

DATE: December 9, 2021  
TO: Joliet Plan Commission  
FROM: Planning Staff  
SUBJECT: PUD-4-21: Re-Approval of a Final Planned Unit Development of Whisper Glen Unit Two Subdivision

GENERAL INFORMATION:

APPLICANT: REO Funding Solutions V, LLC  
STATUS OF APPLICANT: Property Owner  
REQUESTED ACTION: Re-approval of Final Planned Unit Development of Whisper Glen Unit Two  
PURPOSE: To allow future development of 118 single family residential lots  
LOCATION: Legacy Pointe Boulevard and Theodore Street  
SIZE: 32.74 acres  
EXISTING LAND USE: Vacant, undeveloped land  
SURROUNDING LAND USE & ZONING: North: Residential; R-2  
South: Residential; R-2  
East: Residential; R-2  
West: Residential; R-2

SITE HISTORY: The subject site, Drumm Farm, was annexed and zoned R-2 (single family residential) in May 1991. The preliminary plat of the 187 acre Drumm Estates subdivision was approved in October 2004 for 542 lots. The original developer submitted a plan to develop the northern portion of the subdivision as Ashford Place subdivision and the southern half as Whisper Glen subdivision. In April 2005, the City approved the recording plat of Whisper Glen Subdivision Unit One for 176 single-family

residential lots. In December 2005, the City approved the recording plat of Ashford Place Subdivision Unit One for 98 single-family residential lots. In May 2008, the City approved the recording plat for Ashford Place Unit 1A for 13 lots.

In December 2017, the City approved the revised preliminary plat for Ashford Place Unit Two and Whisper Glen Unit Two subdivisions for the future build-out of the remaining 241 single-family residential lots; and, in November 2018, the City approved the final plat of Whisper Glen Unit Two Subdivision for the future build out of 118 of these lots. Both of these approvals have since expired.

SPECIAL INFORMATION: REO Funding Solutions V LLC, the applicant and property owner, seeks re-approval of a Final Planned Unit Development for the remaining 118 lots in the Whisper Glen Subdivision, which will be platted as Whisper Glen Unit Two. City staff discovered that the platting of the remaining lots should be done as a planned unit development per City Ordinance, which is why this petition was submitted as P.U.D. and not as a regular plat as was the case in 2018. REO Funding Solutions is also seeking final planned unit development approval for Ashford Place Unit Two at the December 16, 2021 Plan Commission meeting. REO Funding Solutions intends to sell the property to D.R. Horton who will then build out the remaining 241 single family residential lots in both of these subdivisions.

The proposed subdivision layout has not changed since the November 2018 final plat approval. The site has R-2 zoning, which allows a minimum lot size of 7,500 sq. ft and lot width of 60'. The minimum lot size in Unit Two is 7,875 sq. ft, and the minimum width is 63' wide. The average lot size in Unit Two is 9,304 sq. ft. Lots along Legacy Pointe Boulevard are larger, with lot widths ranging from 73' to 86' wide.

Model floor plans and elevations were approved with the original Drum Estates Preliminary Plan submittal and further refined by the Whisper Glen Subdivision Unit 1 Recording Plat. The following building requirements will be enforced for the Final Plat of Whisper Glen Unit Two subdivision:

- Houses range from 1,550 sq. ft. to 3,341 sq. ft. of living area. Model descriptions are attached to this report.
- Houses are two stories in height.
- All roof pitches will be at least 6:12, with gables having 8:12 roof pitches.
- Lots along Legacy Pointe Boulevard are considered key lots and will offer larger models with (key lot plan attached):
  - living areas of 2,300 sq.ft. or more;
  - 8:12 roof pitches on the main body of the house product;
  - rear elevations with a “bump-out” which is 2' deep or larger; and

- a minimum of 2 windows on the second-floor rear elevation with shutters and grills on each.

The original builder of Whisper Glen Unit One, Phoenix Builders, exceeded the City's minimum masonry requirements, which, in 2004, required at least 50% of homes to have a minimum of 25% of the front façade comprised of brick or stone. The builder constructed all homes with at least partial brick or stone. In addition, all homes have stone address blocks. Staff would suggest, as conditions of approval, requirements that all future buildings have a minimum of 25% of the front façade comprised of brick or stone and have stone address blocks. These conditions were approved as part of the expired 2018 final plat approval for this subdivision.

The developer / builder will need to seek additional approvals from the City should any substantial changes be requested for elevations, landscaping, etc. The subdivision will adhere to previously approved landscaping plans and anti-monotony ordinance. Previous subdivision approvals also required that the developer impose a covenant stipulating the use of a 6 ft. cedar, shadow-box fence at the common boundary line of Cumberland Subdivision (west boundary). It shall be recognized that installation of a fence is an optional feature. Future units in this subdivision will be required to join the existing Whisper Glen Homeowners Association.

In 2004, the Plainfield Park District agreed to accept the conveyance of 2 park sites in the Ashford Place/Whisper Glen Subdivision area as well 10' linear trail through Lot 331 to provide a future pedestrian connection to the public park in Cumberland. The Park District is still in agreement with the site contribution, cash contribution, and site improvements as outlined in the original arrangement (see attached letter).

The plat conforms to the subdivision regulations as reviewed by Planning and Public Works. The applicant has paid the Engineering Review Fee. The original developer previously paid the City sewer and water tap-on fees for this site. The site is subject to the Plainfield School District 202 school contribution fees and the City's development impact fee. District 202 has indicated that their schools are presently capable of accommodating potential enrollment emanating from this plat.

ANALYSIS: The re-approval of the Final Planned Unit Development of Whisper Glen Unit Two Subdivision will allow continued residential development in this subdivision. The proposed plat is subject to the previously-approved conditions related to minimum house size, architectural features, landscaping and screening at east and west property lines per the Whisper Glen Unit One agreements.

## CONDITIONS

1. That a minimum of 25% of the gross front elevations shall be comprised of brick or stone.
2. That all house models include a stone address block on the front façade.

Jason Humm - Turnstone Group

Re: FP-8-18: Final Plat of Whisper Glen Unit Two Subdivision

Dear Mayor O'Dekirk, City Council Members and Mr. Torri:

The approval of the final Plat of Whisper Glen Unit Two Subdivision expires on November 20, 2021. The property was previously under contract to be sold to a publicly traded national home builder who ended up leaving the Chicagoland market in mid-2020. The home builder's unexpected departure from the Chicagoland market delayed the final platting process for close to a year. At that point, we were in the midst of the COVID-19 pandemic and market conditions were uncertain, causing home builders investors to hold off on purchasing land for future development. The property is currently under contract with a national home builder, with closing anticipated in Spring/Summer 2022. Accordingly, the owner respectfully requests reapproval of the preliminary plat and final plat with the final plat recording deadline to expire no earlier than December 31, 2022. Thank you for your consideration.

Sincerely,

Jason Humm

Containing 73.223 acres more or less.

## CITY OF JOLIET OWNERSHIP DISCLOSURE FORM

The City of Joliet requires that applicants for zoning relief, subdivision approval, building permits and business licenses disclose the identity of all persons having an ownership interest in the business and the real property associated with the application. A copy of this form must be completed and submitted with other application materials. Failure to properly complete and submit this form may result in the denial of the application.

### I. INFORMATION ABOUT THE APPLICATION

This form is submitted as part of an application for the following (check all that apply):

- Rezoning, Special Use Permit, Variation, or Other Zoning Relief (Complete Sections II and III)
- Preliminary Plat, Final Plat, or Record Plat of Subdivision (Complete Sections II and III)
- Building Permit (Complete Sections II and III)
- Business License (Complete All Sections)

### II. INFORMATION ABOUT THE PROPERTY

The address and PIN(s) of the real property associated with this application are:

Legacy Pointe Blvd

PIN(s): 06-03-31-200-024-0000, 06-03-31-400-003-0000

### III. PROPERTY OWNERSHIP

Select the type of owner of the real property associated with this application and fill in the appropriate contact information below:

- Individual:** State the names, addresses, and phone #'s of the individual owner(s)
- Corporation:** State the names, addresses, and phone #'s of all persons holding 3% or more of the stock of the corporation and the percentage of shares held by such stockholders
- Limited Liability Company:** State the names, addresses, and phone #'s of all members of the company along with the percentage of ownership held by each member
- Land Trust:** State the names, addresses, and phone #'s of the trustee(s) and all beneficiaries
- Partnership:** State the names, addresses, and phone #'s of all partners
- Other type of organization:** State the names, addresses, and phone #'s of all persons having a legal or equitable ownership interest in the organization or the right to direct the affairs of the organization

Jennifer,

What has come of your review of the old Drumm Farm file. The contract purchaser is trying to get the Preliminary Plat back active with the City of Joliet and the city is looking for some response and acknowledgement from the Park District.

Good afternoon Chris,  
The District's attorney is reviewing the files related to the subdivision development. I should have an answer sometime late next week.  
Sincerely,

Jennifer Rooks-Lopez, ASLA, LEED AP BD&C

**Subject:** Whisper Glen & Ashford Place

Ms. Rooks-Lopez,

I am working with a new owner and potential developer for the remaining lands located north of Whisper Glen and south of Ashford Place; which was originally known as Drumm Estates. This property is located between Caton Farm Road and Theodore Street and is about one-half mile east of County Line Road, in City of Joliet, Will County, Illinois.

Whisper Glen offered a 3.9 park site with playground equipment.

I know that the next phase of Ashford Place will provide a 5+ acre park site, but what remaining obligations will there be for the new owner/developer?

Thank you for your assistance on this matter.
