAIL: _____ FAX: _____

NOTE:

If a stockholder, member, beneficiary or partner disclosed in Section III or Section IV is not an individual, then the individuals holding the legal or equitable title to the real property or business associated with the application must also be disclosed. For example, if the real property associated with an application is owned by a land trust, and the beneficiary of the land trust is a limited liability company, then the members of the limited liability company must be disclosed. If one of the members of the limited liability company is a partnership, then the identity of the partners must be disclosed. If one of the partners is a corporation, then all persons owning 3% or more of the issued stock must be disclosed.

Organizational Overview

United Cerebral Palsy—Center for Disability Services

United Cerebral Palsy—Center for Disability Services is a nonprofit organization that has provided services to individuals with intellectual and developmental disabilities in the Joliet area for more than 70 years. Since its founding, the organization has remained committed to empowering children and adults with disabilities to live fulfilling, independent lives while promoting inclusion and opportunity within the broader community.

The organization operates a comprehensive system of programs designed to meet the needs of individuals across the lifespan. These programs include a therapeutic day school serving students with significant learning, behavioral, and developmental needs; community day services for adults focused on life skills, social engagement, and community integration; and home-based services that support individuals and families through individualized care, respite, and skill development. Through these programs, the organization serves children, adolescents, and adults with intellectual and developmental disabilities, including those with complex medical, behavioral, and educational needs, as well as their families throughout Joliet and the surrounding region.

United Cerebral Palsy—Center for Disability Services has operated its main facility at 311 South Reed Street since 1985, where it has established a longstanding presence as a responsible, stable, and trusted community partner. Over nearly four decades at this location, the organization has worked collaboratively with families, schools, and local agencies to expand access to high-quality services for individuals with disabilities. Beyond its formal programming, the organization maintains strong and ongoing relationships within the surrounding neighborhood. The Reedswood Neighborhood Association holds its monthly meetings in the organization's gymnasium, and neighborhood children regularly utilize the playground. These shared uses reflect a welcoming and integrated environment and demonstrate the organization's longstanding partnership with the community.

Through decades of consistent presence, responsible stewardship, and active community engagement, United Cerebral Palsy—Center for Disability Services has earned a reputation as a valued institution within Joliet. The organization remains committed to strengthening this role while expanding its capacity to serve individuals with disabilities and their families.

ZONING BOARD OF APPEALS
CRITERIA FOR VARIATIONS

Section 47-19.8 of the Zoning Ordinance states:

A variation shall not be granted in any case unless the Board shall find and clearly state in its record of the case that:

	Does the evidence presented sustain this criteria?	Comments
(1) Reasons sustaining the contention that strict enforcement of the Ordinance would involve practical difficulties or impose exceptional hardship were found as follows: (a) _____ (b) _____ (c) _____ (list of reasons)		
(2) Adequate evidence was submitted to establish practical difficulties or particular hardship so that, in the judgment of the Board, a variation is permitted because the evidence sustained the existence of each of the three following conditions: (a) The property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in the particular district or zone. (b) The plight of the owner is due to unique circumstances. (c) The variation, if granted, will not alter the essential character of the locality.		
(3) A public hearing was held on such variation of which at least 15 days and not more than 30 days notice was published in the _____ (name of newspaper) on _____ (date).

LOT SIZE: WIDTH: 80 DEPTH: 131 AREA: 10,840 sq. ft.

PRESENT USE(S) OF PROPERTY: Single-Family Home

PRESENT ZONING OF PROPERTY: R-2 Single Family Residential District

VARIATION OF USE REQUESTED: Variation of Use to permit the use of the existing single-family residential structure for low-impact
administrative office space for a small number of non-programmatic staff of UCP—Center for Disability Services, adjacent to the Applicant's headquarters
at 311 S Reed St. No clients or individuals receiving services will be present at any time. Exterior residential appearance will be maintained.

RESPONSE TO VARIATION OF USE CRITERIA

The Zoning Board of Appeals is authorized to grant or recommend relief only when it has received adequate evidence to establish a practical difficulty or hardship. The evidence must support each of the following three conditions:

- (a) The property in question cannot yield a reasonable return by use permitted and subject to the conditions allowed by the regulations in the particular district or zone.
- (b) The plight of the owner is due to unique circumstances.
- (c) The variation, if granted, will not alter the essential character of the locality.

Please describe how this request meets the criteria by responding to the following questions in your own words.

1. How do the applicable zoning regulations prevent the property in question from yielding a reasonable return?
Please see the attachment.

2. What unique circumstances exist which mandate a variance?

Please see the attachment.

3. What impact would the granting of this variance have upon the essential character of the general area? Please include both positive and negative impacts.

Please see the attachment.

REQUIRED SUPPORTING ATTACHMENTS

MY COMMISSION EXPIRES JUNE 30, 2027

Response to Variation of Use Criteria

317 South Reed Street — Joliet, Illinois

Applicant: United Cerebral Palsy—Center for Disability Services

1. How do the applicable zoning regulations prevent the property in question from yielding a reasonable return?

The existing residential zoning classification prevents the subject property from yielding a reasonable return due to the property's demonstrated history of failed residential viability and its unique location immediately adjacent to an established institutional campus.

Prior to acquisition by the Applicant, the property experienced extended vacancy, significant deterioration, and unauthorized occupancy by squatters. These conditions persisted under the current residential zoning classification, demonstrating that the residential market alone was insufficient to sustain productive use or reasonable economic return at this location. No private residential buyer or investor successfully stabilized the site.

A licensed home inspection conducted prior to closing confirmed significant deferred maintenance, structural deterioration, safety deficiencies, and environmental conditions consistent with extended vacancy and failed residential stewardship — further demonstrating that the property was unable to sustain productive residential use under its current zoning classification.

The property's immediate adjacency to the longstanding headquarters and educational campus of United Cerebral Palsy—Center for Disability Services at 311 South Reed Street — which has operated continuously at that location since 1985 — materially affects the property's marketability as a single-family residence. Prospective residential buyers and tenants are unlikely to assign full market value to a home situated directly adjacent to an institutional facility, narrowing the buyer pool and depressing potential return under the current zoning.

The Applicant does not contend that no residential use is theoretically possible. Rather, the property's documented history of vacancy, deterioration, and failed residential stewardship — combined with its unique adjacency to an institutional campus — establishes that the current zoning classification prevents the property from achieving a reasonable return in practice. The Applicant's acquisition has already stabilized a previously distressed property, improved neighborhood safety, and returned the site to productive use — outcomes the residential market alone was unable to achieve.

Absent the requested variation, the property remains limited to a use classification under which it has already failed to yield a reasonable return, while being prevented from serving the low-impact administrative function for which its location uniquely qualifies it.

2. What unique circumstances exist which mandate a variance?

Several unique circumstances support and justify the requested Variation of Use.

First, the subject property is directly adjacent to the Applicant's long-established headquarters and educational/service facility at 311 South Reed Street. Few residential properties possess such a uniquely integrated relationship with an adjacent nonprofit educational and disability-services campus. This physical relationship makes the property uniquely suited for the proposed low-impact administrative use in a way that no other property in the neighborhood could replicate.

Second, the Applicant is not proposing an intensive commercial operation, retail use, manufacturing activity, or high-traffic business use. The property will be utilized solely for low-impact administrative office functions for a small number of non-programmatic staff — no more than eight (8) employees during standard business hours. No clients or individuals receiving services will be present at the property at any time. All programming, instruction, therapy, and direct services will continue to be provided exclusively at the main facility at 311 South Reed Street.

Third, the Applicant will utilize the existing rooms within the home as office space without altering the overall interior layout or the exterior character of the structure. Due to the condition of the property upon acquisition, certain interior improvements — including rehabilitation of bathrooms and bedrooms — are necessary to bring the space to a functional, safe, and code-compliant standard for daily occupancy. All interior improvements will be designed and completed in a manner that preserves the residential character of the home. The rooms will retain their existing residential configuration and will not be converted into commercial-style buildouts, open floor plans, or institutional spaces. The property will continue to appear as a single-family residence from the outside. No commercial signage, facade modifications, or exterior changes inconsistent with the residential character of the neighborhood are proposed. The Applicant does intend to upgrade a deteriorating enclosed porch/deck to meet current safety and building code standards and to install ADA-compliant ramps at the entrances to ensure accessibility — both of which represent improvements to the property's condition and safety that benefit the surrounding neighborhood.

Fourth, the proposed use will generate no additional demand for on-street parking. Staff relocating to 317 South Reed Street will continue to park in the existing parking lot at 311 South Reed Street, which has sufficient capacity to accommodate current and projected staffing levels. The residential driveway at 317 South Reed Street will not be used for daily employee parking.

Fifth, the requested variation directly advances an important public purpose by increasing the organization's capacity to serve Joliet residents with intellectual and developmental disabilities. By relocating non-programmatic administrative staff into the subject property, the Applicant will convert existing office space within the main facility into additional special education classrooms, therapeutic programming areas, and disability-related service space.

Sixth, the property's prior condition — including extended vacancy, deterioration, and unlawful occupancy — created documented neighborhood concerns that persisted under the current residential zoning classification. A licensed home inspection conducted prior to closing confirmed significant deferred maintenance, structural deterioration, safety deficiencies, and environmental conditions consistent with extended vacancy and failed residential stewardship. The Applicant's ownership provides long-term stewardship, stabilization, maintenance, and

oversight by a respected nonprofit organization with deep roots in the Joliet community dating to 1955.

Finally, the proposed use represents a logical and minimal expansion of an existing institutional use rather than the introduction of a new or incompatible land use into the neighborhood. The Applicant respectfully offers the following voluntary conditions to be made part of any approval:

- Use limited to administrative office functions only — no client services, programmatic activities, or public-facing operations at the property.
- No more than eight (8) employees on-site during standard business hours (Monday–Friday).
- No organizational signage on the property.
- All employee parking in the existing lot at 311 South Reed Street — no on-street parking.
- Exterior residential appearance maintained — no commercial modifications.
- If the Applicant ceases to use the property for this purpose, the variance terminates.

3. What impact would the granting of this variance have upon the essential character of the general area? Please include both positive and negative impacts.

The granting of the requested Variation of Use will not alter the essential residential character of the neighborhood and is expected to produce several positive community impacts with minimal adverse effect.

Exterior Character. The Applicant will maintain the residential appearance of the property consistent with surrounding homes. No commercial-style facade modifications, organizational signage, exterior lighting changes, or intensive traffic-generating uses are proposed. Any renovations made to the interior or exterior of the property — including the planned upgrade of a deteriorating enclosed porch/deck to meet current safety and building code standards and the installation of ADA-compliant accessibility ramps at entrances — will be designed and constructed to preserve the residential character of the structure and remain architecturally compatible with the surrounding neighborhood. The home will continue to look like a home.

Interior Character. The Applicant will utilize the existing rooms within the home as administrative office space without demolition or structural modification to the layout. Due to the condition of the property upon acquisition, certain interior improvements — including rehabilitation of bathrooms and bedrooms — are necessary to bring the space to a functional, safe, and code-compliant standard for daily occupancy. All interior improvements will be designed and completed in a manner that preserves the residential character of the home. The rooms will retain their existing residential configuration and will not be converted into commercial-style buildouts, open floor plans, or institutional spaces.

Operational Impact. The proposed use will be limited to a small number of non-programmatic administrative staff — no more than eight (8) employees — during standard business hours, Monday through Friday. No clients or individuals receiving services will be present at the property at any time. All programming, instruction, therapy, and direct services will continue to be provided exclusively at the main facility at 311 South Reed Street. The administrative office use will generate substantially less activity, traffic, and noise than many other potentially permitted or higher intensity uses.

Parking and Traffic. All employees working at 317 South Reed Street will continue to park in the existing parking lot at 311 South Reed Street, which has sufficient capacity to accommodate current and projected staffing levels. No on-street parking will be utilized, and the residential driveway at 317 South Reed Street will not be used for daily employee commuter parking. The proposed use will generate no measurable increase in traffic to the neighborhood.

Positive impacts include:

- Expansion of special education, therapeutic, and disability-related services for Joliet residents through the conversion of existing administrative space at 311 South Reed Street into additional classrooms and program areas.
- Continued stabilization, rehabilitation, and responsible maintenance of a formerly distressed and vacant property that had been a source of neighborhood concern.
- Improved neighborhood safety and security through consistent daily occupancy and professional oversight by a responsible institutional owner.
- Upgrade of a deteriorating enclosed porch/deck and installation of ADA-compliant ramps — tangible physical improvements to the property's condition and safety.
- Preservation of the residential appearance of the structure in perpetuity.
- Strengthening of a longstanding nonprofit institution that has served individuals with disabilities in the Joliet community since 1955.

Negative impacts. The Applicant anticipates minimal negative impact. The only material change is a shift in occupancy type from residential to low-impact administrative office use. Because no clients will be served at the property, no organizational signage will be displayed, no on-street parking will be utilized, and the property's residential appearance will be maintained, the practical day-to-day impact on neighboring properties is expected to be negligible. Traffic, noise, and operational intensity will remain low and fully compatible with the surrounding residential area.

The organization has operated responsibly and harmoniously at the adjacent property for approximately four decades. The Applicant is committed to continuing that record of responsible stewardship and community partnership.

For these reasons, the requested Variation of Use is consistent with the public welfare, compatible with the essential character of the surrounding area, and represents an appropriate and reasonable use of the property.

Voluntary Conditions Offered by the Applicant

The Applicant respectfully offers the following voluntary conditions to be incorporated into any approval of the requested Variation of Use. These conditions are intended to provide the Zoning Board of Appeals and the City Council with enforceable protections that preserve the residential character of the neighborhood and address potential community concerns:

1. **Use Restriction:** The property shall be used exclusively for administrative office functions associated with United Cerebral Palsy—Center for Disability Services. No client services,

programmatic activities, therapeutic services, educational instruction, or public-facing operations shall be conducted at the property at any time.

2. **Staffing Limit:** No more than eight (8) employees shall be on-site during standard business hours (Monday through Friday). No weekend or evening operations are proposed.
3. **No Signage:** No organizational, commercial, or institutional signage shall be displayed on the property or visible from the street.
4. **Parking:** All employees assigned to 317 South Reed Street shall park in the existing parking lot at 311 South Reed Street. No on-street parking shall be utilized for daily employee parking.
5. **Exterior Appearance:** The exterior residential appearance of the property shall be maintained at all times. No commercial-style facade modifications, exterior lighting changes, or alterations inconsistent with the residential character of the neighborhood shall be made. Any exterior improvements — including the upgrade of the enclosed porch/deck and installation of ADA-compliant ramps — shall be designed to remain architecturally compatible with the surrounding residential properties.
6. **Interior Character:** All interior improvements — including the rehabilitation of bathrooms and bedrooms necessary due to the property's condition upon acquisition — shall preserve the residential character and configuration of the home. No commercial-style buildouts, open floor plan conversions, or institutional modifications shall be made.
7. **Termination:** In the event that the Applicant ceases to use the property for the approved administrative office purpose, the Variation of Use shall terminate and the property shall revert to its underlying residential zoning classification.

Organizational Overview

United Cerebral Palsy—Center for Disability Services

United Cerebral Palsy—Center for Disability Services is a nonprofit organization that has provided services to individuals with intellectual and developmental disabilities in the Joliet area for more than 70 years. Since its founding, the organization has remained committed to empowering children and adults with disabilities to live fulfilling, independent lives while promoting inclusion and opportunity within the broader community.

The organization operates a comprehensive system of programs designed to meet the needs of individuals across the lifespan. These programs include a therapeutic day school serving students with significant learning, behavioral, and developmental needs; community day services for adults focused on life skills, social engagement, and community integration; and home-based services that support individuals and families through individualized care, respite, and skill development. Through these programs, the organization serves children, adolescents, and adults with intellectual and developmental disabilities, including those with complex medical, behavioral, and educational needs, as well as their families throughout Joliet and the surrounding region.

United Cerebral Palsy—Center for Disability Services has operated its main facility at 311 South Reed Street since 1985, where it has established a longstanding presence as a responsible, stable, and trusted community partner. TO: Mayor and City Council

FROM: Dustin Anderson, Community Development Director

SUBJECT:

Resolution Authorizing a Lease Extension Agreement for the Snack Bar at Gateway Transportation Center, 90 E. Jefferson Street, with GiGi's Sweets, LLC

BACKGROUND:

Since June of 2023, GiGi'S Sweets LLC has leased and operated a snack bar at the Gateway Transportation Center, located at 90 E. Jefferson Street, Joliet, Illinois 60432 (PIN: 30-07-10-335-013-0000). The leased premises consist of approximately 194 square feet within the Gateway Transportation Center, together with access to common areas necessary for the operation of the business. GiGi's Sweets provides candy, pastries, popcorn, snack items, and non-alcoholic beverages to commuters, visitors, and patrons of the transportation center.

The current lease term is scheduled to expire in June 2026. Tenant has requested an extension of the lease agreement to allow for the continued operation of the snack bar at the Gateway Transportation Center. Economic Development staff has reviewed the current lease arrangement and recommends a lease extension agreement with GiGi's Sweets. The proposed extension would ensure the continued availability of services and amenities for commuters and visitors while establishing updated lease terms for the property. The proposed lease modifications include the following:

- A one-year lease extension retroactive to July 1, 2026, and expiring on June 30, 2027.
- Two additional one-year renewal options, subject to the mutual written agreement of both parties.

The proposed rent schedule is as follows:

Lease Year	Lease Period	Monthly Rent	Monthly Internet Fee	Total Monthly Payment
Year 1	July 2026 – June 2027	\$242.50	\$50.00	\$292.50
Year 2	July 2027 – June 2028	\$291.00	\$50.00	\$341.00
Year 3	July 2028 – June 2029	\$339.50	\$50.00	\$389.50

Economic Development staff recommends approval of the proposed lease extension, which will retain an established tenant and maintain active commercial use within the Gateway Transportation Center.

Land Use & Economic Development recommended approval of this item at their June 17, 2026 meeting.

CONCLUSION:

The proposed lease extension agreement includes the following key terms:

- Extension of the current lease for one (1) year beginning July 1, 2026.
- Two (2) additional one-year renewal options subject to mutual written agreement of the parties.

Approval of the lease extension will allow GiGi's Sweets to continue operating within the Gateway Transportation Center while ensuring continued service to commuters and visitors and maintaining occupancy of the snack bar space.

RECOMMENDATION:

Based on the above, it is recommended that a Resolution Authorizing a Lease Extension Agreement with GiGi's Sweets, LLC for operation of the snack bar at the Gateway Transportation Center located at 90 E. Jefferson Street be approved by the City Council.

RESOLUTION NO.
A RESOLUTION AUTHORIZING EXECUTION OF A
LEASE AGREEMENT WITH GIGI’S SWEETS LLC

WHEREAS, Gateway Transportation Center, located at 90 E. Jefferson Street, Joliet, Illinois 60432 (PIN: 30-07-10-335-013-0000) (the “Premises”), is owned by the City of Joliet (“Landlord”); and

WHEREAS, Gigi’s Sweets LLC (the “Tenant”) wishes to lease from Landlord, and Landlord wishes to lease to Tenant, that certain portion of the Premises specifically described on the attached Exhibit A (the "Leased Premises"), and commonly known as the Snack Bar at Joliet Gateway Transportation Center, all in accordance with the terms and conditions set forth in this Lease; and

WHEREAS, Tenant has requested to extend the term of the original lease agreement for the continued operation of the Snack Bar at the Premises, which was approved on May 2, 2023, Resolution No. 7860; and

WHEREAS, the Landlord and Tenant desire to modify the term and payment structure of the Lease under the terms and conditions set forth herein;

WHEREAS, the Mayor and City Council have determined that it is in the City's best interest to enter into a modified Lease Agreement with Gigi’s Sweets LLC; and

WHEREAS, the City of Joliet is a Home Rule Municipality under and by virtue of the Constitution of the State of Illinois.

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET PURSUANT TO ITS STATUTORY AND HOME RULE POWERS AS FOLLOWS:

SECTION 1: The Mayor and City Council hereby find that the recitals contained in the Preamble to this Resolution are true, correct and complete and hereby incorporate the Preamble by reference as if fully set forth in this Section 1.

SECTION 2: The Mayor and City Manager are hereby authorized to execute an extended Lease Agreement (Exhibit "A") attached hereto and incorporated herein, between the City of Joliet and Gigi’s Sweets LLC. The City Manager is hereby authorized to take such action as may be necessary for the City to comply with the terms thereof.

SECTION 3: Each section and part thereof of this Resolution is deemed to be severable and should any section or part hereof be held invalid or unconstitutional by any court of competent jurisdiction, such ruling shall not affect the validity or constitutionality of the remaining portion(s) of this Resolution.

SECTION 4: All resolutions or parts thereof in conflict with the terms of this Resolution are hereby repealed and of no further force and effect to the extent of such conflict.

BE IT FURTHER RESOLVED that this Resolution shall be in full force and effect from and after its passage and approval in the manner provided by law.

PASSED this day of August, 2026

PREPARED BY: **Paulina Martínez**, City of Joliet, 150 W. Jefferson Street, Joliet, IL 60432

MAIL TO: City Clerk, City of Joliet, 150 W. Jefferson Street, Joliet, IL 60432

**LEASE AGREEMENT WITH GIGI'S SWEETS LLC AT 90 GATEWAY
TRANSPORTATION CENTER SNACK BAR**

THIS LEASE AGREEMENT ("Lease") has been executed on the date set forth below immediately prior to the parties' signatures, but is made effective _____, **2026**, and is by and between the CITY OF JOLIET, an Illinois municipal corporation ("Landlord"), and GIGI'S SWEETS LLC, an Illinois limited liability company ("Tenant").

WITNESSETH:

WHEREAS, Gateway Transportation Center, located at 90 E. Jefferson Street, Joliet, Illinois 60432 (PIN: 30-07-10-335-013-0000) (the "Premises"), is owned by the City of Joliet ("Landlord"); and

WHEREAS, Gigi's Sweets LLC (the "Tenant") wishes to lease from Landlord, and Landlord wishes to lease to Tenant, that certain portion of the Premises specifically described on the attached Exhibit A (the "Leased Premises"), and commonly known as the Snack Bar at Joliet Gateway Transportation Center, all in accordance with the terms and conditions set forth in this Lease; and

WHEREAS, Tenant has requested to extend the term of the original lease agreement for the continued operation of the Snack Bar at the Premises, which was approved on May 2, 2023, Resolution No. 7860; and

WHEREAS, the Landlord and Tenant desire to modify the term and payment structure of the Lease under the terms and conditions set forth herein;

WHEREAS, the Mayor and City Council have determined that it is in the City's best interest to enter into a modified Lease Agreement with Gigi's Sweets LLC; and

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements set forth herein, Landlord and Tenant hereby agree as follows:

1. **Leased Premises and Use.** Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, the Leased Premises described in Exhibit A attached hereto. The Leased Premises shall continue to be used to provide food, candy, pastries, popcorn, and non-alcoholic beverages to commuters and visitors of the Gateway Transportation Center. Tenant shall not use or allow the Leased Premises to be used for any unlawful purpose or for any purpose other than as specified herein, including the operation of a sexually oriented business as defined by the ordinances of the Landlord. Tenant shall not install or otherwise permit video or arcade games within the Leased Premises. Tenant shall be required to maintain hours of operation during peak boarding hours of the Metra and Amtrak schedules, as mutually agreed upon by Landlord and Tenant.

2. **Common Area Maintenance and Control.** Landlord reserves the right at all times to determine the nature and extent of all Common Areas as described in ***Exhibit B*** and shall have exclusive control and management thereof. Landlord reserves the right to use, permit or deny the use of the Common Areas for any purpose, which the Landlord's sole opinion may be in the best interests of the Joliet Gateway Transportation Center, including, without limitation, promotions, events, exhibits, displays, shows, and other activities.

3. **Term.**

- a. **Extended Term** The extended term of this Lease ("Extended Term") shall be for one (1) year, commencing on _____, **2026** and shall terminate on _____, **2026**, unless earlier terminated as provided herein.
- b. **Renewal Options** Tenant shall have two (2) additional one (1) year options to renew this Lease, contingent upon the mutual written agreement of both Landlord and Tenant.

In the event Tenant wishes to renew this Lease, Tenant shall notify Landlord in writing no less than ninety (90) days prior to the expiration of the then-current term. Any renewal shall require approval by both parties and shall not become effective unless confirmed in writing.

4. **Rent.**

- a. **Extended Rent** During the Extended Term of this Lease, Tenant shall pay rent to Landlord each month in accordance with the following schedule:
- i. Year 2026 – \$242.50 per month + \$50.00 internet fee.
 - ii. Year 2027 – \$291.00 per month + \$50.00 internet fee.
 - iii. Year 2028 – \$339.50 per month + \$50.00 internet fee.
- All rent payments shall be due on the first (1st) day of each month.
- b. **Payment of Rent** Any and all amounts payable under this Lease to Landlord shall be paid to Landlord at the address set forth herein below, or such other address as Landlord may designate by written notice to Tenant.
- c. **Late Payments** Any Rent not paid when due shall accrue interest from the due date at the rate of one and one-half percent (1.5%) per month until payment is received by Landlord.
- d. Upon request, either party by mutual agreement can request to renegotiate the rental terms at any time. The City Manager or their designee shall have the authority to renegotiate the lease on behalf of the City.

5. **Improvements.** Unless otherwise agreed between Landlord and Tenant, the improvements and equipment in place, as of the date of this lease, shall remain in the Leased Premises upon the expiration of the Term and shall remain the property of the Landlord at that time. Tenant makes no representations or warranties as to what the condition or functionality of such equipment will be at the end of the Term. Landlord hereby agrees to accept all such equipment at the end of the Term AS-IS, WHERE-IS AND WITH ALL FAULTS, subject to paragraph 17.
6. **Utilities.** Landlord shall pay for all gas, water, electricity, and garbage service to the Leased Premises. Tenant's only utility-related obligation shall be payment of a Fifty Dollars (\$50.00) per month Wi-Fi/internet fee.
7. **Repairs and Maintenance.** Landlord shall be solely responsible for the maintenance and repair of the Leased Premises; provided however, Tenant shall be responsible for cleaning the Leased Premises and keeping the Leased Premises in a clean and sanitary condition, and collecting and disposing of rubbish and waste materials generated by its operations in one of the main trash bins (located in the trash bin room adjacent to the Premises). The Landlord is responsible for having the main trash bins emptied at no additional costs to the Tenant. Landlord may enter the Leased Premises at commercially reasonable times upon prior notice for the purpose of making such repair or alterations therein as it shall deem necessary for the safety, preservation or improvement of the Leased Premises; provided however, when practicable Landlord shall give Tenant at least thirty (30) days prior written notice before entering the Leased Premises to make any planned repairs or alterations that would impose upon Tenant's business and shall coordinate such repairs with Tenant so as to minimize the effect of such repairs on Tenant's business.

In the event of a Landlord obligation pursuant to an emergency and notice to Landlord is not practicable under the circumstances, Tenant may perform such Landlord obligation at Landlord's cost and expense. Upon receipt of invoice by Landlord from Tenant for said cost and expense, Landlord shall promptly reimburse Tenant.

8. **Termination.** Either party may terminate this Lease upon thirty (30) days prior written notice to the other party.

Upon termination, Tenant shall surrender the Leased Premises in broom-clean condition, reasonable wear and tear excepted.

9. **Payment of Taxes and Other Expenses.** Tenant shall be solely responsible for all taxes, fees, and assessments associated with Tenant's business, operations, and personal property. The parties acknowledge that Tenant shall not be responsible for payment of property taxes or assessments related to the Leased Premises or the underlying real property.

10. **Compliance with Applicable Laws and Insurance.** Tenant shall, at its own cost and expense, at all times conduct its operations on the Leased Premises in full compliance with all applicable laws, codes, orders, regulations, rules, ordinances and requirements of all city, county, state and federal governmental units, and of each of them, and of any and all of its or their departments, bureaus or officials, and of the Board of Fire Underwriters where the Leased Premises are situated, whether the same now are in force, or those that may, at any time in the future, be passed, enacted or directed. Tenant shall observe and comply with the requirements of all policies of insurance at any time in force with respect to the buildings and improvements on the Leased Premises and the equipment and other contents therein.

a) **Insurance** Tenant shall procure and maintain, at its own cost and expense, commercial general liability insurance, written on an occurrence basis, insuring against claims for bodily and personal injury, death and property damage occurring in connection with the use and occupancy of the Leased Premises by Tenant. Such insurance shall afford a limit of at least \$1,000,000 for each occurrence and at least \$2,000,000 general aggregate, and at least \$1,000,000 for each occurrence for personal and advertising injury. Tenant shall procure and maintain, at its own cost and expense, Workers Compensation and Employers' Liability insurance in accordance with statutory limits and, in the event Tenant secures a liquor license, Liquor Liability insurance providing coverage of at least \$500,000 per occurrence. All of the foregoing policies shall name Landlord as an additional insured including a provision of legal representation in the defense of claims asserted against the City of Joliet. The certificate shall read: *Lease of Joliet Gateway Transportation Center Snack Bar - The City of Joliet, and its officers and employees, are hereby named as Additional Insured.* Lessee shall deliver to Landlord copies of the original insurance policies (or certificates thereof) together with satisfactory evidence of payment of the premiums thereon within fifteen (15) days of any demand for such documents by Landlord.

b) Neither Landlord nor Tenant shall be liable or responsible for, and each party hereby releases the other from, any and all liability to the other and any person claiming by, through or under the other, by way of subrogation or otherwise, for any injury, loss, damage or destruction to any person or any or all property to the extent covered by insurance carried hereunder, whether or not caused by acts or negligence of the aforementioned persons

11. **Compliance with Laws.** Tenant shall comply with all applicable federal, state, county, and municipal laws, ordinances, codes, rules, and regulations relating to the operation of the business conducted at the Leased Premises.

12. **Indemnification.**

- a. Except for any damage arising from the negligence or willful acts of Landlord, Tenant shall indemnify, defend and hold harmless Landlord and its elected officials, managers, employees, agents, attorneys and representatives, from and against any and all suits, claims, demands, causes of action, damages, liabilities, losses, costs and expenses, including, without limitation, reasonable attorneys' fees and costs of litigation, suffered or incurred by any of them which arise from any of the following: (i) any condition that is the responsibility of Tenant within the Leased Premises; (ii) any accident, injury or damage whatsoever caused to any person, firm, corporation or other entity occurring during the Term of this Lease within the Leased Premises or arising out of or relating to Tenant's equipment, fixtures, machinery, furniture, inventory, personal property, or any other property owned, installed, maintained, operated or controlled by Tenant within the Leased Premises; (iii) any failure by Tenant to comply with all federal, state and local laws, statutes, ordinances and regulations now and hereafter in force. At Landlord's request, Tenant shall immediately respond and assume the investigation, defense and expense of all claims and causes of action arising out of or in connection with any of the foregoing. Landlord may, at its sole cost and expense, join in such defense with counsel of its choice.
- b. Except for any damage arising from the negligence or willful acts of Tenant, Landlord shall indemnify, defend and hold harmless Tenant and its officers, directors, shareholders, employees, agents and representatives, from and against any and all suits, claims, demands, causes of action, damages, liabilities, losses, costs and expenses, including, without limitation, reasonable attorneys' fees and costs of litigation, suffered or incurred by any of them which arise from any of the following: (i) any condition that is the responsibility of Landlord within the Leased Premises and any condition in or upon the Premises; (ii) any breach or default on the part of Landlord in the performance of any covenant or agreement to be performed pursuant to the terms of this Lease; (iii) any accident, injury or damage whatsoever caused to any person, firm or corporation or other entity occurring during the Term of this Lease within the Premises (excluding the Leased Premises) or caused by any negligently maintained equipment, fixtures, machinery, or structural features that are the responsibility of Landlord within the Leased Premises; or (iv) any failure by Landlord to comply with all federal, state and local laws, statutes, ordinances and regulations now and hereafter in force. At Tenant's request, Landlord shall immediately respond and assume the investigation, defense and expense of all claims and causes of action arising out of or in connection with any of the foregoing. Tenant may, at its sole cost and expense, join in such defense with counsel of its choice.

13. **Alterations.** Tenant may, from time to time, at its own cost and expense, make such alterations, improvements, or additions (collectively, the "Alterations"), in, of or to the Leased Premises as Tenant deems necessary or desirable, with the prior consent of Landlord, which consent shall not be unreasonably withheld or delayed. As a condition to Landlord's consent hereunder: (i) Tenant shall submit to Landlord detailed plans and specifications for such Alterations, and (ii) Landlord may review any written construction agreement with the general contractor which Tenant proposes to execute (or, if no general contractor will be used, a copy of each proposed written agreement with the various subcontractors). Tenant shall, at its own expense, obtain or cause to be obtained all building permits, licenses, temporary and permanent certificates of occupancy and other governmental approvals which may be required in connection with the making of Alterations. Tenant shall pay promptly for all Alterations made in and upon the Leased Premises by or on behalf of Tenant. All such Alterations shall be deemed to constitute a part of the Leased Premises and shall be and remain the exclusive property of Landlord, excepting such trade fixtures that are susceptible to removal without damage or injury to the Leased Premises.
14. **Leins Not Permitted.** Tenant shall not at any time suffer or permit the attachment to the Leased Premises of any lien. In the event any lien attaches to the Leased Premises as a result of any act or omission of Tenant and is not discharged or released, Landlord shall have the right, at Landlord's option, of paying the same or any portion thereof, upon notice to Tenant, and any amounts so paid, including expenses and interest, shall be so much additional rent hereunder due from Tenant to Landlord and shall be repaid to Landlord immediately upon demand. Alternatively, Tenant may contest the lien at its sole cost and expense.
15. **Damage or Destruction.** In the event of damage to or destruction of the Premises by fire or other casualty during the Term of this Lease, regardless of the extent of such damage or destruction, Landlord may, but is not required to, make repairs or reconstruction of the improvements so damaged or destroyed to a substantially equivalent condition and state prior to such damage or destruction. In the event Landlord shall elect not to commence such repairs or reconstruction within forty-five (45) days of such damage or destruction, Tenant may terminate the Lease or renegotiate the terms of this Lease by giving written notice thereof to Landlord. Following such damage or destruction, the rent payable by Tenant hereunder shall proportionately abate with respect to that portion of the Leased Premises rendered untenable (computed on a pro rata basis of the damaged Leased Premises as it related to the whole) until such time as the repair or reconstruction is completed, and the Leased Premises have been restored to a tenantable condition. Notwithstanding the foregoing, if any such damage or destruction is the result of Tenant's or any of Tenant's employees', agents', or invitees' negligence, (i) Tenant shall make such repairs or reconstruction to restore the Leased Premises to its condition prior to such

damage or destruction at its own cost and expense and (ii) rent during any period or periods of such repairs or reconstruction shall not abate.

16. **Hazardous Material.** Tenant shall keep and maintain the Leased Premises in compliance with and shall not cause or permit the Leased Premises to be in violation of, any federal, state, or local laws, ordinances or regulations relating to industrial hygiene or to the environmental conditions on, under, about, or affecting the Leased Premises. Tenant shall not use, generate, manufacture, store, or dispose of on, under or about the Leased Premises or transport to or from the Leased Premises any flammable explosives, radioactive materials, hazardous wastes, toxic substances, or related materials, including, without limitation, any substances defined as or included in the definition of hazardous substances, hazardous wastes, hazardous materials, or toxic substances under any applicable federal or state laws or regulations (collectively referred to as "Hazardous Materials").

17. **Taking of Leased Premises.**

- a. In the event of a taking by eminent domain or condemnation, or by any exercise of the right of any competent authority, or by agreement between Landlord and those having the authority to exercise such right (hereinafter referred to as a "Taking") of the entire Leased Premises, then: (i) this Lease and the Term hereof shall terminate as of the date of vesting of title or transfer of possession, whichever occurs earlier, as a result of the Taking; and (ii) rent at the then-current rate shall be apportioned as of the date of such termination.
- b. Notwithstanding the provisions of Section 15(a) above, in the event any proceeding shall be instituted for a Taking of any part of the Leased Premises, either party hereto shall have the right to terminate this Lease upon not less than ninety (90) days prior written notice to the other party, in which event rent at the then-current rate shall be apportioned as of the date of such termination. In the event that either party does not exercise its right to terminate this Lease pursuant to the preceding sentence, and in the event that after such Taking, the Leased Premises shall be tenantable and usable for the purposes set forth hereinabove, then the Term of this Lease shall continue in effect; provided, however, Tenant shall receive a proportionate reduction from its rental obligations hereunder corresponding to the portion of the Leased Premises of which Tenant shall have been deprived.

18. **Tenant Default.**

- a. The occurrence of any one or more of the following events shall constitute a default and breach of this Lease by Tenant:
 - i. the failure of Tenant to make any payment of rent or any other payment required to be made by Tenant hereunder, as and when

- due and such failure shall continue for a period of ten (10) days after written notice thereof by Landlord to Tenant; or
- ii. the failure by Tenant to observe or perform any of the covenants, agreements or obligations to be observed or performed by Tenant hereunder, and such failure shall continue for a period of thirty (30) days after written notice thereof by Landlord to Tenant; provided, however, that if the nature of the Tenant's default is such that more than thirty (30) days are reasonably required for its cure, then Tenant shall not be deemed to be in default if Tenant commences to cure such default within said thirty (30) day period and thereafter diligently prosecutes such cure to completion.
 - b. Upon the occurrence of a default by Tenant hereunder, in addition to all other rights and remedies Landlord may have under this Lease, at law or in equity, Landlord shall have the right to terminate this Lease and re-enter and retake possession by summary proceedings, or otherwise, and Tenant shall thereupon be obligated to pay to Landlord as damages a sum of money equal to the cost of recovering the Leased Premises and reasonable attorneys' fees.

19. **Surrender by Tenant at End of Term.** Tenant shall, on the last day of the Term of this Lease or upon any termination of this Lease pursuant to the provisions hereof, or upon any other termination of this Lease, immediately surrender and vacate the Leased Premises and deliver possession of the Leased Premises into the possession and use of Landlord in broom-clean condition free of debris, without fraud or delay and in good order, condition, and repair (ordinary wear and tear excepted), free and clear of all lettings and occupancies, free and clear of all liens and encumbrances other than those existing on the date of this Lease and those, if any, created by Landlord, without any payment or allowance whatever by Landlord on account of or for any buildings and improvements erected or maintained on the Leased Premises at the time of the surrender, or for the contents thereof or appurtenances thereto. Upon the expiration or termination of this Lease for any reason, Tenant shall immediately remove from the Leased Premises all trade fixtures, office furniture, office equipment and personal property of Tenant at Tenant's sole expense and shall immediately repair any damage to the Leased Premises resulting from such removal and shall restore the Leased Premises to the same condition as existed prior to the installation thereof, subject only to reasonable use and natural wear. If Tenant fails to remove any trade fixtures, office furniture, office equipment or personal property from the Leased Premises which Tenant is required to remove prior to the expiration or earlier termination of the Term, such trade fixtures and personal property shall be conclusively presumed to have been abandoned by Tenant and title to such property shall pass to Landlord without any payment or credit, and Landlord may, at its option and at Tenant's expense, remove, store and/or dispose of such property.

20. **Holding Over.** If Tenant retains possession of the Leased Premises or any part thereof after the expiration or termination of the Term or Tenant's right of possession, whether by lapse of time or otherwise, then Tenant shall continue to pay to Landlord 200% of the Fixed Monthly Rent on a per diem basis for each day Tenant retains possession of the Leased Premises or any part thereof. In addition to such payment of rent and without limiting any other rights and remedies which Landlord may have on account of such holding over by Tenant, Tenant shall pay to Landlord all direct and consequential damages suffered by Landlord on account of such holding over by Tenant. The provisions of this Section shall not be deemed to limit or constitute a waiver of the right of Landlord to evict Tenant as provided in this Lease or at law.
21. **Fixtures, Machinery and Equipment.** All fixtures, machinery and equipment which are necessary to the general operation and maintenance of the Leased Premises (other than those which are not affixed or attached to the Leased Premises (e.g., lawn mowers) shall be the property of Landlord whether owned by Landlord at the commencement of the Term hereof, subsequently purchased or installed by Landlord, or purchased by Tenant in accordance with the provisions of this Lease. All lighting fixtures and heating and air conditioning equipment shall be considered necessary to the general operation and maintenance of the Leased Premises.
22. **Estoppel Certificates.** Tenant agrees at any time and from time to time, within ten (10) days of Landlord's request, to deliver to Landlord or such other person as Landlord may direct, a written statement, duly executed (i) certifying that this Lease has not been modified and is in full force and effect or, if there has been a modification of this Lease, that this Lease is in full force and effect as modified, stating such modifications, (ii) specifying the dates to which the rental and other charges have been paid, and (iii) stating whether or not, to the knowledge of the party executing such instrument, Landlord is in default and, if Landlord is in default, stating the nature of such default.
23. **Quiet Enjoyment.** Landlord covenants and agrees that Tenant shall peaceably and quietly have, hold, and enjoy the Leased Premises and all rights, easements, appurtenances, and privileges belonging or in any way appertaining thereto during the Term of this Lease. No other tenant of the Premises or the guests, customers and invitees of such tenants shall have access to the Leased Premises for ingress, egress or for any other purpose whatsoever. Subject to Landlord's right to access the space for maintenance and other purposes, as specified herein, Tenant shall have exclusive possession of the entirety of the Leased Premises. Notwithstanding same, Landlord and its authorized representatives may: (i) inspect the Leased Premises, (ii) exhibit the Leased Premises to current and prospective tenants, purchasers, lenders, insurers, governmental authorities, and brokers, (iii) place in and upon the Leased Premises or such other places as may be determined by the Landlord "For Rent" signs or notices if Tenant shall abandon or vacate the Leased Premises,

terminate the Lease, or at any time during the last 120 days of the Term and (iv) enter or permit entry to the Leased Premises in emergencies or for any other reasonable purpose, or for the purpose of exercising any other rights or remedies expressly granted or reserved to the Landlord under this Lease or applicable law.

Landlord reserves the right to lease any unleased portion of the Joliet Gateway Transportation Center to such other tenants as the Landlord, in the Landlord's sole discretion, deems appropriate, whether or not engaged in the same or similar business for which Tenant is permitted to use the Premises under this Lease. If the Landlord leases any portion of Joliet Gateway Transportation Center to a business that is principally engaged in food/beverage business at Joliet Gateway Transportation Center, Tenant shall have the right to terminate this Agreement. Tenant acknowledges that the Landlord has made no representations as to the presence of any specific tenant or number or types of tenants at Joliet Gateway Transportation Center as of or after the Commencement Date, hours or days that such other tenants shall or may be open for business, or gross sales which may be achieved by Tenant or any other tenants at Joliet Gateway Transportation Center. A vacation or abandonment of its premises or cessation of business in Joliet Gateway Transportation Center by any other tenant or occupant shall not release or excuse Tenant from obligations under any provision of this Lease.

The Landlord reserves the right, subject to consent from Tenant, which shall not be unreasonably withheld, to: (i) change the name of Joliet Gateway Transportation Center and the address or designation of the Premises, (ii) install, maintain, alter and remove signs on or about the exterior and interior of Joliet Gateway Transportation Center, (iii) add land, easements or other interests to or eliminate the same from the Joliet Gateway Transportation Center, and grant easements and other interests and right in Joliet Gateway Transportation Center to other parties, (iv) change the shape, size, location, design, or use of any surface parking, kiosks, parking areas, driveways, landscaped areas and other Common Areas, change the striping of parking areas and direction and flow of traffic, and convert Common Areas to leasable areas and leasable areas to Common Areas, (v) enclose any mall or other area, or remove any such enclosure, add structural support columns that may be required within the Leased Premises or Common Areas, (vi) in connection with the foregoing matters or with any other inspections, repairs, maintenance, improvements or alterations in or about Joliet Gateway Transportation Center or as a result of any casualty, incident, strike, condemnation, act of God, law or governmental requirement or request, or any other case, erect scaffolding, barricades, and other structures reasonably required in, or otherwise close, Common Areas or portions thereof, including but not limited to public entry ways and areas, restrooms, stairways, escalators, elevators and corridors.

24. **Landlord's Performance of Tenant's Covenants.** In the event Tenant shall at any time fail to perform any covenant or agreement of Tenant required under the provisions of this Lease, Landlord at its option, and in addition to any and all other rights and remedies of Landlord in such event, may (but shall not be required to) perform or cause the performance of Tenant's obligations hereunder, and all monies expended by Landlord in connection therewith shall be so much additional rental due from Tenant to Landlord and shall be payable by Tenant on demand by Landlord.

25. **Notices.** Any notices, consents, approvals, submissions, demands or other communications (collectively, the "Notices") which may be given or required under this Lease or pursuant to any laws or governmental regulation, shall be in writing and sent or delivered to the respective parties (i) by personal delivery (effective on delivery), (ii) by United States, registered or certified mail, return receipt requested, postage prepaid (effective two (2) business days after deposit), or (iii) by overnight delivery by a nationally recognized courier service (effective on the next business day), at the following address of the respective parties:

If to Landlord: City of Joliet
 Attn: City Manager
 150 W. Jefferson St.
 Joliet, IL 60432

With a copy to: City of Joliet
 Attn: Economic Development
 150 W. Jefferson St.
 Joliet, IL 60432

If Tenant: GiGi's Sweets, LLC
 Attn: Legal Department
 636 Patterson Road
 Joliet, IL 60436

or to such other addresses as any party hereto may, from time to time, designate in writing delivered in a like manner.

26. **Entire Agreement; Modifications.** This Lease contains the entire agreement between the parties hereto with respect to the transactions contemplated hereby, and no modification hereof shall be effective unless in writing and signed by the party against which it is sought to be enforced.

27. **Governing Law; Venue.** This Lease shall be governed by and construed in accordance with the laws of the State of Illinois. Any action arising hereunder shall be held exclusively in the state or federal courts located in Will County,

Illinois, and the parties hereby acknowledge and agree that such exclusive jurisdiction and venue is reasonable.

28. **Attorneys' Fees.** In the event of any action or proceeding arising out of the interpretation, enforcement or defense of this Lease, the prevailing party shall be entitled to recover from the non-prevailing party its reasonable attorneys' fees and costs.
29. **Assignment or Subletting.** Tenant shall not assign this Lease or sublet or license the use of all or any part of the Leased Premises without the prior written consent of Landlord, which consent shall not be unreasonably withheld.
30. **Independent Contractor Status.** Tenant acknowledges and agrees that it is an independent contractor and not an employee of the City of Joliet. Nothing in this Lease shall be construed to create an employer-employee relationship, agency relationship, partnership, or joint venture between the parties. Tenant shall have no authority to bind the City of Joliet and shall be solely responsible for its employees, taxes, insurance, and business operations.
31. **Parties Bound.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and to their respective heirs, executors, administrators, successors and permitted assigns.
32. **No Recording.** The parties agree that this Lease shall not be recorded at the office of the Recorder of Deeds.
33. **No Partnership.** Tenant shall not be deemed, in any way or for any purpose, to have become, by the execution of this Lease or any action taken under this Lease, a partner of Landlord, in Landlord's business or otherwise, or a member of any joint enterprise with Landlord.
34. **No Broker.** Landlord represents that it dealt with no broker or brokers, and Tenant represents that it dealt with no broker or brokers, in connection with the negotiation, execution and delivery of this Lease.
35. **Captions.** The captions appearing herein are for the convenience of the parties only and shall not be construed to affect the meaning of the provisions of this Lease.
36. **Counterparts.** This Lease may be executed in counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.
37. **End of Term Arrangements.** Upon the commencement of the last year of the lease term, Landlord and Tenant shall begin discussions of the implementation of

a succession plan for the operation of the Leased Premises or the possible renewal of the Lease upon the expiration of its Term.

38. **Signage.** Tenant locations: Not more than three (3) sandwich boards may be placed on the Landlord's right of way, within the Premises, and also in the plaza area north of the Premises. Additionally, the interior soffit above the tenant premises has been prepped for a sign (approximately 1' -0" x 7'-2"). Finally, there is an existing exterior monument sign located at the Southwest corner of Jefferson Street and Mayor Art Schultz Drive with space for a tenant. All signage will be at the expense of the Tenant.

No signage is allowed on the facade of the Premises, on the passenger platforms or on the pedestrian bridge connection.

All signage is to be approved by the Landlord's representative prior to placement. Both the signage and the location of the signage must be approved by the Landlord prior to placement.

IN WITNESS WHEREOF this Lease has been duly executed by the parties hereto this _____ day of _____, 2026.

EXHIBIT A

THE LEASED PREMISES

The "Leased Premises" shall mean all of that portion of the Premises consisting of the following:

- The entirety of the 194 square foot Snack Bar of the Premises;

EXHIBIT B THE COMMON AREAS

The "Common Areas" shall mean all of that portion of the Premises consisting of the following:

All areas of the Joliet Gateway Transportation Center which are now or hereafter made available by the Landlord from time to time for the general use or benefit of the Landlord, other tenants, or the public, and other parties to whom the right to use the Common Areas has been or is hereafter granted, and their employees and invitees, as such areas currently exist and as they may be changed from time to time. Without limiting the generality of the foregoing, the Common Areas may include, as designated by the Landlord from time to time, any parking areas, entrances, passageways, concourses, courts, arcades, service corridors, loading platforms and truck docks, delivery areas, elevators, ramps, stairs, landscaped and vacant areas, public bathrooms, information and telephone booths, director signs and equipment, common lighting facilities, drainage areas, lounges and shelters, package pick-up stations, drinking fountains, public comfort and first aid stations, public meeting rooms, bus stops, taxi stands, and all furniture, decorations, fixtures, improvements, systems and equipment, and other facilities, located in or serving any of the foregoing, except to the extent reserved for use by one or more designated tenants.

Memo

File #: 404-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Ann Sylvester, Director of Cultural Affairs & Special Events

SUBJECT:

Resolution Declaring Certain City of Joliet Property as Surplus

BACKGROUND:

The City of Joliet's Purchasing Ordinance #7345, Section 2-435, provides in part that; "when the City Council determined that any personal property with a remaining value is no longer necessary or useful to the City of Joliet," the property shall be declared surplus property by Resolution.

The Public Service Committee will review this matter.

CONCLUSION:

The Department of Cultural Affairs and Special Events has identified a substantial inventory of items that are no longer usable for Billie Limacher Bicentennial Park programming. There are currently over three hundred seventy-five (375) costumes, props and related materials that have been removed from service due to contamination, damage, being deemed beyond repair, equipment failure, or other issues. Usable parts have already been salvaged from these units.

At this time, the Department of Cultural Affairs and Special Events seek authorization to declare various costumes, props, and related materials as surplus property and dispose of them appropriately.

RECOMMENDATION:

Based on the above it is recommended that the Mayor and City Council approve a Resolution Declaring Certain City of Joliet Property as Surplus.

Resolution No.

A Resolution Declaring City of Joliet Property as Surplus

Whereas The City of Joliet is the owner of certain property described herein; and

Whereas, said property is not in use at the present time and has no value as trade-in on new equipment; and

Whereas, said property is no longer necessary and useful to the City of Joliet.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, PURSUANT TO ITS HOME RULE AND STATUTORY AUTHORITY, AS FOLLOWS:

Section 1: The City Council finds that the following property is no longer necessary and useful to the City Of Joliet.

Memo

File #: 405-26

Agenda Date: 8/4/2026

TO: Mayor and City Council

FROM: Ann Sylvester, Director of Cultural Affairs & Special Events

SUBJECT:

Resolution Requesting the Closure of Routes 6 and 30 for the 2026 Black Joy Parade Route

BACKGROUND:

The Joliet City Center Partnership is hosting the 2026 Black Joy Parade on Saturday, August 29, 2026, from 10 a.m. to 7:00 p.m. in downtown Joliet. The event will include a parade that requires the closure or partial closure of Routes 6 and 30.

The Illinois Highway Code authorizes the Illinois Department of Transportation to issue permits to local authorities to temporarily close portions of State Highways for public purposes such as parades and local celebrations.

RECOMMENDATION:

Based on the above, it is recommended that the Mayor and City Council approve the Resolution Requesting the Closure of Routes 6 and 30 for the 2026 Black Joy Parade Route

RESOLUTION NO. _____

**RESOLUTION REQUESTING THE CLOSURE OF A PORTION OF STATE ROUTES IL 53
NORTHBOUND (SCOTT ST), IL 30 (JEFFERSON ST.) AND IL 53 SOUTHBOUND (OTTAWA ST.)
FOR THE BLACK JOY PARADE AND ACTIVITES.**

WHEREAS, the City of Joliet (“City”) is a home rule unit of local government and may exercise any power and perform any function pertaining to its government and affairs pursuant to Article VII, Section 6, of the Illinois Constitution of 1970; and

WHEREAS, the 2026 Black Joy Parade Route requires the temporary closure of Illinois Routes 53 and 30, State Highways in the City; and

WHEREAS, Section 4-408 of the Illinois Highway Code authorizes the Illinois Department of Transportation (IDOT) to issue permits to local authorities to temporarily close portions of State Highways for public purposes or needs such as parades and local celebrations; and

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF JOLIET, ILLINOIS, that the City requests permission from IDOT to close off portions of Route 53 and Route 30 in the downtown Joliet Area as shown on the attached map on August 29, 2026 between 1 p.m. and 5 p.m.

BE IT FURTHER RESOLVED that local police will be responsible for the event and the route will be clear of any construction projects or detours.

BE IT FURTHER RESOLVED that a copy of this Resolution shall be forwarded to IDOT to serve as a formal request for the permission sought in this Resolution.

BE IT FURTHER RESOLVED that this resolution shall be in full force and effect from and after its passage and approval as provided by law.
