CITY MANAGER:

The City Manager spoke about Cop on a Rooftop and National Police Week and requested a moment of silence in honor of fallen officers.

The City Manager also highlighted several special recognitions, including retired Battalion Chief Dan Berta receiving the Firefighter Excellence Award at the Fallen Firefighter Memorial and Firefighting Medal of Honor Ceremony, Officer Kaite Kucharski being honored as Law Enforcement Person of the Year at the annual Polish American Police Association Awards

Banquet, and Lieutenant Andrew Jose receiving the Leadership Communication Award from the Joliet Jesters Toastmasters Club.

The City Manager noted that May is Mental Health Awareness Month and announced that submissions for the Neighborhood Hero Award Program were open through June 8.

PUBLIC COMMENTS:

Trista Brown spoke in support of the approval of Council Memo 277-26.

Ron Sefcik spoke regarding concerns with changes related to rental inspection requirements.

DiAnn Matter spoke regarding concerns with Love's Truck Stop.

Kaley Matter spoke regarding concerns with Love's Truck Stop.

Tammy Coughenour spoke regarding concerns with Love's Truck Stop.

Kathy Garthus spoke about previous negative experiences with certain developments and thanked Chief Evans.

This section is for anyone wanting to speak regarding non-agenda items and are allowed a maximum of 4 minutes. It is not a question and answer period and staff, and the City Council does not generally respond to public comments. The City Clerk has a copy of the public speaking procedures; please note, speakers who engage in conduct injurious to the harmony of the Council shall be called to order by the Presiding Officer and may forfeit the opportunity to speak.

MAYOR AND COUNCIL COMMENTS:

Councilman Clement expressed interest in meeting the city arborist and asked for an update regarding city parking following the removal of parking meters, as well as the replacement of street lights on Raynor Avenue.

Councilman Hug asked staff to review concerns raised by Tammy Coughenour during public comment.

Councilwoman Ibarra spoke about the condition of homes near Love's Truck Stop and City ordinance compliance. She also thanked Joliet Township Animal Control, her son, and others for their support following the loss of her pet, and recognized local businesses Social Butterfly Coffee and Popus Gourmet Popcorn.

Councilman Moreno expressed condolences to Councilwoman Ibarra on the loss of her pet and wished Councilman Hug a happy birthday.

Councilman Mudron invited Father Chris Groh to speak about the Will County Law Enforcement Memorial Ceremony scheduled for May 21.

Councilwoman Quillman encouraged residents to remember veterans, police officers, fire fighters, and all public servants who lost their lives in service. She also mentioned Honor Flight Chicago and wished everyone a safe Memorial Day.

Councilwoman Reardon congratulated and thanked Wade Welsh, Steve Randich, Jane Condon, Bob Filotto, Leann Hoffrogge, volunteers, employees, donors, and the 100th Anniversary Committee for their work on the Rialto Square Theatre's 100th Anniversary celebration. She also mentioned Councilman Moreno's upcoming wedding.

Mayor D'Arcy spoke about attending the Rialto Square Theatre's 100th Anniversary celebration and highlighted upcoming events, including the Memorial Day Commemoration on May 20, the Remembering Our Fallen Tribute Towers of American's Fallen from the Global War on Terror exhibit from June 11 - 14, and the June 18 dedication of Joliet City Square featuring artist Sijia Chen. He also congratulated Joliet's 2026 kindergarten, eighth grade, high school, and college graduates.

Memo

File #: 289-26 **Agenda Date:**6/2/2026

TO: Mayor and City Council

FROM: Allison Swisher, Director of Public Utilities

SUBJECT:
Approval of Amendment No. 1 to the Professional Services Agreement for the Southeast Joliet Sanitary District Water System Improvements Project for Construction Engineering Services to Baxter & Woodman Inc. in the Amount of $94,200.00

BACKGROUND:
The City of Joliet acquired the Southeast Joliet Sanitary District (District) water and sanitary sewer systems on February 1, 2026. The County is providing funding via multiple sources to fund improvements in the District's system. One of these funding sources is grant funds via the American Rescue Plan Act (ARPA). On October 21, 2025, the Mayor and Council approved the Subrecipient Award Agreement for receipt of $4,025,046 in ARPA funds for water system improvements for the Southeast Joliet Sanitary District. On May 5, 2026, the Mayor and Council approved an amendment to this Agreement increasing the ARPA funds for improvements in SEJSD to $4,106,562.10.

One of the projects identified to be constructed utilizing ARPA funds is replacement of sections of water main that are in poor condition. The location and scope of water main replacement is shown on the attached map. The total length of water main to be installed is 7,181 feet, or 1.36 miles.

On November 18, 2025, the Mayor and City Council approved a Professional Services Agreement with Baxter & Woodman Inc., in the amount of $181,600.00, for the design of the Southeast Joliet Sanitary District Water System Improvements Project. Amendment No. 1 is recommended for construction engineering services.

The Public Service Committee will review this matter.

CONCLUSION:
Baxter & Woodman Inc. has submitted Amendment No. 1 in the amount of $94,200 to the original engineering services agreement. This amendment includes performing construction engineering services for the project in the amount of $130,800.00 in addition to a credit for unused design engineering funds in the amount of ($36,600.00). The scope of work for construction engineering services includes the following: project initiation, construction administration, survey data collection, full time field observation, progress meetings, management of field GPS data collection, and project closeout. The value of the construction project is $2,982,535.68 which yields a construction engineering fee of 4.4% of the awarded construction cost. This cost is less than the industry average for construction engineering (which is generally 6-8%).

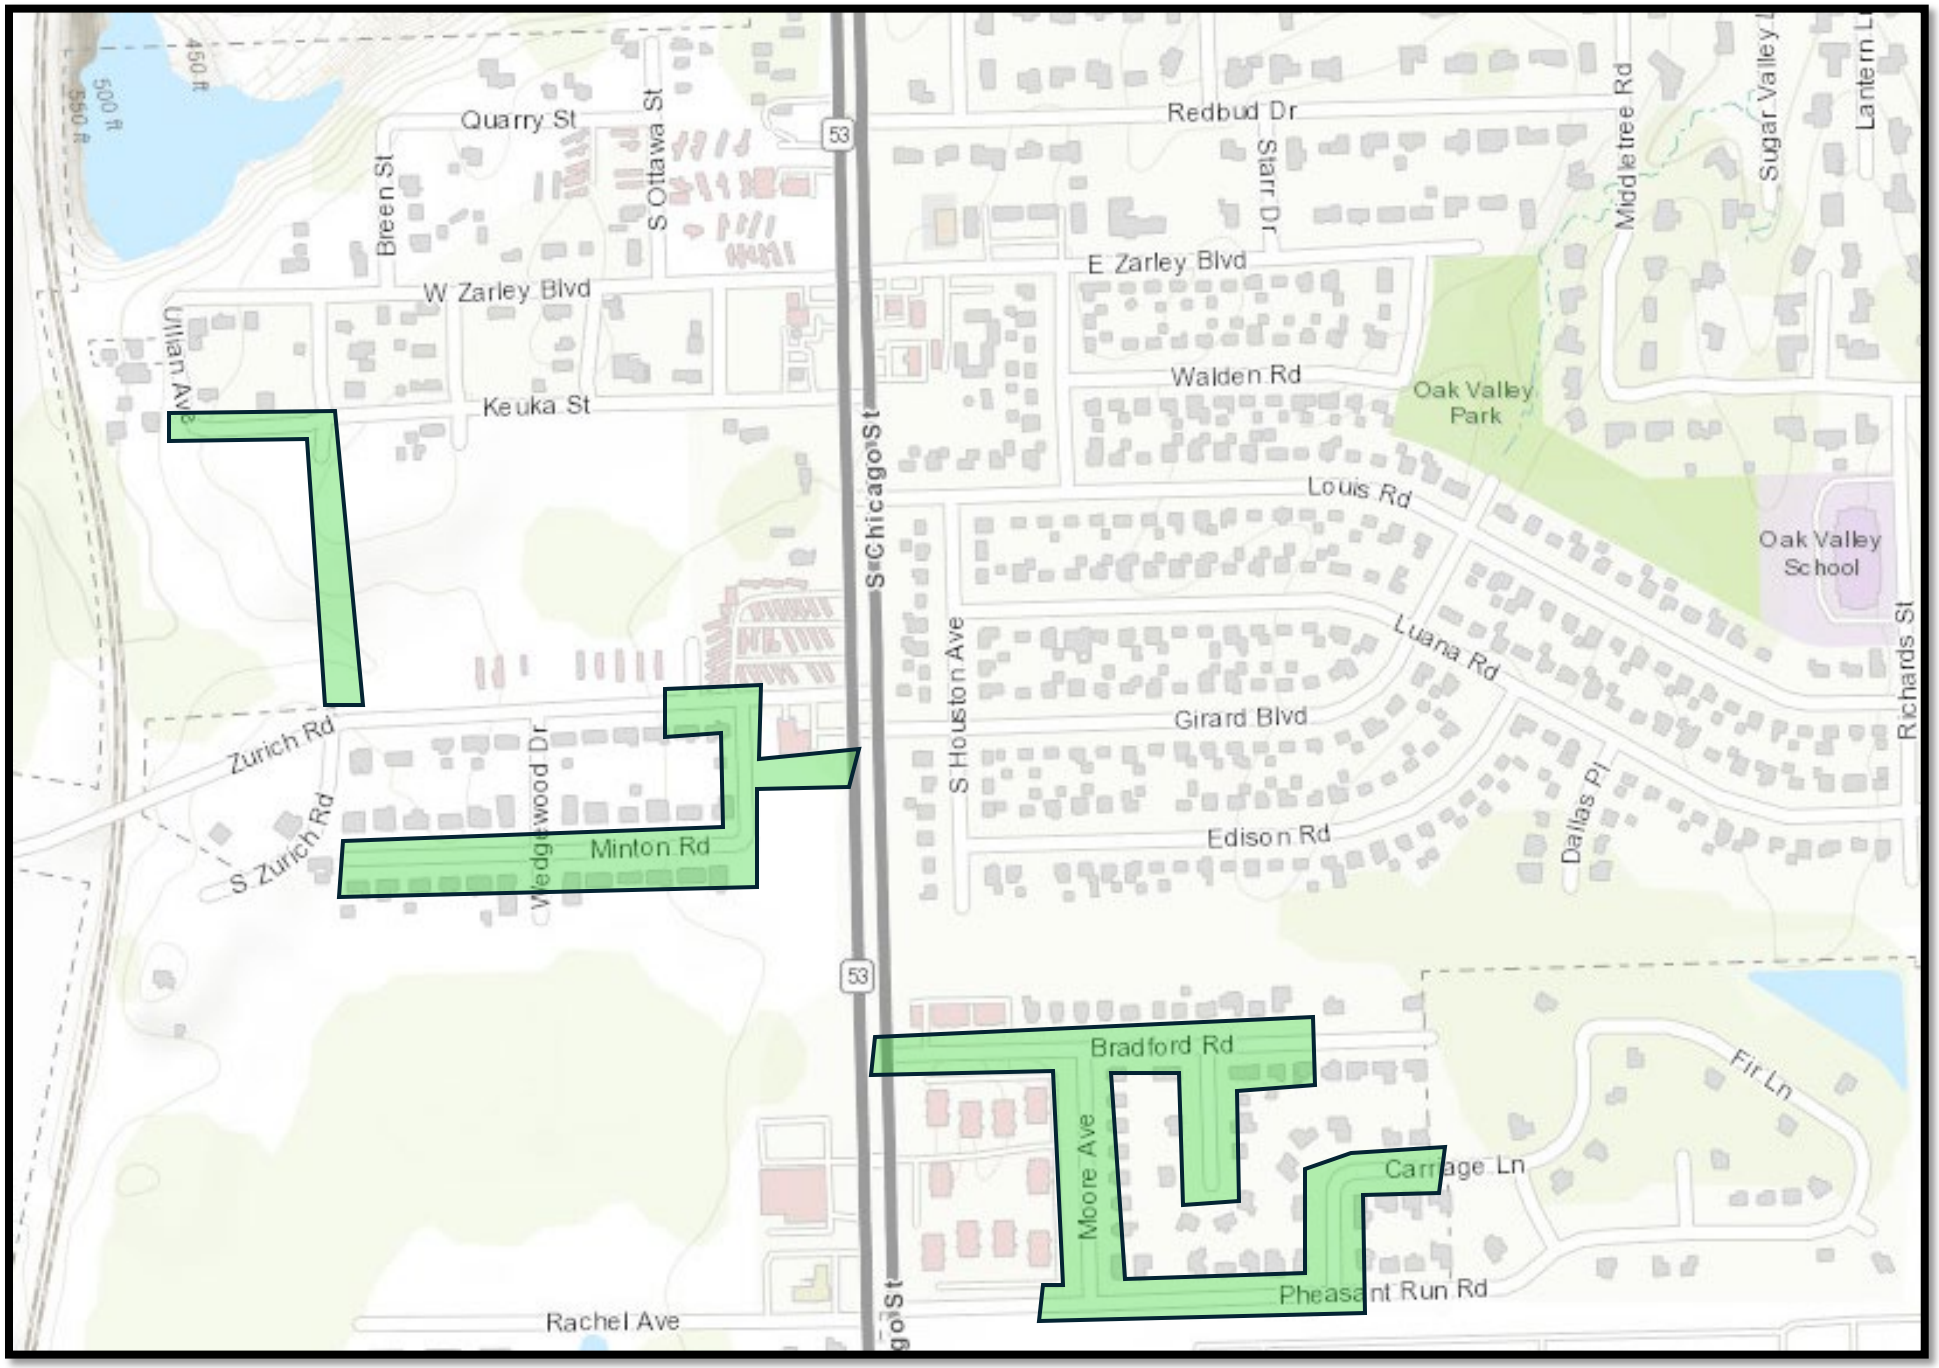

Funds will be charged to the PU Grant / Reimbursable Projects Fund / SEJSD / Professional

Services (Org 50180170, Object 557200, $94,200.00, Project 25048).

The City will be reimbursed by the County for this work via the ARPA grant funds.

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council approve Amendment No. 1 to the Professional Services Agreement for Construction Engineering Services for the Southeast Joliet Sanitary District Water System Improvements Project, in the amount of $94,200.00, on behalf of Baxter & Woodman Inc.

Memo

File #: 290-26 **Agenda Date:**6/2/2026

TO: Mayor and City Council

FROM: Allison Swisher, Director of Public Utilities

SUBJECT:
Approval of Payment for Emergency Repairs to the Jefferson Street Sewer to Airy's Inc. in the Amount of $260,545.62

BACKGROUND:
On March 23, 2026 the Public Utilities Department discovered the main sanitary sewer on Jefferson Street near Bluff Street was collapsed causing an emergency situation which required immediate action to protect public health. Bypass pumping was set up immediately and due to the depth and complexity of the repairs required, Airy's Inc. was called to manage the bypass operation, investigate the cause of the collapse and complete the necessary repairs. Airy's, who was under contract as part of the City's on-call contractor program, was contacted to complete this work due to their ability to immediately respond with bypass pumping equipment and perform specialized work such as slip lining.

The Public Service Committee will review this matter.

CONCLUSION:
Over the course of two weeks, Airy's Inc. completed the following work:

- Provided and managed bypass pumping operations
- Conducted investigatory activities to determine cause of the collapse and other unknown issues
- Provided traffic control on a state route
- Slip lined approximately 300 feet of 18" sewer main
- Abandoned approximately 200 feet of old 24" sewer main utilizing flowable fill per state requirements
- Installed a new manhole structure
- Removed concrete from 25 feet of 18" sewer main that had been unknowingly disposed of into the sewer system
- Provided vehicle and pedestrian access across the sewer bypass to allow access to Bicenntennial Park.
- Restored concrete apron and curb
- Restored asphalt roadway per state requirements

The total cost of the emergency repair work was $260,545.62.

Section 2-438 of the City of Joliet Code of Ordinances states that purchases whose estimated cost is in excess of twenty-five thousand dollars ($25,000.00) may be awarded without written specifications or bidding under certain circumstances. Two (2) of these circumstances apply:

(e) Purchases where an emergency immediately affects the public health, safety or welfare, if authorized by the City Manager or his [her] designee;

(f) Purchases when authorized by a concurring vote of two-thirds (2/3) of the Mayor and City Council;

Funds will be charged to the Water and Sewer Operating Fund / Field Operations / Sewer / Repairs (Org 50080020, Object 524300, $260,545.62).

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council approve payment for the emergency repairs to the Jefferson Street sewer, in the amount of $260,545.62, to Airy's Inc.

Approval of Purchase Order for the 2026 Fleet Tires and Tire Services in the Amount of $200,000.00

BACKGROUND:
The Fleet Services Division maintains City vehicles, including the replacement and maintenance of tires for all vehicles.

The Public Service Committee will review this matter.

CONCLUSION:
Prices were solicited for various sizes and types of tires for all vehicles maintained by Fleet Services. Individual tire prices were requested from thirteen (13) suppliers. Prices were received from three (3) suppliers. One (1) supplier's submittal was determined to be incomplete. The other two (2) submittals were generally comparable in price for the majority of the tires. The determination was made to move forward with a purchase order allowing the City to utilize both vendors depending on pricing and availability. Pricing is summarized below:

The estimated annual expenditure for tires is $200,000.00. Depending on the actual need, the quantities of each tire will vary from year to year.

Sufficient funds exist utilizing the General Fund PW Fleet Services / Supplies - Vehicle (Org 09016000, Object 536103, Project 26015, $200,000.00).

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council approve the Purchase Order for the 2026 Fleet Tires and Tire Services in the amount of $200,000.00 on behalf of Pomp's Tire Service and Wentworth Tire Service.

TO: Mayor and City Council

FROM: Dustin Anderson, Community Development Director

SUBJECT:
Award of Professional Services Agreement for the Study & Designation of the Downtown Special Service Area (SSA) to SB Friedman Development Advisors in the Amount of $54,260

BACKGROUND:
On March 12th, the Economic Development Division posted a request for proposals for consulting services to conduct a feasibility study regarding the potential reconstitution of the current City Center Special Service Area (SSA). That scope would additionally determine if (a) there is a more efficient public financing mechanism, and (b) whether the boundaries should be modified. The current SSA, which is managed by the City Center Partnership, is set to expire on December 31, 2026. The SSA was last reconstituted in 2016. At that time, the boundary was expanded and the life of the SSA was extended by 10 years.

In order for the SSA to continue to exist the City must take action to extend the life of the designated area.

The request for proposal's scope of work included the following:

- Formation of a steering committee.
- Inventory of properties.
- Boundary refinement research and recommendations.
- Public financing mechanism research and recommendations.
- Public meeting support.
- Creation of maps of the proposed area.
- Assistance with the creation of the final designation process and documents.

On March 31st, staff received a single submittal from SB Friedman Development Advisors. In its RFP response, SB Friedman estimated the cost of the proposed work to be $54,260.00, excluding expenses related to surveying, public hearing notices, and mailings. The firm outlined a three-phase approach to completing the project:

- Phase 1: SSA Visioning and Boundary Definition.
    - Creation of a steering committee.
    - Boundary mapping and refinement.
    - Tax model scenarios.
    - Collection and analysis of parcel-level data.

- Phase 2: SSA Planning.
    - Draft of needs assessment survey.
    - Tax model scenarios refinement.
    - Steering committee meetings convening.

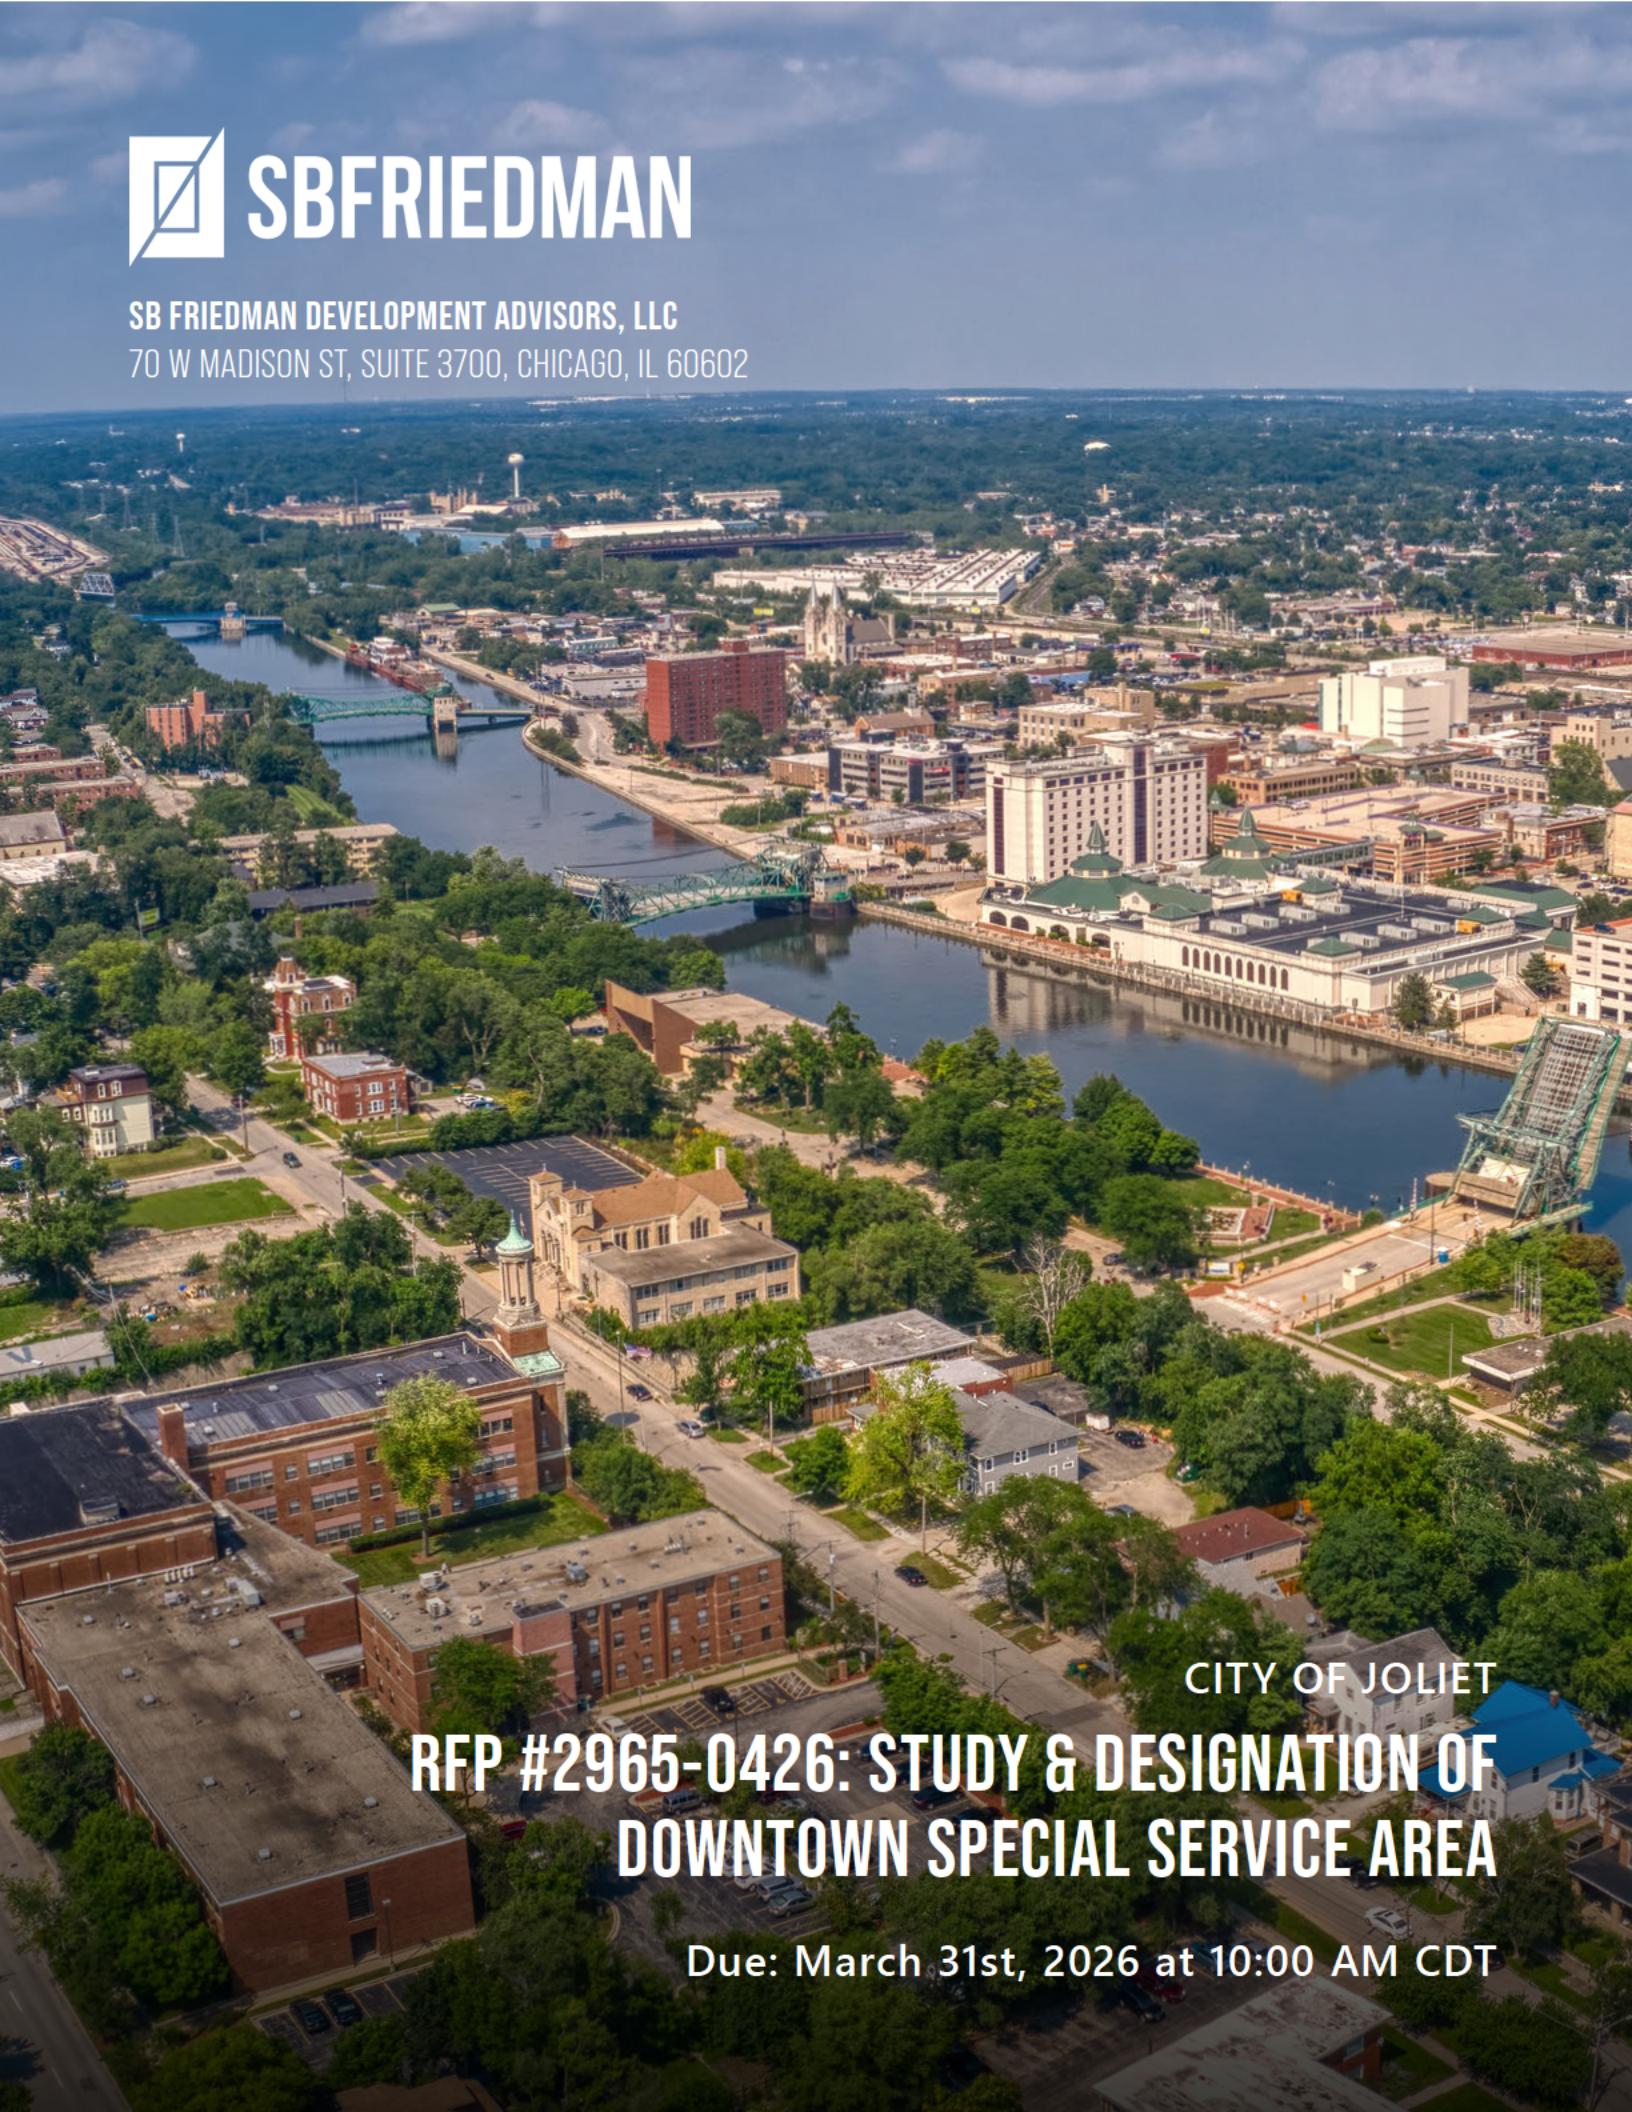

- Phase 3: SSA Refinement and Submission.
    - Public notice mailing assistance.
    - Public meeting material preparation and assistance.
    - Designation process and materials preparation and assistance.

There are sufficient funds in the City Center SSA Fund to cover the cost of this study (FUND: 230 OBJ: 523300).

On Wednesday, May 20, 2026, the Land Use & Economic Development Committee voted to recommend full approval by the City Council.

CONCLUSION:
Given the evolving beautification and marketing priorities of the City for downtown Joliet and its adjacent areas, conducting a feasibility study is necessary to evaluate and choose the best public financing mechanism available, and ensure the boundaries are appropriate.

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council approve an Award of Professional Services Agreement for the Study & Designation of the Downtown Special Service Area (SSA) to SB Friedman Development Advisors in the Amount of $54,260.

Re: RFP #2965-0426: Study & Designation of Downtown Special Service Area

Dear Procurement Officer:

SB Friedman Development Advisors, LLC (SB Friedman) is pleased to submit this proposal to assist the City of Joliet (the "City") with the potential establishment of a Special Service Area (SSA) to serve the downtown area, which is in the Will County portion of the City. This letter outlines our understanding of the project, our scope of services, and estimated timeframe and budget.

SB Friedman is a Chicago-based real estate, community and economic development, and public-private finance advisory firm in our 36th year of operation. Our firm has extensive experience in supporting the public sector with their special taxing needs, including designating and amending SSAs, tax increment financing (TIF) districts and business districts. We have performed hundreds of assignments to assist clients with these services, including for the Cities of Chicago, Joliet, North Chicago and Waukegan, and the Villages of Buffalo Grove, La Grange Park and Mount Prospect, and more.

Additionally, our firm is noted for our rigorous "but for" analysis, underwriting and structuring of successful public-private financing partnerships to facilitate high-quality redevelopment projects; our breadth of knowledge in "gap financing" tools; and our related capabilities in fiscal impact analysis, economic impact analysis, market analysis, and development advisory services.

We are excited for this opportunity to continue to assist the City of Joliet with their community and economic development goals. Enclosed in this proposal are our proposed scope of services and budget, as well as references, project experience and resumes of key personnel. If you have any questions, please contact Geoff Dickinson.

Sincerely,

2 UNDERSTANDING, SCOPE AND TIMELINE

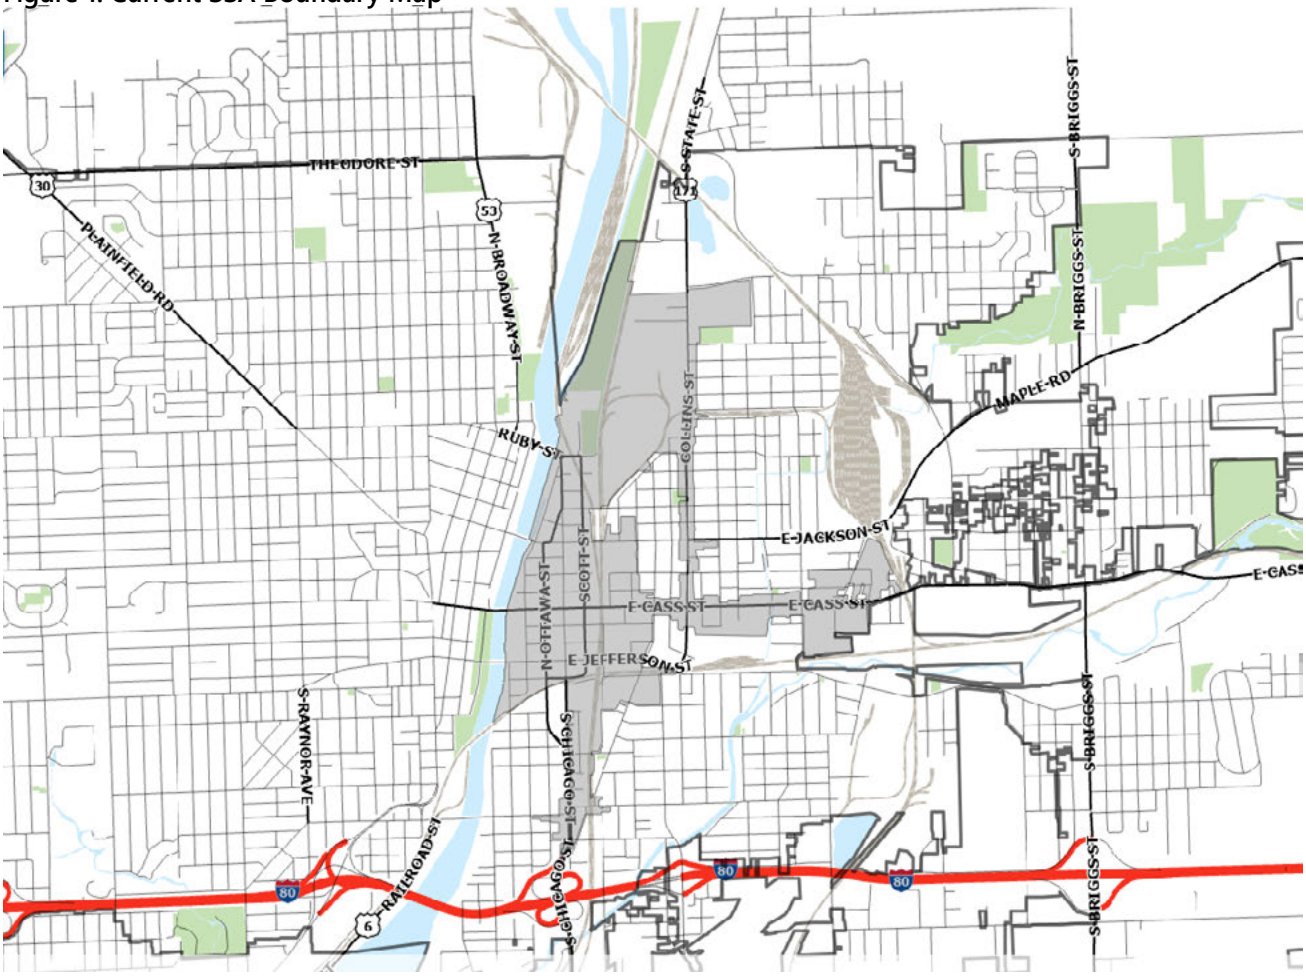

BACKGROUND AND UNDERSTANDING

We understand that there is an existing downtown SSA that is scheduled to expire on December 31, 2026. The City is interested in continuing to see special services provided in the downtown after 2026 and is thus considering establishing a new downtown SSA.

We understand that the City intends to facilitate the establishment process for the proposed new downtown SSA. However, it is not clear what entity would function as the service provider for the new downtown SSA. We can work with the City on this matter early in the process. The boundary for the current downtown SSA is shown in grey in **Figure 1** below.

We recognize that the RFP requests that we explore alternative funding mechanisms. Given that such exploration could entail a few hours, weeks or possibly months of work, we have not included any work on exploring alternative mechanisms in our base scope. If selected to support the City, we would be happy to discuss this effort with you and define a clear scope that also works within your timeline.

SCOPE OF SERVICES

Phase 1 – SSA Visioning and Boundary Definition

a. **Kickoff Call:** SB Friedman will conduct a virtual kickoff call with City staff to review goals for the SSA, identify key supporters within the downtown business community, discuss preliminary considerations related to the proposed boundary, and get direction from the City as to what entity will serve as service provider. We will also offer guidance to the City on how to assemble a steering committee for the process. We will prepare and share a data request as a follow up to the call.

b. **Boundary Mapping:** Based on initial City feedback, we will begin to refine the proposed boundary and build a GIS database with key parcel and boundary information. We will also take into consideration the location of key sites, property owners, tax exempt properties, tax increment financing (TIF) districts, other planning boundaries, and equalized assessed values (EAVs) of parcels within the proposed SSA. These core data will help inform boundary refinement discussions while also establishing the basis for the tax model.

c. **Call and Boundary Refinement #1:** We will conduct a call with the City to discuss any proposed edits to the boundary based on our review of parcel-level data and other relevant data points. The goal of this discussion will be to arrive at a preliminary boundary that can be shared with Steering Committee members for additional feedback and discussion. SB Friedman will make edits to the boundary based on City feedback to prepare for this first Steering Committee meeting.

d. **Steering Committee #1:** SB Friedman will lead an initial in-person Steering Committee meeting. We anticipate that this meeting will include general background and education on SSAs and the establishment process, a review of typical services that can be provided through an SSA, discussion of the proposed boundary, and preliminary discussion around desired services. We anticipate that the City will identify and lead scheduling with Steering Committee members, who may include champions of the proposed SSA, major downtown property owners, and/or other key stakeholders and elected officials.

e. **Boundary Refinement #2:** Based on Steering Committee feedback, we will conduct a second round of refinement to the proposed SSA boundary.

f. **Build Tax Model:** Using the parcel-level data compiled as part of the initial boundary mapping (1b), we will build an Excel model to project the parcel-level tax impacts of various levels of service within the proposed SSA boundary. The model will be based on current parcel EAVs. We will also analyze and incorporate assumptions related to new development and other factors that may impact the total EAV within the proposed SSA in the near term. Based on initial Steering Committee feedback on desired services, we anticipate that the City will identify and engage with potential vendors and solicit preliminary cost estimates for desired services at multiple levels of service. We will incorporate these cost estimates into the tax model to project the tax impact of a "low" and "high" range of service provision.

g. **Steering Committee #2:** We will conduct a virtual meeting with Steering Committee members to review the refined boundary and present the full tax model and estimated tax impact for the "low" and "high" service provision ranges. We assume for the purposes of this scope of services that the boundary will be finalized after this meeting. The other goal of the meeting will be to get a clearer picture from Steering Committee members of the type and level of desired services.

Phase 2 – SSA Planning

a. **Draft Needs Assessment Survey:** SB Friedman will assist City staff in preparing a needs assessment survey that can be distributed to businesses and property owners within the proposed SSA boundary to get additional feedback on desired service types and level. We assume that the City will manage the distribution of the survey and compile feedback from respondents.

b. **Tax Model Scenarios:** Based on feedback from Steering Committee #2 and the Needs Assessment Survey, SB Friedman will refine the tax model and test the impact of multiple potential budgets based on the type and level of service on projected SSA tax rate.

c. **Steering Committee #3:** We will conduct a virtual meeting with Steering Committee members to present and discuss the findings from the needs assessment survey and tax impact scenarios. We anticipate that City staff will present more detailed information on the menu and cost of specific services included in the tax impact scenarios.

d. **Tax Model Scenario Refinements #1:** We will make final edits to the tax model based on Steering Committee feedback regarding the tax impact scenarios and level of service.

e. **Steering Committee #4:** We will conduct a final virtual meeting with Steering Committee members to present the full tax model and estimated services. The goal of the meeting will be to finalize the Steering Committee's recommended year 1 budget and resulting estimated tax rate as well as estimated tax rate cap.

Phase 3 – SSA Refinement and Submission

a. **Mailing Lists:** SB Friedman will compile a list of addresses for taxpayers, business owners, and commercial tenants within the proposed SSA in order to send notice of the public meeting. We anticipate leveraging County data to identify taxpayer addresses and coordinating with the City to identify addresses for commercial tenants. We assume that the City will send the mailing.

b. **Public Meeting:** We assume that the City will hold an in-person public meeting (not required by statute) to educate stakeholders about the proposed SSA and solicit feedback. We anticipate that members of the Steering Committee and/or other champions of the proposed SSA will discuss the goals and anticipated outcomes of the SSA, and City staff will present the identified menu of services. SB Friedman will present background/educational information on SSAs and discuss the property-level tax impacts.

c. **Final Maps:** We will prepare final maps of the proposed SSA boundary to be used for the boundary legal description and for inclusion in the staff report and draft establishment ordinance for the SSA.

d. **Boundary Legal Description:** SB Friedman will coordinate with a surveyor to draft the boundary legal description for the proposed SSA. We can work with the City's engineer or other preferred firm, or we are able to provide recommendations. Once the surveyor completes the work, we will proof the boundary legal description. We can also send the boundary legal description to Will County for final review. The cost for the surveyor is not included in this fee estimate.

e. **Assistance with Staff Report:** We assume that City staff will prepare the final staff report for the proposed SSA using much of the material prepared above. We can provide example ordinances from other SSA establishments we have been involved with to assist the City legal department.

f. **Public Hearing:** We assume that City staff will present the proposed SSA for consideration at the statutorily required public hearing. Under this preliminary budget estimate, we have assumed that we do not need to attend. We are happy to attend if desired.

g. **City Council Meeting:** We assume City staff will also present at the City Council meeting where the proposed SSA is considered for approval. Under this preliminary budget estimate, we have assumed that we do not need to attend. We are happy to attend if desired.

TIMELINE

Based on our prior experience, we estimate that the overall timeline for the SSA planning and establishment process would take roughly six to eight months to complete. This timeline is based on a relatively steady cadence of Steering Committee meetings and turnaround time for refinements to the boundary and tax model. It also assumes a smooth public engagement and establishment process with no additional meetings. The timeline could extend based on additional meetings to workshop the boundary and desired services, additional time needed to identify potential vendors and get service cost estimates, and/or a protracted public engagement and establishment process.

We understand that the City aims to begin the SSA visioning and planning process in spring 2026 and move to potential adoption before the end of 2026. SB Friedman will work closely with the City to achieve your timeline.

3 QUOTE FOR SERVICES

PROFESSIONAL FEES

Professional fees for this service will be based on the time required at the then-current hourly billing rates of the staff involved. Based on our prior experience, we have prepared a preliminary time (and thus) fee estimate for the Scope of Services described above totaling **$54,260,** as broken out by task below. However, the level of time required for such projects can vary widely in either direction (up or down). We will stay in regular communication and, if time demands are exceeding our preliminary estimates, we will seek additional fee authority before proceeding.

We have not provided estimates for the following costs as requested in the RFP as the costs are, to some large extent a function of the number of parcels and amount of land in the final SSA boundary. Third party costs not included in our fee estimate:

- Surveyor – Boundary legal preparation, assuming the boundary ends up close to that shown in Figure 1, we guess this cost would be under $10,000.
- Noticing Costs for the Public Hearing – We do not know how the City normally notices for such hearings or the costs to put notices in the newspaper.
- Mailing Costs for Public Hearing – We do not know how many parcels will be included in the final SSA boundary. We also do not know if the City typically prints and mails notices themselves or if they use a vendor. We assume the City sends notices by first class mail but do not know for sure. We will provide a list of all taxpayers in the final SSA boundary and their mailing addresses as part of our scope.

Further, we have recommended that the City hold a public meeting. This is not required by statue but is good practice to provide stakeholders an opportunity to engage with the process earlier. We have seen postcard mailings along with emails and Facebook posts and other mechanisms used to invite people to this meeting. We have not included any mailing, postage costs or room rental costs for this meeting in our budget estimate.

These rates will be in effect until December 31, 2026, at which time rates are subject to adjustment to reflect compensation changes and promotions of individuals.

Any additional services beyond what is included in the Scope of Services and detailed budget will be billed hourly at the rates provided above. Additional services could include:

- Additional Steering Committee meetings and/or additional in-person meetings
- Additional rounds of boundary refinement
- Additional rounds of tax model scenario refinements
- Additional analysis or work subject to public feedback
- Additional public meetings
- Assistance with the final submission and/or public hearing

Local travel, publications, maps, outside data purchased specifically for this project, use of owned or licensed databases, report production, and other out-of-pocket expenses are included in this estimate and will be billed in addition to professional fees as incurred (without markup). Travel time will be billed in full.

Invoices will be rendered not more frequently than monthly as our work progresses for services and costs incurred. All invoices are payable within 30 days. If at any point the decision is made to discontinue our services, our fee will be based upon the actual time expended and out-of-pocket costs incurred to that date.

The attached Limitations of Our Engagement apply to this engagement.

Our firm is a proponent of best practices in public-private development finance.

We have been a member of the Illinois Tax Increment Association/Illinois Enterprise Zone Association (ITIA/IEZA) for over 10 years, and have senior personnel serving as national TIF curriculum advisor and instructor for the Council of Development Finance Agencies (CDFA). We have advised both public and private sector clients on special district issues, ranging from conducting eligibility studies to providing support in the application process and compliance phase.

STRENGTH IN DEAL STRUCTURING

Our depth of experience in private and public-private real estate finance allows us to tailor solutions for our clients that strike an appropriate balance between minimizing risk to the public sector and achieving a financially-feasible private development project. We also have significant depth in term sheet negotiation and development, modeling of financial scenarios, and providing clear documentation of our findings and recommendations (both for internal client use and public consumption, if desired).

EXPERTISE IN MARKET ANALYSIS & REDEVELOPMENT STRATEGIES

We have expertise in market and economic analysis for various land uses, including residential, retail, office, industrial, mixed-use, and research and development facilities. We analyze real estate market trends, competitive position, market niche and concept, absorption and pricing, development conditions, physical requirements, configuration and integration of uses and users, and tenant mix and leasing parameters. We pay particular attention to demographic and economic changes underlying market demand.

Our work includes identifying market-feasible uses for a development program and providing guidance on pre-development actions, development partnerships and financing sources. We have applied our expertise to comprehensive, corridor, downtown and subarea plans, site redevelopment, mixed-use projects, and implementation strategies.

OUR MISSION IS TO HELP OUR CLIENTS TO CREATE EQUITABLE, RESILIENT AND WELL-DESIGNED COMMUNITIES THROUGH THE PRACTICE OF REAL ESTATE ECONOMICS, DEVELOPMENT FINANCE AND URBAN PLANNING.

SPECIAL DISTRICT SERVICES

Many states can create and/or enable the creation of special taxing districts in limited geographic areas to support development goals. We advise communities on the establishment of these districts, including Special Service Areas (SSAs), tax increment financing districts and business districts, and incorporate such considerations as boundary definition and eligibility, competitive considerations (when the district includes an increase in tax rate), and fiscal implications for other taxing bodies. We also help formulate plans to guide the use of these districts and support community outreach and education regarding these special districts.

SPECIAL SERVICE AREA SUPPORT

Special Service Areas are used in Illinois to create a stable source of funds that can support special or additional services and/or physical improvements in targeted areas within a municipality such as sidewalk cleaning, planters and banners, and events. They are commonly used in downtowns and along commercial corridors to strengthen the retail environment, support local businesses, and enhance the overall quality of life of the community.

We support the establishment, reconstitution and ongoing management of SSAs in a variety of ways, including:

1. Boundary definition support
2. Financial analysis and tax impact modeling
3. Outreach/engagement and approval process support

We have helped establish and amend dozens of SSAs in Illinois. We have also helped assess the feasibility of numerous proposed districts that ultimately did not proceed.

Our experience with detailed property tax impact analysis, interactions with tax increment financing districts, and considerations around SSA establishment and ongoing management is just one part of our value. We also have significant experience working with steering committees, elected officials and service providers as they work to define an SSA program and service package that works for all stakeholders. This work is conducted one-on-one, in steering committee meetings, in formal public hearings, and in ongoing SSA commission board meetings.

Capacity & Organizational Involvement

SB Friedman maintains a highly-trained staff of 39, including two marketing professionals and three administrative support staff. All of our professional planning staff members regularly provide a range of development advisory services for public- and private-sector clients, affording the firm substantial capacity to respond to tight deadlines and challenging assignments. SB Friedman has extensive procedures for ensuring that assignments are completed within an appropriate timeframe in a professional and technically accurate manner. Each week, the management team meets to allocate responsibilities and resources as needed to meet deadlines and address the technical requirements of projects. At these meetings, additional staff resources can be added to the project team as needed to provide support.

In addition, our firm structure is highly flexible and affords substantial capacity for completing projects on short timeframes. Staffing teams are assembled on a project-by-project basis and adjusted over the course of projects as necessary to remain on schedule. Our firm is engaged in 50-60 projects with staggered completion dates at any time. This results in additional staff capacity coming available each week.

We are actively involved, as members as well as on boards and committees, in numerous planning and economic development/development finance organizations, including American Planning Association (APA), ITIA/IEZA, CDFA, and Urban Land Institute (ULI), and speak frequently at various conferences and educational events.

SSA TECHNICAL ASSISTANCE AND ADVISORY SERVICES

VARIOUS CLIENTS

LOCATION
Chicago, IL

SB Friedman provides technical assistance and advisory services to reconstitute and expand Special Service Areas (SSAs) in Chicago.

Our scope of work typically includes conducting a PIN-by-PIN review of tax code reports, Paid Indicator Reports, Cook County Assessor's data and GIS shapefiles. We then assemble and analyze property assessment information, including base equalized assessed value (EAV) by tax code and TIF district, to compare the tax impacts of potential boundary expansions and tax rate cap scenarios on the SSA budget. From this analysis, we create a model forecasting the future tax impacts of the TIF district's potential expirations on the SSA to help committees arrive at a recommended property tax rate caps.

We help prepare the formal application materials required by the City, including a boundary exhibit and land use map, tax roll, and mailing list of taxpayers and owners. We also coordinate the title research and the development of the district boundary legal description. This process includes assistance with public presentations at community meetings run by the SSA staff.

Our work helps to inform the recommended boundary and to refine the budget set by the SSA Advisory Committee and SSA staff. We also assist in moving the Committee to a consensus regarding the appropriate SSA maximum tax rate that balances taxpayer support with revenue generation goals for proposed services.

Results: We have assisted with the reconstitution of the following SSAs:

- SSA 31, Greater Ravenswood Chamber of Commerce
- SSA 33, Wicker Park Bucktown Chamber of Commerce
- SSA 34, Uptown United
- SSA 42, South Shore Chamber of Commerce
- SSA 47, Quad Communities Development Corporation
- SSA 56, Quad Communities Development Corporation
- SSA 60, River North Commission

TIF CONSULTING AND DEVELOPMENT ADVISORY SERVICES

CITY OF JOLIET

LOCATION
Joliet, IL

Since 2014, SB Friedman has provided development advisory services, financial deal reviews, and tax increment financing (TIF) services to the City of Joliet, with a focus on revitalizing the City's downtown district and neighborhoods around medical centers.

TIF District Designation and TIF District Amendment Support. We conducted TIF eligibility studies for multiple study areas within the city, and provided support for TIF district boundary amendment efforts and redevelopment plan updates. **Results:** We supported the creation of three new TIF districts and two amendments for an existing district. The City has been focusing on drawing development to the four established TIF districts—two in downtown, one that is centered around an existing medical center (Saint Joseph), and another on a former hospital campus (Silver Cross). Visioning sessions for the Saint Joseph TIF area were held in 2019.

Identifying the Appropriate Size and Structure of Financial Assistance Packages. We evaluated developer requests for City financial assistance related to various redevelopment projects, a proposed hotel development and a restaurant/bar expansion. We provided recommendations regarding both the amount and structure of financial assistance needed to achieve reasonable investment results and community development goals. **Results:** The City, with the support of the Joliet City Center Partnership, moved forward with a redevelopment agreement for the Barber Building, a downtown market-rate residential development. All 35 apartments were leased a month before the building's completion.

Developer Recruitment Support/RFP Development. We assisted with the preparation of a Request for Proposals document as the City sought to sell the Loughran Building at 1 East Cass Street. **Results:** The City continues to work on the redevelopment of this building.

TIF DISTRICT CONSULTING SERVICES

VARIOUS SUBURBAN CHICAGO CLIENTS

LOCATION
Chicago Suburbs, IL

SB Friedman has substantial and notable experience with assisting various municipalities located in suburban Chicago in the designation and support of tax increment financing (TIF) districts.

Our firm has expertise in the use of tax increment financing to facilitate high-quality development, redevelopment and infrastructure projects. We have been a member of the Illinois Tax Increment Association for over 20 years and edited the Council of Development Finance Agencies' "Advanced Tax Increment Finance Reference Guide." Our background and broad experience with TIF allows us to provide a broad range of TIF-related services, including:

- Eligibility Studies, Plans, Amendments and District Adoption Support
- Incremental Property Tax Revenue Projections
- Pro Forma Financial Analysis and Deal Structuring
- Negotiation Support/Term Sheet Development
- Project and TIF District Compliance and Analytical Services

We have served, among others, the following suburban municipal clients:

- City of Geneva
- City of Joliet
- City of McHenry
- City of St. Charles
- City of Wood Dale
- Village of Buffalo Grove
- Village of Hanover Park
- Village of Homewood
- Village of Lisle
- Village of Mount Prospect
- Village of Palatine
- Village of Riverwoods
- Village of Schaumburg
- Village of Sugar Grove
- Village of Villa Park

Results: We have helped designate or amend almost 60 TIF districts in suburban Chicago. These various TIF districts have been used to support retail, commercial, mixed-use, residential and industrial development in areas where such projects would not have otherwise been feasible.

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:

Award Payment for the Ottawa Street Parking Garage Painting Project to Cosgrove Construction Inc. in the amount of $190,625.00.

BACKGROUND:
The Ottawa St parking garage located at 110 N Ottawa St is used as one of the main parking destinations for downtown Joliet. It sits adjacent to the City Square and will be used as the main parking destination for all downtown events held at the City Square. It was built in 1977 and has around 400 spaces. It has not had an exterior painting since the 90s and it is needed as part of overall maintenance. The color would be the same but will appear a bit darker than it is now because of fading. This is the same color as City Hall was just painted last year. Power Washing then two coats of paint will be applied.

The Public Assets Committee will review this item.

CONCLUSION:
The City of Joliet is seeking approval to award payment for the Ottawa Street Parking Garage Painting Project. Staff contacted three vendors to obtain proposals for the scope of work, three returned proposals. Staff are recommending the purchase be approved and awarded to Cosgrove Construction Inc. in the amount of $190,625.00. Original projected estimates were $300,000.00. The 2026 Parking Improvement Fund provides funding for this painting project (Org 52190020, Obj 557300, $190,625.00).

Company	Proposal Amount
Cosgrove Construction Inc.	$190,625.00
M3 Builds	$218,000.00
Hoss Decorating	$215,200.00

Section 2-438 of the City of Joliet Code of Ordinances states that purchases over twenty-five thousand dollars ($25,000.00) may be awarded without written specifications under certain circumstances. Two (2) of these circumstances apply:

(f) Purchases when authorized by a concurring vote of two-thirds (2/3) of the Mayor and City

Council.

(g) Purchases of professional services.

Funds will be charged to Parking Improvement Fund (Org 52190020, Object 557300), $190,625.00

RECOMMENDATION: Based on the above, it is recommended that the Mayor and City Council approve the Ottawa Street Parking Garage Painting Project to Cosgrove Construction Inc. in the amount of $190,625.00.

SUBJECT:
Award of Contract for the Southeast Joliet Sanitary District Water System Improvements Project to Austin Tyler Construction Inc. in the Amount of $2,982,535.68

BACKGROUND:
The City of Joliet acquired the Southeast Joliet Sanitary District (District) water and sanitary sewer systems on February 1, 2026. The County is providing funding via multiple sources to fund improvements in the District's system. One of these funding sources is grant funds via the American Rescue Plan Act (ARPA). On October 21, 2025, the Mayor and Council approved the Subrecipient Award Agreement for receipt of $4,025,046 in ARPA funds for water system improvements for the Southeast Joliet Sanitary District. On May 5, 2026, the Mayor and Council approved an amendment to this Agreement increasing the ARPA funds for improvements in SEJSD to $4,106,562.10.

One of the projects identified to be constructed utilizing ARPA funds is replacement of sections of water main that are in poor condition. The location and scope of water main replacement is shown on the attached map. The total length of water main to be installed is 7,181 feet, or 1.36 miles.

Design drawings and bidding documents were prepared and the invitation to bid for the project was advertised in the Joliet Herald-News on Thursday, April 30, 2026.

The Public Service Committee will review this matter.

CONCLUSION:
On Tuesday, May 19, 2026, at 10:00 a.m., three (3) sealed bids were received for the Southeast Joliet Sanitary District Water System Improvements Project. Due to the limited amount of project funding, the project bid required that contractors provide a "base bid" for the base scope of work and an "alternate bid" for the base bid plus additional water main replacement work. Based on the pricing received, there are enough grant funds for the alternate bid amount. The bid summary is as follows:

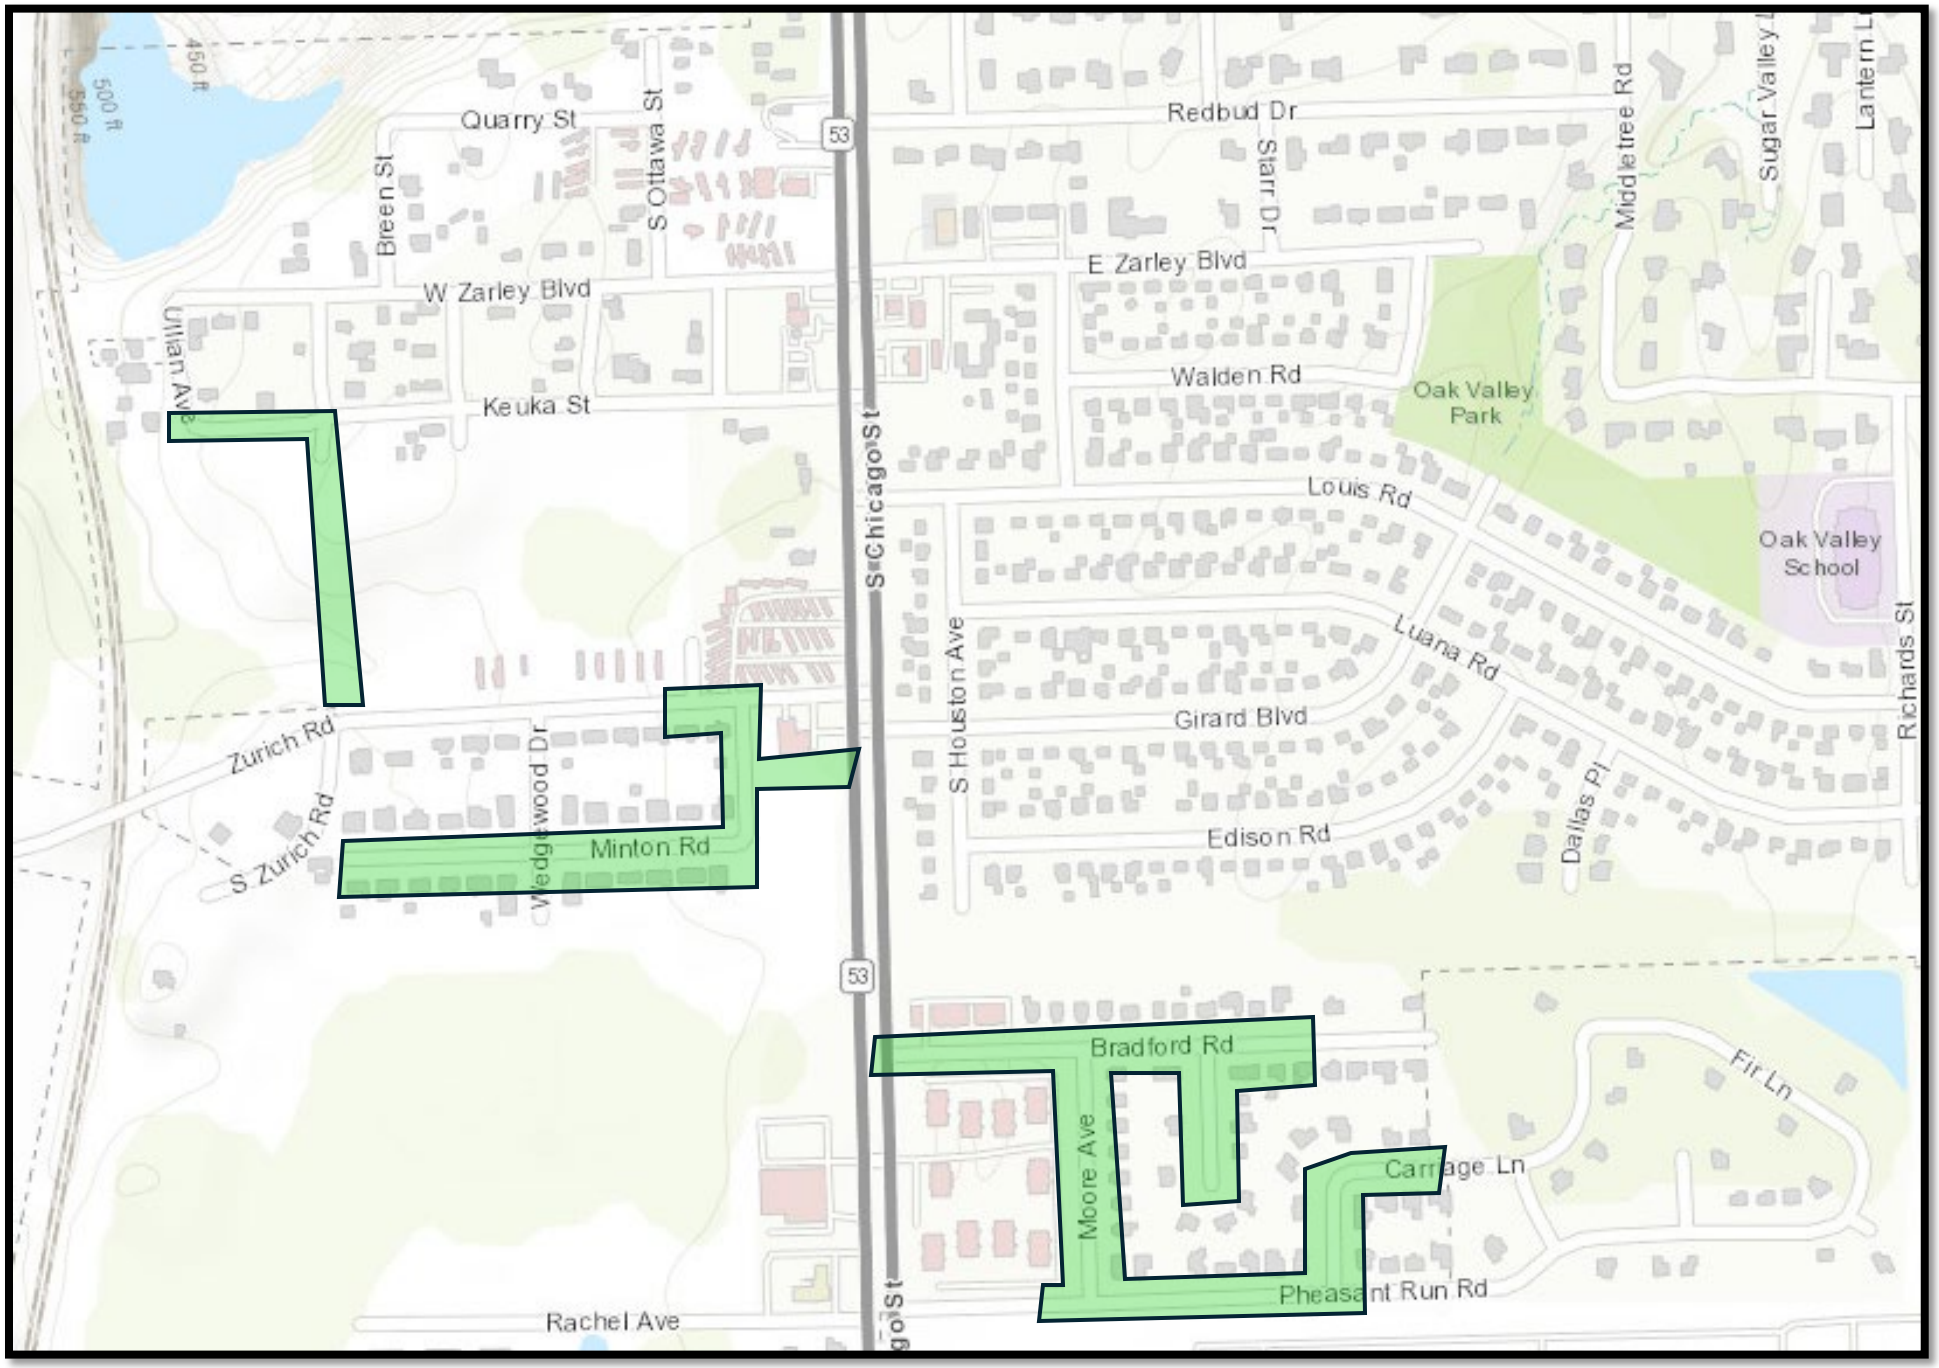

CONTRACTOR	BASE BID AMOUNT	ALTERNATE BID AMOUNT
Austin Tyler Construction Inc., Elwood, IL	$1,591,464.21	$2,982,535.68
Construction by Camco, Inc., Joliet, IL	$1,820,789.65	$3,181,869.84
Len Cox & Sons Excavating, Crest Hills, IL	$1,868,623.20	$3,245,985.10
Engineer's Estimate	$1,880,000.00	$3,400,000.00

The low bid from Austin Tyler Construction Inc., for the alternate bid scope of work, in the amount of $2,982,535.68, is 13% below the engineer's estimate. Austin Tyler Construction Inc. has previously completed similar work for the City and completed this work to the City's satisfaction.

Funds will be charged to the PU Grant / Reimbursable Projects Fund / SEJSD / Construction (Org 50180170, Object 557200, $2,982,535.68).

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council award the Contract for the Southeast Joliet Sanitary District Water System Improvements Project, in the amount of $2,982,535.68, on behalf of Austin Tyler Construction Inc.

Award of Contract for the 2026 Roadways Resurfacing Contract A to PT Ferro Construction Co. in the Amount of $2,434,217.87

BACKGROUND:
The Mayor and City Council previously approved the 2026 City of Joliet Budget. The 2026 Resurfacing Contract A is included in this budget. The project was advertised on Tuesday, April 28, 2026.

The Public Service Committee will review this matter.

CONCLUSION:
On May 12, 2026, at 10:00 A.M., three (3) sealed bids were received for the 2026 Resurfacing Contract A Project. The bid summary is as follows:

CONTRACTOR	BID AMOUNT
PT Ferro Construction Co.	$2,434,217.87
Gallagher Asphalt	$2,458,888.00
Austin Tyler Construction Inc.	$2,465,895.24
Engineer's Estimate	$2,679,692.87

The low bid from PT Ferro Construction Co. in the amount of $2,434,217.87 is 9.16% below the engineer's estimate. PT Ferro Construction Co. has previously completed similar work in a satisfactory manner for the City.

Funds will be charged to Public Works Capital Improvement Fund (Org 30090270, Object 557200, Project 26014, $2,434,217.87).

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council award the 2026 Roadways Resurfacing Contract A, in the amount of $2,434,217.87, on behalf of PT Ferro Construction Co.

Ordinance Amending Chapter 18, Article I, Sec. 20 and Chapter 26, Article VII, Division 1, Sec. 141 through 148 Regulating Sidewalk Cafes of the City of Joliet Code of Ordinances

BACKGROUND:
The proposed ordinance amends Chapters 18 and 26 of the City of Joliet Code of Ordinances, specifically addressing the regulation of sidewalk cafes within the city.

To accomplish these goals, the ordinance establishes clear definitions and operational standards, including requirements for boundaries, hours of operation, and maintenance.

Sidewalk cafes shall only be open to the public during the normal business hours of the adjacent restaurant but not later than 11:00 p.m. on Fridays and Saturdays, and 10:00 p.m. on all other days for the dates of operation from April 1 through November 1 of each year.

The permitted hours of operation for the outdoor sidewalk cafés are 7:00 a.m. through 12:00 a.m. (midnight), or the normal business hours of the adjacent restaurant if the business is trying to close up and clean the permitted café furniture.

Sidewalk cafés serving alcohol must be enclosed by a semi-permanent boundary approved by the City, with specific height and durability standards.

The ordinance also sets revised fee schedules, distinguishing between cafés with and without alcohol service.

Operational controls address pedestrian safety, requiring unobstructed sidewalk space and clearances from public-way encumbrances.

Additional regulations govern the cleanliness, removal of equipment, and compliance with City-approved furnishing standards.

CONCLUSION:
These changes are intended to enhance the visual appeal and operational standards of outdoor dining spaces.

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council approve an Ordinance

ORDINANCE NO. _____

ORDINANCE AMENDING CHAPTER 18, ARTICLE I, SEC. 20 AND CHAPTER 26, ARTICLE VII, DIVISION 1, SEC. 141 through 148 REGULATING SIDEWALK CAFES OF THE CITY OF JOLIET CODE OF ORDINANCES

(Adding language establishing regulations for sidewalk cafes allowing the sale and service of alcoholic beverages)

WHEREAS, the Mayor and City Council of the City of Joliet, Illinois (City) has the authority to adopt ordinances and to promulgate rules and regulations that pertain to its government and affairs and protect the public health, safety, and welfare of its citizens; and

WHEREAS, the Mayor and City Council have seen fit to establish regulations for the outdoor patios of adjacent restaurants and businesses, mainly those maintained as sidewalk cafes, within the City of Joliet; and

WHEREAS, the Mayor and City Council recognize the appeal to the public of these sidewalk cafes as they provide enhance the visual interest in the dining experience of the City; and

WHEREAS, the Mayor and City Council recognize the need to provide safe movement of pedestrians on the sidewalk and adjacent on-street parking that borders these sidewalk cafes; and

WHEREAS, the Mayor and City Council find that consistent and high-quality visual aesthetics, including furnishings, barriers, signage, and lighting, are necessary to preserve the character and appearance of the public streetscape; and

WHEREAS, the Corporate Authorities further find that clearly defined operational standards for sidewalk cafes, including hours of operation, maintenance requirements, and alcohol control, are necessary to minimize impacts on adjoining properties, pedestrian traffic, and public safety; and

WHEREAS, the existing regulations do not fully address the integration of alcohol service, aesthetic standards, and operational controls in a unified and comprehensive manner; and

WHEREAS, the Corporate Authorities desire to amend the Code to establish enhanced and uniform standards addressing the governing of appearance, design, and functional operation of these sidewalk cafes; and

WHEREAS, the City of Joliet is a home rule unit of local government pursuant to Section 6(a), Article VII of the 1970 Constitution of the State of Illinois, and as such may exercise any power and perform any function pertaining to its government and affairs including but

not limited to, the power to regulate for the protection of the public health, safety, morals, and welfare.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, ILLINOIS, PURSUANT TO ITS STATUTORY AND HOME RULE AUTHORITY, AS FOLLOWS:

SECTION 1: The Mayor and City Council hereby find that the recitals contained in the remainder of this Ordinance are true, correct and complete and are hereby incorporated into this Ordinance by reference.

SECTION 2: That Chapter 18 (Licenses and Business Regulations), Article I (In General), Sec. 18-20 (Fee Schedule), shall hereby be amended in part (additional language marked in **bold and underline** and deletions marked with ~~strikethrough~~) as reflected in the following:

	(1)	**Without alcohol**		**100.00**
	(2)	**With alcohol**		**300.00**

SECTION 3: That Chapter 26 (Streets, Sidewalks, Public Grounds), Article VII (Commercial Use of Sidewalks), Division 1 (Generally), Sec. 26-141 through 26-148, shall hereby be amended in part (additional language marked in **bold and underline** and deletions marked with ~~strikethrough~~) as reflected in the following:

Sec. 26-141. - Definitions.

~~For the purposes of this article, u~~ **U**nless the context clearly indicates otherwise, the following words, terms and phrases shall have the meanings respectively ascribed to them in this section:

Boundary means a semi-permanent structure, subject to approval by the City, that is required for all outdoor dining where alcohol service is proposed. The boundary must be no more than thirty-six (36) inches in height and must be durable so that it does not collapse or fall over due to wind or incidental contact. The boundary shall be maintained during operating hours and removed upon the conclusion of the dates of operation.

Sidewalk cafe means a~~n unenclosed~~ dining area situated within a fixed location upon a public sidewalk operated as an integral part of an adjacent for-profit restaurant where food and beverages are served at tables only.

Sidewalk *sale* means the making of merchandise available for sale from any kind of table, counter, pushcart, wagon or the like or a delivery by any means, on any portion of a public sidewalk. This definition shall not be construed to include "tag days."
(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-142. - ~~Hours of operation.~~ **Regulations and Operation.**

(a) Sidewalk sales shall be held only during the normal business hours or special predetermined business hours of the stores or business places abutting or closest to the location of the sidewalk sale. **The Business Services Department shall be authorized to promulgate and enforce regulations pertaining to the commercial use of public sidewalks which are consistent with this article**.

(b) Sidewalk cafes shall only be open to the public ~~during the normal business hours of the adjacent restaurant but not later than 11:00 p.m. on Fridays and Saturdays, and 10:00 p.m. on all other days.~~ **for the dates of operation from April 1 through November 1 of each year. The permitted hours of operation for the outdoor sidewalk cafés are 7:00 a.m. through 12:00 a.m. (midnight), or the normal business hours of the adjacent restaurant if the business is trying to close up and clean the permitted café furniture.**

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-143. - Obstruction of traffic.

The commercial uses permitted by this article shall be conducted so as to not obstruct vehicular or pedestrian traffic in an unsafe or unreasonable manner. In no event shall the permitted commercial uses reduce the unobstructed portion of the sidewalk **as follows:** ~~to less than five (5) feet in width~~.

(a) At least sixty (60) inches of clear, unobstructed sidewalk space must be maintained for pedestrian passage, with a minimum clear path of forty-two (42) inches.

(b) A clearance of at least sixty (60) inches maintained between the café and all public way encumbrances.

(c) When a café is located along the curb, there must be a minimum clearance of twenty-four (24) inches between the café boundary and the curb edge.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-144. - Duties of persons making commercial use of sidewalk space.

Any person making commercial use of a public sidewalk shall do so in a reasonable manner with due regard for the health and safety of persons and property. No person shall make any alteration to public property which creates an unreasonable risk of harm to persons or property. Persons making commercial use of public property at a fixed location shall owe a duty to the city and third persons to maintain said property in a reasonably clean, safe and sanitary condition.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-145. - Conditions of usage.

(a) *Outdoor cooking* ***and operation of outdoor bars*** *prohibited.* No cooking ~~or~~ , food preparation**, or outdoor bar including the preparation, mixing, or dispensing of alcoholic beverages outside the licensed premises** shall be permitted in a sidewalk cafe.

(b) *Maintenance.* The permittee shall at all times maintain the sidewalk cafe in a clean, safe and sanitary condition. The permittee shall properly collect and dispose of all litter, trash, and other waste materials associated with the sidewalk cafe, including material in the adjacent public right-of-way originating from the sidewalk cafe.

(c) *Removal of equipment.* Upon the expiration, **conclusion of dates of operation, suspension or revocation,** or other termination of a sidewalk cafe permit, the permittee shall immediately remove all tables, chairs, furnishings, equipment and other items of personal property from the public sidewalk. Any such items remaining upon the sidewalk may be removed and disposed of by the city at the sole cost and expense of the permittee and the city may maintain an action at law to recover the same. **Furnishings may remain outdoors during dates of operation in compliance with this section, but chairs shall be stacked or pushed in, umbrellas closed, and tables cleared when the business is closed. Business owners retain the right to request the members of the public to clear the space for means of cleaning furnishings and closing down the business.**

(d) *Alterations.* No person shall alter, damage or deface any public sidewalk or other public property.

(e) *Furnishings.* All outdoor furnishings shall comply with the pre-approved standards of the City of Joliet to contribute to the character of the streetscape.

(f) *Amplification.* No outdoor amplification is permitted unless otherwise pre-approved by the City staff through a Sound Amplification Permit.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-146. - ~~City manager authorized to promulgate regulations.~~ **Regulation of Alcohol.**

~~The city manager shall be authorized to promulgate and enforce regulations pertaining to the commercial use of public sidewalks which are consistent with this article.~~ **Sidewalk cafes seeking to serve alcohol must hold a current and valid liquor license and any required permits in accordance with Chapter 4 of the City Code. Any sidewalk café serving alcohol shall be enclosed by a defined boundary and shall comply with the following requirements:**

- **(a) The boundary must enclose the sidewalk café from the remainder of the public way and be maintained in accordance with approved design guidelines.**
- **(b) The boundary must be no more than thirty-six (36) inches in height and must be durable to that it will not collapse or fall over due to wind or incidental contact.**
- **(c) Moveable sections are permitted to allow access, provided the boundary continues to comply with all requirements.**
- **(d) The boundary must be maintained in place during operating hours and may not be stabilized by bolting it to the sidewalk.**
- **(e) Café boundaries and furniture may be placed in the public way once the permit is issued and must be removed at the conclusion of the dates of operation.**
- **(f) Alcoholic beverages shall not leave the sidewalk café permitted boundary unless DT Permit has authorized such movement.**
- **(g) Alcoholic beverages permitted are subject to those types and quantities authorized under the licensee's primary liquor license.**
- **(h) Service and consumption of alcohol within a sidewalk café shall be limited to the hours authorized under the applicable sidewalk café permit. If the licensee's authorized liquor service hours extend beyond the permitted sidewalk café hours, all patrons shall cease alcohol service within the sidewalk café area and be required to relocate inside the licensed premises for continued service.**

(Ord. No. 11051, § 10, 3-5-96)

Secs. 26-147, 26-148. - Reserved.

DIVISION 2. - PERMITS

Sec. 26-149. - Required.

(a) Sidewalk *sales.* It shall be unlawful for any person to conduct sidewalk sales or operate a sidewalk cafe without first obtaining a written permit from the ~~city manager~~ **Business Services Department**. No more than five (5) permits may be issued to any one (1) person or organization calendar year.

(b) Sidewalk cafe*.* A permit to operate a sidewalk cafe may only be obtained by a person operating a duly licensed and permitted restaurant upon the property adjacent to the public sidewalk designated in the permit application.

(c) *All permits.* A permit issued pursuant to this article shall not be transferable or assignable and may be revoked by the city upon twenty-four (24) hours' notice. The permit shall not confer any property rights in the underlying right-of-way.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-150. - Application; contents; filing; time limit.

(a) Sidewalk *sales.* Applications to conduct a sidewalk sale shall be made in writing to the ~~city manager~~ **Business Services Department** at least seven (7) business days prior to the date of the event by a representative of the person seeking the permit, and shall set forth the following information:
   (1) The name, address and telephone number of the person or organization seeking to conduct the sidewalk sale.
   (2) If the sidewalk sale is proposed to be conducted for or on behalf of, or by an organization, the name, address and telephone number of the headquarters of the organization.
   (3) The name, address, telephone number and position or title, if any, of the person in charge of the sidewalk sale.
   (4) The date or dates, and the hours on the dates, when the proposed sidewalk sale is to be held.
   (5) The location of said sidewalk sale.
   (6) The amount of space on the sidewalk to be occupied by the apparatus connected with the sidewalk sale.

(b) Sidewalk cafes*.* Application to operate a sidewalk cafe shall be made in writing to the ~~city manager~~ **Business Services Department** and shall set forth the following information:
   (1) The name, address and telephone number of the applicant and of the adjacent restaurant and its manager.
   (2) An overall site plan showing the proposed location and dimension of the sidewalk cafe in relation to the adjacent street and sidewalk including that part of the sidewalk to remain outside of the cafe.

(3) A ~~floor~~ **design** plan specifying the location of ingress, egress, tables, decorations, furnishings, equipment, removable perimeter barriers, the total square footage to be occupied by the sidewalk case and the maximum seating.
(4) An operations plan specifying the proposed dates, days and hours of operations of the sidewalk cafe, the hours of operation of the adjacent restaurant, the number of wait staff, security staff and maintenance personnel and a proposed menu, including alcoholic beverages, if applicable.
(5) The carrier, policy number, coverage amounts, and policy periods of the applicant's general liability policies and liquor liability powers, if applicable.
(6) The license number of the applicant's current food service establishment license and, if applicable, the license number of its city retail alcoholic liquor license.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-151. - Waiver of liability required; execution of waiver; failure to execute waiver.

(a) The applicant shall submit a release and waiver of all claims for damages against the city arising out of injuries which may be incurred as a result of the use of the sidewalk by the applicant.
(b) The waiver of liability must be signed by all persons who will perform services for the applicant on the sidewalk. If any of these persons are minors, the waiver must be signed by at least one (1) parent if living, or the legally appointed guardians of the minors, stating the full name of the minors they are signing for.
(c) Persons whose signatures do not appear on the waiver of liability form do not have the permission of the city to use a public sidewalk for commercial purposes.
(d) As an alternative to the provisions of the preceding subsections of this section, the applicant may submit an agreement whereby the applicant will agree to defend, indemnify and save harmless the city from all claims for damages arising out of or in connection with its use of the sidewalk. If the applicant represents organizations or businesses other than itself, each organization or business so represented shall submit a like agreement.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-152. - Liability insurance required; amount; terms; conditions.

In addition to the waiver of liability required by section 26-151, the application for a permit shall have attached to it proof of liability insurance of three hundred thousand dollars ($300,000.00) for each person injured and five hundred thousand dollars ($500,000.00) aggregate per accident and three hundred thousand dollars

($300,000.00) for property damages for each accident. This insurance must name the city as an additional insured with right to notice of cancellation. The insurance required by this section shall be occurrence-based and shall remain in effect for the period of time the applicant occupies any part of the public sidewalk.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-153. - Action on application.

(a) Sidewalk *sales permit.* To the extent practicable, the ~~city manager~~ **Business Services Department** shall determine an application for a sidewalk sales permit within three (3) business days of submittal. Permits may be denied on the basis of an incomplete or improper application, noncompliance with applicable laws or ordinances, delinquency in any account or debt owed to the city, inadequate safety precautions for public use of the sidewalk, substantial conflict with the public use of the sidewalk or adjacent street or some other reason having a proper basis in law. The reasons for denial shall be made known to the applicant, in writing, at the time of rejection. Amended applications may be submitted at least seven (7) days in advance of the event.
(b) Sidewalk cafe *permit.* To the extent practicable, the ~~city manager~~ **Business Services Department** shall determine an application for a sidewalk cafe permit within thirty (30) business days of submittal. Permits may be denied on the basis of an incomplete or improper application, noncompliance with applicable laws or ordinances, delinquency in any account or debt owed to the city, inadequate safety precautions for public use of the sidewalk, substantial conflict with the public use of the sidewalk or adjacent street or some other reason having a proper basis in law. The reasons for denial shall be made known to the applicant, in writing, at the time of rejection.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-154. - Fees.

(a) Sidewalk *sales.* The fee for a sidewalk sales permit shall be as provided in the schedule of fees set forth in section 18-20. There shall be no fee for sidewalk sales sponsored by and operated for the exclusive benefit of a duly recognized not for profit organization.
(b) Sidewalk cafes*.* The fee for a sidewalk cafe permit shall be as provided in the schedule of fees set forth in section 18-20.

(c) *Payment of fee.* Fees shall be paid to the city collector at the time the application for a permit is made. No permit shall be issued unless the entire fee is paid.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-155. - Exemptions.

Vendors of newspapers regularly published are exempt from the provisions of this division.

(Ord. No. 11051, § 10, 3-5-96)

Sec. 26-156. - Issuance; contents.

(a) Sidewalk *sales permits.* Sidewalk sales permits issued by the ~~city manager~~ **Business Services Department** shall contain the following terms and conditions:
   (1) The exact location of the proposed sidewalk sale.
   (2) The dates and times the sidewalk sale is permitted.
   (3) The maximum number of sales persons to be permitted at any one (1) time.
   (4) Other reasonable terms and conditions deemed necessary and proper given the objectives of this article.

(b) Sidewalk cafe *permits.* Sidewalk cafe permits issued by the ~~city manager~~ **Business Services Department** shall contain the following terms and conditions:
   (1) The exact location of the proposed sidewalk cafe.
   (2) The dates and times the sidewalk cafe is permitted to be open to the public.
   (3) The maximum number of tables permitted in the sidewalk cafe.

Other reasonable terms and conditions deemed necessary and proper given the objectives of this article.

(Ord. No. 11051, § 10, 3-5-96

Sec. 26-157. - Revocation.

The ~~city manager~~ **Business Services Department** may revoke or suspend any permit issued hereunder for cause after affording the permittee reasonable notice and an opportunity to be heard. If the ~~city manager~~ **Business Services Department** has an objectively reasonable belief that the presence or operation of the sidewalk cafe or sales constitutes clear and present risk to the public health and safety, the ~~city manager~~ **Business Services Department** may revoke the permit prior to hearing. In such event a hearing shall be conducted within seven (7) business days of revocation.

(Ord. No. 11051, § 10, 3-5-96)

SECTION 3: In the event that any provision or provisions, or portion or portions of this ordinance shall be declared to be invalid or unenforceable by a Court of competent jurisdiction, such adjudication shall in no way affect or impair the validity or enforceability of any of the remaining provisions or portions of this ordinance that may be given effect without such invalid or unenforceable provision or provisions, portion or portions.

SECTION 4: All ordinances directly in conflict with the terms of this Ordinance are hereby repealed to the extent of such conflict.

SECTION 5: This Ordinance shall be deemed severable and the invalidity of any portion hereof shall not invalidate the remainder.

SECTION 6: This Ordinance shall be in full force and effect after its passage, approval and publication as provided by law.

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:
Ordinance and Resolution Associated with Autobahn Country Club:

Ordinance Approving a Special Use Permit to Allow Development on a Lot Containing Cedar Creek Watershed Protection Area (M-1-26)

Resolution Approving an Amendment to the Master Development Plan for Autobahn Country Club (M-2-26)

BACKGROUND:
The petitioner, Autobahn Country Club, LLC, requests approval of a Cedar Creek Watershed Protection Area Special Use Permit and an amendment to the Autobahn Country Club Master Development Plan to allow an addition to the north circuit of the facility's existing racing track. The petitioner needs approval of the Special Use Permit because the lot on which the track would be constructed contains area within the Cedar Creek watershed protection area as defined in section 47-15G of the Zoning Ordinance. The actual surface of the track addition would not be located within the protection area. The attached site plan shows the proposed track addition and the limits of the protection area. The updated Master Development Plan is also attached and includes the proposed north track addition as well as an expansion of the paddock area.

In 2007, the City passed Ordinance #15820 (Zoning Ordinance section 47-15G) regarding the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch watershed protection areas. The ordinance requires that any development of a lot or parcel containing territory located in these protection areas receives approval of a special use permit through the Plan Commission and City Council. The protection area is defined in the ordinance as property lying within 100 feet of the ordinary high water mark of the creeks, within 25 feet of the upland edge of any wetland within the watersheds, or within 100 feet of the center thread of any tributaries to the creeks actually located within the 100-year floodplain. The proposed track addition will be located on a lot that contains the north branch tributary of Cedar Creek and its corresponding 100-year floodplain, so there is protection area located on the lot in question.

Autobahn Country Club is a recreational motorsports facility that contains a 3.5-mile racing track with north and south circuits, team condominiums, individual team lots, and a go-kart track. The property was first annexed into the City in 2001. In 2003, City Council approved a special use permit and an amendment to the annexation agreement to allow the development of an open air recreational facility for outdoor driving, racing, and testing of motor vehicles and accessory uses. Per the special use permit, the facility was to be developed in substantial accordance with the Master Development Plan

that was also approved in 2003. Since that time, there have been several amendments to the annexation agreement, special use permit, and master development plan to allow expansion of the facility and additional uses such as the team condominium buildings, the kart track, and outdoor skeet and trapshooting.

The petitioner has submitted the required documentation for this special use request, including a site plan, a drainage control plan, and a grading plan. The plans show that a 0.25-acre area of trees will be removed for installation of a storm outfall for a new detention basin related to the track improvements. A small portion of this area falls within the edge of the protection area. The area where the trees are to be removed will be revegetated to restore the area to its natural state as required by the ordinance.

Approval of the requested Special Use Permit and amendment to the Master Development Plan will allow an addition to the north track and an expansion of the paddock area within the Autobahn Country Club facility. These proposed improvements are consistent with the existing layout of the site and the approved uses for the facility. The request meets the criteria outlined in section 47-15G.4 of the protection area ordinance and will not detrimentally affect or destroy the natural features of the protection area.

PLAN COMMISSION PUBLIC HEARING:
The Plan Commission held a public hearing on this matter at their meeting on May 21, 2026. David Silverman, attorney, represented the petition. No one spoke in favor of or in opposition to the petition. Meeting minutes are attached.

RECOMMENDATION OF THE PLAN COMMISSION:
Debbie Radakovich moved that the Plan Commission recommend approval of the Special Use Permit to allow development on a lot containing Cedar Creek Watershed Protection Area and an amendment to the Master Development Plan for Autobahn Country Club, located at 3795 CenterPoint Way.

Michael F. Turk seconded the motion, which passed with six (6) aye votes and no nay votes. Voting aye were: Cox, Crompton, Hammac, Martin, Radakovich, and Turk. Voting nay were: none. Absent were: Eulitz.

RECOMMENDATION:
Staff concurs with the recommendation of the Plan Commission and recommends that the Mayor and City Council approve the following:

1. Ordinance Approving a Special Use Permit to Allow Development on a Lot Containing Cedar Creek Watershed Protection Area

2. Resolution Approving an Amendment to the Master Development Plan for Autobahn Country Club

ORDINANCE NO._____

AN ORDINANCE GRANTING A SPECIAL USE PERMIT
(3795 CenterPoint Way)

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, ILLINOIS, AS FOLLOWS:

SECTION 1: A Special Use Permit is hereby authorized pursuant to Section 47-5.2 and Section 47-15G of the Zoning Ordinance of the City of Joliet, Ordinance No. 5285, as amended and ratified, to allow the specific use identified in Exhibit A on the real property described in Exhibit A and subject to the conditions set forth in Exhibit A. The Special Use Permit is authorized subject to the terms and conditions of all applicable federal, state, and local laws, ordinances, and regulations. The zoning classification of the subject property for which this Special Use Permit is authorized remains the same and is not changed in any way by the passage of this Ordinance. This Ordinance shall be strictly construed to prohibit any use not specifically authorized herein or otherwise allowed by the Zoning Ordinance of the City of Joliet. Noncompliance with the mandatory conditions set forth in this Ordinance shall subject the Special Use to repeal. The City Manager is hereby authorized to take such action as may be necessary for the City to comply with the terms thereof.

SECTION 2: The findings of fact and recommendation of the Plan Commission on the granting of this Special Use are hereby adopted and made a part of this Ordinance.

SECTION 3: This Ordinance shall be considered severable, and the invalidity of any section, clause, paragraph, sentence, or provision of the Ordinance shall not affect the validity of any other portion of this Ordinance.

SECTION 4: This Ordinance shall be in effect upon its passage.

SUBJECT: M-1-26: Special Use Permit to allow development on a lot containing Cedar Creek Watershed Protection Area

M-2-26: Amendment to the Master Development Plan for Autobahn Country Club

GENERAL INFORMATION:

APPLICANT:	Autobahn Country Club, LLC
STATUS OF APPLICANT:	Property Owner
OWNER:	Autobahn Realty LLC
REQUESTED ACTION:	Approval of a Cedar Creek Watershed Protection Area Special Use Permit and amendment to the Autobahn Master Development Plan
PURPOSE:	To allow an addition to the north track and an expansion of the paddock area
EXISTING ZONING:	I-1 (Light Industrial)
LOCATION:	3795 CenterPoint Way (10-11-06-201-003-0000, 10-11-06-401-002-0010, 10-11-06-401-003-0010) (Council District #5)
SIZE:	Approximately 330 acres
EXISTING LAND USE:	Recreational motorsports facility

SURROUNDING LAND USE & ZONING:

NORTH: Gas pipeline station, I-2 (general industrial); vacant, County A-1 (agricultural); CenterPoint Intermodal Center, I-TB (intermodal terminal – transportation equipment); and industrial, I-1 (light industrial)

SOUTH: CenterPoint Intermodal Center, I-TB (intermodal terminal – transportation equipment) and I-TC (intermodal terminal – industrial park)

EAST: CenterPoint Intermodal Center, I-TA (intermodal terminal – intermodal terminal) and I-TB (intermodal terminal – transportation equipment)

WEST: CenterPoint Intermodal Center, I-TC (intermodal terminal – industrial park)

SITE HISTORY: Autobahn Country Club is a recreational motorsports facility that contains a 3.5-mile racing track with north and south circuits, team condominiums, individual team lots, and a go-kart track. The property was first annexed into the City in 2001. In 2003, City Council approved a special use permit and an amendment to the annexation agreement to allow the development of an open air recreational facility for outdoor driving, racing, and testing of motor vehicles and accessory uses. Per the special use permit, the facility was to be developed in substantial accordance with the Master Development Plan that was also approved in 2003. Since that time, there have been several amendments to the annexation agreement, special use permit, and master development plan to allow expansion of the facility and additional uses such as the team condominium buildings, the kart track, and outdoor skeet and trapshooting. The most recent amendment to the Master Development Plan was in 2018 (Resolution #7335).

The Autobahn Country Club Subdivision was recorded in 2013. The subdivision created three main lots for the north track, the south track, and the clubhouse and paddock area, as well as individual lots for the team garages and condos. The proposed addition to the north track will be the same lot (AB-3) as the existing north track. This lot also contains the north branch tributary of Cedar Creek and its corresponding 100-year floodplain.

In 2007, the City passed Ordinance #15820 (Zoning Ordinance section 47-15G) regarding the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch watershed protection areas. The ordinance requires that any development of a lot or parcel containing territory located in these protection areas receives approval of a special use permit through the Plan Commission and City Council. The protection area is defined in section 47-15G.3(B) as property lying within 100 feet of the ordinary high water mark of the creeks, within 25 feet of the upland edge of any wetland within the watersheds, or within 100 feet of the center thread of any tributaries to the creeks actually located with the 100-year floodplain. The criteria for this type of request are listed under section 47-15G.4.

SPECIAL INFORMATION: The petitioner, Autobahn Country Club, LLC, requests approval of a Cedar Creek Watershed Protection Area Special Use Permit and an amendment to the Autobahn Country Club Master Development Plan to allow an addition

to the north circuit of the existing racing track. The petitioner needs approval of the special use permit because the lot on which the track would be constructed contains area within the Cedar Creek watershed protection area as defined in the Zoning Ordinance. The proposed asphalt track surface will not be located within the protection area. The attached site plan shows the proposed track addition and the limits of the protection area.

The attached landscape narrative explains that a 0.25-acre area of trees will be removed for installation of a storm outfall for a new detention basin related to the track improvements. A small portion of this area falls within the edge of the protection area, as shown on the Existing Conditions and Demolition Plan. The area where the trees are to be removed will be revegetated to restore the area to its natural state as required by the ordinance.

The petitioner has submitted the required documentation for this special use request, including a site plan, a drainage control plan, and a grading plan. Staff finds that the request meets the criteria outlined in the protection area ordinance. The development will not detrimentally affect or destroy the natural features of the protection area, nor impair its natural functions. The location of the site's natural features have been considered in the siting of all physical improvements in that the surface of the track addition does not extend into the protection area. Drainage, soil erosion, and sediment control have been addressed in the engineering plans.

The petitioner is requesting to amend the Master Development Plan for Autobahn Country Club to include the north track addition and an expansion of the paddock area. These proposed improvements are consistent with the existing layout of the site and the approved uses for the facility. The updated Master Development Plan is attached. The paddock expansion is not located on a lot containing Cedar Creek watershed protection area.

RECOMMENDED ACTION: Approval of the requested special use permit and amendment to the Master Development Plan will allow an extension of the north track and an expansion of the paddock area within the Autobahn Country Club facility. Staff supports the requests because they are consistent with the existing uses at the facility and finds that the petitioner has adequately addressed the requirements for development of a lot containing Cedar Creek watershed protection area.

RE: Autobahn North Track Addition – Special Use Permit

The Autobahn Country Club is proposing an addition to the existing North Track facilities. In conjunction with the North Track addition, stormwater management facilities will be modified and constructed to help improve the regional stormwater management system for the Autobahn Country Club.

Construction activities will include excavation and grading, underground utility installation of storm sewer, and site paving. All disturbed areas will be re-vegetated to restore the natural state of the area to minimize erosion. No work is being proposed within the 25-foot natural vegetative strip along the north branch tributary of cedar creek.

There is a small area of trees covering approximately 11,000 square feet of land (0.25 acres) at the southwest corner of the project within a heavily wooded area that will be removed for the installation of a storm outfall from the new detention basin. All trees that are to be removed are less than 6” in diameter. The strip where these removals will occur will be revegetated to restore the area to its natural state.

SOIL EROSION AND SEDIMENTATION CONTROL GENERAL NOTES:

1. ALL VEGETATIVE AND STRUCTURAL EROSION CONTROL PRACTICES SHALL BE CONSTRUCTED AND MAINTAINED IN ACCORDANCE WITH THE MINIMUM STANDARDS AND SPECIFICATIONS OF THE "ILLINOIS URBAN MANUAL".
2. MAINTENANCE AND REPLACEMENT OF EROSION CONTROL ITEMS, WHEN DIRECTED BY THE OWNER, SHALL BE CONSIDERED AS INCIDENTAL TO THE CONTRACT.
3. THE CONTRACTOR SHALL INSPECT ALL EROSION CONTROL MEASURES AT LEAST ONCE EVERY SEVEN (7) CALENDAR DAYS AND WITHIN 24 HOURS OF THE END OF A STORM THAT IS 0.5 INCHES OR GREATER, OR EQUIVALENT SNOWFALL WHEN THE SNOW MELTS AND THERE IS POTENTIAL FOR EROSION. ANY NECESSARY REPAIRS OR CLEANUP TO MAINTAIN THE EFFECTIVENESS OF SAID MEASURES SHALL BE MADE IMMEDIATELY. FOR SITES DISCHARGING DEWATERING WATER, AN INSPECTION MUST BE CONDUCTED DURING THE DISCHARGE, ONCE PER DAY ON WHICH THE DISCHARGE OCCURS AND DOCUMENTED AND KEPT IN THE SWPPP BOOKLET.
4. INSTALL ALL PERIMETER SILT FENCING PRIOR TO ANY CLEARING OR GRADING. ONSITE SEDIMENT CONTROL MEASURES AS SHOWN AND SPECIFIED BY THIS EROSION AND SEDIMENTATION CONTROL PLAN SHALL BE CONSTRUCTED AND FUNCTIONAL PRIOR TO INITIATING CLEARING, GRADING, STRIPPING, EXCAVATION OR FILLING ACTIVITIES ON THE SITE.
5. STORM WATERS FALLING ON THE ENTIRE SITE SHALL BE DIVERTED INTO THE DETENTION BASIN, PRIOR TO BEGINNING MASS EXCAVATION, THE CONTRACTOR SHALL CONSTRUCT DITCHES, SWALES, SEDIMENTATION TRAPS AND SILTATION CONTROL MEASURES AS REQUIRED TO INTERCEPT SURFACE WATERS BEFORE THEY FLOW ONTO ADJACENT PROPERTY AND CONVEY THEM TO THE DETENTION BASIN.
6. IF STORMWATER DETENTION IS NOT REQUIRED THE CONTRACTOR SHALL CONSTRUCT DITCHES, SWALES, SEDIMENT TRAPS AND SILTATION CONTROL MEASURES AS REQUIRED TO INTERCEPT SURFACE WATERS BEFORE THEY FLOW ONTO ADJACENT PROPERTY.
7. STABILIZATION OF DISTURBED AREAS MUST BE INITIATED IMMEDIATELY WHENEVER ANY CLEARING, GRADING, EXCAVATING OR OTHER EARTH DISTURBING ACTIVITIES HAVE PERMANENTLY CEASED ON ANY PORTION OF THE SITE, OR TEMPORARILY CEASED ON ANY PORTION OF THE SITE AND WILL NOT RESUME FOR A PERIOD EXCEEDING 14 CALENDAR DAYS. STABILIZATION OF DISTURBED AREAS MUST BE INITIATED WITHIN 1 WORKING DAY OF PERMANENT OR TEMPORARY CESSATION OF EARTH DISTURBING ACTIVITIES AND SHALL BE COMPLETED AS SOON AS POSSIBLE BUT NOT LATER THAN 14 DAYS FROM THE INITIATION OF STABILIZATION WORK IN AN AREA.
8. TEMPORARY SEED MIXTURE SHALL BE APPLIED AT 64 LBS/ACRE.
9. INLET PROTECTION SHALL BE INSTALLED UNDER THE GRATING OF EACH DRAINAGE STRUCTURE.
10. STABILIZATION OF TOPSOIL STOCKPILES SHALL BE INITIATED IMMEDIATELY UPON COMPLETION UNLESS THEY WILL BE DISTURBED WITHIN FOURTEEN (14) CALENDAR DAYS. STABILIZATION OF STOCKPILES MUST BE INITIATED WITHIN 1 WORKING DAY OF PERMANENT OR TEMPORARY CESSATION OF EARTH DISTURBING ACTIVITIES AND SHALL BE COMPLETED AS SOON AS POSSIBLE BUT NOT LATER THAN 14 DAYS FROM THE INITIATION OF STABILIZATION WORK IN AN AREA. ALL SOIL STORAGE PILES SHALL BE PROTECTED FROM EROSION WITH SILT FENCE ON THE DOWN SLOPE SIDE OF THE PILES.
11. DEWATERING DISCHARGES SHALL BE ROUTED THROUGH A SEDIMENT CONTROL (e.g. SEDIMENT TRAP OR BASIN, PUMPED WATER FILTER BAG) DESIGNED TO MINIMIZE DISCHARGES WITH VISUAL TURBIDITY. THE DISCHARGE SHALL NOT INCLUDE VISIBLE FLOATING SOLIDS OR FOAM. THE DISCHARGE MUST NOT CAUSE THE FORMATION OF A VISIBLE SHEEN ON THE WATER SURFACE, OR VISIBLE OILY DEPOSITS ON THE BOTTOM OR SHORELINE OF THE RECEIVING WATER. AN OIL–WATER SEPARATOR OR SUITABLE FILTRATION DEVISE SHALL BE USED TO TREAT OIL, GREASE, OR OTHER SIMILAR PRODUCTS IF DEWATERING WATER IS FOUND TO OR EXPECTED TO CONTAIN THESE MATERIALS. TO THE EXTENT FEASIBLE, USE WELL VEGETATED (e.g. GRASSY OR WOODED), UPLAND AREAS OF THE SITE TO INFILTRATE DEWATERING WATER BEFORE DISCHARGE. USING RECEIVING WATERS AS PART OF THE TREATMENT AREA IS PROHIBITED. TO MINIMIZE DEWATERING RELATED EROSION AND RELATED SEDIMENT DISCHARGES, USE STABLE, EROSION RESISTANT SURFACES (e.g. WELL–VEGETATED GRASSY AREAS, CLEAN FILTER STONE, GEOTEXTILE UNDERLAYMENT) TO DISCHARGE FROM DEWATERING CONTROLS. DO NOT PLACE DEWATERING CONTROLS, SUCH AS PUMPED WATER FILTER BAGS ON STEEP SLOPES (15% OR GREATER IN GRADE. BACKWASH WATER (WATER USED TO BACKWASH/CLEAN ANY FILTERS USED AS PART OF STORMWATER TREATMENT) MUST BE PROPERLY TREATED OR HAULED OFF–SITE FOR DISPOSAL. DEWATERING TREATMENT DEVICES SHALL BE PROPERLY MAINTAINED.
12. DUST CONTROL SHALL BE PERFORMED ON A DAILY BASIS USING WATER DISPERSED FROM A TRUCK MOUNTED TANK WITH STANDARD DISCHARGE HEADER TO PROVIDE A UNIFORM RATE OF APPLICATION.
13. TEMPORARY GRAVEL CONSTRUCTION ENTRANCES SHALL BE MAINTAINED, ADJUSTED OR RELOCATED AS NECESSARY TO PREVENT SEDIMENT FROM BEING TRACKED ONTO PUBLIC ROADWAYS. ANY SEDIMENT REACHING A PUBLIC ROAD SHALL BE REMOVED BY SHOVELING OR STREET CLEANING BEFORE THE END OF EACH WORKING DAY.
14. ANY LOOSE MATERIAL THAT IS DEPOSITED IN THE FLOW LINE OF ANY GUTTER OR DRAINAGE STRUCTURE DURING CONSTRUCTION OPERATIONS SHALL BE REMOVED AT THE CLOSE OF EACH WORKING DAY.
15. OVERLAND FLOW SHALL BE DIRECTED TO THE DETENTION BASIN PRIOR TO LEAVING THE SITE.
16. THE EROSION CONTROL MEASURES INDICATED ON THE PLANS ARE THE MINIMUM REQUIREMENTS. ADDITIONAL MEASURES MAY BE REQUIRED, AS DIRECTED BY THE CLIENT OR OTHER JURISDICTIONAL GOVERNMENTAL ENTITIES.
17. ALL EROSION AND SEDIMENTATION CONTROL MEASURES SHALL BE REMOVED AND DISPOSED OF IN ACCORDANCE WITH ALL JURISDICTIONAL GOVERNMENTAL AGENCY REQUIREMENTS WITHIN 30 DAYS OF FINAL STABILIZATION.

1. CONTRACTOR SHALL REFER TO THE SOIL EROSION AND SEDIMENT CONTROL PLAN AND DETAILS FOR CONSTRUCTION SCHEDULING AND EROSION CONTROL MEASURES TO BE INSTALLED PRIOR TO BEGINNING GRADING OPERATIONS.
2. THE CONTRACTOR SHALL CONTACT J.U.L.I.E. (1-800-892-0123) PRIOR TO ANY WORK TO LOCATE UTILITIES AND SHALL CONTACT THE OWNER SHOULD UTILITIES APPEAR TO BE IN CONFLICT WITH THE PROPOSED IMPROVEMENT.
3. THE CONTRACTOR IS SPECIFICALLY CAUTIONED THAT THE LOCATION AND/OR ELEVATION OF EXISTING UTILITIES AS SHOWN ON THESE PLANS IS BASED ON RECORDS OF THE VARIOUS UTILITY COMPANIES, AND WHERE POSSIBLE, MEASUREMENTS TAKEN IN THE FIELD. THE INFORMATION IS NOT TO BE RELIED ON AS BEING EXACT OR COMPLETE. THE CONTRACTOR MUST CALL THE APPROPRIATE UTILITY COMPANIES AT LEAST 72 HOURS BEFORE ANY EXCAVATION TO REQUEST EXACT FIELD LOCATION OF UTILITIES. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO RELOCATE ALL EXISTING UTILITIES WHICH CONFLICT WITH THE PROPOSED IMPROVEMENTS SHOWN ON THE PLANS.

GRADING NOTES:

1. CONTRACTOR SHALL REFER TO THE SOIL EROSION AND SEDIMENT CONTROL PLAN AND DETAILS FOR CONSTRUCTION SCHEDULING AND EROSION CONTROL MEASURES TO BE INSTALLED PRIOR TO BEGINNING GRADING OPERATIONS.
2. THE CONTRACTOR SHALL CONTACT J.U.L.I.E. (1-800-892-0123) PRIOR TO ANY WORK TO LOCATE UTILITIES AND SHALL CONTACT THE OWNER SHOULD UTILITIES APPEAR TO BE IN CONFLICT WITH THE PROPOSED IMPROVEMENT.
3. THE CONTRACTOR IS SPECIFICALLY CAUTIONED THAT THE LOCATION AND/OR ELEVATION OF EXISTING UTILITIES AS SHOWN ON THESE PLANS IS BASED ON RECORDS OF THE VARIOUS UTILITY COMPANIES, AND WHERE POSSIBLE, MEASUREMENTS TAKEN IN THE FIELD. THE INFORMATION IS NOT TO BE RELIED ON AS BEING EXACT OR COMPLETE. THE CONTRACTOR MUST CALL THE APPROPRIATE UTILITY COMPANIES AT LEAST 72 HOURS BEFORE ANY EXCAVATION TO REQUEST EXACT FIELD LOCATION OF UTILITIES. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO RELOCATE ALL EXISTING UTILITIES WHICH CONFLICT WITH THE PROPOSED IMPROVEMENTS SHOWN ON THE PLANS.
4. IF ANY EXISTING STRUCTURES TO REMAIN ARE DAMAGED DURING CONSTRUCTION IT SHALL BE THE CONTRACTORS RESPONSIBILITY TO REPAIR AND/OR REPLACE THE EXISTING STRUCTURE AS NECESSARY TO RETURN IT TO EXISTING CONDITION OR BETTER.
5. ALL UNPAVED AREAS DISTURBED BY GRADING OPERATIONS SHALL RECEIVE 6 INCHES OF TOPSOIL. CONTRACTOR SHALL APPLY STABILIZATION FABRIC TO ALL SLOPES 3H:1V OR STEEPER. CONTRACTOR SHALL STABILIZE DISTURBED AREAS IN ACCORDANCE WITH GOVERNING SPECIFICATIONS UNTIL A HEALTHY STAND OF VEGETATION IS OBTAINED.
6. EXISTING TOPOGRAPHY SHOWN REPRESENTS SITE CONDITIONS AS PREPARED BY MANHARD CONSULTING ON MARCH 10, 2026. CONTRACTOR SHALL FIELD CHECK EXISTING ELEVATIONS AND CONDITIONS PRIOR TO CONSTRUCTION AND NOTIFY ARCHITECT AND ENGINEER OF ANY DISCREPANCIES PRIOR TO STARTING CONSTRUCTION. IF THE CONTRACTOR DOES NOT ACCEPT EXISTING TOPOGRAPHY AS SHOWN ON THE PLANS, WITHOUT EXCEPTION, THEN THE CONTRACTOR SHALL SUPPLY, AT THEIR EXPENSE, A TOPOGRAPHIC SURVEY BY A REGISTERED LAND SURVEYOR TO THE OWNER FOR REVIEW.
7. EXCAVATION, GRADING, AND COMPACTION TO BE COMPLETED IN ACCORDANCE WITH RECOMMENDATIONS OF GEOTECHNICAL REPORT.

SITE DIMENSIONAL AND PAVING NOTES:

1. SOME EXISTING ITEMS TO BE REMOVED HAVE BEEN DELETED FROM THIS PLAN FOR CLARITY. SEE DEMOLITION PLAN FOR ITEMS DELETED.
2. THE CONTRACTOR SHALL CONTACT J.U.L.I.E. (1-800-892-0123) PRIOR TO ANY WORK TO LOCATE UTILITIES AND SHALL CONTACT THE OWNER SHOULD UTILITIES APPEAR TO BE IN CONFLICT WITH THE PROPOSED IMPROVEMENT.

SPECIAL USE REQUESTED: Permit requested for an addition to the North track at Autobahn Country Club that is near the North Branch of Cedar Creek.

The Zoning Board of Appeals is authorized to grant a special use permit provided the applicant establishes by clear and convincing evidence:

(1) That the establishment, maintenance, or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare; and

(2) That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood; and

(3) That the establishment of the special use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district; and

(4) That adequate utilities, access roads, drainage, and/or other necessary facilities have been or will be provided; and

(5) That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets; and

(6) That the special use shall in all other respects conform to the applicable land use regulations of the district in which it is located and shall not be in violation of any other applicable law, ordinance or regulation; and

(7) At least one (1) year has elapsed since any denial of any prior application for a special use permit that would have authorized substantially the same as all or part of the sites, unless conditions in the area have substantially changed.

Please describe how this request meets the criteria by responding to the following questions in your own words.

1. How will the establishment, maintenance, or operation of the special use affect the public health, safety, morals, comfort, or general welfare?

The special use will have no affect on the public health, safety, morals, comfort, or general welfare. The special use is an addition to the existing racetrack operation.

2. How will the special use impact properties in the immediate area? No impacts to the surrounding properties will be made. The track addition is within the boundary of the existing track.

3. Will the use impede the normal/orderly development/improvement of surrounding property?

No, the existing property already is in use as an existing racetrack. The addition will not impede the normal/orderly development of surrounding property.

4. Are adequate utilities, access roads, drainage, and/or other necessary facilities provided?

Yes, minor modifications to an existing detention facility along with a new proposed detention facility provide adequate drainage.

5. Have adequate measures been taken to provide ingress/egress design to minimize traffic congestion in public streets?

The track addition will have no impact on ingress/egress to the surrounding public streets. No access points are proposed.

6. Does the use conform to the applicable land use regulations of the district in which it is located and does it violate any other applicable law, ordinance or regulation?

Yes, the additional track is a conforming use.

7. Has at least one (1) year elapsed since any denial of any prior application for a special use permit that would have authorized substantially the same as all or part of the sites (unless conditions in the area have changed substantially)?

There has been no previous denial for a special use permit.

CITY OF JOLIET OWNERSHIP DISCLOSURE FORM

The City of Joliet requires that applicants for zoning relief, subdivision approval, building permits and business licenses disclose the identity of all persons having an ownership interest in the business and the real property associated with the application. A copy of this form must be completed and submitted with other application materials. Failure to properly complete and submit this form may result in the denial of the application.

I. *INFORMATION ABOUT THE APPLICATION*

This form is submitted as part of an application for the following (check all that apply):

- ☒ Rezoning, Special Use Permit, Variation, or Other Zoning Relief (Complete Sections II and III)
- ☐ Preliminary Plat, Final Plat, or Record Plat of Subdivision (Complete Sections II and III)
- ☐ Building Permit (Complete Sections II and III)
- ☐ Business License (Complete All Sections)

II. *INFORMATION ABOUT THE PROPERTY*

The address and PIN(s) of the real property associated with this application are:

3795 CenterPoint Way, Joliet, IL 60436

PIN(s): 10-11-06-201-003-0000

III. *PROPERTY OWNERSHIP*

Select the type of owner of the real property associated with this application and fill in the appropriate contact information below:

☐	**Individual:**	State the names, addresses, and phone #'s of the individual owner(s)
☐	**Corporation:**	State the names, addresses, and phone #'s of all persons holding 3% or more of the stock of the corporation and the percentage of shares held by such stockholders
☒	**Limited Liability Company:**	State the names, addresses, and phone #'s of all members of the company along with the percentage of ownership held by each member
☐	**Land Trust:**	State the names, addresses, and phone #'s of the trustee(s) and all beneficiaries
☐	**Partnership:**	State the names, addresses, and phone #'s of all partners
☐	**Other type of organization:**	State the names, addresses, and phone #'s of all persons having a legal or equitable ownership interest in the organization or the right to direct the affairs of the organization

47-15G.4 SPECIAL USE PERMIT REQUIRED

The development of a lot or parcel containing territory located within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas shall be prohibited except pursuant to a Special Use Permit issued in accordance with this Ordinance. In addition to any other requirement, a Special Use Permit shall not be issued unless the applicant establishes by clear and convincing evidence that:

A. The development will not detrimentally affect or destroy the natural features of the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas, nor impair its natural functions, but will preserve and incorporate such features into the development's site;

B. The location of natural features and the site's topography have been reasonably considered in the designing and siting of all physical improvements;

C. Adequate assurances have been received that the clearing of the site of topsoil, trees, and other natural features will not occur before the commencement of building operations;

D. The development will not reduce the natural retention storage capacity of Jackson Creek, nor unlawfully increase the magnitude and volume of flooding at other locations; and

E. The soil and subsoil conditions are suitable for excavation and site preparation, and the drainage is designed to prevent erosion and environmentally deleterious surface run off;

F. The development will not adversely and materially affect water quality; destroy, damage or disrupt significant habitat area; adversely affect drainage and/or stormwater retention capabilities; adversely affect flood conveyance and storage; lead to unstable earth conditions, create erosion hazards, or be materially detrimental to any other property in the area of the subject property or to the City of Joliet as a whole, including the loss of open space or scenic vistas;

G. The development will result in the restoration of portions of the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas that were previously disturbed or damaged by development or agricultural land uses.

SECTION 47-15G THE CEDAR CREEK, SUGAR CREEK, JACKSON CREEK, AND JACKSON BRANCH WATERSHED PROTECTION AREAS

* Ordinance #15820; 03/06/07

47-15G.1 SHORT TITLE

This ordinance shall be known and may be cited as the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Ordinance.

47-15G.2 PURPOSE AND INTENT

It is the purpose and intent of the Cedar Creek, Sugar Creek, Jackson Creek and Jackson Branch Watershed Protection Ordinance to promote the health, safety and general welfare of persons residing near the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch watersheds and associated drainage areas and wetlands by providing for the protection, preservation, proper maintenance, and use of the Cedar Creek, Sugar Creek, Jackson Creek and Jackson Branch (collectively referred to herein as "Cedar Creek, Sugar Creek, Jackson Creek and Jackson Branch"). The ordinance is more specifically adopted:

A. To prevent flood damage by preserving the storm and floodwater storage capacity of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch;

B. To maintain the normal hydrologic balance of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch by storing and providing for infiltration of wet-period runoff in floodplains and wetlands, and releasing it slowly to the stream to maintain in-stream flow;

C. To manage stormwater runoff and maintain natural runoff conveyance systems, and minimize the need for major storm sewer construction and drainageway modification;

D. To improve water quality, both by filtering and storing sediments and attached pollutants, nutrients, and organic compounds before they drain into Cedar Creek and Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch and by maintaining the natural pollutant-assimilating capabilities of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch;

E. To protect shorelines and stream banks from soil erosion, using natural means and materials wherever possible;

F. To protect fish spawning, breeding, nursery and feeding grounds;

G. To protect wildlife habitat;

H. To preserve areas of special recreational, scenic, or scientific interest, including natural areas;

I. To maintain and enhance the aesthetic qualities of developing areas; and

J. To encourage the continued economic growth and high quality of life of the Joliet community which depends in part on an adequate quality of water, a pleasing natural environment, and recreational opportunities.

47-15G.3 DEFINITIONS

A. "Armoring" is a form of channel modification which involves the placement of materials (concrete, riprap, bulkheads, etc.) within a stream channel or along a shore line to protect property above Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch from erosion and wave damage caused by wave action and stream flow.

B. "Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Area" shall be the real property lying within one hundred (100) feet of an ordinary high water mark of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch, within twenty-five (25) feet of the upland edge of any wetland within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch watershed or within one hundred (100) feet of the center thread of any tributary to Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch actually located in the 100-year floodplain.

C. "Bulkhead" means a retaining wall that protects property along Cedar Creek, Sugar Creek, Jackson Creek and Jackson Branch.

D. "Channel" means that portion of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch lying within its ordinary high water marks.

E. "Channel modification" or "channelization" means to alter Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch by changing the physical dimension or materials of the channel. Channel modification includes damming, riprapping (or other armoring), widening, deepening, straightening, relocating, lining and significant removal of bottom or woody vegetation. Channel modification does not include the clearing of debris or trash from Cedar Creek, Sugar Creek, Jackson Creek, or Jackson Branch. Channelization is a severe form of channel modification involving a significant change in the channel cross-section and typically involving relocation of the existing channel (e.g. straightening).

F. "Control structure" means a structure designed to control the rate of stormwater runoff that passes through the structure, given a specific upstream and downstream water surface elevation.

G. "Culvert" means a structure designed to carry drainage water or small streams below barriers such as roads, driveways, or railway embankments.

H. "Depressional area" means any area which is lower in elevation on all sides than surrounding properties (i.e. does not drain freely), or whose drainage is severely limited such as by a restrictive culvert. A depressional area will fill with water on occasion when runoff into it exceeds the rate of infiltration into underlying soil or exceeds the discharge through its controlled outlet. Large depressional areas may provide significant stormwater or floodplain storage.

I. "Development" means the construction, alteration or expansion of a building or structure, the making of improvements to land or an expansion or change in an existing principal land use, the subdivision of land. Agricultural use of land previously used for agricultural purposes does not constitute development. The following activities or uses shall be taken, for the purposes of this ordinance, to constitute development as defined herein:

   1. Any change in the intensity of use of land, such as an increase in the number of dwelling units on land, or a material increase in the site coverage of businesses, manufacturing establishments, offices, and dwelling units;

2. The commencement of drilling, except to obtain soil samples, or the commencement of mining, filling, excavation, dredging, grading or other alterations of the topography;

3. Clearing of land as an adjunct of construction for residential, commercial or industrial use;

4. Any other activity that might change the direction, height, or velocity of flood or surface waters.

J. "Erosion" means the general process whereby soils are moved by flowing water or wave action.

K. "Filtered view" means the maintenance or establishment of woody vegetation of sufficient density to screen developments from Cedar Creek, Sugar Creek, Jackson Creek, or Jackson Branch, to provide for stream bank stabilization and erosion control, to serve as an aid to infiltration of surface runoff, and to provide cover to shade the water. The vegetation need not be so dense as to completely block the view. Filtered view means no clear cutting.

L. "Flood Plain" shall mean that land typically adjacent to a body of water with ground surface elevations at or below the base flood or the 100-year frequency flood elevation. Flood plains may also include detached Special Flood Hazard Areas, ponding areas, etc. The flood plain is also known as the Special Flood Hazard Area (SFHA). The flood plains are those lands within the jurisdiction of the City that are subject to inundation by the base flood or 100-year frequency flood. The SFHA's of the City are generally identified as such on the Flood Insurance Rate Map of Will County prepared by the Federal Emergency Management Agency (or the U.S. Department of Housing and Urban Development) and dated March 17, 2003. The SFHA's of those parts of unincorporated territory that are within the extraterritorial jurisdiction of the City or that may be annexed into the City are generally identified as such on the Flood Insurance Rate Map prepared for Will County by FEMA and dated March 17, 2003.

M. "Floodway" means that portion of the floodplain required to store and convey the base flood. The floodway is the regulatory floodway as designated and regulated by the Federal Emergency Management Agency. The remainder of the floodplain which is outside the regulatory floodway is referred to as the flood fringe or floodway fringe.

N. "Hydraulic characteristics" means the features of a watercourse which determine its water conveyance capacity. These features include but are not limited to: size and configuration of the cross-section of the watercourse and floodway; texture and roughness of materials along the watercourse; alignment of watercourse; gradient of watercourse; amount and type of vegetation within the watercourse; and size, configuration, and other characteristics of structures within the watercourse. In low-lying area the characteristics of the overbank area also determine water conveyance capacity.

O. "Lot" means an area of land, with defined boundaries, that is designated in official assessor's records as being one parcel.

P. "Lake or pond" means any inland waterbody, fed by spring or surface water flow.

Q. "Natural" in reference to watercourses means those stream channels, grassed waterways and swales formed by the existing surface topography of the earth prior to changes made by unnatural causes. A natural stream tends to follow a meandering path; its floodplain is not constrained by levees; the area near the bank has not been cleared, mowed or

cultivated; the stream flows over soil and geologic materials typical of the area with no alteration of the course or cross-section of the stream caused by filling or excavating.

R. "Ordinary high water mark" (OHWM) means the point on the bank or shore up to which the presence and action of surface water is so continuous so as to leave a distinctive mark such as by erosion, destruction or prevention of terrestrial vegetation, predominance of aquatic vegetation, or other easily recognized characteristics.

S. "Qualified professional" means a person trained in one or more of the disciplines of biology, geology, soil science, engineering, or hydrology whose training and experience ensure a competent analysis and assessment of stream, lake, pond and wetland conditions and impacts.

T. "Registered professional engineer" means a professional engineer registered under the provisions of "The Illinois Professional Engineering Act" and any act amendatory thereof.

U. "Retention/detention facility" means a facility that provides for storage of storm water runoff and controlled release of this runoff during and after a flood or storm.

V. "Runoff" means the portion of precipitation on the land that is not absorbed by the soil or plant material and which runs off the land.

W. "Sedimentation" means the processes that deposit soils, debris, and other materials either on other ground surfaces or in water bodies or watercourses.

X. "Setback" means the horizontal distance between any portion of a structure or any development activity and the ordinary high water mark of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch measured from the structure's or development's closest point to the ordinary high water mark.

Y. "Stream" means a body of running water flowing continuously or intermittently in a channel on or below the surface of the ground. Topographic maps of the U.S. Geological Survey are one reference for identifying perennial and intermittent streams. For purposes of this ordinance, the term "stream" does not include storm sewers.

Z. "Structure" means anything that is constructed, erected or moved to or from any which is located above, on, or below the ground. Temporary recreational facilities including, but not limited to, tents, camper trailers, and recreation vehicles are not considered structures when used less than 180 days per year and located landward of the minimum setback provided as a natural vegetation strip.

AA. "Vegetation" means all plant growth, especially trees, shrubs, mosses, and grasses.

BB. "Watercourse" means any river, stream, creek, brook, branch, natural or artificial depression, ponded area, slough, gulch, draw, ditch, channel, conduit, culvert, swale, grass waterway, gully, ravine, wash, or natural or man-made drainageway, which has a definite channel, bed and banks, in or into which stormwater runoff and floodwater flow either regularly or intermittently.

CC. "Wetland" means those transitional lands between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water that are designated as a protected wetland by any federal or state agency having competent jurisdiction. Classification of areas as wetlands shall follow the "Classification of Wetlands and Deepwater Habitats of the United States" as published by the U.S. Fish

and Wildlife Service. For the purposes of this Ordinance, a wetland shall not include lands within or adjacent to man-made drainage channels located near roadways.

47-15G.4 SPECIAL USE PERMIT REQUIRED

The development of a lot or parcel containing territory located within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas shall be prohibited except pursuant to a Special Use Permit issued in accordance with this Ordinance. In addition to any other requirement, a Special Use Permit shall not be issued unless the applicant establishes by clear and convincing evidence that:

A. The development will not detrimentally affect or destroy the natural features of the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas, nor impair its natural functions, but will preserve and incorporate such features into the development's site;

B. The location of natural features and the site's topography have been reasonably considered in the designing and siting of all physical improvements;

C. Adequate assurances have been received that the clearing of the site of topsoil, trees, and other natural features will not occur before the commencement of building operations;

D. The development will not reduce the natural retention storage capacity of Jackson Creek, nor unlawfully increase the magnitude and volume of flooding at other locations; and

E. The soil and subsoil conditions are suitable for excavation and site preparation, and the drainage is designed to prevent erosion and environmentally deleterious surface run off;

F. The development will not adversely and materially affect water quality; destroy, damage or disrupt significant habitat area; adversely affect drainage and/or stormwater retention capabilities; adversely affect flood conveyance and storage; lead to unstable earth conditions, create erosion hazards, or be materially detrimental to any other property in the area of the subject property or to the City of Joliet as a whole, including the loss of open space or scenic vistas;

G. The development will result in the restoration of portions of the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas that were previously disturbed or damaged by development or agricultural land uses.

47-15G.5 SUBMISSIONS

An application for a Special Use Permit shall be accompanied by the following information as specified herein:

<u>General Provisions</u>:

47-15G.6 REVIEW AND APPROVAL

An application for a Special Use Permit shall be reviewed in accordance with Section 47-5.2 of the Zoning Ordinance, except that the reviewing advisory body shall be the Plan Commission and not the Board of Appeals. In addition, the following procedures shall apply:

A. The City Manager and the Plan Commission shall review each application for a Special Use Permit to determine its conformance with the provisions of this ordinance. The Mayor and City Council shall (a) approve the permit application by ordinance and if it is found to be in conformance with this ordinance; (b) approve the permit application by ordinance subject to such reasonable conditions as may be necessary to secure substantially the objectives of this ordinance; or (c) disapprove the permit application, indicating the deficiencies. In all cases, the Special Use Permit shall be subject to the condition that the applicant comply with the approved Submissions enumerated in Section 47-15G.5.

B. A Special Use Permit shall not be issued unless the development has also received all other approvals that may be required by ordinance.

47-15G.7 PERMITTED DEVELOPMENT ACTIVITY IN THE CEDAR CREEK, SUGAR CREEK, JACKSON CREEK, AND JACKSON BRANCH PROTECTION AREAS

A Special Use Permit granted under this Ordinance shall allow the following development activities:

A. Improvements such as landscaping and plantings, public or private open space, walkways, bike trails, benches, comfort stations, informational displays, directional signs, foot bridges, fences, observation decks, and docks.

B. The maintenance, repair, replacement, and reconstruction of roads and bridges, gas and electrical transmission facilities and telecommunication lines, poles, and towers, municipal and public infrastructure, including underground water, sanitary sewer and stormwater facilities.

C. The establishment and development of public and private parks and recreation areas, outdoor education areas, historic natural and scientific areas, game refuges, fish and wildlife improvement projects, wildlife preserves and watercraft launching ramps.

D. Filling and excavating necessary for the development of public facilities, recreational structures or similar items. The development and maintenance of roads, parking lots and other impervious surfaces necessary for permitted uses are allowed only on a very limited basis, and where no alternate location outside of the setback area is available.

E. Land surface modification within the minimum setback shall be permitted for the development of stormwater drainage swales between the developed area of the site (including a stormwater detention facility on the site) and Cedar Creek, Sugar Creek,

Jackson Creek and Jackson Branch. Detention basins within the setback are generally discouraged, unless it can be shown that resultant modifications will not impair water quality, habitat, or flood storage functions.

F. Filling or excavating within wetlands is not permitted except to install piers for the limited development of walkways and observation decks. Walkways and observation decks should avoid high quality wetland areas, and should not adversely affect natural areas designated in the Illinois Natural Areas Inventory or the habitat of rare or endangered species.

G. Other development activities specifically authorized in the Special Use Permit.

47-15G.8 SITE PLAN

A Site Plan shall be prepared by the applicant and submitted to the City Manager for any proposed development of a lot or parcel containing territory located within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas. The Site Plan must indicate:

A. Dimension and area of parcel, showing also the vicinity of the site in sufficient detail to enable easy location in the field of the site for which the Special Use Permit is sought, and including the boundary line, underlying zoning, a legend, a scale, and a north arrow;

B. Location of any existing and proposed structures;

C. Location of existing or proposed on-site sewage systems and water supply systems;

D. Location of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch and its ordinary high water mark;

E. Location and landward limit of all wetlands;

F. Location of setback lines established by this ordinance;

G. Location of the regulatory floodway;

H. Location of existing or future roads;

I. Depiction of areas proposed for alterations;

J. Cross-sections and calculations indicating any changes in flood storage volumes;

K. Such other information as reasonably requested by the City Manager.

The applicant shall demonstrate that the proposed development activity will not endanger health and safety, including danger from the obstruction or diversion of flood flow. The applicant shall also demonstrate that the proposed development activity will not substantially reduce natural floodwater storage capacity, unnecessarily destroy or impair habitat for aquatic or other flora and fauna, adversely affect water quality or ground water resources, increase stormwater runoff velocity so that water levels on other lands are substantially raised or the danger from flooding unlawfully increased, or adversely impact any other natural stream, floodplain, or wetland functions, and is otherwise consistent with the intent of this ordinance.

A Site Plan shall not be required if no portion of the lot or parcel containing territory located within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas is within one hundred feet of the OHWM of Cedar Creek, Sugar Creek, Jackson Creek, and

Jackson Branch or within one hundred feet of the center thread of any tributary of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch actually located within the one hundred year floodplain.

47-15G.9 CEDAR CREEK, SUGAR CREEK, JACKSON CREEK, AND JACKSON BRANCH PRESERVATION PLAN

A Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Preservation Plan shall be prepared by the applicant and submitted to the City Manager for any proposed development of a lot or parcel containing territory located within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas. The Preservation Plan shall include following components:

A. Natural Resource Inventory: The Preservation Plan shall identify the land within the Area that is currently in a natural state and that portion of the site that has been altered or disturbed by development or agricultural land uses. All proposed modifications to natural areas permitted under this Ordinance shall be described, including such items as pruning and improvements.

B. Restoration of Natural Creek Features: Undeveloped land within the Area that is not in a natural state shall be restored to a natural state. The creek bed and water flow in Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch or its tributaries shall be modified where practicable to restore natural stream behavior, including, where practicable, the use of riffles and pools. The banks of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch or tributaries shall also be stabilized where necessary.

C. Plantings: Restoration and stabilization shall be accomplished by vegetative plantings using accepted bioengineering techniques and with approved indigenous plants, brush, grasses, trees and other materials that comply with regulations issued by the City Manager. All Areas to be restored shall be seeded or planted with approved species in a timely manner and shall be maintained so as to avoid the growth of noxious weeds. Hardwood, conifer and brush species shall be utilized to establish a canopy cover.

D. Creek Access: The Preservation Plan shall provide public access to the Creek corridor along with linkage to other community transportation networks, including bicycle paths, hiking trails or public transportation. Trailheads shall be provided to link neighborhoods, parking areas and streets to Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch where practicable. The contribution of land required by the Subdivision Regulations for park purposes shall include the land within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas unless otherwise approved by the Mayor and City Council, provided that reasonable efforts shall be made to locate additional park lands outside the floodplain.

E. Recreational Elements: The Preservation Plan shall provide for passive and active uses including linear parks, open spaces and bike and hiking trail systems. These improvements shall be coordinated with nearby public and private facilities. All site improvements included in the Plan to be located on or dedicated to a public agency shall be considered as public improvements within the meaning of the Subdivision Regulations.

F. A Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Preservation Plan shall not be required if no portion of the lot or parcel containing territory located within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas is within one hundred feet of the OHWM of Cedar Creek, Sugar Creek, Jackson Creek, and

Jackson Branch or within one hundred feet of the center thread of any tributary of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch actually located within the one hundred year floodplain.

47-15G.10 DRAINAGE CONTROL PLAN

A drainage control plan that describes the hydraulic characteristics of the site as well as the proposed drainage plan shall be submitted. Runoff from areas of concentrated impervious cover (e.g. roofs, driveways, streets, patios, etc.) shall be collected and transported to a drainageway with sufficient capacity to accept the discharge without undue erosion or detrimental impact. The development shall comply with the Stormwater Management Regulations set forth in Section 31-205 of the Code of Ordinances.

47-15G.11 SITE GRADING AND EXCAVATION PLAN

A. The site proposed for development shall be investigated to determine the soil and geologic characteristics, including soil erosion potential. The development shall be subject to the Soil Erosion and Sedimentation Control Regulations set forth in Sections 31-206 and 31-207 of the Code of Ordinances. In addition, a Site Grading and Excavation Plan shall be submitted with each application for a Special Use Permit and shall include the following:

    1. Details of the existing terrain and drainage pattern contours;

    2. Proposed site contours;

    3. Dimensions, elevation and contours of grading, excavation and fill;

    4. A description of methods to be employed in disposing of soil and other material that is removed from allowable grading and excavation sites, including location of the disposal site if on the property;

    5. A schedule showing when each stage of the project will be completed, including the total area of soil surface to be disturbed during each stage, and estimated starting and completion dates. The schedule shall be prepared so as to limit, to the shortest possible period, the time soil is exposed and unprotected. In no case shall the existing natural vegetation be destroyed, removed or disturbed more than fifteen (15) days prior to initiation of the improvements; and

    6. A detailed description of the re-vegetation and stabilization methods to be employed, to be prepared in conjunction with the Landscape Plan. This description should include locations of erosion control measures such as sedimentation basins, straw bales, diversion swales, etc. The grading and excavation plan must be consistent with all the provisions of this ordinance.

B. Unless otherwise provided in this Ordinance, the following restrictions, requirements and standards shall apply to all development within the Area:

    1. Every effort shall be made to develop the site in such a manner so as to minimize the alteration of the natural topography;

    2. No grading, filling, cleaning, clearing, terracing or excavation of any kind shall be initiated until final engineering plans are approved and the Special Use Permit is granted by the Mayor and City Council; and

3. The depositing of any excavation, grading or clearing material within Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch or any wetland shall be prohibited.

4. In addition to locating all site improvements on the subject property to minimize adverse impacts on Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch, the applicant shall install a physical barrier during construction, and following completion of the project, where necessary, to prevent direct runoff and erosion from any modified land surface within Jackson Creek.

47-15G.12 VEGETATION AND RE-VEGETATION/LANDSCAPE PLAN

To preserve or restore the natural state of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch, to minimize erosion, stabilize the stream bank, protect water quality, maintain water temperature at natural levels, preserve fish and wildlife habitat, to screen man-made structures, and also to preserve aesthetic values of the natural water course and wetland areas, a natural vegetation strip shall be restored, established, preserved and maintained along the edge of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch and any wetland located within the watershed of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch. The natural vegetation strip shall extend landward a minimum of 25 feet from the ordinary high water mark of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch, any tributary thereof actually located within the floodplain or any wetland within the watershed of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch.

Within the natural vegetation strip, trees, grasses and shrubs may be selectively pruned or removed for harvest of merchantable timber, to achieve a filtered view of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch or wetland from the principal structure and for reasonable private access. Said pruning and removal activities shall ensure that a live root system stays intact to provide for stream bank stabilization and erosion control.

A Landscape Plan shall be submitted with each Special Use Permit application for development activity within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch Watershed Protection Areas and contain the following:

A. A plan describing the existing vegetative cover of the property and showing those areas where the vegetation will be removed as part of the proposed construction; and

B. A plan describing the proposed re-vegetation of disturbed areas specifying the materials to be used.

C. The vegetation must be planned in such a way that access for stream maintenance purposes is not prevented.

47-15G.13 CONDITIONS AND RESTRICTIONS FOR PERMITTING STREAM MODIFICATION

Stream modification, when permitted, is subject to the following conditions and restrictions:

A. Water quality, habitat and other natural functions must be significantly improved by the modification; no significant habitat area may be destroyed;

B. The amount of flow and velocity of a stream is not to be increased or decreased as the stream enters or leaves a subject property, unless this reflects an improvement over previous conditions in terms of reduced flooding, reduced erosion, or enhanced low-flow conditions;

C. Prior to diverting water into a new channel, a qualified professional approved by the City Manager shall inspect the stream modification, and issue a written report demonstrating the modified stream complies with the requirements in Section 7.02; and

D. Stream channel enlargement, or other modifications that would increase conveyance, shall not be permitted if the intended purpose is to accommodate development activities in the floodplain.

47-15G.14 CREEK OR TRIBUTARY RELOCATION PLAN

Creek or tributary relocation may be permitted in accordance with a Relocation Plan which provides for:

A. The creation of a natural meander pattern, pools, riffles, and substrate;

B. The formation of gentle side slopes (at least three feet horizontally per one foot vertically), including installation of erosion control features;

C. The utilization of natural materials wherever possible;

D. The planting of vegetation normally associated with streams, including primarily native riparian vegetation;

E. The creation of spawning and nesting areas wherever appropriate;

F. The re-establishment of the fish population wherever appropriate;

G. The restoration of water flow characteristics compatible with fish habitat areas, wherever appropriate;

H. The filling and re-vegetation of the prior channel;

I. A proposed phasing plan, specifying time of year for all project phases;

J. Plans for sediment and erosion control; and

K. Establishment of a low-flow channel which reflects the conditions of a natural stream.

47-15G.15 CRITERIA FOR PERMITTING ARMORING OF CHANNELS AND BANKS

Armoring in the form of bulkheads, riprap or other materials or devices is not permitted except in accordance with the following:

A. Significant erosion cannot be prevented in any other way and the use of vegetation and gradual bank slopes has not sufficiently stabilized the shoreline or bank;

B. The bulkhead or other device is not placed within a wetland;

C. The bulkhead, riprap or other device will minimize the transmittal of wave energy or currents to other properties;

D. The change in the horizontal or vertical configuration of the land must be kept to a minimum; and

E. Utilization of accepted bioengineering technologies where appropriate.

47-15G.16 CRITERIA FOR PERMITTING THE USE OF CULVERTS

Culverts are not permitted in Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch except in accordance with the following:

A. Where a culvert is necessary for creating or improving access to a property or as part of a public road;

B. The culvert shall allow passage of fish inhabiting the stream, and accommodate the 100-year flood event without increasing upstream flooding, except where a restricting culvert is desirable as part of an overall storm and floodwater management plan;

C. The culvert shall be maintained free of debris and sediment to allow free passage of water and fish; and

D. The creek bed shall not be significantly widened for the placement of a culvert as this increases siltation; if multiple culverts must be installed, one culvert should be at the level of the bottom of the stream and the others at or above normal water elevation.

47-15G.17 CRITERIA FOR PERMITTING ON-STREAM IMPOUNDMENTS

Impoundment of Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch is not permitted except in accordance with the following:

A. The impoundment is determined to be in the public interest by providing regional stormwater detention, flood control, or public recreation;

B. The impoundment will not prevent the upstream migration of fish;

C. A non-point source control plan has been implemented in the upstream watershed to control the effects of sediment runoff as well as minimize the input of nutrients, oil and grease, metals, and other pollutants;

D. Impoundments without permanent low-flow pools are preferred except where a permanent pool is necessary to achieve the intended benefits of the impoundment (e.g. recreation or water quality mitigation); and

E. Impoundment design shall include gradual bank slopes, appropriate bank stabilization measures, and a pre-sedimentation basin.

47-15G.18 WETLAND PROTECTION AND REPLACEMENT

A. Except as provided herein, no filling or excavating within wetlands is permitted except to install piers for the limited development of walkways and observation decks. Walkways and observation decks shall avoid high quality wetland areas, and shall not adversely affect natural areas designated in the Illinois Natural Areas Inventory or the habitat of rare or endangered species.

B. Wetland areas occupied by the development of decks and walkways must be mitigated by an equal area of wetland habitat improvement.

C. Modification of degraded wetlands for purposes of stormwater management is permitted where the quality of the wetland is improved and total wetland acreage is preserved. Where such modification is permitted, wetlands shall be protected from the effects of increased stormwater runoff by measures such as detention or sedimentation basins, vegetated swales and buffer strips, and sediment and erosion control measures on adjacent developments. The direct entry of storm sewers into wetlands shall be prohibited.

D. Pursuant to Special Use Permit, wetlands within the Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch watersheds may be relocated and replaced in accordance with applicable federal and state law provided that the size of the replacement wetland shall be 150% of the size of the original wetland.

47-15G.19 MAINTENANCE EASEMENT

The applicant shall grant an access easement for stream maintenance purposes to the City of Joliet if the development does not contain other land adjacent to Cedar Creek, Sugar Creek, Jackson Creek, and Jackson Branch dedicated to the City of Joliet.

47-15G.20 NONCONFORMING USES

Nonconforming uses shall be regulated in accordance with Section 47-17.22 of the Zoning Ordinance of the City of Joliet.

47-15G.21 VARIATIONS

The Mayor and City Council may grant one or more variations from the requirements of this Ordinance upon the demonstration by the applicant of clear and convincing evidence that enforcement of this ordinance would cause an undue hardship on the affected property or would impose an unreasonable economic burden on the property that outweighs the corresponding benefit to the public afforded by the restriction. Variances shall be granted by the Mayor and City Council upon the advice of the Plan Commission.*

Memo

File #: 300-26 **Agenda Date:**6/2/2026

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:
Ordinances Associated with the Vista Ridge Phase 1 Resubdivision 1 Planned Unit Development

Ordinance Approving an Amendment to the Final Plat of Vista Ridge Phase 1 Planned Unit Development (PUD-5-26)

Ordinance Approving a Recording Plat of Vista Ridge Phase 1 Resubdivision 1 Planned Unit Development (V-3-26)

Ordinance Approving a Vacation of a Public Utility and Drainage Easement for Vista Ridge Phase 1 Planned Unit Development (RP-2-26)

BACKGROUND:
The subject petitions concern the 5.2-acre portion of the Vista Ridge Planned Unit Development (PUD) dedicated to townhome development. The previously approved Final Plat for this area consisted of 17 townhouse block lots that were each 58 feet deep. The applicant, Vista Ridge Development, LLC, is requesting an amendment to the Final PUD Plat and new Recording Plat to increase the size of these lots to 70 feet deep to allow the full extent of the rear individual unit patios to be located within each townhome lot and not in the common lot areas. There are no changes to the volume or design of these units.

The subject property was annexed into the City in 2004. On January 7, 2025, the City Council approved rezoning of the property to R-4 (Low Density Multi-Family Residential) zoning. The surrounding acreage which is also included in the same Planned Unit Development (PUD), was rezoned to R-2 (Single-Family Residential) at this time. The City Council approved the Recording Plat for the entire PUD to allow construction of 321 single-family residential homes and 76 townhouse dwelling units on May 6, 2025.

When the Final PUD Plat for the greater subdivision was approved in 2025, a blanket Public Utility and Drainage Easement was created to cover the extent of each common lot area (Lots 343, 344, and 345) outside of the townhouse block lots. Since portions of this easement area are being encroached upon with the requested extension of the townhouse block lots, a vacation of these easement areas is necessary to avoid future conflicts with the proposed back patios. Staff have reviewed this request and have no concerns about the proposed vacation. NICOR has stated that there are no conflicts with its utilities in the proposed area of vacation. Staff have not received any correspondence from any other private utility companies regarding the requested vacation.

Approval of the requested amended Final Plat, new Recording Plat, and Public Utility and Drainage Easement vacation will allow the continued construction of townhouse units within Phase 1 of Vista Ridge PUD with all future rear yard patios on the townhouse block lots. Staff have examined these requests and believe there will be no meaningful impact on stormwater detention or residential open space. The requested vacation would not have any effect on public or private utilities in the area.

PUBLIC HEARING (PLAN COMMISSION):
The Plan Commission held a public hearing on the Final PUD Plat amendment and vacation at its May 21, 2026, meeting. Minutes of the meeting are attached.

RECOMMENDATION OF THE PLAN COMMISSION:
Wendell Martin moved that the Plan Commission recommend approval of the amendment to the Final Plat of Vista Ridge Phase 1 Planned Unit Development and the Vacation of a Public Utility and Drainage Easement within a portion of the Vista Ridge Phase 1 Planned Unit Development. Jeff Crompton seconded the motion, which passed with six (6) aye votes. Voting aye were Commissioners Cox, Crompton, Hammac, Martin, Radakovich, and Turk. Voting nay were none. Commissioner Eulitz was absent.

RECOMMENDATION OF THE ADMINISTRATION:
Staff concurs with the recommendation of the Plan Commission and recommends the Mayor and City Council adopt the following:

1. Ordinance Approving an Amendment to the Final Plat of Vista Ridge Phase 1 Planned Unit Development

2. Ordinance Approving a Recording Plat of Vista Ridge Phase 1 Resubdivision 1 Planned Unit Development

3. Ordinance Approving a Vacation of a Public Utility and Drainage Easement for Vista Ridge Phase 1 Planned Unit Development

ORDINANCE NO. _____

AN ORDINANCE APPROVING AN AMENDMENT TO THE FINAL PLAT OF VISTA RIDGE, PHASE 1 PLANNED UNIT DEVELOPMENT (2700 Vista Lane)

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, ILLINOIS, AS FOLLOWS:

SECTION 1: The attached final planned unit development is hereby approved, subject to the conditions set forth on the plat or in Exhibit "A" if any.

SECTION 2: This Ordinance shall be considered severable, and the invalidity of any section, clause, paragraph, sentence, or provision of the Ordinance shall not affect the validity of any other portion of this Ordinance.

SECTION 3: This Ordinance shall be in effect upon its passage.

VEHICULAR ACCESS EASEMENT PROVISIONS

AN EASEMENT IS HEREBY GRANTED TO THE OWNERS OF ANY PARTS OF LOTS 70 THRU 86, THEIR SUCCESSORS AND ASSIGNS, AN EXCLUSIVE, PERPETUAL EASEMENT OVER AND ACROSS THE PROPERTY NOTED ON THIS PLAT AS "VEHICULAR ACCESS EASEMENT" FOR THE PURPOSE OF PROVIDING VEHICULAR INGRESS TO, EGRESS FROM, AND ACCESS BETWEEN LOTS 70 THRU 86 AND ADJACENT PUBLIC ROADS. THE GRANTEE MAY CONSTRUCT OR IMPROVE SAID DRIVEWAYS FROM TIME TO TIME AT GRANTEE'S SOLE COST AND EXPENSE. THIS EASEMENT SHALL BE BINDING ON THE PARTIES, THEIR SUCCESSORS, AND ASSIGNS, AND SHALL RUN WITH THE LAND.

STORMWATER MANAGEMENT EASEMENT PROVISIONS

A PERPETUAL EASEMENT IS HEREBY GRANTED FOR THE BENEFIT OF THE CITY OF JOLIET, ITS AGENTS, SUCCESSORS AND ASSIGNS OVER, ON UPON AND ACROSS LOT 342 - STORMWATER OUTLOT AND ACCESS TO ALL FACILITIES NECESSARY FOR THE MANAGEMENT OF STORMWATER ON THE PLAT OF SUBDIVISION FOR THE PURPOSE OF INSPECTING SUCH AREAS, IN THE EVENT THAT THE ASSOCIATION DOES NOT ADEQUATELY MAINTAIN THE FACILITIES TO THE CITY STANDARDS, THE CITY OF JOLIET SHALL GIVE FOURTEEN (14) DAYS WRITTEN NOTICE OF SUCH FAILURE AND SAID NOTICE SHALL INDICATE WHEN THE CITY WILL EXERCISE ITS RIGHT TO REPAIR THE FAULTY PORTION OF THE FACILITIES. IF THE CITY IS REQUIRED TO MAKE REPAIRS, IT SHALL BE ENTITLED TO REIMBURSEMENTS BY THE RESIDENTIAL ASSOCIATION. WRITTEN NOTICE BY THE CITY OF THE INTENT TO REPAIR SHALL NOT BE REQUIRED IF IN THE OPINION OF THE CITY AN EMERGENCY REQUIRING IMMEDIATE ACTION IS REQUIRED. IN THE EXERCISE OF ITS RIGHTS HEREUNDER, THE CITY OF JOLIET SHALL NOT BE DEEMED GUILTY OF ANY MANNER OF TRESPASS.

NOTES

1. The right of way widths, pavement widths, and pavement thicknesses indicated on this sheet are minimums required by the City of Joliet. Greater dimensions may be provided and the City of Joliet may require greater dimensions as determined by the City. The developer/contractor shall review the plat and the plans to confirm the various widths indicated on this sheet and shall report any discrepancy to the City prior to proceeding with construction.
2. The location of proposed utilities as indicated hereon are based upon the experience of the City of Joliet and are so indicated to ensure the orderly development of the land. Strict adherence to the indicated location is required. Requests to change the location of the proposed utilities shall be submitted in writing to the City of Joliet. Utilities not meeting these requirements shall be removed and replaced as directed by the City of Joliet.
3. Arterial street and divided arterial streets are to be coordinated with the City of Joliet.
4. Local residential streets require only stop bars and crosswalk markings. Markings shall be thermoplastic in accordance with IDOT Standard Specifications. Refer to such drawings covering pavement markings, street signs and traffic control signs. A plan of proposed pavement markings shall be submitted to the City of Joliet for approval.
5. Vertical curves shall be provided with algebraic differences of 1.2% or greater and meet the following: minimum length of 100 feet, minimum K value of 25.
6. Minimum curb radius at the intersection of two local streets shall be twenty (20') feet and the minimum curb radius at an intersection not involving local streets shall be twenty–five (25') feet.
7. The cross slope on all streets, including intersections, shall be two (2%) percent or less.
8. Subbase and subgrade shall be tested in accordance with the Standard Specifications. Compaction testing shall be at the developer/contractor's expense and shall be preformed by an independent laboratory. Test results shall be submitted to the City prior to placing any material on the subbase subgrade. Once in place density test shall be completed for each lift according to the Standard Specifications.
9. Adequacy of subgrade shall be determined solely by the City based on a contractor performed proof roll with a fully loaded tri axle dump truck.
10. The contractor shall submit a detailed paving plan to the City. The paving plan shall show the location and type of jointing to be used in the construction. The location and type of jointing shall meet the requirements of the IDOT Standard Specifications.
6. Hot–Mix Asphalt & Portland Cement Concrete shall be tested in accordance with the Standard Specifications. Testing shall be at the developer/contractor's expense and shall be performed by an independent laboratory. Test results shall be submitted to the City for review. All existing practice and procedures shall meet IDOT QA/QC requirements.
7. Mix designs shall be submitted to the City for approval prior to construction of pavement. Chemical modification of soils per IDOT Standard Specifications shall be performed at the direction of the City of Joliet and be completed to a minimum depth of 14 inches. The mix design shall be determined in accordance with IDOT design procedures for soil modification or stabilization. The proposed design and construction procedure shall be submitted to the City. Unsatisfactory soil modifications, as determined by the City, may require an increase in depth of the aggregate base or binder. Geogrid may be used in lieu of, or in conjunction with, the chemical modification of soils, as directed by the City.
8. Minor arterials, arterials, and major arterials cross sections shall be determined by the IDOT pavement design manual and be approved by the Director of Public Works.
9. All streets constructed, reconstructed, paved, or overlaid (including asphalt, chip seal, slurry seal, or similar process/material) by City forces, under City contract, or under permit shall be accompanied by a warranty bond for a period of three (3) years upon acceptance of the improvements.
10. All streets constructed, reconstructed, paved, or overlaid (including asphalt, chip seal, slurry seal, or similar process/material) by City forces, under City contract, or under permit shall not thereafter be cut or opened for a period of ten years for construction/reconstruction and five years for overlays. If a street is to be opened during the moratorium period, the applicant will be subject to additional paving requirements as determined by the Director of Public Works.
11. Curb flag shall be 9 inches minimum or match pavement thickness, whichever is greater.

SUBJECT: PUD-5-26: Amendment to the Final Plat of Vista Ridge Phase 1 Planned Unit Development (Council District #3)

V-3-26: Approval of a Vacation of a Public Utility and Drainage Easement for Vista Ridge Phase 1 Planned Unit Development (Council District #3)

GENERAL INFORMATION:

APPLICANT:	Vista Ridge Development, LLC
STATUS OF APPLICANT:	Owner and Developer
REQUESTED ACTION:	Approval of an amended Final Plat and Vacation of a Public Utility and Drainage Easement
PURPOSE:	To allow continued development of a previously approved multi-family residential subdivision
EXISTING ZONING:	R-4 (Low Density Multi-Family Residential)
LOCATION:	2700 Vista Lane
SIZE:	Approximately 5.2 Acres
EXISTING LAND USE:	Ongoing townhome development

SURROUNDING LAND USE & ZONING:

NORTH: Farmland; R-2 (Single-Family Residential)
SOUTH: Ongoing single-family residential development; R-2 (Single-Family Residential)
EAST: Farmland; R-2 (Single-Family Residential)
WEST: Stormwater Detention; R-2 (Single-Family Residential)

SITE HISTORY: The subject property was annexed into the City in 2004. On January 7, 2025, the City Council approved rezoning of the property to R-4 (Low Density Multi-Family

Residential) zoning. The surrounding acreage which is also included in the same Planned Unit Development (PUD), was rezoned to R-2 (Single-Family Residential) at this time. The City Council approved the Recording Plat for the entire PUD to allow construction of 321 single-family residential homes and 76 townhouse dwelling units on May 6, 2025.

SPECIAL INFORMATION: The subject petitions concern the 5.2-acre portion of the PUD dedicated to townhome development. The previously approved Final Plat for this area consisted of 17 townhouse block lots that were each 58 feet deep. The applicant is requesting an amendment to the Final PUD Plat to increase the size of these lots to 70 feet deep to allow the full extent of the rear individual unit patios to be located within each townhome lot and not in the common lot areas. There are no changes to the volume or design of these units.

When the Final PUD Plat for the greater subdivision was approved in 2025, a blanket Public Utility and Drainage Easement was created to cover the extent of each common lot area (Lots 343, 344, and 345) outside of the townhouse block lots. Since portions of this easement area are being encroached upon with the requested extension of the townhouse block lots, a vacation of these easement areas is necessary to avoid future conflicts with the proposed back patios. Staff have reviewed this request and have no concerns about the proposed vacation. Staff have not received any correspondence from any private utility companies regarding the requested vacation.

ANALYSIS: Approval of the requested amended Final Plat and Public Utility and Drainage Easement vacation will allow the continued construction of townhouse units within Phase 1 of Vista Ridge PUD with all future rear yard patios on the townhouse block lots. Staff have examined these requests and believe there will be no meaningful impact on stormwater detention or residential open space. The requested vacation would not have any effect on public or private utilities in the area.

RECOMMENDED ACTION: Staff recommend the Plan Commission recommend approval of an amendment to the Final Plat of Vista Ridge Planned Unit Development and a Vacation of a Public Utility and Drainage Easement for Vista Ridge Phase 1 Planned Unit Development to the City Council.

VEHICULAR ACCESS EASEMENT PROVISIONS

AN EASEMENT IS HEREBY GRANTED TO THE OWNERS OF ANY PARTS OF LOTS 70 THRU 86, THEIR SUCCESSORS AND ASSIGNS, AN EXCLUSIVE, PERPETUAL EASEMENT OVER AND ACROSS THE PROPERTY NOTED ON THIS PLAT AS "VEHICULAR ACCESS EASEMENT" FOR THE PURPOSE OF PROVIDING VEHICULAR INGRESS TO, EGRESS FROM, AND ACCESS BETWEEN LOTS 70 THRU 86 AND ADJACENT PUBLIC ROADS. THE GRANTEE MAY CONSTRUCT OR IMPROVE SAID DRIVEWAYS FROM TIME TO TIME AT GRANTEE'S SOLE COST AND EXPENSE. THIS EASEMENT SHALL BE BINDING ON THE PARTIES, THEIR SUCCESSORS, AND ASSIGNS, AND SHALL RUN WITH THE LAND.

STORMWATER MANAGEMENT EASEMENT PROVISIONS

A PERPETUAL EASEMENT IS HEREBY GRANTED FOR THE BENEFIT OF THE CITY OF JOLIET, ITS AGENTS, SUCCESSORS AND ASSIGNS OVER, ON UPON AND ACROSS LOT 342 - STORMWATER OUTLOT AND ACCESS TO ALL FACILITIES NECESSARY FOR THE MANAGEMENT OF STORMWATER ON THE PLAT OF SUBDIVISION FOR THE PURPOSE OF INSPECTING SUCH AREAS, IN THE EVENT THAT THE ASSOCIATION DOES NOT ADEQUATELY MAINTAIN THE FACILITIES TO THE CITY STANDARDS, THE CITY OF JOLIET SHALL GIVE FOURTEEN (14) DAYS WRITTEN NOTICE OF SUCH FAILURE AND SAID NOTICE SHALL INDICATE WHEN THE CITY WILL EXERCISE ITS RIGHT TO REPAIR THE FAULTY PORTION OF THE FACILITIES. IF THE CITY IS REQUIRED TO MAKE REPAIRS, IT SHALL BE ENTITLED TO REIMBURSEMENTS BY THE RESIDENTIAL ASSOCIATION. WRITTEN NOTICE BY THE CITY OF THE INTENT TO REPAIR SHALL NOT BE REQUIRED IF IN THE OPINION OF THE CITY AN EMERGENCY REQUIRING IMMEDIATE ACTION IS REQUIRED. IN THE EXERCISE OF ITS RIGHTS HEREUNDER, THE CITY OF JOLIET SHALL NOT BE DEEMED GUILTY OF ANY MANNER OF TRESPASS.

NOTES

1. The right of way widths, pavement widths, and pavement thicknesses indicated on this sheet are minimums required by the City of Joliet. Greater dimensions may be provided and the City of Joliet may require greater dimensions as determined by the City. The developer/contractor shall review the plat and the plans to confirm the various widths indicated on this sheet and shall report any discrepancy to the City prior to proceeding with construction.
2. The location of proposed utilities as indicated hereon are based upon the experience of the City of Joliet and are so indicated to ensure the orderly development of the land. Strict adherence to the indicated location is required. Requests to change the location of the proposed utilities shall be submitted in writing to the City of Joliet. Utilities not meeting these requirements shall be removed and replaced as directed by the City of Joliet.
3. Arterial street and divided arterial streets are to be coordinated with the City of Joliet.
4. Local residential streets require only stop bars and crosswalk markings. Markings shall be thermoplastic in accordance with IDOT Standard Specifications. Refer to such drawings covering pavement markings, street signs and traffic control signs. A plan of proposed pavement markings shall be submitted to the City of Joliet for approval.
5. Vertical curves shall be provided with algebraic differences of 1.2% or greater and meet the following: minimum length of 100 feet, minimum K value of 25.
6. Minimum curb radius at the intersection of two local streets shall be twenty (20') feet and the minimum curb radius at an intersection not involving local streets shall be twenty–five (25') feet.
7. The cross slope on all streets, including intersections, shall be two (2%) percent or less.
8. Subbase and subgrade shall be tested in accordance with the Standard Specifications. Compaction testing shall be at the developer/contractor's expense and shall be preformed by an independent laboratory. Test results shall be submitted to the City prior to placing any material on the subbase subgrade. Once in place density test shall be completed for each lift according to the Standard Specifications.
9. Adequacy of subgrade shall be determined solely by the City based on a contractor performed proof roll with a fully loaded tri axle dump truck.
10. The contractor shall submit a detailed paving plan to the City. The paving plan shall show the location and type of jointing to be used in the construction. The location and type of jointing shall meet the requirements of the IDOT Standard Specifications.
6. Hot–Mix Asphalt & Portland Cement Concrete shall be tested in accordance with the Standard Specifications. Testing shall be at the developer/contractor's expense and shall be performed by an independent laboratory. Test results shall be submitted to the City for review. All existing practice and procedures shall meet IDOT QA/QC requirements.
7. Mix designs shall be submitted to the City for approval prior to construction of pavement. Chemical modification of soils per IDOT Standard Specifications shall be performed at the direction of the City of Joliet and be completed to a minimum depth of 14 inches. The mix design shall be determined in accordance with IDOT design procedures for soil modification or stabilization. The proposed design and construction procedure shall be submitted to the City. Unsatisfactory soil modifications, as determined by the City, may require an increase in depth of the aggregate base or binder. Geogrid may be used in lieu of, or in conjunction with, the chemical modification of soils, as directed by the City.
8. Minor arterials, arterials, and major arterials cross sections shall be determined by the IDOT pavement design manual and be approved by the Director of Public Works.
9. All streets constructed, reconstructed, paved, or overlaid (including asphalt, chip seal, slurry seal, or similar process/material) by City forces, under City contract, or under permit shall be accompanied by a warranty bond for a period of three (3) years upon acceptance of the improvements.
10. All streets constructed, reconstructed, paved, or overlaid (including asphalt, chip seal, slurry seal, or similar process/material) by City forces, under City contract, or under permit shall not thereafter be cut or opened for a period of ten years for construction/reconstruction and five years for overlays. If a street is to be opened during the moratorium period, the applicant will be subject to additional paving requirements as determined by the Director of Public Works.
11. Curb flag shall be 9 inches minimum or match pavement thickness, whichever is greater.

File #: 301-26 **Agenda Date:**6/2/2026

TO: Mayor and City Council

FROM: Dustin Anderson, Director of Community Development

SUBJECT:
Ordinances Associated with Cherry Hill Business Park (21) Subdivision, Phase 2:

Ordinance Approving an Amendment to the Preliminary Plat of Cherry Hill Business Park (21) Subdivision (P-5-26)

Ordinance Approving the Final Plat of Cherry Hill Business Park (21) Subdivision, Phase 2 (FP-1-26)

Ordinance Approving the Recording Plat of Cherry Hill Business Park (21) Subdivision, Phase 2 (RP-6-26)

BACKGROUND:
The subject property was annexed into the City and zoned to its existing zoning designation of I-1 (Light Industrial) in 2022. The property is a part of the Cherry Hill Business Park West subdivision. Upon annexation, it was envisioned that two separate warehouse/office buildings would be located on the subject property. In 2024, the City Council approved a Recording Plat that included a 46.4-acre lot for a future warehouse building and a 19-acre outlot for stormwater detention. The remaining 31.5-acre excess land (Lot 2 from the Preliminary Plat) was intended for future subdivision upon future development of this portion of the property. The warehouse building on Lot 1 was subsequently built.

The applicant would like to expand the existing building to accommodate a future tenant. The building's expansion requires an amendment to the previously approved Preliminary Plat and a new Final Plat, to allow the newly expanded building to fit on one lot.

The requested petitions would result in an expansion of Lot 1 from approximately 46.4 acres to 62.7 acres, spanning the entire length of the southern half of the 97-acre subject property. The existing 802,288 square-foot building would be expanded by 393,179 square feet. Approximately 15 acres would be left in Lot 2 for development of a smaller warehouse in the future.

The subject property's approved Annexation Agreement from 2022 has been included in the Council Memo packet. The Agreement stipulates that Building 1 (on Lot 1 of the subject plats) might be expanded in the future and that truck trailer parking might be correspondingly increased. The Agreement further states that future final and record plats that are in material compliance with the Agreement and an approved preliminary plat of subdivision shall be approved by the City.

With the proposed expansion, Lot 1 would have 500 standard parking stalls for passenger vehicles,

and 316 truck trailer stalls. This is a slight increase from the Annexation Agreement's Concept Plan, which showed a total of 314 trailer stalls for Lot 1. Similarly, total building square footage for Lot 1 would be increased to 1,195,467 square feet, from the previously approved total of 1,125,000 square feet. Staff have reviewed the proposed changes and do not believe the increase in building size or nominal increase in trailer stalls will yield any detrimental effects.

Previously approved landscaping easements and setbacks would still be applicable. The building expansion will be required to meet the City's Non-Residential Design Standards. The previously approved stormwater detention basin in Outlot A was designed to accommodate a full building scenario on Lot 1 with an additional building on Lot 2.

The proposed building expansion and subsequent Preliminary Plat amendment and Final Plat align with the intent of the Concept Plan from the previously approved Annexation Agreement. Staff does not believe the proposed changes will have an injurious effect on the surrounding area, as previously approvals contemplated a total industrial building square footage with corresponding increases in truck stalls and drainage capacity.

PUBLIC HEARING (PLAN COMMISSION):
The Plan Commission held a public hearing on the Preliminary Plat amendment and Final Plat at its May 21, 2026, meeting. Minutes of the meeting are attached.

RECOMMENDATION OF THE PLAN COMMISSION:
Jeff Crompton moved that the Plan Commission recommend approval of the amendment to the Preliminary Plat of Cherry Hill Business Park (21) Subdivision and Final Plat of Cherry Hill Business Park (21) Subdivision, Phase 2. TO: Joliet Plan Commission

FROM: Ray Heitner - Planner

SUBJECT: P-5-26: Amendment to the Preliminary Plat of Cherry Hill Business Park (21) Subdivision (Council District #5)

FP-1-26: Approval of the Final Plat of Cherry Hill Business Park (21) Subdivision, Phase 2 (Council District #5)

GENERAL INFORMATION:

APPLICANT:	Kenneth L. Nyenhuis
STATUS OF APPLICANT:	Owner's Representative
REQUESTED ACTION:	Approval of an amended Preliminary Plat and Final Plat
PURPOSE:	Creating an industrial subdivision
EXISTING ZONING:	I-1 (Light Industrial)
LOCATION:	1850 S. Cherry Hill Road
SIZE:	Preliminary Plat = Approximately 97 Acres Final Plat = Approximately 62.71 Acres
EXISTING LAND USE:	Warehouse/Industrial

SURROUNDING LAND USE & ZONING:

NORTH: Undeveloped; I-1 (Light Industrial)
SOUTH: Undeveloped ComEd Land; County A-1 (Agricultural), I-1 (Light Industrial)
EAST: Undeveloped; County A-1 (Agricultural)
WEST: Industrial and Forest Preserve; R-1B (Single-Family Residential), I-1 (Light Industrial), County I-1 (Light Industrial)

SITE HISTORY: The subject property was annexed into the City and zoned to its existing zoning designation of I-1 (Light Industrial) in 2022. The property is a part of the Cherry Hill Business Park West subdivision. Upon annexation, it was envisioned that two separate warehouse/office buildings would be located on the subject property. In 2024, the City Council approved a Recording Plat that included a 65.5-acre lot for a future

warehouse building and a 19-acre outlot for stormwater detention. The remaining 31.5-acre excess land (Lot 2 from the Preliminary Plat) was intended for future subdivision upon future development of this portion of the property. The warehouse building on Lot 1 was subsequently built.

The applicant would like to expand the existing building to accommodate a future tenant. The building's expansion requires an amendment to the previously approved Preliminary Plat and a new Final Plat, to allow the newly expanded building to fit on one lot.

SPECIAL INFORMATION: The requested petitions would result in an expansion of Lot 1 from approximately 46.4 acres to 62.7 acres, spanning the entire length of the southern half of the 97-acre subject property. The existing 802,288 square-foot building would be expanded by 393,179 square feet. Approximately 15 acres would be left in Lot 2 for development of a smaller warehouse in the future.

The subject property's approved Annexation Agreement from 2022 has been included in the staff report packet. The Agreement stipulates that Building 1 (on Lot 1 of the subject plats) might be expanded in the future and that truck trailer parking might be correspondingly increased. The Agreement further states that future final and record plats that are in material compliance with the Agreement and an approved preliminary plat of subdivision shall be approved by the City.

With the proposed expansion, Lot 1 would have 500 standard parking stalls for passenger vehicles, and 316 truck trailer stalls. This is a slight increase from the Annexation Agreement's Concept Plan, which showed a total of 314 trailer stalls for Lot 1. Similarly, total building square footage for Lot 1 would be increased to 1,195,467 square feet, from the previously approved total of 1,125,000 square feet. Staff have reviewed the proposed changes and do not believe the increase in building size or nominal increase in trailer stalls will yield any detrimental effects.

Previously approved landscaping easements and setbacks would still be applicable. The building expansion will be required to meet the City's Non-Residential Design Standards. The previously approved stormwater detention basin in Outlot A was designed to accommodate a full building scenario on Lot 1 with an additional building on Lot 2.

ANALYSIS: The proposed building expansion and subsequent Preliminary Plat amendment and Final Plat align with the intent of the Concept Plan from the previously approved Annexation Agreement. Staff does not believe the proposed changes will have an injurious effect on the surrounding area, as previously approvals contemplated a total

industrial building square footage with corresponding increases in truck stalls and drainage capacity.

RECOMMENDED ACTION: Staff recommend the Plan Commission recommend approval of an amendment to the Preliminary Plat of Cherry Hill Business Park (21) Subdivision and an approval of the Final Plat of Cherry Hill Business Park (21) Subdivision, Phase 2 to the City Council.

ANNEXATION AGREEMENT

ANNEXATION AGREEMENT

THIS AGREEMENT (**"Agreement"**) is made and entered into this ____ day of _____, 2022, by and among the CITY OF JOLIET, an Illinois home rule municipal corporation located in Will and Kendall Counties, Illinois (the **"City"**), Northern Builders, Inc., an Illinois corporation (hereinafter referred to as **"Developer"**), and Gary Fritz, Wayne Fritz, Richard Fritz, Robert Fritz, and Diane M. Tordai as Trustee of the Diane M. Tordai Family Trust (collectively, the **"Owner"**). City, Developer and Owner are collectively referred to as (the **"Parties"**).

WITNESSETH:

WHEREAS, the Owner is the legal owner of record of the real property legally described and depicted on Exhibit "A" attached hereto and made a part hereof (the **"Property"**), located at the southeast corner of Spencer Road and Cherry Hill Road, consisting of approximately 97.1 acres; and

WHEREAS, Developer has a contract to purchase the Property;

WHEREAS, the Property is contiguous to the City and not within the corporate limits of any municipality, as provided in 65 ILCS 5/7-1-1; and

WHEREAS, no electors reside on the Property; and

WHEREAS, the Owner and the Developer desire that the Property be annexed to the City, and the City desires to annex the Property, and on the terms and conditions of this Agreement and the ordinances and regulations of the City, to the City under the City's authority as a home rule unit of government and pursuant to the provisions of 65 ILCS 5/11-15.1-1: and

WHEREAS, the City acknowledges that the proposed use of the Property by the Developer for an industrial business park will be compatible with and will further the planning objectives of the City and that the annexation of Property to the City will be of substantial benefit to the City; will increase the tax base of the City; and will promote and enhance the general welfare of the City and its residents; and

WHEREAS, the I-1 Light Industrial District classification under the City Zoning Ordinance, as currently amended (**"Zoning Ordinance"**) will be the most appropriate zoning classification for the development of the Property; and

WHEREAS, the City has agreed to annex the Property to the City and to zone the Property I-1, Light Industrial District; and

WHEREAS, pursuant to the applicable provisions of the Illinois Municipal Code, a proposed Annexation Agreement similar in substance and in form to this Agreement was submitted to the Mayor and the City Council (**"Corporate Authorities"**) and a public hearing was held thereon pursuant to notice, as provided by statute; and

WHEREAS, pursuant to notice as required by statute and ordinance, a public hearing was held by the City Planning and Zoning Commission on the requested rezoning and the recommendation made by said body relative to such request has been forwarded to the Corporate Authorities; and

WHEREAS, notice of the proposed annexation to New Lenox Township more than ten (10) days prior to any action being taken on the annexation of the Property was given; and

DocuSign Envelope ID: 8478A150-A134-4C79-9DF2-62700C2A421A

WHEREAS, all other and further notices, publications, procedures, public hearings, and other matters attendant to the consideration of the approval of this Agreement have been given, made, held and performed by the City as required by 65 ILCS 5/7-1-8 and 5/11-15.1-1, all other applicable statutes, all applicable ordinances, regulations and procedures of the City; this Agreement is made and entered into by the parties hereto pursuant to the provisions of 11-15.1-1 et seq of the Illinois Municipal Code and the City's authority as a home rule unit of government; and

WHEREAS, the Corporate Authorities have duly considered all necessary petitions to enter into this Agreement, have considered the recommendations of the City Planning and Zoning Commission in connection with the proposed zoning of the Property , and have further duly considered the terms and provisions of this Agreement, and by a resolution duly adopted by a vote of two thirds of the Corporate Authorities then holding office have authorized the Mayor to execute, and the City Clerk to attest, this Agreement on behalf of the City; and

NOW THEREFORE, in consideration of the foregoing recitals, and the mutual covenants and agreements herein contained, and other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. **Recitals.** The parties hereto acknowledge and agree that the statements and representations contained in the foregoing recitals are true and correct and incorporate such recitals into this Agreement as if fully set forth in this Article 1.

2. **Annexation of the Property.** Owner and Developer, have submitted both a Plat of Annexation in the form attached hereto as Exhibit "B" and an executed Petition for

Annexation in the form attached hereto as Exhibit "C" regarding the Property and concurrent with the approval or this Agreement, the City shall enact an Ordinance annexing the Property to the City. The Annexation Ordinance shall provide that it will be effective upon the conveyance of the Property from the Owner to the Developer. Upon being effective, the "**Annexation Ordinances**" shall be recorded with the Will County Recorder of Deeds and filed with the Clerk of Will County by the City.

3. **Developer's Due Diligence.** Anything in this Agreement to the contrary notwithstanding, the benefits and obligations under this Agreement to perform any duties or receive any benefits hereunder will become effective automatically and immediately on the date of the conveyance of the Property to Developer and/or its assigns and Developer has no obligation under this Agreement to acquire fee simple title to the Property.

4. **Land Use and Development Requirements.**

a. Zoning of the Property. Simultaneously with the adoption of the Annexation Ordinances and effective upon the conveyance of the Property from the Owner to the Developer, the City shall enact an ordinance rezoning the Property to the I-1 Light Industrial District zoning classification. The ordinance rezoning the Property shall have the same Effective Date as the Annexation Ordinances. A Zoning Plat is attached hereto as Exhibit D.

b. Codes and Ordinances.

(i) Except as herein specifically provided, all Ordinances of the City as from time to time adopted, amended, or supplemented shall be applicable to the Property and all buildings, structures, operations, and activities thereon. The Parties agree that if the City

amends the zoning regulations applicable to the Property, the amended regulations shall not be more restrictive on the use or development of the Property than the zoning regulations in effect pursuant to the terms of this Agreement. The uses permitted as of right in the City's I-1 Industrial Zoning District during the term of this Agreement shall remain permitted uses as of right applicable to the Property pursuant to the terms of this Agreement, notwithstanding any City Ordinance to the contrary and regardless of whether any such use exists within the Property.

(ii) Notwithstanding anything in paragraph 3(b)(i) above to the contrary, to the extent of any conflict, ambiguity, or inconsistency between the terms, provisions, or standards, contained in this Agreement or any Exhibit attached hereto and the terms, provisions or standards either presently existing in the ordinances of the City, or hereafter adopted by the City, the terms, provisions, and standards of this Agreement shall govern and control.

(iii) Subject to and in accordance with the terms and conditions of this Agreement, any improvements at the Property must be (i) designed and constructed to City standards and this Agreement, (ii) submitted to the City in plan form, and (iii) be reviewed and approved in writing by the prior to construction.

(iv) *Prohibited Uses.* In addition to the prohibitions and requirements of the Zoning Ordinance, the following uses shall be prohibited on the Property:

(1) Excavation, Stockpiling or Relocation of Materials, except if incidental to permitted construction and only for a period not to exceed one year;

(2) Unscreened Outdoor Storage;

(3) Mobile Home or Recreational Vehicle Park;

(4) Sexually Oriented Businesses;

(5) Outdoor Storage of Cargo Containers;

(6) Residential Dwelling Units;

(7) Salvage Yards;

(8) Mining, Quarrying or Aggregate Processing Operations;

(9) Regional Pollution Control Facilities;

(10) Livestock Slaughtering or Processing, except that meat packing and other indoor processing of animals slaughtered at a location other than the Property shall be permitted; and

c. Other land uses expressly enumerated in, or substantially similar to, the Heavy Industrial List set forth in Section 47-18.5(1) of the Zoning Ordinance or the General Industrial List set forth in Section 47-18.5(2) of the Zoning Ordinance.

The enumeration of certain prohibited uses in this Agreement shall not be construed as permitting other uses.

d. Platting, Development, Site Plans and Permits.

(i) Development of Property. This Agreement, and, subject to Section 4(b) hereof, applicable City Ordinances shall control the development of the Property during the term of this Agreement.

(ii) Concept Plan. The City hereby approves the concept plan attached hereto as Exhibit "E" (**"Concept Plan"**) as the conceptual site development plan. Plans, Building Permits, and plats in material compliance with the Concept Plan will be approved by the City in the ordinary course of the development plan review procedure, and the City will proceed with all due diligence in reviewing and approving the same. If the Developer wants to make material changes to the Concept Plan, it shall do so through the City process. If the Concept Plan is amended the amended Concept Plan shall become a part of this Agreement without the need to amend this Agreement. Building 1 is shown with future expansion. Building 1 may increase in size, have additional trailer parking or may be two separate buildings depending on market conditions. Furthermore building 2 may change in size and parking depending on market conditions. These adjustments shall not be considered a material change and shall be approved under the concept plan guidelines. Furthermore, the public road improvements for Cherry Hill Road and Spencer Road, as detailed in Section 5(e) of this Agreement, shall be updated by the Developer in the Concept Plan once road improvements have been finalized. Future updates to the Concept Plan pertaining to road improvements shall not be considered a material change.

(iii) Plats of Subdivision. Plats of Subdivision shall be submitted for approval with each building in the future. After the approval of the Rezoning Ordinance the City will take such actions as are necessary to approve Developer's preliminary plat of subdivision for the Property. Proposed buildings will be required to meet the criteria outlined in the City's Non-Residential Building Design Standards, as detailed in section 47-15H of the

City Code. Building designs and elevations will be reviewed when the plats of subdivision are submitted.

(iv) Final Plats. Upon completed applications future final and record plats of subdivision for the Property (or any portion thereof) which are in material compliance with this Agreement and an approved preliminary plat of subdivision shall be approved by the City without unreasonable delay.

(v) Landscape. A thirty (30') foot Landscape Easement is required on the north and west sides of the Property. A five (5') foot Landscape Easement is required on the south and east sides of the Property. Utilities may be located within the Landscape Easements. The landscaping shall be installed as weather permits in conjunction with the buildings on each approved final site plan. A certificate of occupancy for any building will not be delayed if landscaping is incomplete due to weather, or ongoing at time of occupancy provided that an Improvement Completion Guarantee has been provided to the City. All landscaping shall be completed as soon as weather permits. For the purposes of this Agreement an **"Improvement Completion Guarantee"** shall mean a bond, cash, or letter of credit.

(vi) Building Signage. Building signage in compliance with the City Code of Ordinances which is approved by the City staff may be installed at any time.

(vii) Curb Cuts. The City hereby agrees to grant curb cuts as generally depicted on the Concept Plan.

(viii) Building and Site Development Permits.

(A) The City shall issue building permits for which the Developer applies which are in material compliance with this Agreement. The City shall issue a mass grading permit in a timely fashion to help facilitate the Devleoper's construction timeline using all reasonable measures after submittal of engineering drawings. If the application is denied, the City shall provide the Developer with a written statement specifying the reasons for denial of the application. The City shall issue such buildings permits upon the applicant's compliance with those requirements.

(B) The City hereby acknowledges and agrees that the first building on the Property may commence construction contemporaneously with the construction of the sanitary sewer, water service, storm sewer and storm water detention facility, and the on-site and off-site road improvements provided that (i) access for emergency vehicles is maintained satisfactory to the City and, (ii) the building is constructed of non-combustible material in compliance with City Code of Ordinances.

(C) At the Developer's request the City will issue a Site Development Permit for general grading and excavation following City approval of a grading and soil erosion plan.

(D) Building permits for building construction on platted lots may be issued in phases as follows:

(1) Foundation

(2) Building shell

(3) Interior improvements or build out

Final plat approval by the City is a condition to the issuance of any of the foregoing permits except the Site Development Permit.

(x) Certificates of Occupancy. The City shall issue a certificate of occupancy to Developer upon application therefore which is in material compliance with this Agreement or issue a letter of denial within said period informing Developer specifically as to the what corrections are necessary as a condition of the issuance of a certificate and quoting the section of this Agreement, any applicable code, ordinance, or regulation relied on by the City in its request for correction. The City will issue certificates of occupancy for buildings lacking completion of items which are weather dependent (such as exterior painting, landscaping, bituminous surface course, etc.) or do not otherwise adversely affect life/safety provided the Developer posts an Improvement Completion Guarantee in an amount sufficient to complete the work. Occupancy permits will be issued if applicable roads have been completed except for the surface course.

(xi) Continuation of Current Uses. The Property is now being used for crop farming. In reviewing the Annexation Petition and this Agreement, the City has given due consideration of such current uses. Accordingly, and notwithstanding any provision of the City Code, the Zoning Ordinance, or any other code, ordinance, or regulation now in effect or adopted during the Term of this Agreement, the above described current uses of the Property shall be permitted to continue.

(xii) Sewer & Water Connection Fees. A minimum of one water and one sewer service will be required for each building. Developer may request additional sewer and

water services to the building at Developer's sole discretion. Applicable water and sewer connection fees will be paid to the City of Joliet. Developer may add more than one sanitary service to each building depending on depth and design. Sanitary connection charges per Ordinance 31-54 shall only apply to the total gallons. Developer shall only pay the rate for one connection to each building.

(xiii) Escrow of Documents. Fully executed originals of each of the Annexation Ordinances, this Agreement, Rezoning Ordinance, and the Preliminary Plat each in recordable form (except the Preliminary Plat), and including all applicable exhibits, shall be placed in Escrow with the closing title company by the City prior to the Developer's acquisition of the Property, subject to the Developer closing on the purchase of the Property on or before the Due Diligence Date. An Escrow Agreement shall be in a form approved by the Parties' attorneys.

5. **Public Improvements.**

Article 31 of the Code of Ordinances, as amended, re-codified or succeeded from time to time, shall apply in all respects to the Property and to the provision of water and sanitary sewer collection and treatment services to the Property except as may be expressly and specifically provided for herein.

a. *Water Supply.*

(i) *Right to Connect.*

Upon annexation of the Property to the City and the issuance of required permits and approvals by the City and the IEPA, and any other agency having jurisdiction thereof, the Property shall be connected to the City public water supply in order to provide municipal water service to the Property and all structures constructed thereon. The

Developer shall extend the City's water system from Cherry Hill Road through the property and stubbed to Spencer Road. Water main routing will provide for reasonable fire hydrant access along Spencer Road, and will be finalized with review of the Engineering Plan. The water main will be looped around buildings. The City represents that it has the capacity to serve the Property with potable water.

(ii) *Engineering Plan.*

The specifications, depth, location, and connection points of the water supply system shall be depicted by the Developer in a municipal utilities engineering plan prepared by a professional engineer and submitted to the City for its approval as part of the subdivision platting or development permit process. Subject to compliance with said municipal utilities engineering plan, as approved by the City, the City shall approve such permits and shall consent to such permits to be issued by third party agencies having jurisdiction over the right-of-way, as may be necessary to construct and install the aforesaid water supply system improvements in the public right-of-way.

(iii) *Design, Permitting and Construction of Facilities.*

The Developer, at its expense and without reimbursement by the City, shall be responsible for the acquisition of all necessary rights of way, permits and approvals, the design, construction, installation and testing of the water mains, laterals, valves, meters, hydrants, manholes and other appurtenances necessary to connect the Property to City water facilities.

b. *Sanitary Sewer Service.*

(i) *Right to Connect.*

Subject to the other terms and conditions of this Agreement and the Joliet Water and Sewer Code, and the City of Joliet Utility Design & Inspection Policy Manual, the Property shall be connected to the City sanitary sewer utility system upon and following the

annexation of the Property to the City and the issuance of all required permits and approvals by the City and the IEPA, and any other agency having jurisdiction thereof. The City represents that it has the capacity in its lines and plant to provide sanitary sewer service to the Property.

(ii) *Engineering Plan.*

The specifications, depth, location, and connection points of the sanitary sewer improvements to be constructed on the Property shall be depicted by the Developer in a municipal utilities engineering plan prepared by a professional engineer at the Developer's expense and submitted to the City for its approval as part of the subdivision platting process. Subject to compliance with said municipal utilities engineering plan, as approved by the City, the City shall approve such permits, and shall consent to such permits to be issued by third party agencies having jurisdiction over the right-of-way, as may be necessary to construct and install the aforesaid sanitary sewer system improvements in the public right-of-way.

(iii) *Design, Permitting and Construction of Sanitary Sewer Facilities.*

The Developer, at its expense and without reimbursement by the City, shall be responsible for the acquisition of all necessary rights of way, permits and approvals to construct and operate the sanitary sewer facilities described in this Agreement or that might otherwise be needed to provide sanitary sewer service to the Property and any structures situated thereon. In addition, the Developer, at its expense and without reimbursement by the City, shall also be responsible for the design, construction, installation and testing of the sanitary sewer lines, laterals, manholes and other appurtenances necessary to connect the Property to City sanitary sewer facilities in accordance with the municipal utilities engineering plan prepared by the Developer and approved by the City.

c. Storm Water Management and Drainage.

(i) General.

Stormwater and drainage facilities on the Property shall be designed, constructed and maintained as specified in the Subdivision Regulations, the Will County Stormwater Management Ordinance and other applicable ordinances and regulations, as amended, in connection with the development of the Property. All drainage and stormwater shall be conveyed in underground storm sewers and overland unless otherwise approved by the City. Stormwater on the Property shall not be unlawfully diverted to adjacent properties, but shall be managed in accordance with the permits, regulations, and requirements of federal, state, and local law. Existing off-site drainage facilities and courses shall not be modified except as may be specifically directed or permitted by the City or federal and state agencies having jurisdiction thereof. Notwithstanding the foregoing, prior to the development of the Property, Developer shall provide stormwater detention for any storage currently provided by the existing excavation above the normal water line typically existing in said excavation.

(ii) Detention Facilities.

All detention facilities shall remain privately owned and maintained. Maintenance of detention facilities shall be the responsibility of the property owners, excluding the City. Maintenance shall include, but shall not be limited to, bank stabilization, bank maintenance, sediment removal, dredging, stabilization of water levels, outfall structures and storm sewer pipes within the detention facility.

d. Phasing. The Property may be developed in phases.

e. Roads.

A. Spencer Road adjacent to the Property.

The Developer shall design and install a three-lane road section and other improvements at Spencer Road. Water main and sanitary sewer shall be constructed concurrently, with the final alignment contingent on review of the Final Engineering Plan. The specifications for these improvements are set forth on the Preliminary Engineering Plans. Landscaping and shade trees shall be provided by the Developer as required by the Zoning Ordinance and Subdivision Regulations and the Owner shall establish a landscape easement having a minimum width of 30' along the Spencer Road right of way and depict the easement in all subdivision plats of the Parcel. Upon completion of construction of the Spencer Road improvements, and the acceptance thereof by the City, the Developer shall furnish a maintenance bond, to be valid for a period of two years, for said road improvements.

B. Spencer Road improvements between the east property line of the Parcel and the East boundary of Joliet.

Spencer Road shall be improved to the same three-lane standard. Watermain, sanitary sewer, sidewalks, street lighting and Landscaping shall be deferred until Developer constructs buildings on the North side of Spencer Road as they touch it. No landscaping or sidewalks shall be installed on the South side (New Lenox Township). This section shall be constructed to the same Spencer Road cross section requirements; as depicted on the Preliminary Engineering Plans. As part of this Annexation Agreement, no portion of Spencer Road that lies in New Lenox Township shall be platted or dedicated to the City of Joliet. The existing prescriptive easement shall prevail.

C. Spencer Road between the East Boundary of Joliet and Gougar Road.

Improvements as agreed by New Lenox Township shall consist of improving the existing road only. The improvements include overlaying the existing pavement to increase the structural value and widening at intersection only. No curbs, sidewalks, streetlights, landscaping, or storm piping is included. The prescriptive easement shall prevail.

D. Cherry Hill Road Adjacent to the Property.

Improvements include the same three-lane road standard. Watermain and sanitary sewer are existing. Curb and gutter at East and West side, sidewalks adjacent to property only. Street lighting and Landscaping at East side adjacent to property only. Extension of culvert and storm piping and drainage. If necessary, the Developer will cooperate with the Forest Preserve, but no additional obligations will be imposed on the Developer outside of the scope of this Annexation Agreement.

E. Surface Course of Road Improvements.

For purposes of this paragraph 5(E), completion of construction or reconstruction of the Public Roads required hereunder and the issuance of a certificate of occupancy for any building at the Property will not require the installation of the surface course of pavement thereon. In addition, subject to approval by the City, Developer will be permitted to install the approved surface course of pavement on any such Public Roads at any time prior to the date otherwise required by City ordinance. Provided, however, in no event shall a roadway be open to truck traffic prior to the installation of the bituminous surface course.

F. Acceptance and Dedication of Public Roads.

DocuSign Envelope ID: 8478A150-A134-4C79-9DF2-62700C2A421A

To the extent not already accomplished, the City agrees to promptly accept ownership and responsibility of the Public Roads upon the completion of said improvements in accordance with this Agreement and applicable City ordinances and posting by Developer of improvement or maintenance guarantees in accordance with the City's construction standards and ordinances. Dedication of said Public Roads will be via a recordable plat.

6. Recapture and Reimbursement for Costs.

a. Recapture. The City hereby warrants that except for Recapture due pursuant to that Recapture Agreement recorded as Document No. R2011104124 the Property is not subject to any recapture fees, impact fees, park district fees, library fees, annexation fees, or land donations of any type unless specifically set forth to in this Agreement. The City further agrees that the Property will not be subject to any taxes, special assessments, or fee increases which do not apply to all non-residential zoned land in the City. The Developer shall pay to the City the Recapture amount of $186,079.05 within thirty (30) days of the Effective Date of the Annexation Ordinances. In the event that the entity entitled to this Recapture is no longer in existence and the City is not able to make the payment, the money shall be returned to the Developer.

b. General.

In consideration of the approval of this Agreement by the City and the provision of municipal services to the Property, the Developer hereby agrees, for itself and its Successors, to timely pay in full the following items ("Development Fees") in accordance with the applicable ordinances, as such ordinances may be presently constituted or as may hereafter be amended.

(1) Water Connection Charge, Section 31-54 of the Code of Ordinances at the time of connection;

(2) Sanitary Sewer Connection Charge, Section 31-54 of the Code of Ordinances at the time of connection;

(3) Fire Protection District Disconnection Fee, Section 23-43 of the Code of Ordinances;

(4) Public Library District Disconnection Fee, Section 23-47 of the Code of Ordinances;

(5) Eastside Sewer Treatment Plant Surcharge;

(6) Engineering Inspection and Review Fees (to be determined according to City Ordinances/Resolutions);

(7) Building Permit Fees (to be determined according to City Ordinances/Resolutions); and

(8) Development Impact Fee.

c. Waiver of Right to Contest Development / Capital Improvement Fees.

The payment by the Developer to the City of the development fees and capital improvement fees as defined is final as to any and all development fees and capital improvement fees that the City may, could or shall impose upon the Developer of the Property and by the execution of this Agreement the Developer agrees not to contest such development fees and/or capital improvement fees. Neither party may seek a refund or rebate or impose any additional such development fees or capital improvement fees.

d. Covenant Not to Sue.

In addition to the foregoing, the Developer warrants, and covenants with the City that it shall not bring suit, nor shall it join or become included in any proceeding, including, but not limited to, a class action proceeding, that:

(1) seeks to enjoin, restrain, condition or impair the enforcement of ordinances imposing, implementing or amending Development Fees;

(2) seeks a declaration regarding the validity, constitutionality or enforceability of such ordinances;

(3) seeks the mandatory approval or execution of subdivision plats or construction permits without the full and prompt payment of Development Fees by a writ of mandamus or injunction;

(4) seeks to enjoin, restrain, condition or impair the payment or collection of money or the transfer or improvement of property pursuant to ordinances imposing, implementing or amending Development Fees;

(5) claims that the enforcement of ordinances imposing Development Fees, as applied to the Developer, constitute a taking; or

(6) claims the ordinances establishing, implementing, or amending the Development Fees were not validly enacted.

7. **Remedies.**

a. In the event of a material breach of this Agreement, except for life safety matters, the Parties agree that the Party alleged to be in breach shall have thirty (30) days after written notice of said breach to correct the same prior to the non-breaching Party's seeking of any remedy provided for herein; provided, however, that said 30-day period shall be extended if the defaulting party has initiated the cure of said default and is diligently proceeding to cure the same.

b. If any of the Parties fail to perform any of its obligations hereunder, and the Party affected by such default shall have given notice of such default to the defaulting Party, and such defaulting Party shall have failed to cure such default within thirty (30) days of such default notice (provided, however, that such 30-day period shall be extended if the defaulting Party has initiated the cure of said default and is diligently proceeding to the cure the same), then, in addition to any and all remedies that may be available, either at law or in equity, the

DocuSign Envelope ID: 8478A150-A134-4C79-9DF2-62700C2A421A

Party affected by such default shall have the right, but not the obligation, to take such action as in its reasonable discretion and judgment shall be necessary to cure such default.

c. In the event of judicial action between the Parties to this Agreement with respect to the provisions of this Agreement, the prevailing Party will be entitled to recover in addition to any other recovery, its reasonable attorney's fees and expenses actually incurred due to such action.

8. **Term.** This Agreement shall be binding on the Parties and their respective successors and assigns for a period of twenty (20) years (the "**Term**"), commencing as of the date hereof, and for such further terms as may be authorized by statute and by City Resolution and Developer's consent. Termination of this Agreement will not affect the Annexation or rezoning of the Property.

9. **Miscellaneous.**

a. Amendment. This Agreement, and the exhibits attached hereto, may be amended only by the mutual consent of the Parties, by adoption of the Resolution by the City approving said amendment as provided by law, and by the execution of said amendment by the Parties or their successors in interest; provided, however, in the event an amendment applies only to a portion of the Property, then only the City and the owner of the portion of the Property proposed to be subject to such amendment shall be required to consent to and execute such amendment.

b. Severability. If any provision, covenant, agreement or portion of this Agreement or its application to any person, entity, or property is held invalid, such invalidity

DocuSign Envelope ID: 8478A150-A134-4C79-9DF2-62700C2A421A

shall not affect the application or validity of any other provisions, covenants, agreements, and portions of this Agreement, unless as a result the purpose and intent of this Agreement will thereby be substantially or essentially impaired. In such event, the Parties will diligently proceed to revise this Agreement in order to re-memorialize such purpose and intent. If for any reason the annexation or zoning of the Property is ruled invalid, in whole or in part, the Corporate Authorities, as soon as possible, shall take such actions (including the holding of public hearings and the adoption of such ordinances and resolutions) as may be necessary to give effect to the spirit and intent of this Agreement and the objectives of the Parties, as disclosed by this Agreement.

c. No Waiver. The failure of the Parties to insist on the strict and prompt performance of the terms, covenants, agreements, and conditions herein contained, or any of them, on any other Party imposed, shall not constitute, or be construed as a waiver or relinquishment of any Party's right thereafter to enforce any such term, covenant, agreement, or condition, but the same shall continue in full force and effect.

d. Entire Agreement. This Agreement sets forth all agreements, understandings, and covenants between and among the Parties. This Agreement supersedes all prior agreements, negotiations, and understandings, written and oral, and is a full integration of the entire agreement of the Parties with the exception of the previously executed Professional Fee Agreement.

e. Survival. The provisions herein shall survive the annexation of the Property and shall not be merged or expunged by the annexation of the Property to the City.

f. Successors and Assigns. This Agreement shall run with the land and, as such, shall be binding upon subsequent owners of the Property.

g. Notices. Any notice required or permitted by the provisions of this Agreement shall be in writing and sent by certified mail, return receipt requested or by nationally recognized couriers or personally delivered to the Parties, at the following addresses, or such other addresses as the Parties, by notice may designate:

h. Time of the Essence. Time is of the essence of this Agreement and each and every provision hereof.

i. Mutual Assistance. The Parties shall do all things necessary or appropriate to carry out the terms and provisions of this Agreement and to aid and assist each other in carrying out the terms and objectives of this Agreement and the intentions of the Parties as reflected by said terms, including without limitation, the giving of such notices, the holding of such public hearings, the enactment by the City of such resolutions and ordinances, and the taking of such other actions as may be necessary to enable the Parties' compliance with

the terms and objective of this Agreement and the intentions of the Parties as reflected by said terms.

j. City Approval. Unless otherwise provided in the Agreement, whenever any approval or consent of the City, or any of its departments, officials, or employees is called for under this Agreement, the same shall not be unreasonably withheld or delayed.

k. Force Majeure. Neither party shall be obligated to perform hereunder, and neither shall be deemed to be in default, to the extent that performance is prevented or delayed by strikes, fire, earthquake, flood, act of God, riot, civil commotion or other matter or condition of like nature, or otherwise beyond the reasonable control of the applicable party, including, without limitation, any law, ordinance, rule, regulation or order of any public or military authority stemming from the existence of economic controls, riot, hostilities, war. To the extent that performance is delayed because of governmental law and regulations and unforeseen site conditions, the time for performance shall be tolled so long as reasonable efforts toward completion continue (collectively, **"Force Majeure"**).

l. Prevailing Wages and other Laws. Developer acknowledges that all improvements constructed by Developer hereunder that are to be dedicated to the City are subject to the Illinois Prevailing Wages Act and other laws and regulations respecting public improvements. Developer will comply with all such applicable laws and regulations in all material respects.

m. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

FROM: Planning Staff

SUBJECT: A-6-22: Annexation of 97.1 Acres Located at the Southeast corner of Cherry Hill Road and Spencer Road, Classification to I-1 (Light Industrial) Zoning and Approval of an Annexation Agreement.

GENERAL INFORMATION:

APPLICANT:	Kenneth Nyenhuis, Northern Builders, Inc.
OWNER:	Gary Fritz
REQUESTED ACTION:	Approval of an Annexation of 97.1 acres, Classification to I-1 (Light Industrial) Zoning and Approval of an Annexation Agreement.
PURPOSE:	To allow the construction of two office/warehouse buildings in the city limits and to connect said buildings to City utilities.
LOCATION:	Southeast corner of Cherry Hill Road and Spencer Road (PIN #15-08-30-100-001-0000)
SIZE OF PARCEL:	97.1 Acres
EXISTING LAND USE:	Vacant land

SURROUNDING LAND USE & ZONING:

North:	Industrial; I-1 (Light Industrial)
South:	Undeveloped, ComEd Land; County A-1 (Agricultural)
East:	Undeveloped, Agricultural; County A-1 (Agricultural)
West:	Industrial and Forest Preserve; R-1B (Single-Family Residential), I-1 (Light Industrial)

SITE HISTORY: Annexation and subdivision of the subject property was previously contemplated by the City Council in 2018. However, the property was not closed upon by the developer within 180 days of the prior execution of the annexation ordinances. The property owner is now working with Northern Builders, Inc. to develop the property with two separate warehouse/office buildings. The proposed development concept is similar to the previously approved preliminary plat and concept plan that was associated with the previous annexation attempt. The site currently consists of undeveloped farmland, with a single-family residence on the property's west side. Figure 1 shows the subject property, with the existing farmland use.

Figure 1: Subject Property

SPECIAL INFORMATION: The attached Concept Site Plan shows two separate office-warehouse buildings, which will be placed on two separate lots when the property is further subdivided in the future. Building #1 is 700,000 square feet in size, with the potential to expand up to an additional 425,000 square feet. Building #2 is 294,500 square feet in size and would not be expanded. When the property is replatted in the future, a conservation easement will be placed around the Sugar Run Creek area to preserve this watercourse. An on-site detention pond for the site will be located south of the Creek area, in the northwest portion of the subject property.

The subject property is not included in the City's South Side Comprehensive Plan, but the proposed I-1 (Light Industrial) use generally matches the existing zoning and land use that can be found to the north and west. An easement area for ComEd is located immediately south of the subject property, however, additional light industrial uses within the County can be found further south.

All public improvements, sewer and water connection fees, the East Side Sewer Treatment Plant Surcharge, and the developer's impact fee will be required. Detachment fees have been paid for the New Lenox Township Fire and Library Districts. Upon future development of the site, landscaping will be required as per City ordinance and will include 30'-wide berms along the north and west property lines. Right-of-way dedications along the eastern half of Cherry Hill Road and the southern half of Spencer Road will be required simultaneous with approval of the annexation ordinance. A half road improvement is being required for Cherry Hill Road and a full road improvement will be required for

Spencer Road. Water and sewer connections are available in mains located on the east side of Cherry Hill Road.

ANALYSIS: The approval of the annexation, annexation agreement and zoning classification to I-1 (Light Industrial) will allow the construction of two separate office-warehouse buildings. The proposal is consistent with surrounding land uses in the area and the subject property has access to City utilities. Given this context, annexation of the subject property for the proposed use is appropriate.

Memo

File #: 268-22 **Agenda Date:**5/17/2022

TO: Mayor and City Council

FROM: James V. Capparelli, City Manager

SUBJECT:
Resolution Approving an Annexation Agreement for a 97.1-Acre Parcel Located at the Southeast Corner of Cherry Hill Road and Spencer Road (A-6-22)

BACKGROUND:
The petitioner is requesting an annexation of a 97.1-acre parcel located at the southeast corner of Cherry Hill Road and Spencer Road to develop a future light industrial use. As a part of the annexation, the petitioner will be dedicating portions of right of way along the east side of Cherry Hill Road, and along the south and north sides of Spencer Road, as shown in the attached Plats of Dedication.

Annexation of the subject property was previously approved by the City Council in 2018. However, the property did not close within the 180-day period that was stipulated in the previous annexation agreement, thereby nullifying the annexation. The current petition for annexation is similar to the previous petition in that the proposed development concept consists of two separate warehouse/office buildings. The attached Concept Site Plan shows two separate office-warehouse buildings, which will be placed on two separate lots when the property is further subdivided in the future. Building #1 is 700,000 square feet in size, with the potential to expand up to an additional 425,000 square feet. Building #2 is 294,500 square feet in size and would not be expanded. When the property is replatted in the future, a conservation easement will be placed around the Sugar Run Creek area to preserve this watercourse. An on-site detention pond for the site will be located south of the Creek area, in the northwest portion of the subject property. The site is currently undeveloped farmland.

The subject property is not included in the City's South Side Comprehensive Plan, but the proposed I -1 (Light Industrial) use generally matches the existing zoning and land use that can be found to the north and west. An easement area for ComEd is located immediately south of the subject property, however, additional light industrial uses within the County can be found further south.

All public improvements, sewer and water connection fees, the East Side Sewer Treatment Plant Surcharge, and the developer's impact fee will be required. Detachment fees have been paid for the New Lenox Township Fire and Library Districts. Upon future development of the site, landscaping will be required as per City ordinance and will include 30'-wide berms along the north and west property lines. Right-of-way dedications along the eastern half of Cherry Hill Road and the southern half of Spencer Road will be required simultaneous with approval of the annexation ordinance. A half road improvement is being required for Cherry Hill Road and a full road improvement will be required for Spencer Road. Water and sewer connections are available in mains located on the east side of

Cherry Hill Road.

PLAN COMMISSION PUBLIC HEARING:
The Plan Commission held a public hearing on this matter at its April 21, 2022 meeting. Mr. Ken Nyenhuis, Northern Builders, Inc., appeared on behalf of the petition. No one appeared in support or opposition to the petition. Meeting minutes are included with the Council Memo packet.

RECOMMENDATION OF THE PLAN COMMISSION:
Mr. Crompton motioned to approve the Annexation of a 97.1-Acre parcel located at the southeast corner of Cherry Hill Road and Spencer Road, classification to I-1 (Light Industrial) Zoning, and approval of an Annexation Agreement. Mr. Perez seconded the motion, which passed with 6 aye votes. Voting aye were: Cox, Crompton, Perez, Roehr, Rousonelos, and Wunderlich.

RECOMMENDATION OF THE ADMINISTRATION:
The Administration concurs with the recommendation of the Plan Commission and recommends the Mayor and City Council adopt the following:

A Resolution Approving an Annexation Agreement for a 97.1-Acre Parcel Located at the Southeast Corner of Cherry Hill Road and Spencer Road

TO: Mayor and City Council

FROM: Greg Ruddy, Director of Public Works

SUBJECT:
Resolution Authorizing Execution of an Intergovernmental Agreement between the County of Kendall and the City of Joliet for Kendall County Transportation Alternative Program (KC-TAP) Funding to Resurface the Multi-Use Path Along the West Side of Ridge Road Between Theodore Street & Black Road

BACKGROUND:
The City submitted an application to Kendall County under the Kendall County Transportation Alternatives Program (KC-TAP) seeking financial assistance to resurface the multi-use path along the west side of Ridge Road between Theodore Street and Black Road.

The total estimated cost of the project is $70,312.00. The Kendall County Highway Committee approved the City's application on April 14, 2026, and the Kendall County Board authorized funding in the amount of $56,250.00, representing 75% of the project cost, with the City responsible for the remaining $14,062.00, or 25%, of the project cost.

Pursuant to the Intergovernmental Agreement, the County will reimburse the City upon project completion. The City will retain construction, maintenance, and future repair responsibilities.

The Public Service Committee will review this matter.

CONCLUSION:
An Intergovernmental Agreement between Kendall County and the City outlines responsibilities, grant terms, and required State and Federal compliance for the multi-use path resurfacing project.

Sufficient funds exist utilizing Public Works Capital Funds (Org 30090270, Object 557200, $14,062.00).

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council adopt the attached Resolution Authorizing an Intergovernmental Agreement Between the County of Kendall and the City of Joliet for Kendall County Transportation Alternative Program (KC-TAPA) Funding to Resurface the Multi-Use Path Along the West Side of Ridge Road between Theodore Street & Black Road.

INTERGOVERNMENTAL AGREEMENT FOR KENDALL COUNTY TRANSPORTATION ALTERNATIVES PROGRAM ("KC-TAP") FUNDING TO THE CITY OF JOLIET TO RESURFACE THE MULTI-USE PATH ALONG THE WEST SIDE OF RIDGE ROAD BETWEEN THEODORE STREET AND BLACK ROAD

THIS INTERGOVERNMENTAL AGREEMENT ("*the Agreement"*) is by and between the County of Kendall, a unit of local government of the State of Illinois ("*Kendall County*") and the City of Joliet (the "*Grantee*"), a municipal corporation of the State of Illinois.

WITNESSETH:

WHEREAS, the Constitution of the State of Illinois of 1970, Article VII, Section 10, provides that units of local government may contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law or by ordinance and may use their credit, revenues, and other resources to pay costs related to intergovernmental activities; and

WHEREAS, the Grantee and Kendall County (the "*parties*") are units of local government within the meaning of Article VII, Section 1 of the Illinois Constitution of 1970 who are authorized to enter into intergovernmental agreements pursuant to the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*; and

WHEREAS, the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq*., provides that any county may participate in an intergovernmental agreement under this Act notwithstanding the absence of specific authority under the State law to perform the service involved, provided that the unit of local government contracting with the County has authority to perform the service; and

WHEREAS, pursuant to the Illinois Highway Code under 605 ILCS 5/9-101 and 605 ILCS 5/4-409, the State, its municipalities and the counties may form cooperative agreements with each other for the construction, maintenance and improvement of streets, highways and any portions thereof; and

WHEREAS, the Illinois Highway Code (605 ILCS 5/1 *et seq*.) and the Illinois Bikeway Act (605 ILCS 30/1 *et seq*.) each encourage the funding and the creation of bicycle paths, multi-use trails and sidewalks along roadways within the State of Illinois; and

WHEREAS, on July 17, 2012, the Kendall County Board passed Resolution Number 12-33 entitled "Resolution for the Creation of the Kendall County Transportation Alternatives Program ("KC-TAP")", which authorizes Kendall County to provide financial assistance to qualified applicants for the construction of multi-use trails and sidewalks in Kendall County, Illinois. The Kendall County Board amended the parameters of KC-TAP on August 15, 2023 by the adoption of Resolution Number 23-38; and

WHEREAS, Grantee submitted an application pursuant to the KC-TAP. Grantee's application sought financial assistance to resurface the multi-use path along the west side of Ridge Road between Theodore Road and Black Road, in the WIKADUKE Trail as described in the attached Exhibit A (referred to herein as "the Project."); and

WHEREAS, the Kendall County Highway Committee approved Grantee's KC-TAP application on April 14, 2026; and

WHEREAS, pursuant to Resolution Number 23-38, an applicant is limited to $100,000 in KC-TAP funds per fiscal year unless specifically authorized by the Kendall County Board

WHEREAS, the Kendall County Highway Committee has confirmed the availability of KC-TAP funding to support the Project in the amount of $56,250.00 (fifty-six thousand, two hundred fifty dollars), and the Kendall County Board authorizes the distribution of that amount; and

WHEREAS, the parties wish to enter into this Agreement for the benefit of local pedestrians and bicyclists and to provide a safe and efficient pathway for the residents of the City of Joliet and Kendall County; and

WHEREAS, pursuant to the terms of this Agreement, Kendall County will grant money to the Grantee to partially fund the construction of the Project as shown in the Location Map shown in Exhibit A; and

WHEREAS, it is the understanding of the parties that at all times, including after completion of the Project, Grantee alone will construct, maintain, repair and/or replace the subject improvements, and that Kendall County will have no duties to construct, maintain, repair and/or replace the subject improvements at any time in the future.

NOW, THEREFORE, in consideration of the premises and the mutual covenants hereafter set forth, the parties agree as follows:

1. The foregoing preambles are hereby incorporated into this Agreement as if fully restated in this paragraph 1;

2. Kendall County's Obligations:

    a. Kendall County agrees to provide funding in an amount not to exceed fifty-six thousand, two hundred fifty dollars ($56,250.00) to the Grantee from the Fiscal Year 2026 (December 1, 2025 to November 30, 2026) budgeted KC-TAP funding for the purpose of partially funding the construction costs of the Project;

    b. The final amount of this Grant, which shall not exceed one fifty-six thousand, two hundred fifty dollars ($56,250.00), will be determined at the time the Grantee submits its final request for reimbursement for the Project;

    c. The final Grant amount shall not exceed 75% of the funding for said Project. Should the submitted reimbursement request constitute an amount above 75% of the Project's costs, then Kendall County shall, in its sole discretion, choose to reimburse an amount below fifty-six thousand, two hundred fifty dollars ($56, 250.00) and equal to 75% of the Project's costs;

d. Kendall County shall disburse the Grant funds under this Agreement within sixty (60) days of the submission of Grantee's final request for reimbursement and the necessary supporting documentation supporting the request;;

e. Kendall County will not have any obligations beyond the granting and disbursement of KC-TAP grant funds as described herein for the resurfacing of the path, nor shall Kendall County have any obligations for future path maintenance, improvements or repairs, including for those portions of the path located on Kendall County's right of way.

3. Grantee's Obligations:

a. Grantee understands and agrees that only qualified units of local government within Kendall County who have statutory authority to provide lands or facilities for multi-use trails or sidewalk purposes are eligible for assistance under the KC-TAP program and eligible projects must be located within the geographical boundaries of Kendall County, as well as located along a State or County Highway and Grantee herein assures Kendall County that it and its Project qualifies for funding pursuant to this understanding and pursuant to all other terms of the KC-TAP as set forth in Kendall County Resolution Number 12-33 as amended by Resolution Number 23-38 and Grantee's application;

b. Grantee shall use the funds set forth in this Agreement to construct the Project at the locations, and pursuant to the specifications, as set forth in the attached Exhibit A and in conformance with all plans and designs previously supplied by Grantee. Grantee understands and agrees that the funds provided by Kendall County pursuant to this Agreement shall not be used for any other purpose ("Improper Purpose"). In the event that Grantee uses the funds for an Improper Purpose,

Grantee shall immediately reimburse Kendall County the full amount of funds provided to Grantee under this Agreement;

c. At all times, the Project, shall be completed by the Grantee, who shall exercise complete control and responsibility as described herein. At no time shall Kendall County be deemed to have adopted said Project or its resulting improvements or the responsibility for the construction, maintenance, care, and demolition of the improvements that are subject to the Project and this Agreement;

d. The construction of the Project shall adhere to State and federal requirements for multi-use paths and sidewalks, as applicable, including but not limited to the latest edition of the Guide for the Development of Bicycle Facilities (AASHTO), the Standard Specifications for Road and Bridge Construction (IDOT), and IDOT's Highway Standards.

e. Grantee and its consultants, employees, contractors, subcontractors and agents agree to comply with all applicable State, federal and local laws and regulations and Grantee shall ensure that all their contracts include provisions incorporating the following:

    i. The Illinois Prevailing Wage Act, 820 ILCS 130/1 *et seq.* Grantee agrees to (a) fully comply with all applicable requirements of the Prevailing Wage Act, (b) notify all contractors and subcontractors that the work performed pursuant to this Agreement shall be subject to the Illinois Prevailing Wage Act, and (c) include all notices required by statute and the Illinois Department of Labor in any contracts. In the event that Grantee fails to comply with the notice requirements set forth in the Illinois Prevailing Wage Act, Grantee shall be solely responsible

for any and all penalties, fines and liabilities incurred for Grantee's, contractors' and/or subcontractors' violations of the Prevailing Wage Act.

ii. The Employment of Illinois Workers on Public Works Act, 30 ILCS 570/0.01 *et seq*.

iii. The Substance Abuse Prevention on Public Works Act, 820 ILCS 265/1 *et seq*. and the Illinois Drug Free Workplace Act, 30 ILCS 580/1 *et seq*.

iv. The Illinois Public Construction Bond Act, 30 ILCS 550/1 *et seq.*

v. The Illinois Human Rights Act, Title VI of the Civil Rights Act of 1964, as amended, the Americans with Disabilities Act, the Age Discrimination in Employment Act, Section 504 of the Federal Rehabilitation Act, and all applicable rules and regulations.

f. Grantee shall ensure that Grantee and each contractor and/or subcontractor performing work on the Project shall obtain and continue in force during the term of the Project, all insurance necessary and appropriate and that each contractor and/or subcontractor contracted with to perform work on the Project shall name Kendall County as an Additional Insured on a Primary and Non-Contributory basis with respect to all liability coverage, as well as a waiver of subrogation with respect to the general liability and workers' compensation in favor of Kendall County. Further, Grantee shall require each contractor and/or subcontractor to provide indemnification and hold harmless guarantees to Kendall County during the construction of this Project;

g. Grantee shall comply with all competitive bidding and selection requirements necessary for construction and completion of the Project pursuant to applicable

state and federal laws. Grantee shall obtain certifications from all contractors and subcontractors who perform work on the Project, which certify the contractors and subcontractors are not barred from performing the work as a result of a violation of either 720 ILCS 5/33E-3 or 5/33E-4 (bid rigging or bid rotating) or as a result of a violation of 820 ILCS 130/1 *et seq.* (the Illinois Prevailing Wage Act);

h. It is agreed by the Grantee that the maintenance, both physical and financial of the Project and its resulting improvements will be the responsibility of Grantee, and Grantee alone. Further, Grantee shall be responsible for any future repair or replacement deemed necessary for the Project and its resulting improvements (notwithstanding any agreements with third parties in this regard). Nothing in this Agreement shall be construed as to create a duty or responsibility on behalf of Kendall County to finance, maintain, repair, or replace the subject improvements;

i. During, and following completion of the Project, to the extent permitted by law, Grantee shall defend, with counsel of Kendall County's own choosing, indemnify and hold harmless Kendall County, including Kendall County's past, present and future board members, elected officials, insurers, employees, and agents from and against any and all claims, liabilities, obligations, losses, penalties, fines, damages, and expenses and costs relating thereto, including but not limited to attorneys' fees and other legal expenses, which Kendall County, its past, present and future board members, elected officials, insurers, employees, and/or agents may hereafter sustain, incur or be required to pay relating to, or arising in any manner out of the use, ownership, construction, maintenance, repair, replacement and/or condition of the subject facilities built or resurfaced during this Project, or claims, liabilities, obligations, losses, penalties, fines, damages, and expenses and costs relating to

and arising in any manner out of Grantee and Grantee's Contractors and Subcontractors construction of this Project or Grantee's alleged failure to perform its obligations pursuant to this Agreement. Any attorney representing Kendall County shall be approved by the Kendall County State's Attorney and shall be appointed a Special Assistant State's Attorney, as provided in 55 ILCS 5/3-9005. Kendall County's participation in its defense shall not remove Grantee's duty to indemnify, defend and hold Kendall County harmless, as set forth above. Kendall County does not waive its defenses or immunities under the Local Government and Governmental Employees Tort Immunity Act (745 ILCS 10/1 et seq.) by reason of this indemnification provision. Indemnification shall survive the termination of this Agreement;

j. Grantee understands and agrees that construction of the Project must begin within 24 months of signature of this Agreement by the Kendall County Board. If the Project does not begin construction within 24 months, Grantee will be in default of this Agreement and at that time the Agreement, as well as any obligations of Kendall County, shall immediately cease and be considered null and void with no further obligation upon Kendall County to provide the Grant funding as described above;

k. Grantee understands that Construction of the Project must be completed and a request for reimbursement must be submitted to Kendall County within 60 months after the signature of this Agreement. If Grantee is unable to complete the Project and seek reimbursement within that time, Grantee will be in default of this Agreement and at that time the Agreement, as well as any obligations by Kendall

County, shall immediately cease and be considered null and void with no further obligation upon Kendall County to provide the Grant funding as described above;

l. If Grantee is unable to begin construction of the Project within 24 months after the parties' execution of this Agreement, or is unable to complete the Project and request reimbursement within 60 months after the parties' execution of this agreement, Grantee may submit a request in writing to Kendall County requesting an extension of time to commence or complete the construction, as the case may be. Grantee must file its request for an extension of time with Kendall County on or prior to expiration of the 24-month period in the case of it beginning construction or on or prior to expiration of the 60-month period in the case of completing construction and seeking reimbursement. Requests for extensions shall not be valid if made after the expiration of the above deadlines. Kendall County retains sole discretion whether to approve Grantee's request for an extension of time;

m. Grantee understands and agrees that prior to Kendall County disbursing the above listed KC-TAP funds as described herein, Grantee must submit final project costs, along with a written request for reimbursement to the Kendall County Engineer or his designee, who shall then determine the appropriateness of the costs and expenses claimed and determine if all obligations have been met prior to approving the disbursement of Grant funds. If requested by Kendall County, the Grantee must also submit any and all further documentation to verify completion of the Project, the costs incurred by Grantee and Grantee's compliance with the terms of this Agreement;

n. Grantee understands and agrees that prior to and as a condition of reimbursement, Grantee shall obtain, and tender to Kendall County, a final waiver of lien for all

contractors, subcontractors, and/or suppliers who performed work on or supplied materials to the Project;

o. Grantee understands and agrees that it shall submit its request for reimbursement to Kendall County within the same fiscal year that the Project is completed. Failure to timely request reimbursement as outlined in this Agreement will result in Grantee being in default of this Agreement and at that time the Agreement, as well as any obligations by Kendall County, shall immediately cease and be considered null and void with no further obligation upon Kendall County to provide the Grant funding as described above;

p. Grantee understands and agrees that reimbursement requests cannot exceed the amount originally awarded by the Kendall County Board and described in Section 2(a);

q. Grantee understands and agrees that under no circumstances shall cost overruns be considered nor shall KC-TAP Funds under this Agreement be advanced to the Grantee prior to project completion and submission of a request for reimbursement;

r. Grantee, its officers, employees, subcontractors, and agents agree not to commit unlawful discrimination/ unlawful harassment and further agree to comply with all applicable provisions of the Illinois Human Rights Act, Title VII of the Civil Rights Act of 1964, as amended, the Americans with Disabilities Act, the Age Discrimination in Employment Act, Section 504 of the Federal Rehabilitation Act, the Illinois Public Works Employment Discrimination Act, 775 ILCS 10/0.01 et seq., as amended, and all applicable rules and regulations. Grantee, its officers, employees, subcontractors, and agents shall maintain a written sexual harassment policy that complies with the requirements of 775 ILCS 5/2-105 and shall comply

with all fair employment practices and equal employment opportunity/affirmative action requirements set forth in applicable state and federal laws and regulations.

4. It is mutually agreed by Kendall County and Grantee that at no time shall Kendall County be inferred to, or obligated to, have a duty to provide insurance for the subject improvements or otherwise indemnify and hold harmless Grantee in connection with the use, enjoyment, ownership, maintenance, construction, repair or replacement of the Project improvements and any property where the Project has been completed. Grantee shall maintain general liability insurance coverage for the subject improvements, naming Kendall County as an additional insured and including a subrogation waiver in favor of Kendall County.

5. This Agreement and the rights of the parties hereunder may not be assigned (except by operation of law), and the terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and assigns of the parties hereto. Nothing in this Agreement, express or implied, is intended to confer upon any party, other than the parties and their respective successors and assigns, any rights, remedies, obligations or liabilities under or by reason of such agreements;

6. Any notice required or permitted to be given pursuant to this Agreement shall be duly given if sent by fax, certified mail, or courier service and received. As such, all notices required or permitted hereunder shall be in writing and may be given by either (a) depositing the same in the United States mail, addressed to the party to be notified, postage prepaid and certified with the return receipt requested, (b) delivering the same in person, or (c) telecopying the same with electronic confirmation of receipt.

Grantee understands and agrees that Grantee is solely responsible for paying all wages, benefits and any other compensation due and owing to Grantee's officers, employees, and agents for the performance of services on the Project or as otherwise set forth in the Agreement;

11. This Agreement shall be in full force and effect upon signature by both parties and will terminate upon either (a) payout by Kendall County of Grant funds as described herein, or (b) default by Grantee, whichever occurs first. However, the duty to defend and indemnify shall survive the term of this agreement;

12. In the event Kendall County is in default under the Agreement because funds are not appropriated for a fiscal period subsequent to the one in which the Agreement was entered into which are sufficient to satisfy all or part of Kendall County's obligations under this Agreement during said fiscal period, Kendall County agrees to provide prompt written notice of said occurrence to Grantee. In the event of a default due to non-appropriation of funds, Grantee and Kendall County have the right to terminate the Agreement upon providing thirty (30) days written notice to the other party. No additional payments, penalties and/or early termination charges shall be required upon termination of the Agreement;

13. Kendall County and Grantee each hereby warrant and represent that their respective signatures set forth below have been, and are on the date of this Agreement, duly authorized by all necessary and appropriate corporate and/or governmental action to execute this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Intergovernmental Agreement to be executed by their duly authorized officers on the above date.

TO: Mayor and City Council

FROM: Dustin Anderson, Community Development Director

SUBJECT:
Resolution Approving Amendment #2 to Incentive Agreement (Property Tax Abatement) for Supermercados El Güero de Joliet, Inc. at 118 E. Jackson Street

BACKGROUND:
On February 19, 2019, the Joliet City Council approved Resolution No. 7362 authorizing an incentive agreement with Supermercados El Güero, Inc. The agreement provided a five-year, 50% property tax abatement for the redevelopment of the 55,500-square-foot building located at 118 E. Jackson Street, Joliet, Illinois 60432 (PIN 30-07-10-304-003-0000).

On May 2, 2023, the City Council adopted Ordinance No. 18497 approving Amendment #1 to the agreement. The amendment reset the property tax abatement schedule from tax years 2021-2025 to tax years 2024-2028 due to construction delays related to the COVID-19 pandemic, including labor shortages and increased building material lead times.

As a result of these unforeseen delays, the project received its first property tax abatement during tax year 2025. Accordingly, the timeframe established under Amendment #1 must be revised to reflect a final abatement schedule covering tax years 2025-2029.

Supermercados El Güero, Inc. has provided the City with documentation demonstrating compliance with the terms of the original agreement. This includes redevelopment of the property for retail use, with approximately 48,500 square feet occupied by a grocery store, and fulfillment of the requirement that at least 75% of construction labor be sourced locally from Will County and paid prevailing wages throughout the duration of the project.

CONCLUSION:
Due to delays in the project caused by the COVID-19 pandemic, Supermercados El Güero was forced to shift its project completion timeline. The project has now been completed according to the agreement, and requires a final amendment to reflect a five-year property tax abatement covering tax years 2025 through 2029.

RECOMMENDATION:
Based on the above, it is recommended that the Mayor and City Council approve the Resolution Approving Amendment #2 to Incentive Agreement (Property Tax Abatement) for Supermercados El Güero de Joliet, Inc. at 118 E. Jackson Street

RESOLUTION NO.

A RESOLUTION APPROVING AMENDMENT #2 TO INCENTIVE AGREEMENT (PROPERTY TAX ABATEMENT) FOR SUPERMERCADOS EL GUERO DE JOLIET, INC. AT 118 E. JACKSON STREET

WHEREAS, the City of Joliet is a home rule unit of local government and Article VII, Section 6(a) of the Illinois Constitution of 1970 provides that, except as limited by said Section, a home rule unit may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, the City of Joliet entered into a Property Tax Abatement Agreement ("Development Agreement") pursuant to Resolution No. 7362 approved on February 19, 2019, to redevelop 118 E. Jackson Street, a 55,000 square foot commercial space on 4.5 acres, legally described in Exhibit "A" (the "Property"), into a grocery store along with additional retail space for rent (the "Project"), in accordance with the Development Agreement and the zoning approvals to be granted by the City; and

WHEREAS, on May 2, 2023, the City Council adopted Ordinance No. 18497 approving Amendment #1 to the agreement, resetting the abatement schedule from tax years 2021–2025 to tax years 2024–2028 due to construction delays caused by the COVID-19 pandemic, including labor shortages and extended building material lead times; and

WHEREAS, as a result of these unforeseen delays, the Project received its first property tax abatement in tax year 2025, requiring the abatement schedule established under Amendment #1 to be revised to reflect a final five-year abatement period covering tax years 2025–2029; and

WHEREAS, the Developer has provided documentation demonstrating compliance with the terms of the original agreement, including redevelopment of the Property for retail use, with approximately 48,500 square feet occupied by a grocery store, and fulfillment of the requirement that at least 75% of construction labor be sourced locally from Will County and paid prevailing wages; and

WHEREAS, the Property qualifies for property tax abatement under 35 ILCS 200/18-165(a)(1)(C) as a commercial redevelopment project that expanded its facility and employment; and

WHEREAS, the Mayor and City Council hereby find and determine that approval of the Second Amended Property Tax Abatement Agreement, attached hereto, is in the best interest of the City of Joliet.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, ILLINOIS, AS FOLLOWS:

SECTION 1: Approval of Second Amended Agreement. The City of Joliet hereby approves the attached Second Amended Property Tax Abatement Agreement with Supermercados El Guero De Joliet, Inc., updating the five-year, fifty percent (50%) abatement schedule to tax years 2025–2029.

SECTION 2: The Mayor and City Clerk are hereby authorized and directed to execute the Second Amended Property Tax Abatement Agreement on behalf of the City of Joliet.

SECTION 3: The City Manager is hereby authorized to take such actions as may be reasonably required for the City to comply with the requirements of the Second Amended Agreement, including providing documentation to the Will County Clerk and Treasurer.

SECTION 4: This Resolution and every provision thereof shall be considered separable, and the invalidity of any section, clause, paragraph, sentence, or provision shall not affect the validity of any other part of this Resolution.

SECTION 5: All Ordinances or Resolutions or parts thereof conflicting with any of the provisions of this Ordinance shall be and the same hereby repealed. This would include, but not be limited to:

- Resolution No. 7362 – Development Agreement approved February 19, 2019
- Ordinance No. 18497 – First Amendment approved May 2, 2023

SECTION 6: This Resolution shall be in full force and effect from and after its passage, approval, and recording according to law.

PASSED this 2nd day of June, 2026.

SECOND AMENDED INCENTIVE AGREEMENT (PROPERTY TAX ABATEMENT) FOR SUPERMERCADOS EL GUERO DE JOLIET, INC. AT 118 E. JACKSON ST.

This Agreement (the "Second Amended Agreement") is made this ____ day of _____, 2026 (the "Effective Date"), by and between Supermercados El Guero De Joliet, Inc., an Illinois business corporation (the "Developer"), and the City of Joliet, a municipal corporation (the "City").

RECITALS

WHEREAS, the City of Joliet is a home rule unit of local government and Article VII, Section 6(a) of the Illinois Constitution of 1970 provides that, except as limited by said Section, a home rule unit may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, the City of Joliet entered into a Property Tax Abatement Agreement ("Development Agreement") pursuant to Resolution No. 7362 approved on February 19, 2019, to redevelop 118 E. Jackson Street, a 55,000 square foot commercial space on 4.5 acres, legally described in Exhibit "A" (the "Property"), into a grocery store along with additional retail space for rent (the "Project"), in accordance with the Development Agreement and the zoning approvals to be granted by the City; and

WHEREAS, on May 2, 2023, the City Council adopted Ordinance No. 18497 approving Amendment #1 to the agreement, resetting the abatement schedule from tax years 2021–2025 to tax years 2024–2028 due to construction delays caused by the COVID-19 pandemic, including labor shortages and extended building material lead times; and

WHEREAS, as a result of these unforeseen delays, the Project received its first property tax abatement in tax year 2025, requiring the abatement schedule established under Amendment #1 to be revised to reflect a final five-year abatement period covering tax years 2025–2029; and

WHEREAS, the Developer has provided documentation demonstrating compliance with the terms of the original agreement, including redevelopment of the Property for retail use, with approximately 48,500 square feet occupied by a grocery store, and fulfillment of the requirement that at least 75% of construction labor be sourced locally from Will County and paid prevailing wages; and

WHEREAS, the Property qualifies for property tax abatement under 35 ILCS 200/18-165(a)(1)(C) as a commercial redevelopment project that expanded its facility and employment; and

WHEREAS, the Mayor and City Council hereby find and determine that approval of the Second Amended Property Tax Abatement Agreement, attached hereto, is in the best interest of the City of Joliet.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties agree as follows:

1. **PROPERTY TAX ABATEMENT SCHEDULE** Section 1 of the Development Agreement is amended to provide that the five-year, fifty percent (50%) property tax abatement shall apply to tax years 2025, 2026, 2027, 2028, and 2029.

2. **REPRESENTATIONS AND COVENANTS OF THE DEVELOPER** The Developer shall operate and maintain the Property with reasonable professional skill and in compliance with all applicable laws, including zoning, building, and health regulations. Contractors and subcontractors shall comply with all applicable federal, state, and local laws.

3. **DEFAULT AND TERMINATION** If either party fails to comply with any material term of this Second Amended Agreement, the non-defaulting party shall provide written notice and allow thirty (30) days to cure. If the Developer fails to cure, the City may terminate this Agreement and require repayment of any improperly received abatement benefits. If the City fails to implement the abatement as required, the Developer may terminate this Agreement and pursue available remedies.

4. **MISCELLANEOUS**
   (a) Except as amended herein, the Development Agreement and First Amended Agreement remain in full force and effect. In the event of conflict, the terms of this Second Amended Agreement control.

   (b) This Agreement constitutes the entire agreement between the parties regarding the subject matter hereof. No modification is valid unless in writing and signed by both parties.

   (c) This Agreement shall be governed by the laws of the State of Illinois. All actions relating to this Agreement shall be brought exclusively in Will County, Illinois.

   (d) Failure to enforce any provision is not a waiver of rights.

   (e) If any provision is held invalid, the remainder shall remain in full force and effect.

   (f) Both parties have reviewed and revised this Agreement; therefore, no rule of construction against the drafter shall apply.

(g) This Agreement binds and benefits the parties and their successors and assigns; however, the Developer may not assign this Agreement without the prior written consent of the City.

(h) Time is of the essence.

(i) The obligations herein run with the land.

5. **EFFECTIVE DATE** This Second Amended Agreement shall take effect upon the Effective Date stated above.
