Rialto was scheduled to be closed June thru September 2025 for the HVAC renovation project, but with the asbestos situation that arose, we had to push the HVAC project to 2026. Since we were scheduled to be closed June thru September 2025, we were unable to book the normal number of shows during this time, which is reflected in the low attendance #'s on this report. Beginning in October 2025, the Rialto will be back to hosting it's normal schedule, which will be reflected in attendance #'s.
