A motion was made by Ms. Merwin, seconded by Mr. Adamowski to open the public hearing. All were in favor.

Ms. Bernhard read the staff report into the record.

Mr. Brian McKee, 420 Whitney Avenue, Joliet, IL, appeared in support of his petition. Mr. McKee explained that he is lived in this home for 22 years and he is having problems with the existing windows leaking and causing damage. Mr. McKee believes the new vinyl windows will look great and hold up to the weather conditions.

Chairwoman Johnson asked if anyone else would like to speak on behalf of this petition. No one came forward.

Mr. Bessler asked about the material that the Commission approved for the neighbor's house. Mr. Spiegel responded that the Commission approved fiberglass windows for the neighbor. Ms. Lowry asked if the garage window on the first floor was vinyl? Mr. McKee answered that it was vinyl and added a few years ago when the garage was converted to living space. Ms. Bernhard showed the commissioners a sample of the proposed vinyl window material. Mr. Heinemann asked if there was a certificate of appropriateness for the first floor vinyl windows, Ms. Bernhard did not find any permit history or certificates for the garage conversion to living space.

A motion was made by Mr. Wright, seconded by Ms. Lowry to close the public hearing. All were in favor.

Mr. Heinemann asked again if the garage conversion was done without a certificate of appropriateness. Ms. Bernhard asked Mr. McKee if a building permit was applied for? Mr. McKee stated that it was the builder's responsibility to apply for the permit. Ms. Bernhard noted that she did not see a permit that was issued for conversion of the garage to living space.

A motion was made by Steven Wright, seconded by Ken Spiegel, to approve Public Hearing: COA-2-2024: Certificate of Appropriateness for multiple vinyl replacement windows at 420 Whitney Avenue to approve as suggested in the staff report.
