

STAFF REPORT

DATE: November 21, 2024
TO: Zoning Board of Appeals
FROM: Planning Staff
RE: Petition Number: 2024-58
Applicant: James V. Foster
Status of Applicant: Owner
Owner: James V. Foster
Location: Southwest Corner of Woodruff Road and McKay Street
Request: A Variation of Use to allow a contractor shop, a B-3 (General Business District) use, in an R-2 (Single-Family Residential) zoning district, located at the southwest corner of Woodruff Road and McKay Street.

Purpose

The petitioner is requesting a Variation of Use to allow a contractor shop, a B-3 (General Business District) use, in an R-2 (Single-Family Residential) zoning district. The petitioner wishes to develop a 60-ft. x 60-ft., single-story detached garage that would house the operations for his electrical contracting business. The subject property consists of five lots located at the southwest corner of Woodruff Road and McKay Street, which are owned by the petitioner. The easternmost three lots are currently not annexed into the City. The two westernmost lots contain R-2 (Single-Family Residential) zoning. The petitioner is also filing for a petition to annex the easternmost lots and rezone the lots to R-2 zoning. The proposed contractor shop use is not an allowed use in the R-2 zoning designation, thereby necessitating the Variation of Use petition. The petitioner also wishes to construct a 1.5-story single-family residence on the subject property.

Site Specific Information

The subject property consists of approximately .7 acres and is currently undeveloped. The five subject lots were platted for compact, single-family residential development, with a lot size of approximately 6,500 square feet. Most properties to the west are located within the city limits and contain R-2 (Single-Family Residential) zoning and single-family residential uses. An assemblage of unincorporated land can be found to the east, with an agricultural ranch to the east of McKay Street and a landscaping business to the south. Both entities contain County A-1 (Agricultural) zoning.

The proposed concept plan for the site shows the contractor shop building and single-family residence, utilizing a shared driveway off Woodruff Road. The contractor shop building would contain one overhead door, which would face the west. Buildings would

be required to meet R-2 setbacks and additional landscaping would be required on the north and east sides of the contractor shop building.

Surrounding Zoning, Land Use and Character

- * North: R-2 (Single-Family Residential); Single-Family Residential
- * East: County A-1 (Agricultural); Agricultural Ranch and Woodlands
- * South: County A-1 (Agricultural); Residential and Woodlands
- * West: R-2 (Single-Family Residential); Single-Family Residential

Applicable Regulations

- Section 47-17.28 – Variation of Use
- Section 47-19.8 - Criteria for granting a Variation (refer to attachment)

Discussion

Approval of the requested petition would allow future development of a contractor shop for an electrical contracting business and a single-family residence. The petitioner met with staff several times prior to applying for subject petition. Staff expressed concern over developing a contractor shop, a general business or light industrial use, in a residential zone. While there are a couple uses that are typically more common in business or industrial zones that are adjacent to the subject property, these uses are not located within the city limits and contain County Agricultural zoning. The subject lots were platted for single-family residential use and are situated within a block-front that contains single-family residential uses and zoning. The petitioner has indicated that only a small number of service trucks would utilize the contractor shop. Even if the contractor shop building is designed with a farmhouse or residential aesthetic, staff has concerns over the intensity of the proposed use within the residential neighborhood the subject property is situated.

Conditions

If the Zoning Board of Appeals desires to approve the Variation of Use petition, staff recommends the following conditions be included. All conditions must also be satisfied before issuance of a building permit.

1. That all associated trucks or vehicles associated with the proposed business be parked inside the proposed garage outside of normal business hours (08:00 a.m. – 5:00 p.m.).
2. That any repair work be conducted inside the proposed contractor shop building.
3. Any additional equipment or supplies that may be needed for the business will be always stored inside the proposed contractor shop building.

4. That the petitioner submits a landscape plan for the contractor's shop building upon development.
5. That a City business license shall be obtained.
6. Should the property be declared a public nuisance, it shall be subject to a rehearing and a possible revocation of the Special Use Permit.
7. That the Special Uses granted shall herein terminate and lapse unless a building permit or certificate of occupancy is obtained not later than 180 days of the effective date of this ordinance and the erection or alteration of a building is started, or the use is commenced within such period. The Board may grant an extension of this period, valid for no more than one hundred and eighty (180) additional days, upon written application and good cause shown without notice or hearing. Whether or not there is an intention to abandon the Special Uses, if any special use is discontinued for a continuous period of one year, or if an intent to abandon the Special Use is evident in a shorter period of time, the Special Use for such use shall become void, and such use shall not thereafter be reestablished unless a new Special Use Permit is obtained.

RESPONSE TO VARIATION OF USE CRITERIA

The Zoning Board of Appeals is authorized to grant or recommend relief only when it has received adequate evidence to establish a practical difficulty or hardship. The evidence must support each of the following three conditions:

- (a) The property in question cannot yield a reasonable return by use permitted and subject to the conditions allowed by the regulations in the particular district or zone.
- (b) The plight of the owner is due to unique circumstances.
- (c) The variation, if granted, will not alter the essential character of the locality.

Please describe how this request meets the criteria by responding to the following questions in your own words.

1. How do the applicable zoning regulations prevent the property in question from yielding a reasonable return?
PROPERTY IS CURRENTLY IN WILL COUNTY, AND NOT ZONED FOR OUR FUTURE USE

2. What unique circumstances exist which mandate a variance?

I JAMES FOSTER AM A LIFELONG RESIDENT OF THE FOREST PARK AREA(54 YRS). I HAVE BEEN
IN THE ELECTRICAL INDUSTRY FOR OVER 35 YEARS, MY FIRM NEW FRONTIER ELECTRICAL IS
SIGNATORY WITH IBEW LOCAL 176 & 134 AND REQUESTING A VARIANCE TO BUILD AN ELECTRICAL SHOP
FOR OUR BUSINESS.

3. What impact would the granting of this variance have upon the essential character of the general area? Please include both positive and negative impacts.

THE IMPACT ON THE AREA WOULD TOTALLY BE POSITVE BRINGING A NEWLY CONSTRUCTED
STRUCTURE TO AN AREA THAT HAS MINIMAL ECONOMIC GROWTH.

THIS BUILDING WOULD ALSO SERVE AS A FACILITY TO INTRODUCE YOUTH TO THE BUILDING TRADES
