FINANCE DEPARTMENT JAMES GHEDOTTE DIRECTOR OF FINANCE CITY TREASURER PHONE: 815/724-3900 FAX: 815/724-3990 jghedotte@joliet.gov

August 4, 2021

To the Honorable Mayor, Members of the City Council

And the Citizens of the City of Joliet:

Letter of Transmittal

The Comprehensive Annual Financial Report (CAFR) of the City of Joliet, Illinois for the year ending December 31, 2020 is hereby submitted. This report provides a broad view of the City's financial activities and its financial position as of December 31st, 2020. Illinois statues and local ordinances require all general purpose local governments to publish annually, a complete set of financial statements presented in conformance with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants.

Responsibility, for both the accuracy of the data and the completeness and fairness of the presentation, which includes all disclosures based upon a comprehensive framework of internal control, rests with the management of the City. Because the cost of internal controls should not exceed the anticipated benefits, the objective of this report is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City of Joliet. All disclosures necessary to enable the reader to gain an understanding of the City of Joliet's activities have been included.

Wermer, Rogers, Doran & Ruzon LLC, a firm of licensed certified public accountants, has audited the City of Joliet's financial statements. The goal of the independent audit was to provide reasonable assurance the financial statements presented for the year end are free of material misstatement. The independent audit involved the examination, on a test basis, evidence to support the amounts and disclosures in the financial statements; assessment of the accounting principles used and the significant estimates made by management; and evaluation of the overall presentation. Based on their work, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the financial statements presented in the financial section of this report were presented in conformity with GAAP.

As a recipient of various federal grant funds, the City of Joliet is required to undergo an annual audit in conformity with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance" – the succession of OMB Circular A-133). The audit contains information as to whether activities related to grant funds are presented fairly in the basic financial statements; internal controls are sufficient to provide reasonable assurance that the funds are managed properly; and compliance with grant requirements. The single audit report is issued as a separate report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement and should be read in conjunction with the MD&A. The City of Joliet's MD&A can be found immediately following the report of the independent auditors.

Profile of Government

The government, incorporated in 1852, is a home rule unit of government, located in the northeastern part of the State of Illinois, which has long been considered to be the top growth area in the state. The City currently has a land area of 63 square miles and a population of 149, 386, as of the 2010 U.S. Census and a Special Census of specific blocks taken in 2016. The government is empowered to levy a property tax on real estate property located within its boundaries. The City also has the power by state statute to extend its corporate limits by annexation, which is done periodically when deemed appropriate by the City Council.

The City has operated under the Council-Manager form of government since 1955. Policymaking and legislative authority are vested in the City Council, which consists of a mayor and an eight-member council. The City Council sets policy for the City, adopts ordinances and resolutions, adopts the annual budget and approves all expenditures. Council members are elected to a four-year staggered term with three at-large council members and five district council members elected every four years. The Mayor is elected to a four-year term. The Mayor and Council members are elected on a non-partisan basis. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations of the City and appointing the directors of the City's departments.

The City provides a full range of services including police and fire protection; refuse disposal, recycling and yard-waste collection; parking management; construction and maintenance of highways, streets and infrastructure, as well as water and wastewater treatment facilities. The City owns Route 66 Stadium, home to the Joliet Slammers baseball organization and operates Bicentennial Park; both are located in downtown Joliet. The accompanying report includes all funds and subsidiary accounts of the primary government, the City of Joliet as legally defined, as well as its component units. The Joliet Public Library, the Will County Metropolitan Exposition and Auditorium Authority (commonly known as the Rialto Square Theatre), Riverwalk Homes, and the Joliet Area Historical Museum are reported as discretely presented component units. Component units are legally separate entities, for which the City is financially accountable.

Additional demographic information can be found in the statistical section of this report.

Accounting System and Budgeting

The accounts of the City are organized on the basis of funds, with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows/outflows, fund equity, revenues, and expenditures/expenses. Resources are allotted to, and accounted for within individual funds based upon the purposes for which the funds are to be spent and the means by which the spending activities are controlled.

The City's accounting records for governmental funds are maintained on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when measurable and available to liquidate obligations of the current period. Expenditures are recorded when a liability is incurred that is expected to draw upon current financial resources. At year-end the City makes certain adjustments to the accounting records to permit preparation of certain financial statements on the accrual basis to comply with GAAP.

The annual budget serves as the formal foundation for the City's financial planning and control. The City Manager presents a recommended budget to the City Council, a series of public hearings are held, and final adoption of the budget occurs before December 31st in accordance with state statute. The City continues to work towards developing a long range strategic/financial plan in cooperation with the annual budget process. A budget to actual comparison is provided within the required supplementary information subsection at the end of the financial section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment which the City operates.

Local Economy: The City of Joliet is the third largest city in Illinois; and like most other communities, the City continues to rebound from effects of the national Covid-19 pandemic. The City received \$7,475,693 in 2020 and \$11.2 million in 2021 in Covid-19 relief funding. The stimulus funds enabled the City to add to its General Fund balance in 2020.

Since 2008, the City has been transitioning from residential growth to transportation and business growth. A large part of this transition is due to CenterPoint Properties, Inc., who in 2008 began to build out 3,600 acres of annexed property on the southeast potion of the City limits. CenterPoint's development of an intermodal railroad/industrial park valued at time of build at over \$2 billion has put Joliet on the international map, which will soon be the largest inland port in the nation. Necessary roadway improvements in and around the property have spurred considerable construction activity over the last couple years. The City, along with Centerpointe, has begun to construct a bridge that will give direct access from Interstate 80 to the Centerpointe intermodal park.

An award of a \$30 million grant in 2010 from the State of Illinois made possible the construction of a new multimodal transportation center in downtown. The total project is estimated at nearly \$65 million and includes reworking the track area around the current Union Station to provide a more safe and efficient method of interaction between commuter and freight lines. The multimodal transportation center began operation in April, 2018.

In addition to these new transportation related projects, the City pulls its economic strength from the diversity of its industry and its location in the southwest region of Chicagoland. The City's varied economic base includes two riverboat casinos, as well as healthcare, retail, higher education, and manufacturing institutions.

Future Outlook: While the City has made significant strides over the last few years to stabilize its finances there are still areas that will need to be addressed to ensure future stability. Most significantly are the costs related to the City's employees including payroll expenses, pension costs, and other post-employment benefits (OPEB). These coupled with the increasing costs to replace postponed capital equipment, as well as, costs needed to repair and replace roadway, water and wastewater infrastructure will require the City to manage closely its resources over the next several years.

The City continues to work towards beginning the development of a long-term strategic plan. In 2018 the City began the process of developing a Comprehensive Plan. New opportunities for business growth are continually being sought and a renewed focus has been placed on developing long term strategies for growing as a community. The City provides leadership and encourages the private sector in the development of the downtown footprint as well as new opportunities throughout the City.

In December of 2020 the City passed a balanced budget. In 2020 the governor of Illinois declared a State of Emergency for the entire State due to the Covid-19 virus. The City took steps (hiring freeze, delay of capital projects, elimination of non-essential expenditures) to address the anticipated reduction in revenues. These steps are in place as the City Council deliberates on the use of Covid-19 stimulus funds. As the State and the Country reopen and the effect on the City's revenues can be gauged a plan to return to pre-pandemic conditions will be established.

Long-Term Financial Planning: Since Joliet is a home rule unit of government, there is no legal limitation on its debt. However, the City has maintained a very small portfolio of debt which has been very beneficial in its overall financial stability. At year-end, the City has three outstanding general obligation bond series, with outstanding principal of \$5.7 million. The total principal outstanding on the Water & Sewer Revenue bonds is \$5.76 million. The City has secured low interest loans from the Illinois Environmental Protection Agency. The final loan amount and repayment schedules were not available at the time of this report. The outstanding principal of IEPA loans was \$154.0 million at year-end.

<u>Awards</u>

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Joliet for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2019. This was the twenty-first consecutive year the City received this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to all members of the Department who assisted and contributed to the preparation of this report.

Respectfully submitted,

James Shedotte

Executive Director/CEO

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council City of Joliet, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Joliet, Illinois, (City) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of December 31, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

We did not audit the financial statements of the Joliet Public Library, as of December 31, 2020, which represent 52%, 51%, and 39%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Additionally, we did not audit the financial statements of the Joliet Area Historical Museum, as of June 30, 2020, which represent 6%, 11%, and 6%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors. The financial statements of the Joliet Public Library, Will County Metropolitan Exposition and Auditorium Authority, Firefighters' Pension Fund of the City of Joliet, and Police Pension Fund of the City of Joliet were not audited in accordance with *Governmental Auditing Standards*.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 84, Fiduciary Activities, in 2020. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension schedules, other postemployment benefits schedule, budgetary comparison information and notes to required supplementary information on pages 4 through 15, 89 through 98, 99, 100 through 103, and 104, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 4, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Mermer, Rogerz, Doram, + Ruyon, 220

December 31, 2020

As management of the City of Joliet (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended December 31, 2020. Please read it in conjunction with the transmittal letter beginning on page v and the City's financial statements, which begin on page 16.

Financial Highlights

- The liabilities and deferred inflows of resources of the City exceeded the assets and deferred outflows of resources at year-end by \$172.4 million (net position). Of this amount, unrestricted net position (those that may be used to meet the City's on-going obligations to citizens and creditors) totaled (\$841.7) million, restricted net position accounted for \$29.6 million and the net investment in capital assets totaled \$639.7 million. Total net position for Governmental activities was (\$428.8) million and Business-type activities totaled \$256.4 million.
- The total primary government-wide expenses for the year ended December 31, 2020 were \$304.8 million and total primary government-wide taxes and other revenues for City functions were \$263.2 million, resulting in a decrease of in net position of \$41.6 million.
- Revenues of the governmental activities increased \$3.9 million or 2.0% from the prior year, while expenses increased \$11.2 million or 4.7%.
- Business-type activities generated \$62.4 million in revenues, up \$2.3 million or 3.8% from the prior year and expenses totaled \$53.3 million, a \$1.7 million increase or 3.3%.
- The combined fund balances for the City's governmental funds at year-end totaled \$75.5 million, an increase of \$3.9 million or 5.4% in comparison to the prior year.
- Total General Fund revenues for the year were \$184.4 million, while total expenditures before transfers were \$182.9 million.
- At year-end, the unassigned fund balance in the General Fund was \$41.9 million, or 22.9% of the total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Joliet's basic financial statements. They are primarily comprised of the following five components:

- Government-wide Financial Statements (pages 16-19)
- Fund Financial Statements (pages 20-30)
- Component Unit Financial Statements (pages 31-34)
- · Notes to the Financial Statements, and
- Required Supplementary Information

The City's financial statements are presented to offer two perspectives of its financial position and results of operations. The first perspective being the financial position of the government as a whole (Government-wide Financials) and the second financial information for the individual entities established by the City for specific purposes (Fund Financials). Both perspectives are meant to address likely user questions, provide a broad basis for comparison (year to year or government to government), and enhance the City's accountability to both its citizens and other interested parties.

December 31, 2020

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business.

The *Statement of Net Position* presents information on all the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between all components reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes, earned but unused sick leave and vacation time, etc.).

Both of these financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The primary governmental activities for the City include general government, public safety (police and fire), public works, refuse disposal, culture and recreation, community development, and interest on long-term debt. Business-type activities of the City include water/sewer and parking.

The government-wide financial statements report a third type of activity known as component units. The City's component units include: the Joliet Public Library, Riverwalk Homes, LLC, the Will County Metropolitan Exposition and Auditorium Authority, and the Joliet Area Historical Museum. Although legally separate, these "component units" are important because the City is financially accountable for them.

Other non-financial factors such as changes in the City's property tax base and the condition of the City's roads and infrastructure should be considered in addition to these financial statements to determine the overall health of the City.

The government-wide financial statements may be found on pages 16–19 of this report.

Fund Financial Statements

The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The fund financial statements provide supplementary detailed information about the City's most significant funds, but not the City as a whole. The City has three types of funds: governmental, proprietary, and fiduciary.

Governmental Funds are used to account for most of the City's basic services, primarily those reported as "governmental activities" in the government-wide financial statements. Governmental Fund financial statements focus on near-term inflows and outflows of spendable resources, as well as year-end balances of spendable resources. This information is useful in evaluating a government's near-term financing requirements.

December 31, 2020

Since the focus of the governmental funds financial statements is narrower than the government-wide statements, it is useful to compare the information presented in the governmental funds statements with similar information presented in the government-wide statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. For this purpose, both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances present a reconciliation between the governmental funds and governmental activities (see pages 21 and 23).

The City of Joliet maintains twenty individual governmental funds. The City considers the General Fund, the Evergreen Terrace II Fund, and the Motor Fuel Tax Fund as "major" funds, and therefore information on these funds is presented separately in the governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances. The other governmental funds (Block Grant Fund, Grants and Special Revenue Fund, Special Revenue Revolving Fund, Foreign Fire Tax Fund, City Center Special Service Area Fund, Park Hill Special Service Area Fund, Miscellaneous Special Service Area Fund, Business District Tax Allocation Fund, Tax Increment Financing Fund #2, Tax Increment Financing Fund #3, Tax Increment Financing Fund #4, Tax Increment Financing Fund #5, Tax Incremental Financing Fund #6, General Debt Service Fund, Capital Improvement Fund, Vehicle Replacement Fund, and Performance Bonds Fund) are combined into a single, aggregated presentation termed nonmajor funds. Individual fund data for each nonmajor governmental fund is provided in the form of combining statements in the Other Supplementary Information Section of the report (see pages 114-136).

Basic governmental funds financial statements can be found on pages 20-23 of this report.

Proprietary Funds can either be enterprise funds or internal service funds. The City maintains two enterprise funds; which are used to report the same functions presented as the business-type activities in the government-wide financial statements. The two enterprise funds are the Water & Sewer Fund and the Parking Fund. The proprietary funds financial statements are generally reported in the same way that all activities are reported in the government-wide financials.

The basic proprietary funds financial statements can be found on pages 24–28 of this report.

Fiduciary Funds account for resources held for the benefit of parties outside the primary government. As such, these funds are not reflected in the government-wide statements because the resources of those funds are not available to support the City of Joliet's own programs. The accounting for fiduciary funds is similar to that of the proprietary funds. The City has two fiduciary funds, the Police Pension Fund and the Firefighters' Pension Fund. The City is the trustee for the two pension funds and is responsible to ensure the assets reported in them are used only for the purposes intended.

The basic fiduciary funds financial statements can be found on pages 29–30 of this report.

Notes to Basic Financial Statements

The notes provide additional information that is essential for the reader to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes begin on page 35 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's employee pension and postemployment benefit obligations, and budgetary comparison schedules for the City's funds. Also presented are the combining statements for the nonmajor governmental funds mentioned previously. This other information begins on page 89 of this report.

December 31, 2020

Government-wide Financial Analysis

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" Therefore, beyond presenting the current year financial information the City also presents comparative information from the prior year in this discussion and analysis of the current year. By doing so, the City believes that it is providing the best means for the reader to analyze the financial condition and position of the City as of the year ended December 31, 2020.

Net Position

The following table reflects the Condensed Statement of Net Position.

Table 1
Condensed Statement of Net Position
(In Millions - Rounded)

Total Net Position	(\$ 4	128.8)	(<u>\$</u>	380.7)	\$	256.4	\$	249.3	(<u>\$</u>	<u>172.4</u>)	(<u>\$</u>	<u>131.4</u>)		

The City's combined net position decreased \$41.0 million from (\$131.4) million to (\$172.4) million from 2019 to 2020. The reduction in net position was due to increases in the OPEB and related deferred amounts of \$59.1 million. Additionally, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, in 2020 which required to City to increase beginning of the year net position of Governmental Activities by \$0.6 million.

December 31, 2020

Changes in Net Position

There are six basic (normal) transactions that affect the comparability of the Statement of Net Position summary presentation. They are:

- **Net Results of Activities** either increases or decreases current assets and "unrestricted net position".
- Borrowing for Capital will increase current assets and long-term debt.
- Spending Borrowed Proceeds on New Capital reduces current assets and increases capital assets
- **Spending Non-borrowed Current Assets on New Capital** reduces current assets and increases capital assets, while reducing net position category "unrestricted net position" and increasing "net investment in capital assets".
- **Principal Payment of Debt** reduces current assets and long-term debt, while reducing "unrestricted net position" and increasing "net investment in capital assets".
- Reduction in Capital Assets through Depreciation reduces capital assets and "net investment in capital assets".

Current Year Impacts

Total assets increased by \$37.4 million due in part to the current year borrowing of \$30.0 million in Illinois Environmental Protection Agency loans – the loans are being used to improve the City's water and wastewater system. Total liabilities increased \$150.8 million. Changes in liabilities included a \$50.2 million decrease in the total net pension liability; a \$172.2 million increase in other postemployment benefits and a \$0.3 million net decrease in general and revenue bonds and loans. The City provides excellent health care and life insurance benefits for retirees which are reflected in the noncurrent liability.

As mentioned earlier, net position serves as a useful indicator of a government's financial position. For fiscal year ended December 31, 2020, the City's total liabilities and deferred inflows exceeded total assets and deferred outflows. Additionally, a significant portion of the total net position (\$639.7 million) is reflected in capital assets (e.g. land, buildings, equipment, and infrastructure). The City uses these capital resources to provide services to the residents; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since the City generally cannot use the capital assets themselves to liquidate these liabilities.

A Condensed Statement of Changes in Net Position is shown on the following page, for additional detail please see pages 18 and 19 for the full Statement of Activities.

December 31, 2020

Primary Government Activities

The preceding table shows the City's activity from year to year. Primary government revenues increased by \$6.2 million or 2.4% and primary government expenses increased by \$12.9 million or 4.4%.

A closer look shows a \$8.7 million or a 10.0% increase in charges for services – water and sewer revenues were higher by \$2.8 million due to an increase in water rates. Ambulance fees were higher by \$3.2 million and building permits were higher by \$2.1 million. Operating grants and contributions were up \$11.0 mainly due to \$7.0 million of CARES Act funds received. Capital grants and contributions were lower by \$4.8 million due in part to a \$2.1 million decrease in state grants related to the Multi Modal Project. Gaming taxes decreased by \$9.8 million.

Total primary government expenses increased \$12.9 million from \$291.9 million to \$304.8 million. Governmental activities' expenses increased \$11.2 million, mainly due to the increase in OPEB expense.

Business-type activities' expenses increased \$1.7 million, due to the same reason as governmental activities' expenses mentioned above. When expenses are coupled with transfers out of \$2.0 million for 2020, total outflows of business-type activities increased a similar \$1.6 million.

Governmental Activities

Table 3a Governmental Activities (In Millions - Rounded)

	Total	Cos	t	Net Cost of							
	of Se	rvice	es	(Surplus from) Services							
	 2020		2019		2020	2019					
General Government	\$ 50.0	\$	30.2	\$	22.0	\$	23.8				
Public Safety	144.0		152.6		141.2		143.5				
Public Works	32.3		35.1		26.1		27.1				
Refuse Disposal	12.6		12.3	(1.6)	(1.9)				
Culture and Recreation	0.8		2.0	•	0.8	•	1.8				
Community Development	11.7		8.0		6.8		1.6				
All Others	 0.1		0.1		0.1		0.1				
Total	\$ 251.5	\$	240.3	\$	195.4	\$	196.0				

Table 3a presents the cost of each of the City's largest governmental activity categories – general government, public safety, public works, refuse disposal, culture and recreation, community development, and other – as well as each category's *net* cost (total cost less revenue generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

December 31, 2020

The general government category includes general administrative functions as well as various employee benefit programs. Public safety includes police and fire protection, as well as the emergency services disaster administration program and the school crossing guard program. Public works includes street and bridge maintenance, costs associated with street lighting, the Motor Fuel Tax Fund – used for infrastructure improvements, costs related to special service areas, and property improvement costs. Refuse disposal consists of the City's contractual costs to provide garbage, recycling, and refuse disposal for its residents. Culture and recreation includes the maintenance of the City's Billie Limacher Bi-Centennial Park. Community development includes planning, inspections, neighborhood services, construction costs related to the multi-modal transportation center, costs of the tax incremental financing activities, and activities supported by the community development block grant.

Business-Type Activities

Revenues of the City's business-type activities (see Table 2) increased by \$2.3 million or 3.8% while expenses were higher by \$1.7 million. The City's business-type activities are comprised of two separate and distinct activities: Water/Wastewater Utility and Parking Facilities.

Total revenues from parking activities decreased by 37.2% (from \$1.5 million to \$0.9 million), while expenses increased 111.2% (from \$2.1 million to \$4.4 million). The decrease in revenues was due to a decrease in parking collections, and the increase in expenses was mostly attributable to increased OPEB expense.

Water and wastewater utility total revenues increased by \$2.8 million or 4.7% (from \$58.7 million to \$61.5 million), primarily due to increased water usage and a 6.2% rate increase that went into effect in 2020.

As shown in Table 3b, the overall net cost of providing water and wastewater services is a positive \$11.8 million, after transfers out and miscellaneous revenues, the increase in net position is \$8.3 million; with the year over year increase coming from greater usage and higher rates.

Table 3b Business-Type Activities (In Millions - Rounded)

		Total	Cost		Net Cost of							
		of Se	rvice	S	(Surplus from) Services							
Water and Sewer Parking Facilities		2020		2019	2	2020	2019					
	\$	48.9 4.4	\$	49.6 2.0	(\$	11.8) (\$ 3.5	7.7) 0.6					
Total	<u>\$</u>	53.3	\$	51.6	(<u>\$</u>	<u>8.3</u>) (<u>\$</u>	7.1)					

Financial Analysis of the City's Major Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

December 31, 2020

Governmental Funds

The focus of the City governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at year end.

Governmental Funds reported a combined fund balance of \$75.4 million; \$3.8 million greater than last year's adjusted balance of \$71.6 million. Unassigned fund balance was \$35.3 million and is available for spending at the City's discretion. The remaining \$40.2 million is held for a variety of nonspendable, restricted, or assigned purposes and is available for specific spending.

The General Fund is the chief operating fund of the City. At year end, it reported a fund balance of \$48.8 million, an increase of \$1.3 million as compared to last year's adjusted total of \$47.5 million. Revenues over expenses for the year showed a positive \$1.5 million, which was coupled with net transfers out to other funds of \$0.2 million and a prior period adjustment increase of \$0.6 million due the implementation of GASB 84. Overall, General Fund revenues increased \$5.8 million from 2019. Many revenue sources mirrored the prior year; however, federal, state, and private grant and allotment revenues increased \$7.9 million.

The Evergreen Terrace II Fund, a major special revenue fund, records transactions related to the Evergreen Terrace property. The City paid \$15 million in 2015 to purchase the Evergreen Terrace property; the transaction was finalized in 2017. The year-end fund balance for the Evergreen Terrace II Fund is a deficit \$6.2 million, which is comparable to 2019.

The Motor Fuel Tax Fund, a major special revenue fund, collects allocated taxes from the state of Illinois. The revenues are strictly available for improvements to the City's bridges and roadways. The City received \$9.0 million in revenues during 2020 and spent \$7.4 million on city-wide roadway improvements. Revenues were up about \$3.5 million in 2020 due to an increase in state grants received in 2020. The year-end fund balance for the Motor Fuel Tax Fund is \$12.2 million, which is a \$1.6 million increase from the prior year.

Other governmental funds are comprised of the Block Grant Fund, Grants and Special Revenue Fund, Special Revenue Revolving Fund, Foreign Fire Tax Fund, City Center Special Service Area Fund, Park Hill Special Service Area Fund, Miscellaneous Special Service Area Fund, Business District Tax Allocation Fund, Tax Increment Financing Fund #2, Tax Increment Financing Fund #3, Tax Increment Financing Fund #6, General Debt Service Fund, Capital Improvement Fund, Vehicle Replacement Fund and Performance Bonds Fund. Once again, the primary activity for this year occurred in the Grants and Special Revenue Fund which accounts for the revenues and expenses associated with the multi-modal transportation project that is funded through private and state grants. Significant activity was also seen in the Capital Improvement Fund and Vehicle Replacement Fund as the City continued purchases for equipment to replace aging models and software and hardware upgrades.

General Fund Budgetary Highlights

Over the course of the year, the budget was revised by the City for specific reasons. These budget amendments fall into three categories. The first category includes rollovers of certain prior year unexpended capital funds. The second category includes budget revisions made during the year for special projects for which funds became available. The third category is for budget reallocations that are intended to prevent budget overruns.

December 31, 2020

As shown in Table 4 below, actual General Fund revenues of \$184.4 million were more than budgeted revenues by \$8.0 million or 4.5%; while actual expenditures were above budget by \$1.3 million or 0.7%. The City continued to work with the employee unions to delay wage increases, maintain the employee complement and employ other measures to reduce overtime and other expenses. In addition, the City has delayed maintenance in areas in which safety or other critical functions would not be compromised. While the City has made significant efforts to control costs to address the economic downturn of the past several years, the rising costs of healthcare and pension obligations continue to put pressure on the long-term financial trend of the City.

Table 4
General Fund - Budget to Actual – GAAP Basis (In Millions - Rounded)

Capital Assets and Debt Administration

Capital Assets

At the end of 2020, the City had \$826.0 million invested in a broad range of capital assets, including police and fire equipment, buildings, roads, bridges, parking decks, and water and sewer facilities. (See Table 5 below.) This amount represents a net increase (including additions, deductions, and depreciation) of approximately \$24.5 million or 3.0% from last year.

Table 5
Capital Assets at Year-End
(Net of Depreciation, in Millions - Rounded)

	Governmental Activities				Busines Activ		Totals					
	_	2020		2019	_	2020	_	2019		2020		2019

December 31, 2020

This year's major capital project additions included the following:

- \$10.9 million for road projects;
- \$40.9 million for construction in progress and new water/sewer system improvements;

More detailed information about the City's capital assets is presented in note 7 to the financial statements.

Debt

At year-end, the City had \$186.3 million in bonds and loans outstanding versus \$162.8 million last year – an increase of 14.4% – as shown in Table 6.

Table 6 Outstanding Debt, at Year End (In Millions - Rounded)

		Goverr Acti		Business Type Activities					Totals			
	2	020	2	019		2020		2019		2020		2019
General Obligation Bonds (Backed by the City)	\$	6.1	\$	3.7	\$	-	\$	-	\$	6.1	\$	3.7
Revenue Bonds (Backed by Specific Fee Revenues)		_		_		5.8		8.0		5.8		8.0
IEPA Loan		<u>-</u>		-		174.4		151.1		174.4		151.1
Totals	\$	6.1	\$	3.7	\$	180.2	\$	159.1	\$	186.3	\$	162.8

During the year, the City continued to borrow funds from the Illinois Environmental Protection Agency. Loans outstanding are being used for improvements to the aging water and sewer system.

As of the year ended December 31, 2020, the City's Water and Sewer bonds had a rating of AA- and the City's general obligation bond rating was AA. More detailed information about the City's long-term debt is presented in note 13 to the financial statements.

Economic Factors and Next Year's Budget

As discussed in the Transmittal Letter, the City, like many local, state, and federal governmental entities, has experienced a sustained period of financial instability and difficulty. Declining revenue streams coupled with rising personnel, pension, and insurance costs have been significant challenges for the City.

The City's elected and appointed officials considered these factors when establishing the 2021 budget. The 2021 budgeted expenses (including transfers) of \$334.4 million represent a decrease of \$116 thousand or 0.03% as compared to the 2020 original budget of \$334.5 million.

The 2021 budget focused on the continuation of the following goals: continuing the City's effort to raise the funding levels for the police and fire pension funds; adding new staff positions; providing a 2% increase in staff wages; allocation of funding for Phase 1 of a city-wide Comprehensive Plan, County/Courthouse parking lot and continued support of the Historical Museum, Will County Courthouse and Rialto; removal of the City's ash trees destroyed by the emerald ash borer; and continuing the commitment made to maintaining at least two months of operating expenses as a reserve balance.

December 31, 2020

The City has been able to make some major capital investments due to federal and state grants, private contributions, and other restricted revenue sources. The City also has budgeted \$19.3 million in the Motor Fuel Tax Fund for roadway resurfacing projects. The City Council budgeted \$375,000 of funding for the Rialto Square Theatre. The Downtown Development Plan indicated that a vibrant theatre is necessary for the continued improvement of the downtown area.

The City took possession of Evergreen Terrace, a Housing and Urban Development (HUD) sponsored housing project in 2017. Evergreen Terrace will be the focus of the City Council and the City Administration to develop a long-term plan for the housing project. On September 4, 2018, the Joliet City Council approved a plan that calls for the non-renewal of 179 of the 356 separate 20-year Housing Assistance Payment contracts which would result in maintaining a total of 177 units going forward. The downsizing project may take several years to complete.

The Mayor and City Council continue to work with the Administration to formulate long-term objectives to ensure future budgets are in balance and strategic long-term goals and policies are in place. Without a long-term strategic policy in place, assumptions used for long-term projections are difficult to make and can provide unachievable expectations. Items for discussion include tax policy, long-term capital investment requirements for building, infrastructure, equipment and technology, reserve requirements, overall compensation, and debt. A long-term strategic plan is being formulated for years beyond 2021.

The impacts of the COVID-19 pandemic are expected to have a negative effect on the resources of the City. Many revenue streams such as sales tax, income tax and gaming revenues are expected to be below anticipated levels.

While the local economic environment and the impact it has on the City's available revenues continues to present challenges, the Mayor and City Council are committed to passing a balanced budget. The 2021 budget maintains this commitment; designates the necessary operating reserves; and continues to provide for the basic needs of the growing community.

Contact Information

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Finance Department at the City of Joliet, 150 West Jefferson Street, Joliet, Illinois 60432-4158.

Reconciliation of Governmental Funds Balance Sheet to Statement of Net Position December 31, 2020

.

Total fund balances - governmental funds

\$ 75,471,262

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets net of accumulated depreciation of \$321,685,351 used in governmental activities are not current financial resources and therefore are not reported in the governmental funds.

374,653,013

Some assets, deferred outflows of resources, liabilities, and deferred inflows of resources reported in the Statement of Net Position do not require the use of current financial resources and therefore are not reported as assets, deferred outflows of resources, liabilities, or deferred inflows of resources in governmental funds. These activities consist of:

Equity interest in component unit		4,733,326
·		
Deferred outflows of resources related to pensions		41,313,169
Deferred outflows of resources related to OPEB		204,214,778
Accrued interest payable on debt	(22,824)
Accrued compensated absences	(14,695,103)
Net pension liability	(344,183,507)
Estimated liability for self-insured losses	(7,349,234)
Other postemployment benefits	(670,564,436)
General obligation bonds	(5,730,000)
Unamortized premium on bonds	(416,293)
Deferred inflows of resources related to pensions	(65,418,104)
Deferred inflows of resources related to OPEB	(26,675,959)
Deferred revenues collected after sixty days	•	5,849,086

Net position of governmental activities

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to Statement of Activities For the Year Ended December 31, 2020

Net change in fund balances - governmental funds		\$	3,849,521
Amounts reported for governmental activities in the Statement of Activities are different because:			
Some revenues were not collected for several months after the close of the fiscal year ar were not considered to be "available" and are not reported as revenue in the government The change from fiscal year 2019 to 2020 consists of:			
Sales, income and use taxes received from the state of Illinois	74,650		
Other taxes received from the state of Illinois	68,764		
State reimbursements received from the state of Illinois (1,151,959)		
Utility and auto rental taxes received from the state of Illinois	44,034)		
Total change in unavailable revenues		(1,052,579)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets are depreciated			
over their estimated useful lives as depreciation expense.	12 OCE 101		
This is the amount of assets capitalized in the current period. This is the amount of depreciation recorded in the current period.	13,965,191 18,033,282)		
This is the amount of depreciation recorded in the current period.	10,000,202)	(4,068,091)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduced long-term liabilities in the Statement of Net Position.			1,535,000
In governmental funds, the proceeds from long-term debt is considered an other financing source, but in the Statement of Net Position, debt is reported as a liability. In the current period, proceeds were received from the issuance of one bond totaling \$3,665,000 along with a premium on issuance of \$398,854.		(4,063,854)
Governmental funds do not report the change in certain long-term assets and liabilities, the change has been recorded in the Statement of Net Position:			
Decrease in interest payable			3,443
Increase in compensated absences		(2,617,377)
Increase in claims liabilities		(583,943)
Decrease in net pension liability and related deferred amounts			9,070,439
Increase in other postemployment benefits and related deferred amounts		(51,124,087)
The City's share in the equity interest of a component unit increased during the year.			343,215
The City amortized bond premiums in the Statement of Net Position.			34,816
Change in net position of governmental activities		(\$	48,673,497)

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Introduction

The City of Joliet, Illinois (the City) was incorporated June 19, 1852. The City is a home rule unit and operates under the Council / Manager form of government. The City Council is composed of the Mayor and eight council members. The City provides services to the community that includes police, fire, water and wastewater utility, community development, street maintenance, and general services.

The financial statements of the City of Joliet, Illinois are prepared in accordance with Accounting Principles Generally Accepted in the United States of America (USGAAP). USGAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- 1) Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

The accompanying financial statements present the City of Joliet, Illinois (the primary government) and its component units. The financial data of the component units are included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

Component Units that are Fiduciary in Nature

The Police Pension Fund and Firefighters' Pension Fund of the City of Joliet are Illinois local governments, as such; they are separate legal entities with their own management and budget authority. These funds exist solely to provide pension benefits for the City's police officers and firefighters and their beneficiaries. The financial statements of the Pension Funds as of and for the fiscal year ended December 31, 2020, are reported as pension trust funds - fiduciary funds. Each pension fund prepared separately issued component unit financial statements. The Police Pension Fund report may be obtained by writing to the City of Joliet Administrative Office, 150 West Jefferson Street, Joliet, Illinois 60432. The Firefighters' Pension Fund report may be obtained by writing to the Joliet Firefighters' administrative office, 101 East Clinton Street, Joliet, Illinois 60432.

Discretely Presented Component Units

A discretely presented component unit is an entity that is legally separate from the City, but for which the City is financially accountable, or whose relationship with the City is such that exclusion would cause the City's statements to be misleading or incomplete. The City's component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City.

Notes to Basic Financial Statements

1. Summary of Significant Accounting Policies

Joliet Public Library

The Joliet Public Library provides a broad range of services and reference information to area citizens, including book and film rental and audio-visual materials.

On September 1, 1875, under the provisions of an 1872 Illinois Statute, "The Illinois Local Public Library Act", the Joliet City Council adopted an ordinance providing for the establishment of a public library in Joliet. The Joliet Public Library began public service on March 7, 1876. The Library is governed by a board of library trustees consisting of nine members appointed by the Mayor of the City of Joliet and confirmed by the City Council. Board members serve three-year terms with three members being appointed annually.

The Joliet Public Library is primarily supported by property taxes. The annual budget, appropriation, and levy for the Library are enacted as ordinances of the City of Joliet by the City Council of the City of Joliet. The Library receives some revenue from the sale of real property, fines and fees, and from state, federal, and corporate grants. Separate financial statements may be obtained at the Library's business office, 150 North Ottawa Street, Joliet, Illinois, 60432.

Riverwalk Homes, LLC

Riverwalk Homes LLC (the "LLC") was formed on May 3, 2016 as the result of an agreement between the City and Holsten Real Estate Development Corporation (Holsten) to establish a limited liability company to own, manage and potentially redevelop the 356-unit multifamily rental developments know as Evergreen Terrace located within the Joliet city limits. Evergreen Terrace provides rental housing for low-income residents; rents are charged at market rates subsidized by the U.S. Department of Housing and Urban Development (HUD). The LLC is includable as discretely presented component unit of the City of Joliet, as the LLC is fiscally dependent on the City and the LLC provides financial benefit and burden relationships to the City. Separate financial statements may be requested from the LLC's business office, 1020 W. Montrose Ave., Chicago, Illinois, 60613.

Will County Metropolitan Exposition and Auditorium Authority

The Will County Metropolitan Exposition and Auditorium Authority (the Authority) was created under Illinois Public Act 80-909. The original purpose of the Authority was to rehabilitate and restore a historic building, the Rialto Square Theatre. Duties of the Authority consist of promoting, operating, and maintaining expositions and conventions in the metropolitan area for industrial, cultural, educational, theatrical, sports, trade, and scientific exhibits and to construct, equip, and maintain auditoriums and exposition buildings for such purposes. While the Authority still has the same basic purpose, theatre operations, from January 1, 1989 through December 31, 1993, had been carried out by the Rialto Square Theatre Corporation, a separate autonomous non-profit organization. As of January 1, 1994, the Authority resumed theatre operations. In 1982, the Act was amended to allow the authority to lease property as an owner and change the Authority name from Joliet to Will County Metropolitan Exposition and Auditorium Authority. The Mayor of the City of Joliet, with the consent of the City Council, appoints a voting majority of Authority's Governing Board. The City, through an intergovernmental agreement, provides a substantial amount of financial support to the Authority. The Authority operates on a fiscal year ending June 30. Separate financial statements may be obtained at the Authority's administrative office, 15 East Van Buren Street, Joliet, Illinois, 60432.

Notes to Basic Financial Statements

1. Summary of Significant Accounting Policies

The Joliet Area Historical Museum

The Joliet Area Historical Museum (the Museum) is an Illinois nonprofit organization incorporated in 1999. The museum was established to maintain, promote, and support a museum dedicated to presenting the history of the Joliet area to the public. The Museum was opened to the public in October 2002. The Museum is supported primarily through an agreement with the City of Joliet, grants, contributions, and membership dues. The City, through an agreement with the Museum, provides a substantial amount of financial support to the Museum. The Museum is fiscally dependent on the City; the City approves the Museum's annual budget and the Museum cannot borrow funds without the prior approval of the City.

The City has the sole and exclusive right to all income, receipts, and revenues and other consideration of whatever kind or nature realized by, from, or in connection with the Museum Property, the Inaugural Collection, or the operation of the Museum. The Museum operates on a fiscal year ending June 30. Separate financial statements may be obtained at the Museum's administrative office, 204 North Ottawa Street, Joliet, Illinois, 60432.

No other agencies or units of local government meet the criteria of GASB Statement Numbers 14, 39, or 61 for inclusion in the reporting entity as a component unit.

Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and nonexchange revenue. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The City's funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City (General Fund) or meets the following criteria:

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

- a) Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type; and
- b) Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. The City's expendable financial resources (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the City's governmental funds:

<u>General Fund -</u> The General Fund, a major fund, is the general operating fund of the City. It is used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The City's major special revenue funds are the following:

Evergreen Terrace II Fund - Accounts for revenue and expenditures related to the Evergreen Terrace property. Historically, the main revenue source of this fund was federal grants from the U.S. Department of Housing and Urban Development. Additional revenue sources include miscellaneous income. The fund recorded the payment towards the eventual purchase the Evergreen Terrace property in 2015; the purchase was completed in 2017.

Motor Fuel Tax Fund - Accounts for revenue and expenditures for improvement of City streets and bridges. The main revenue source is taxes imposed on the purchase of motor fuel. Additional revenue sources include state and federal grants and interest income.

<u>Debt Service Fund</u> - The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest of general long-term debt and related costs.

<u>Capital Projects Funds</u> - Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Proprietary Funds

Proprietary funds are used to account for the City's ongoing organizations and activities, which are similar to those often, found in the private sector. The measurement focus is based upon determination of net income.

<u>Enterprise Funds</u> – Enterprise funds are used to report any activity for which a fee is charged to external users for goods or services. The City uses enterprise funds to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the City Council is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The City's major enterprise fund is the following:

Water and Sewer Fund - Accounts for the revenue and expense related to providing a safe, potable water supply for domestic and industrial usage and fire protection and for maintaining a dependable system for collecting and treating the waste waters of the City of Joliet.

Fiduciary Funds (not Included in Government-wide Statements)

Fiduciary Funds are used to account for assets held by the City in a trustee capacity. These include the following fund types:

<u>Pension Trust Funds.</u> The Pension trust funds include the City of Joliet Police Pension Fund and City of Joliet Firefighters' Pension Fund. These funds account for City contributions in the form of property taxes and contributions from participants used to fund the respective pension plans and payments to beneficiaries in accordance with the Illinois Pension Code.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the "current financial resources" measurement or the "economic resources" measurement is used as appropriate:

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets, deferred outflows of resources (if any), liabilities, and deferred inflows of resources are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position. Pension Trust Funds are accounted for in essentially the same manner as proprietary funds since preservation of capital is critical.

Basis of Accounting

Government-wide Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Changes in net position resulting from exchange and exchange-like transactions are recognized when the exchange takes place. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Indirect expenses for centralized services and administrative overhead are allocated among the programs, functions, and segments using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Eliminations have been made in the Statement of Net Position to remove the "grossing-up" effect on assets and liabilities within the governmental and business-type activities' columns for amounts reported in the individual funds as internal receivables and payables. Similarly, transfers between funds have been eliminated in the Statement of Activities. Amounts reported in the activities' columns as receivable from or payable to fiduciary funds (if any) have been reclassified in the Statement of Net Position as accounts receivable or payable to external parties. Interfund services provided and used (sales and purchases of goods and services between funds for a price approximating their external exchange value) are not eliminated in the process of consolidation.

Net position is reported as restricted when constraints placed on net position use is either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Fund Financial Statements

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting on funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Governmental Funds

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectable within sixty days, or soon enough thereafter, to be used to pay liabilities of the current period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due. When an asset is recorded in governmental fund financial statements but the revenue is not available, the City reports a deferred inflow of resources until such time as the revenue becomes available.

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidelines. Monies that are virtually unrestricted as to purpose of expenditure, which are usually revocable only for failure to comply with prescribed compliance requirements, are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

Shared revenues remitted from the State of Illinois, such as state income tax, replacement tax, sales tax, gaming tax, automobile rental tax, pari-mutuel tax, and State motor fuel tax allotments, are accrued applying the susceptible-to-accrual concept based upon the earlier of the month they were liabilities to the State or the month collected by the State.

Licenses and permits, charges for services (other than water), and miscellaneous revenues (except for investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Revenues from Federal and State grants and similar programs are recognized when the City has done everything necessary to establish its right to the revenue. Usually this is at the time expenditures have been incurred for an authorized purpose.

Proprietary Funds

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resources focus concerns determining costs as a means of maintaining the capital investment and management control. Their revenues are recognized when earned and expenses are recognized when the liability is incurred or economic asset used. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at the end of the year.

Proprietary funds separate all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses - generally revenues from grants and interest and expenses for debt service.

Budgets and Budgetary Accounting

Annual budgets are legally adopted and separately reported for all funds of the City. The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to December 31st, the City Manager submits to the City Council a proposed annual budget for the fiscal year commencing January 1st. The annual budget includes proposed expenditures and the means of financing them. All budgets are adopted on a modified accrual basis except for the following modifications:

- Collections of special revenue fund loans, capital project fund assessments, and special assessments are budgeted as revenue in the year received.
- Special revenue fund loans are shown as expenditures when the funds are disbursed.
- Certain transfers between governmental funds are budgeted as revenues and expenditures.
- In the enterprise funds, payment of principal and interest are shown as expenses.
- For report presentation purposes, actual revenues and expenditures and other financing sources and uses have been adjusted to incorporate these modifications with a reconciliation provided.
- Public hearings are conducted to obtain taxpayer comments.

Prior to December 31st, the annual budget is legally enacted through passage of an ordinance. Passage of the annual budget is done in lieu of an appropriation ordinance as permitted by the Illinois Compiled Statutes.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The level of control (level at which expenditures may not exceed budget) is the fund total, not the individual line items. The annual budget can be amended by a two-thirds vote of the City Council. All appropriations lapse at year-end.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash, as presented in the Statement of Cash Flows for the City's Enterprise Funds, consist of demand deposit accounts and petty cash funds. Investments in certificates of deposit, which may or may not have initial maturities of less than three months, are considered to be investments rather than cash.

Capital Assets

Capital assets are stated on the basis of historical cost (estimated for certain items purchased prior to December 31, 1997). Major capital asset additions are financed primarily from bond proceeds. Assets acquired through gifts or donations are recorded at their estimated acquisition value at the time of acquisition. The City has established a capitalization threshold of \$25,000 for infrastructure and land improvements, buildings, waterworks and sewerage systems, and parking decks. The capitalization threshold for furniture and equipment is \$5,000.

Depreciation of Capital Assets

Depreciation has been provided over the estimated useful lives of the assets using the straight-line method. The estimated useful lives are shown below:

Infrastructure40 YearsLand Improvements10 to 15 YearsBuildings50 YearsWaterworks and Sewerage Systems40 YearsParking Decks50 YearsEquipment5 to 15 Years

Assets of the Water and Sewer Fund acquired prior to 1957 are considered to be fully depreciated and were removed from the accounting records. Assets acquired from 1957 through 1987 will be removed from the books in future years as they become fully depreciated. This policy was enacted because the exact composition of capital assets acquired between 1957 and 1987 is not readily ascertainable and, therefore, these assets cannot be removed from the accounting records as they are physically replaced. The above policy provides a means to remove these assets from the accounting records over time. All City infrastructure constructed or acquired in fiscal years ended after June 30, 1980 have been capitalized.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers.

Encumbrances

Encumbrances are recorded when purchase orders are issued for goods or services. Actual expenditures are recognized when the goods or services are received.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Investments

Investments of the City are carried at fair value (see note 4). Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value.

Employee Compensated Absences

Employee vacation, sick time, and comp time, for which the employees are eligible to receive termination payments, are recorded as a liability in the Statement of Net Position. The liability will be paid from the fund that the respective employee's salary is paid from.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Illinois Municipal Retirement Fund (IMRF) and the Police and Firefighters' Pension Plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by those plans, respectively. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Customer Accounts and Unbilled Receivables

Estimated sales for municipal waste, water, and wastewater usage, which are unbilled at year-end, are recognized as current year revenue and are included in "Receivables - Estimated Unbilled Usage". Customer accounts receivable are recorded net of an allowance for uncollectible accounts.

Construction Period Interest

The City expenses construction period interest in the year incurred in accordance with GASB Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period.

Inventory

Inventory recorded in the governmental funds consists of commercial real estate held for resale and residential real estate purchased for rehabilitation and subsequent sale under the Neighborhood Stabilization Grant. This inventory is recorded at cost.

Fund Balances

The fund balances of the City's governmental funds are required to be reported using five separate classifications as listed below. The City may not necessarily utilize each classification in a given fiscal year.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Nonspendable fund balance - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification may include inventories, prepaid amounts, assets held for sale, and long-term receivables.

Restricted fund balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed fund balance - Amounts that can only be used for specific purposes because of a formal action (ordinance) to establish (and modify or rescind) a fund balance commitment by the City's highest level of decision-making authority, the City Council.

Assigned fund balance - Amounts that are constrained by the City's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the City Council, Mayor, or another body (such as a Finance Committee), or by an official to whom that authority has been given. The City has taken formal action to create each of the City's funds reported in this report, thereby assigning those resources for the purpose for which the fund was established. Any non-negative year end fund balance that is not reported as nonspendable, restricted, or committed is reported as assigned (with the exception of the General Fund).

Unassigned fund balance - This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of cumulative overspending for specific purposes for which amounts had been restricted, committed, or assigned.

Note 16 provides details of fund balances.

Restricted Net Position – Proprietary Funds

Certain cash and investments along with related intergovernmental receivables in the Water and Sewer Fund are restricted for debt service and capital improvements in accordance with the ordinances authorizing the issuance of the Series 2014A, and 2014B revenue bonds and the IEPA loans. These assets are reflected as restricted assets. The City also reports liabilities for amounts payable from restricted assets. Restricted assets that exceed related amounts payable are reported as a restriction of net position.

Use of Resources Policy

The City considers restricted resources to have been used first when expenditures/expenses are incurred for purposes for which both restricted and unrestricted balances are available. Committed, assigned, and unassigned amounts are considered to have been spent in that order when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. Expenditures incurred for a specifically identified purpose will reduce the specific identified classification of fund balance.

Notes to Basic Financial Statements December 31, 2020

1. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred outflows of resources, and deferred inflows of resources and disclosure of contingent assets, liabilities, deferred outflows of resources, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

New Accounting Pronouncement

The City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, in 2020. The adoption of this GASB statement required the City to increase beginning of the year net position of Governmental Activities and beginning of the year fund balance of the General Fund by \$591,351 to account for the adjustment to record the cash balance of the City's Agency Funds as of January 1, 2020 in its financial statements. Additionally, the new statement resulted in the changes to the notes to the financial statements and Statement of Fiduciary Net Position.

2. Property Taxes

Property taxes are levied each year on all taxable real property located in the City. The amounts recorded as revenue for fiscal year 2020 represent the taxes from the 2019 and prior year levies. The budget anticipates that the 2020 property tax levy will be used to finance the 2021 expenditures. The 2020 levy has been recognized as a receivable as of December 31, 2020 but recognition as revenue has been deferred to 2021 because the revenue is not considered available to finance 2020 expenditures.

Net property taxes receivable reflects the estimated collectible portion of the 2020 levies as of December 31, 2020. Property taxes receivable for prior years are immaterial and are not recorded.

Based on past experience, an allowance for estimated collection losses (1.5% of the extended levy) has been recorded to reduce the property taxes receivable to the estimated amounts collectible.

Property taxes are levied on the last Tuesday in December and attach as an enforceable lien on property on January 1st and are payable in two installments on or about June 1st and September 1st subsequent to the year of levy. Beginning in 2021, property taxes will be payable in four installments on or about June 3rd, August 3rd, September 3rd and November 3rd subsequent to the year of the levy.

All of the City's governmental funds account for property taxes as described above.

3. Tax Abatements

As of December 31, 2020, the City provided tax abatements through four separate programs to encourage economic development within the City. The abatements are reported as reductions to revenues in the applicable individual funds of the City.

Notes to Basic Financial Statements
December 31, 2020

3. Tax Abatements

The City rebated a portion of the Tax Increment Financing (TIF) property taxes as allowed by the Illinois Tax Increment Redevelopment Allocation Act. The City had agreements with eight entities as of December 31, 2020. The entities must make improvements to properties within the TIF district. The entities remitted their share of property taxes to the County; upon receipt of the taxes from the County, the City refunded the entities up to 100% of the TIF tax paid by each entity, subject to various formulas as dictated by the individual agreements. Rebates paid under the TIF property tax program totaled \$452,620 during the year ended December 31, 2020, including \$183,082 paid to one developer, which amounted to 40% of the TIF rebates.

The City rebated a portion of sales taxes as allowed by the Illinois Compiled Statutes (Economic Incentive Agreements). The City's largest sales tax rebate program involves automobile dealerships. Dealerships can qualify for rebates up to \$100,000 annually per location to a maximum of fifteen years based on the level of capital investments made to their properties, the sales volume of vehicles, and the amount of sales tax paid to the state. The City had four active agreements with auto dealers during the year ended December 31, 2020. The City also had three sales tax rebate agreements with non-auto dealers which involved rebates based on percentages of sales. Rebates paid under the sales tax programs totaled \$643,959 during the year ended December 31, 2020, including a total of \$489,489 paid to four auto dealers and \$57,872 paid to a communications equipment corporation, which represented 9% of the sales tax rebates.

The City rebated a portion of business district sales taxes as allowed by the Illinois Business District Development and Redevelopment Law. The City had ten-year agreements with two entities that operate within the specified business district as of December 31, 2020. The entities remitted sales taxes to the state of Illinois; upon collection of the taxes from the state, the City refunded the entities up to 100% of the incremental business district sales tax paid by each entity. Rebates paid under the business district sales tax program were made in the amounts of \$24,734 and \$15,932 to gas stations that also operated convenience stores for a total of \$40,666 during the year ended December 31, 2020.

The City rebated amusement taxes as allowed under home-rule provisions of the Illinois Compiled Statutes. The City had an agreement with a racetrack developer as of December 31, 2020. The developer remitted amusement taxes to the City; upon collection of the taxes from the developer, the City refunded up to 100% of the amusement tax paid to reimburse the developer for certain public improvements made by the developer. Rebates paid under this program totaled \$0 during the year ended December 31, 2020.

Notes to Basic Financial Statements December 31, 2020

4. Cash and Investments

Primary Government

The City is authorized by the Illinois Compiled Statutes (the Illinois Public Funds Investment Act (30 ILCS 235/2) to invest any available funds in: (1) in bonds, notes, certificates of indebtedness, treasury bills or other securities, which are guaranteed by the full faith and credit of the United States of America as to principal and interest; (2) in bonds, notes, debentures, or other similar obligations of the United States of America, its agencies, and its instrumentalities; (3) in interest-bearing savings accounts, interest-bearing certificates of deposit or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act; (4) in short term obligations of corporations organized in the United States with assets exceeding \$500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature not later than 270 days from the date of purchase, (5) in money market mutual funds registered under the Investment Company Act of 1940, (6) interest bearing bonds of any county, township, city, village, incorporated town, municipal corporation, school district, or state. In addition, the fiduciary component units, the Police and Firefighters' Pension Trust Funds, can invest in corporate bonds, general accounts of Illinois authorized life insurance companies, and certain State of Israel obligations.

The Pension Funds may also invest in certain separate accounts of Illinois authorized life insurance companies, mutual funds, and common stocks, in total not to exceed either 10% and 55% of total net position of each Fund, depending on type of investment.

Deposits

In addition to checking accounts, the City maintains an investment pool comprised of certificates of deposit and an Illinois Funds Money Market Fund account that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Investments". The year-end carrying amounts and bank balances for the City and Pension Trust Funds (excluding cash on hand of \$4,066 are as follows:

	 Carrying Amount					Total
	Checking Accounts		Certificates of Deposit		Total	Bank Balance
All City Funds Except			_		_	
Pension Trust Funds	\$ 44,034,886	\$	8,548,845	\$	52,583,731	\$ 45,667,921
Police Pension Fund	53,204		-		53,204	104,778
Firefighters' Pension Fund	 7,729				7,729	 50,522
Total	\$ 44,095,819	\$	8,548,845	\$	52,644,664	\$ 45,823,221

Custodial Credit Risk - this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's investment policy, which covers the City's policies for all "deposits" and "investments" requires collateral for all deposits and investments except for those investments in the state pool (the Illinois Funds) or the federal government securities. The collateral must have a market value of not less than 100% of all deposits and investments. The Pension Funds' investment policies do not require collateralization of deposits or investments. As of year-end, all account balances at banks were either insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 or collateralized with securities of the U.S. Government held in the City's name by financial institutions acting as the City's agent.

Notes to Basic Financial Statements December 31, 2020

4. Cash and Investments

The City maintains an investment in the Illinois Funds Money Market Fund. The balance at December 31, 2019 was \$68,546,581. The Illinois Funds Money Market Fund is an external investment pool created by the Illinois General Assembly. The fund invests in U.S. Treasury bills and notes, fully collateralized time deposits in Illinois financial institutions, collateralized repurchase agreements, and mutual funds that invest in U.S. Treasury obligations and collateralized repurchased agreements; the average weighted maturity of the pool's investments at December 31, 2020 is 58 days. The fair value of the position in the Illinois Funds Money Market Fund is the same as the value of the pool shares. The Illinois State Treasurer's Investment Advisory Board has oversight responsibility over the Illinois Funds Money Market Fund.

Investments

Fair Value Measurement - Investments are measured at fair value on a recurring basis. The Pension Funds categorize their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Pension Funds have the following recurring fair value measurements as of December 31, 2020:

Police Pension Fund	Fain Makes		e Measurement	
Investments by Fair Value Level	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Debt Securities:				
U.S. Treasury Securities	\$ 33,319,117	\$ 33,319,117	\$ -	\$ -
U.S. Agency Securities	1,005,727	-	1,005,727	-

Total III Value	+ _00,000,001			

Notes to Basic Financial Statements December 31, 2020

4. Cash and Investments

Firefighters' Pension Fund		Fair Value Measurements Using				
Investments by Fair Value Level	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs		
Debt Securities:						
U.S. Treasury Securities	\$ 29,143,956	\$ 29,143,956	\$ -	\$ -		
U.S. Agency Securities	594,332	-	594,332	-		
U.S. Agency Sponsored Securities	2,507,179	-	2,507,179	-		
Corporate Bonds	32,349,556	-	32,349,556	-		
State and Local Bonds	3,031,539		3,031,539			
Total Debt Securities	67,626,562	29,143,956	38,482,606			
Equity Securities:						
Mutual Funds	117,037,147	117,037,147				
Total Equity Securities	117,037,147	117,037,147		-		
Total Investments by Fair Value Level	184,663,709	\$146,181,103	\$ 38,482,606	<u>\$ - </u>		
Investments Measured at the Net Asset Value						
Insurance Company Contracts	15,850,530					
Total Investments Measured at Fair Value	\$200,514,239					

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Investments measured at the Net Asset Value (NAV) consist of Insurance Company Contracts (Separate Account). The Separate Account is made available through a group annuity contract and is comprised of a diversified U.S. real estate equity portfolio consisting primarily of high quality, well-leased real estate properties in multifamily, industrial, office, retail, and hotel sectors. Although withdrawal limitations could be implemented for the Separate Account based on market factors inherent in real estate, there were no withdrawal limitations as of December 31, 2020. The fair value of the investment in this type has been determined using the NAV per share of the Pension Fund's ownership interest in the group annuity contract.

Custodial Credit Risk - The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City or Pension Funds will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The investment policies for the City and the Pension Funds as it pertains to custodial credit risk for investments were outlined above. The investments held in external investment pools and in openend mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. All other investments were held by the Pension Funds and were registered in the name of the Pension Funds.

Notes to Basic Financial Statements December 31, 2020

4. Cash and Investments

Concentration of Credit Risk - The City's and the Pension Funds' investment policies place no limit on the amount that may be invested in any one issuer; however, diversification of the investment portfolio must be appropriate as to the nature and purpose of the funds using the "prudent person rule". At year-end, the City held investments in the Illinois Funds which represented 100% of total City investments. The Firefighters' Pension Fund had investments (other than U.S. Government and Agency securities and mutual funds) in Insurance Company Contracts of \$15,850,530 (7.70%) which represented 5 percent or more of total Pension Fund net position at December 31, 2020 of \$205,929,937.

The long-term expected rate of return on the Police and Firefighters' Fund's investments in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) have been developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return excluding inflation for each major asset class included in the Funds' target asset allocation as of December 31, 2020 are listed in the tables below:

Police Pension Fund

	Long-Term	Long-Term	Long-Term	
	Expected	Inflation	Expected Real	Target
Asset Class	Rate of Return	Expectations	Rate of Return	Allocation
Fixed Income	4.30%	2.20%	2.10%	32.00%
U.S. Equities	7.80%	2.20%	5.60%	30.00%
International Equities	8.00%	2.20%	5.80%	30.00%
Real Estate	7.20%	2.20%	5.00%	5.00%
Cash and Cash Equivalents	2.90%	2.20%	0.70%	3.00%

Firefighters' Pension Fund

	Long-Term	
	Expected Real	Target
Asset Class	Rate of Return	Allocation
Fixed Income U.S. Government	0.30%	27.00%
Fixed Income State and Local	0.30%	3.00%
Equity - Stocks and Mutual Funds	6.87%	55.00%
Fixed Income Corporate Bonds	0.30%	10.00%
Cash	-3.00%	5.00%

Interest Rate Risk - The Firefighters' Pension Fund does not have formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates. The Police Pension Fund's investment policy dictates fixed income securities are to be invested in a ladder of maturities approach with securities generally extending over a ten-year period. As of December 31, 2020, the Pension Funds' fixed income investment maturities (using the segmented time distribution method) and fair values were as follows:

Pension Trust Funds Cash - Statement of Fiduciary Net Position	61,033
Pension Trust Funds Investments - Statement of Fiduciary Net Position	 497,091,096
Total	\$ 618,286,407

Discretely Presented Component Units

The Joliet Public Library and the Will County Metropolitan Exposition and Auditorium Authority are authorized by the Illinois Compiled Statutes to invest in instruments similar to the City as noted above.

Joliet Public Library:

At December 31, 2020, the Library's cash consisted of demand deposits held at local financial institutions. The carrying amount of the Library's deposits was \$3,021,163 and the bank balance was \$3,031,349. In addition, the Library had \$479 invested in the Illinois Funds and \$10,024,938 invested in IPRIME at year end.

Custodial Credit Risk - The Library's investment policy requires the pledging of collateral of all bank balances in excess of the federal depository insurance with the collateral held by a third party in the Library's name. At year end, the entire amount of the bank balance of deposits was covered by collateral, federal depository, or equivalent insurance.

Notes to Basic Financial Statements December 31, 2020

4. Cash and Investments

Will County Metropolitan Exposition and Auditorium Authority:

At June 30, 2020, the Authority's cash consisted of \$16,520 of petty cash on hand and demand deposits held at local financial institutions. The carrying amount of the Authority's deposits was \$1,941,633 and the bank balance was \$1,951,197. The Authority had investments in money market mutual funds of \$18,427 which were classified in level 1 of the fair value hierarchy. The Authority also had investments of \$718,654, comprised of mutual funds of \$718,654 which were valued using Level 2 inputs.

Riverwalk Homes, LLC:

At December 31, 2020, the LLC's cash consisted of \$500 of petty cash and demand deposits held at local financial institutions. The LLC is a for profit organization that reports under standards set by the Financial Accounting Standards Board. As such, reporting requirements for deposits and investments are different from GASB requirements. At year end, the carrying amount of the LLC's deposits was \$4,358,249 and the bank balance was \$4,466,150. Deposit and investment risk disclosures were not available.

The Joliet Area Historical Museum:

The Museum is a nonprofit organization that reports under standards set by the Financial Accounting Standards Board. As such, reporting requirements for deposits and investments are different from GASB requirements. At year end June 30, 2020, the Museum maintained cash of \$112,028 and investments in money market mutual funds of \$41,365. Deposit and investment risk disclosures were not available.

5. Budgetary Reporting

The budget is prepared on the same basis and uses the same accounting principles as are used to prepare the financial statements. No supplemental appropriations were made during the year. The budget information is presented in this report in all cases where annual appropriations are required. Unexpended budgeted amounts lapse at the end of the budget year. Spending control for most funds is established by the amount of expenditures budgeted for the fund, but management control is exercised at budgetary line item levels. The following is a summary of funds that incurred expenditures in excess of the final budget along with the amounts of the excess: City Center Special Service Area Fund, \$157,616; Tax Incremental Financing Fund #2, \$7,550; Tax Incremental Financing Fund #4, \$2,325; Tax Incremental Financing Fund #4, \$2,325; Tax Incremental Financing Fund #5, \$2,325; Tax Incremental Financing Fund #6, \$1,000; Capital Improvement Fund, \$753,862; Vehicle Replacement Fund, \$632,103; and Performance Bonds Fund, \$83,397.

Notes to Basic Financial Statements December 31, 2020

6. Interfund Balances and Transfers

Interfund transfers during the year ended December 31, 2020 were as follows:

	Interfund			
Fund	Tra	ansfers In	Transfers Out	
General Fund:				
Nonmajor Governmental Funds	\$	-	\$	2,243,780
Water and Sewer Fund		1,969,276		-
Nonmajor Enterprise Fund		76,428		
Total General Fund		2,045,704		2,243,780
Nonmajor Governmental Funds:				
General Fund		2,293,780		-
Nonmajor Governmental Funds		-		50,000
Total Nonmajor Governmental Funds		2,293,780		50,000
Water and Sewer Fund:				
General Fund				1,969,276
Total Water and Sewer Fund				1,969,276
Nonmajor Enterprise Fund:				
General Fund		-		76,428
Total Nonmajor Enterprise Fund		-		76,428
Grand Total	\$	4,339,484	\$	4,339,484

Routine Transfers

The above transfers were made to move monies between funds to finance operations and various programs in accordance with budgetary authorizations approved by the City Council. The General Fund transferred \$2,243,780 to the Capital Improvement Fund (a nonmajor capital projects fund) as part of the annual funding of capital projects.

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "internal receivables and payables." The purpose of most short-term loans is to cover temporary cash shortfalls in funds with deficit cash positions, all of which are expected to be repaid within one year. Internal (interfund) balances at December 31, 2020 were as follows:

Notes to Basic Financial Statements December 31, 2020

Due to Primary Government - Due from Component Unit

In a prior fiscal year, the City transferred \$11,472,658 to Riverwalk Homes, LLC as a loan to be used to effectively purchase the Evergreen Terrace property. Riverwalk Homes, LLC has recorded a noncurrent liability to represent the amount of the loan to be repaid to the City. As of December 31, 2020, a formal loan payment schedule had not been determined and the agreed interest rate was established at 0%. The loan is expected to be repaid through annual payments based on revenues earned by the LLC in excess of expenses incurred. During the year ended December 31, 2020, \$1,014,419 was repaid by Riverwalk Homes, LLC to the City based on fiscal activity that occurred prior to December 31, 2019, thereby reducing the outstanding loan balance to \$9,859,113, which is reported by the City as "Due from Component Unit" in the Statement of Net Position.

Notes to Basic Financial Statements December 31, 2020

6. Interfund Balances and Transfers

In 2019, the City passed a resolution to execute a Predevelopment Loan Agreement (Promissory Note) with Riverwalk Homes, LLC for an amount not to exceed \$2,000,000. The purpose of the Predevelopment Loan Agreement is to provide financing that will enable Riverwalk Homes, LLC to pay certain predevelopment costs related to the expected reduction of 179 units on the property. Interest accrues monthly at a rate of 6.00%. The Promissory Note is expected to be repaid when Riverwalk Homes, LLC secures Development Financing for the Redevelopment Project. The entire outstanding balance of the Promissory Note plus all accrued and unpaid interest is due and payable on the earlier of (i) the date of closing of any Development Financing, or (ii) October 23, 2022. The term may be extended for a period of 12 months if certain conditions are met. As of December 31, 2020, the City has loaned \$60,695 to Riverwalk Homes, LLC, which is reported by the City as "Due from Component Unit" in the Statement of Net Position.

7. Capital Assets

8. Pension and Retirement Fund Commitments

Illinois Municipal Retirement Fund

Plan Description

The City's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The amounts presented in this note are the combined totals for the City and the discretely presented component unit, the Library, as the employees of the Library are included in the City's IMRF Plan. IMRF does not calculate the Library's portion of the amounts presented in this note separate from the City. The Library's employees' total annual wages subject to IMRF comprise 9% of the total annual wages of the Plan. Therefore, the City has allocated 9% of the total net pension liability and deferred inflows and outflows to the Library. The City's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Notes to Basic Financial Statements December 31, 2020

8. Pension and Retirement Fund Commitments

Employees Covered by Benefit Terms

At December 31, 2020, the following employees were covered by the benefit terms:

	Regular
Inactive Plan Members and Beneficiaries Currently Receiving Benefits	477
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	231
Active Plan Members	453
Total	1,161

Contributions

As set by statute, the City's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual contribution rate for calendar year 2020 was 16.94%. For the fiscal year ended December 31, 2020, the City contributed \$6,714,960 to the plan. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The City's net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2020:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2020 valuation according to an experience study from years 2017 to 2019.
- An IMRF specific mortality table was used. For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

Notes to Basic Financial Statements December 31, 2020

8. Pension and Retirement Fund Commitments

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected
	Target	Real Rate
Asset Class	Percentage	of Return
Domestic Equity	37.00%	5.00%
International Equity	18.00%	6.00%
Fixed Income	28.00%	1.30%
Real Estate	9.00%	6.20%
Alternative Investments	7.00%	2.85-6.95%
Cash Equivalents	<u>1.00</u> %	0.70%
Total	100.00%	

Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability for the Regular Plan. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 2.00%, and the resulting single discount rate was 7.25%.

Notes to Basic Financial Statements December 31, 2020

8. Pension and Retirement Fund Commitments

Police Pension and Firefighter's Pension Plans

Plan Descriptions

The City contributes to two single-employer defined benefit pension plans: the Joliet Police Pension Plan and the Joliet Firefighters' Pension Plan (Plans). Each plan provides retirement, disability, and death benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Sworn Police and Fire personnel are covered by the Plans. The Plans are part of the City of Joliet's financial reporting entity and are included in the City's financial report as pension trust funds.

Although these are single-employer pension plans, the defined benefits and employee and employer contribution requirements are governed by Illinois Compiled Statutes and may only be amended by the Illinois legislature. The Joliet Police Pension Fund is administered by the Joliet Police Pension Board of Trustees. Two members of the Police Pension Board are appointed by the City's Mayor, one member is elected by pension beneficiaries, and two members are elected by active police employees. The Joliet Firefighters' Pension Fund is administered by the Joliet Firefighters' Pension Board of Trustees. Two members of the Firefighters' Pension Board are appointed by the City's Mayor, one member is elected by pension beneficiaries, and two members are elected by active firefighter employees.

Participating employees are required to contribute 9.91% and 9.455% of their salary to the Police and Firefighters' Plans, respectively. If a participating employee leaves the covered employment, other than due to employment connected disability or death, before 20 years of credited service, accumulated employee contributions are refundable to the employee. The City is required to contribute the remaining amounts necessary to finance the plans and the administrative costs as actuarially determined by an enrolled actuary. Effective January 1, 2011, the City has until the year 2040 to fund 90% of the past service cost for the Police and Firefighters' Pension Plans. For the year ended December 31, 2020, the City's contributions were 61.77% and 59.89% of covered payroll for the Police and Firefighters' Pension Plans, respectively.

Rather than use annual actuarial information provided by the Illinois Division of Insurance, the City of Joliet has commissioned its own actuarial study by Lauterbach & Amen, LLP of Naperville, Illinois. Lauterbach & Amen, LLP bases the information that is included in the required supplementary information on actuarial calculations.

At January 1, 2020 (the date of the latest actuarial valuation) membership in each plan consisted of the following:

	Police	Firefighters'
	Pension	Pension
Inactive Plan Members and Beneficiaries Currently Receiving Benefits	194	166
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	15	2
Active Plan Members	270	208
Total	479	376

Notes to Basic Financial Statements December 31, 2020

8. Pension and Retirement Fund Commitments

Summary of Significant Accounting Polices and Plan Asset Matters

Basis of Accounting

The Police Pension Fund and the Firefighters' Pension Fund are pension trust funds and are accounted for by the accrual basis of accounting. Employee and employer contributions are recognized as additions when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value. Details regarding cash and investments are disclosed in note 4.

Net Pension Liability

The components of the net pension liability of the Police and Firefighters' Pension Plans as of December 31, 2020 were as follows:

	Police Pension	Firefighters' Pension
Total Pension Liability	\$474,343,869	\$353,794,223
Plan Fiduciary Net Position	291,851,154	205,929,937
Net Pension Liability	\$182,492,715	\$147,864,286
Plan Fiduciary Net Position as a Percentage	64 520/	EQ 240/
of the Total Pension Liability	61.53%	58.21%

See the schedule of changes in the employer's net pension liability and related ratios in the required supplementary information for additional information related to the funded status of the Plans.

Actuarial Assumptions

The total pension liability for each pension plan was determined by actuarial valuations as of December 31, 2020 based on information rolled forward from actuarial valuation reports as of January 1, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date: January 1, 2020 - Actuarially determined contribution rates are calculated as of January 1, which is 24 months prior to the end of the fiscal year in which contributions are reported.

Notes to Basic Financial Statements December 31, 2020

8. Pension and Retirement Fund Commitments

Actuarial Cost Method: Entry Age Normal.

Amortization Method: Level percentage of pay (Closed).

Remaining Amortization Period: 25 years.

Asset Valuation Method: 4-year smoothed market (fair) value.

Inflation: 2.25%.

Salary Increases: Police 4.00% - 35.93%; Firefighters' 3.75% - 30.71%.

Projected Increase in Total Payroll: 3.25%.

Investment Rate of Return: 6.50% as of the January 1, 2020 valuation.

Postretirement Benefit Increases: Postretirement benefit increases are 3.00%, compounded, for Tier 1 employees, and 3.00% or one-half of the annual increase in the Consumer Price Index, whichever is less, simple, for Tier 2 employees.

Mortality Table: PubS-2010(A) Adjusted for Plan Status, Demographics, and Illinois Public Pension Data, as Appropriate.

Retirement Rates: Joliet Police/Firefighters' Retirement Rates Capped at Age 58.

Termination Rates: 100% of L&A 2020 Illinois Police/Firefighters' Termination Rates.

Disability Rates: 100% of L&A 2020 Illinois Police/Firefighters' Disability Rates.

Discount Rates

A single discount rate of 6.50% and 6.50% was used to measure the total pension liability for the Police Pension Plan and the Firefighters' Pension Plan, respectively. The single discount rates were based on the expected rate of return on pension plan investments of 6.50% and the municipal bond rate of 2.12% (changed from 2.74% in 2019). The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate.

The single discount rate is calculated the same way as the single discount rate is for IMRF mentioned earlier.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2020, the City recognized pension expense of \$16,423,548 and \$12,935,147 for the Police and Firefighters' Pension Plans, respectively. At December 31, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Police Pension Plan			 Firefighters' Pension Plan			
		Deferred		Deferred	Deferred		Deferred
Deferred Amounts Related to Pensions	- 1	Outflows of Resources		Inflows of Resources	 Outflows of Resources	_	Inflows of Resources

2025		1,333,122		420,494
Total	\$	7,266,855	\$	6,492,323

Investment Rate of Return

For the year ended December 31, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense was 11.87% and 13.20% for the Police and Firefighters' Pension Plans, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Notes to Basic Financial Statements December 31, 2020

8. Pension and Retirement Fund Commitments

Funding Policy

The City funds its contributions to the Police and Firefighter's pension plans through an annual tax levy. The levy amount is actuarially determined as the annual contribution necessary to fund the normal costs, plus the amount to amortize the unfunded accrued liability. The City levies 102% of the Annual Required Contribution based on the actuarial calculations for the next tax extension. Therefore, the annual required contributions for the year ended December 31, 2020 are levied for the 2021 tax levy and will be collected during the fiscal year ending December 31, 2022.

9. Postemployment Benefits Other Than Pensions

The City administers a single-employer defined benefit healthcare and life insurance plan, the "Retiree Healthcare and Life Insurance Plan" (RHLIP) or "the Plan".

Plan Description

The Plan provides lifetime healthcare and life insurance for eligible retirees and their dependents through the City's group health insurance and life insurance plans, which covers both active and retired members. Benefit provisions are established through negotiations between the City and the unions representing City employees and are renegotiated each bargaining period. The Plan does not issue a stand-alone financial report.

Benefits Provided

Retiree Cost Sharing Provisions

Police and Fire retirees as well as IMRF retirees with 20 or more years of service receive single healthcare coverage at no charge to the member.

Notes to Basic Financial Statements December 31, 2020

9. Postemployment Benefits Other Than Pensions

Former IMRF retirees with less than 20 years of service pay a portion of the 1988 single premium rate according to schedules based on their date of retirement and the City pays the difference between the current blended rate and the 1988 blended rate.

Employees and Retirees Not Meeting Years of Service Requirements

The City is legally required to offer postemployment healthcare benefits to former employees and retirees. Former employees, who are not retirees, are provided healthcare benefits mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). Former employees, who are qualified under COBRA, may apply for coverage by the City's health plan. The cost is 100% funded on a monthly pay-as-you-go basis by the former employee based upon the actual cost of the health plan for the chosen level of coverage.

Illinois statutes mandate that a municipal government must offer its retirees a health insurance plan equivalent to that offered to active employees. Illinois statutes enable a government to make the health plan benefits supplemental to Medicare and to offer these supplemental benefits at a different retiree contribution rate than regular benefits provided by the group plan. State statutes do not presently require the government to pay any portion of the cost of the plan for retired employees.

Retired employees that do not meet the years of service requirements covered under the City's plan are required to pay 100% of the cost of their insurance based on the rates paid by the City. Retired employees must be covered under the City's health insurance plan at the time of retirement to receive this benefit and must continue coverage with the City's plan to maintain this benefit.

Employees may also be covered under the Public Safety Employee Benefits Act (PSEBA). The PSEBA statute grants special health insurance to public safety employees who are catastrophically injured in the line of duty. Once awarded, the recipient, their spouse, and dependent children receive health insurance, the premium of which is paid for by the City for life.

Life Insurance

Additionally, the City pays 100% of the premiums to provide group term life insurance ranging from \$10,000 to \$50,000, depending on type of qualifying employee group and date of retirement.

Funding Policy

All plan funding is done on a pay-as-you-go basis. For fiscal year 2020, the City contributed \$10,546,166 to the Plan.

Employees Covered by Benefit Terms

At December 31, 2020, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	638
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	795
Total	1,433

Notes to Basic Financial Statements December 31, 2020

9. Postemployment Benefits Other Than Pensions

Eligibility

The eligibility requirements for benefits are:

- IMRF participants are eligible at age 55 with 8 years of service for reduced benefits and at age 60 with 8 years of service or age 55 with 35 years of service for unreduced benefits if hired before January 1, 2011; age 62 with 10 years of service for reduced benefits and at age 67 with 10 years of service or age 62 with 35 years of service for unreduced benefits is hired on or after January 1, 2011.
- Tier I full-time police officers are eligible at age 50 with 20 years of service. Tier II full-time police officers are eligible at age 55 with 10 years of service.
- Tier I full-time firefighters are eligible at age 50 with 20 years of service. Tier II full-time firefighters are eligible at age 55 with 10 years of service.

Dependents of employees and retirees are eligible for healthcare coverage.

Total OPEB Liability

The City's total OPEB liability of \$752,235,970 was measured as of December 31, 2020 and was determined by an actuarial valuation as January 1, 2021.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the January 1, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method: Entry Age Normal (Level %)

Payroll Increases: 3.00%.

Retirement Age: Experience-based table of rates that are specific to the type of

eligibility condition.

Healthcare Trend Rates: Beginning fiscal year 2020 at 6.0% for PPO graded down to

5.5% and then down to 5.0% per year ultimate trend.

The discount rate of 2.12% was based on the Fidelity 20-Year General Obligation Municipal Bond Index.

Mortality rates were developed as follows – IMRF Mortality follow the RP-2014 with Blue Collar Adjustment and MP-2016 Improvement, weighted per IMRF Experience Study dated November 8, 2017. Police and Fire Mortality follow the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2017 using MP-2019 Improvement Rates. These rates are improved generationally using MP-2019 Improvement Rates.

9. Postemployment Benefits Other Than Pensions

OPEB Expense and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the City recognized OPEB expense of \$69,636,320, net of deferred amounts.

At December 31, 2020, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

Deferred Amounts Related to OPEB	Deferred Outflows of Resources	Deferred Inflows of Resources
Deferred Amounts to be Recognized in OPEB Expense in Future Periods		
Differences between Expected and Actual Experience	\$ 20,406,773	\$ -
Changes of Assumptions	\$ 208,680,386	\$ 29,924,962
Total Deferred Amounts Related to OPEB	\$ 229,087,159	\$ 29,924,962

Amounts reported as net deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

	١	let Deferred	
Year Ending		Outflows of	
December 31,	Resources		
2021	\$	35,351,600

Total	\$	199,162,197	

10. Commitments, Contingencies and Subsequent Events

General Litigation

The City monitors all claims and lawsuits on a case by case basis. If a claim is asserted and a probable loss is reasonably estimable, the City recognizes a liability in the financial statements. The City is currently a defendant in several lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

Notes to Basic Financial Statements
December 31, 2020

10. Commitments, Contingencies and Subsequent Events

Fund Commitments

The City has entered into contracts totaling approximately \$42.7 million for projects to be paid from the loan proceeds from the Water and Sewer Fund; as of December 31, 2020, about \$29.9 million had been paid leaving remaining commitments at \$12.8 million.

Additionally, the City has committed to pay Will County \$10 million over 20 years towards the building of the new County courthouse. The City made the third payment of \$500,000 in fiscal year 2020 from the General Fund.

Subsequent Events

Subsequent to December 31, 2020, the City of Joliet entered into an agreement with the City of Chicago to receive the City's water supply from the City of Chicago through Lake Michigan. The City currently receives its water supply from a deep groundwater aquifer. It is estimated that the City's current water source will not be able to meet the City's water demands by the year 2030. Future water rate increases and debt issuances are expected to fund the project.

11. Compensated Absences

All full-time City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death, or retirement. The City has recorded the liability for compensated absences using the "Vesting Method". Under the Vesting Method, the liability is measured based on the sick leave, vacation, and comp time accumulated at the balance sheet date by those employees who are eligible to receive payments upon termination. Amounts in excess of the payment allowed at termination are excluded because those balances are available only for use as paid time off. The governmental liabilities are typically liquidated by the General Fund. The City's liability for compensated absences as of December 31, 2020 is as follows:

	Balance 12/31/2019	Additions	Reductions	Balance 12/31/2020	Amount Due Within One Year
Governmental Activities Business-Type Activities:	\$12,077,726	\$ 8,656,240	\$ 6,038,863	\$ 14,695,103	\$ 7,347,552

Total Liability	\$ 12,833,970	\$ 9,190,989	\$ 6,416,985	\$ 15,607,974	\$ 7,803,988

Notes to Basic Financial Statements
December 31, 2020

12. Risk Management

The City is exposed to various risks of loss related to torts: theft, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City accounts for its risk financing activities in the General Fund. The General Fund pays all general liabilities, unemployment, and workers' compensation, and auto and collision claims for which the City is held liable. The City's Consolidated Property & Casualty Insurance Program consists of primary package insurance coverage consists of excess specific coverage for General, Auto, Police / Law Enforcement, Public Official / Employment Practices Liability (EPL), and Employee Benefit Liability (EMT). The coverage limit on the primary package policy is \$10,000,000 per occurrence and aggregate (12,000,000 for auto liability) with an additional \$10,000,000 umbrella extending over the initial \$10,000,000 package limit. The Self-Insured Retention (SIR) is \$1,000,000 for all package components. Worker's Compensation Excess Specific coverage is to statutory limits with \$1,000,000 of employer's liability. The SIR for this line is \$750,000. The City's property coverage is all risk, repair, or replacement Full Limit Value (FLV) with a \$75,000 deductible.

This coverage includes Extra Expense (\$7,000,000 per named location), EDP equipment (\$2,500,000 per named location), Flood (\$5,000,000 with \$100,000 deducible), Property in Transit and Builder's Risk coverage at various limits as well as Earthquake (\$50,000,000 with a \$100,000 deductible) coverage for a Total Insured Value (TIV) of \$250,000,000.

The City's Boiler and Machinery coverage is \$250,000,000 with a \$75,000 deductible. All coverage is on an "Occurrence" form/basis. There were no significant reductions in insurance coverage from the previous year. Settled claims have not exceeded the insurance coverage in the last three years.

The City also participates in an externally administered self-insurance programs for workers' compensation, unemployment compensation, and general liability claims and medical claims. The City's group health insurance plans maintain specific stop loss coverage for claims in excess of \$240,000 and aggregate stop loss coverage for total plan losses in excess of 125% of projected claims. Dental coverage benefits are limited to \$1,000 per covered individual per year. The claims liability of \$7,349,234 for workers' compensation, unemployment compensation, and general liability claims is reported as a liability in the Statement of Net Position; the amount is based on the estimated outcome of outstanding claims on a case-by-case basis. The amount estimated to be paid within one year is \$3,233,234. The claims are typically paid by the General Fund.

The liability for health claims of \$1,385,400 is reported in the General Fund. The amount is based on reported claims due and payable at year-end along with an estimate of claims that were incurred before year-end but not yet reported.

Notes to Basic Financial Statements December 31, 2020

12. Risk Management

Changes in the claims liability amounts in the fiscal years ended December 31, 2020 and 2019 were as follows:

	Co. Une	Workers' mpensation, employment, neral Liability		Health Claims		Total

13. Long-Term Debt

IEPA Loan - L17-4445, issued in the amount of \$1,501,841 to provide funds to improve the public water supply. The loan is dated August 9, 2012, and is due in semi-annual installments of \$43,512, which includes interest of 1.25%. The final payment is due April 9, 2032.

IEPA Loan - L17-3148, issued in the amount of \$12,340,922 to provide funds to improve the public water supply. The loan is dated November 7, 2013 and is due in semi-annual installments of \$357,547, which includes interest of 1.25%. The final payment is due June 7, 2033.

IEPA Loan - L17-4705, issued in the amount of \$24,620,917 to provide funds to improve the wastewater system. The loan is dated September 30, 2014 and is due in semi-annual installments of \$765,573, which includes interest of 1.995%. The final payment is due June 23, 2036.

IEPA Loan - L17-4750, issued in the amount of \$7,090,832 to provide funds for the U.S. Route 6 sanitary sewer improvements project. The loan is dated September 30, 2014 and is due in semi-annual installments of \$220,732, which includes interest of 1.995%. The final payment is due July 7, 2036.

IEPA Loan - L17-5070, issued in the amount of \$12,423,520 to provide funds to improve the East-side Wastewater Treatment Plant. The loan is dated September 30, 2014 and is due in semi-annual installments of \$387,154, which includes interest of 1.995%. The final payment is due June 23, 2036.

IEPA Loan - L17-5427, issued in the amount of \$6,377,769 to provide funds for the watermain rehabilitation project. The loan is dated May 3, 2017 and is due in semi-annual installments of \$189,592, which includes interest of 1.64%. The final payment is due November 1, 2037.

IEPA Loan - L17-5428, issued in the amount of \$5,113,324 to provide funds for the watermain rehabilitation project. The loan is dated March 19, 2018 and is due in semi-annual installments of \$156,199, which includes interest of 1.76%. The final payment is due May 2, 2038.

IEPA Loan - L17-4706, issued in the amount of \$38,528,175 to provide funds for the wet weather pumping station improvements project. The loan is dated May 3, 2017 and is due in semi-annual installments ranging from \$1,110,337 to \$2,756,083, which includes interest of 1.75%. The final payment is due December 31, 2039.

IEPA Loan - L17-5412, issued in the amount of \$19,328,596 to provide funds for wastewater treatment plant improvements. The loan is dated May 3, 2017 and is due in semi-annual installments ranging from \$496,738 to \$577,527, which includes interest of 1.75%. The final payment is due March 1, 2039.

IEPA Loan - L17-5403, issued in the amount of \$6,460,294 to provide funds for the sewer main rehabilitation project. The loan is dated May 1, 2017 and is due in semi-annual installments ranging from \$118,710 to \$194,563, which includes interest of 1.75%. The final payment is due May 16, 2038.

IEPA Loan - L17-5429, issued in the amount of \$7,058,675 to provide funds for the watermain rehabilitation project. The loan is dated March 19, 2019 and is due in semi-annual installments ranging from \$176,367 to \$212,109, which includes interest of 1.84%. The final payment is due November 11, 2039.

Notes to Basic Financial Statements
December 31, 2020

13. Long-Term Debt

IEPA Loan - L17-5404, issued to provide funds for the sewer main rehabilitation project. The loan is dated April 13, 2018. The loan is anticipated to total \$14,601,969 plus construction period interest to be repaid by the City over a twenty-year period. Currently, the loan is due in semi-annual installments ranging from \$317,993 to \$369,405, which includes interest of 1.76%. The final payment is due December 15, 2039. The City anticipates the loan schedule to be revised after the final drawdown.

IEPA Loan - L17-5405, issued to provide funds for the sanitary sewer rehabilitation program. The loan is dated April 15, 2019. The loan is anticipated to total \$11,781,505 plus construction period interest to be repaid by the City over a twenty-year period. Currently, the loan is due in semi-annual installments of \$300,014, which includes interest of 1.84%. The final payment is due November 25, 2040. The City anticipates the loan schedule to be revised after the final drawdown.

IEPA Loan - L17-4751, issued to provide funds for the sewer main cleaning and televising project. The loan is dated July 29, 2019. The loan is anticipated to total \$2,378,622 plus construction period interest to be repaid by the City over a twenty-year period. Currently, the loan is due in semi-annual installments ranging from \$68,597 to \$68,924, which includes interest of 2.00%. The final payment is due June 2, 2039. The City anticipates the loan schedule to be revised after the final drawdown.

IEPA Loan - L17-5430, issued to provide funds for the drinking water distribution systems in Raynor Park & Ridgewood areas project. The loan is dated March 27, 2020. The loan is anticipated to total \$8,008,420 plus construction period interest to be repaid by the City over a twenty-year period. Currently, the loan is due in semi-annual installments ranging from \$167,772 to \$188,650, which includes interest of 2.00%. The final payment is due October 24, 2040. The City anticipates the loan schedule to be revised after the final drawdown.

IEPA Loan - L17-4760, issued to provide funds for the wastewater treatment plant project. The loan is dated April 1, 2019. The loan is anticipated to total \$21,542,743 plus construction period interest to be repaid by the City over a twenty-year period with interest at 1.64%. The City had drawn a total of \$17,043,080 through December 31, 2020. The final loan amount and repayment schedule were not available at the time of this report.

IEPA Loan - L17-5744, issued to provide funds to continue replacing lead service lines within the community. The loan is dated October 20, 2020. The loan is anticipated to total \$3,974,237 plus construction period interest to be repaid by the City over a twenty-year period with interest at 1.15%. The City had drawn a total of \$409,557 through December 31, 2020. The final loan amount and repayment schedule were not available at the time of this report.

IEPA Loan - L17-5464, issued to provide funds for the sanitary sewer systems in the Marycrest and Reedswood areas project. The loan is dated March 27, 2020. The loan is anticipated to total \$8,702,095 plus construction period interest to be repaid by the City over a twenty-year period with interest at 2.00%. The City had drawn a total of \$2,057,781 through December 31, 2020. The final loan amount and repayment schedule were not available at the time of this report.

IEPA Loan - L17-5742, issued to provide funds to replace lead service lines in the community. The loan is dated June 30, 2020. The loan is anticipated to total \$937,774 plus construction period interest to be repaid by the City over a twenty-year period with interest at 1.80%. The City had drawn a total of \$40,131 through December 31, 2020. The final loan amount and repayment schedule were not available at the time of this report.

17. COVID-19 Pandemic

The spread of COVID-19 and the resulting containment mitigation measures worldwide have caused economic uncertainties which have led to adverse economic conditions. The duration of these uncertainties and any potential negative impacts on the Company's financial condition cannot be reasonably estimated at this time.

Notes to Schedule:

Changes of assumptions

The assumed rate on High Quality 20 Year Tax-Exempt G.O. Bonds was changed from 2.74% to 2.12% for the current year. The discount rate used in the determination of the Total Pension Liability was changed from 6.75% to 6.50% in 2017. The demographic assumptions were changed for Mortality Rates, Retirement Rates, Disability Rates, and Termination Rates.

The information is based on the actuarial valuation reports from Lauterbach & Amen, LLP.

Notes to Schedule:

Price Inflation:

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2020 Contribution Rate* Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31

each year, which are 12 months prior to the beginning of the fiscal year in

which contributions are reported.

Methods and Assumptions Used to Determine 2020 Contribution Rates:

Actuarial Cost Method: Aggregate Entry Age Normal.

Amortization Method: Level Percentage of Payroll, Closed.

Remaining Amortization Period: 23-year closed period.

Asset Valuation Method: 5-Year smoothed market; 20% corridor.

2.50%.

Wage Growth: 3.25%.

Salary Increases: 3.35% to 14.25% including inflation.

Investment Rate of Return: 7.25%.

Retirement Age: Experience-based table of rates that are specific to the type of eligibility

condition. Last updated for the 2017 valuation pursuant to an experience

study of the period 2014-2016.

Mortality: For non-disabled retirees, an IMRF specific mortality table was used with

fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Healthy Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully

generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with

adjustments to match current IMRF experience.

Other Information:

Notes: There were no benefit changes during the year.

^{*} Based on Valuation Assumptions used in the December 31, 2018 actuarial valuation.

Notes to Schedule:

In the fiscal year ended December 31, 2016, there was a transition plan between the Pension Board and the City. The Actuarially Determined Contribution shown above for the current year is the Recommended Contributions from the January 1, 2019 Actuarial Valuation completed by Lauterbach & Amen, LLP for the December 2019 tax levy.

The methods and assumptions shown to the right are based on the same Actuarial Valuation. For more detail on the age-based and service-based rates, please see the Actuarial Valuation.

Notes to Schedule:

The Police and Firefighters' Pension Plans both use the following actuarial assumptions.

Valuation Date: January 1, 2020.

Actuarially determined contribution rates are calculated as of January 1, which is 24 months prior to the end of the fiscal year in

which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method: Entry Age Normal.

Amortization Method: Level Percentage of Pay (Closed).

Remaining Amortization Period: 25 Years.

Asset Valuation Method: 4-year Smoothed Market (Fair) Value.

Inflation: 2.50%.

Salary Increases: Police 4.25% - 36.18%; Firefighters' 4.00% - 30.96%

Projected Increase in Total Payroll: 3.25%.

Investment Rate of Return: 6.50%.

Postretirement Benefit Increases: 3.00% compounded, for Tier 1 employees, and the lesser of 3.00%

or one-half of the annual increase in the CPI, simple, for Tier 2

employees.

Mortality Rates: RP-2014 Adjusted for Plan Status, Collar, and Illinois Public

Pension Data, as Appropriate.

Retirement Rates: Joliet Police/Fire Retirement Rates Capped at Age 58.

Termination Rates: L&A 2016 Illinois Police/Firefighters Termination Rates.

Disability Rates: L&A 2016 Illinois Police/Firefighters Disability Rates.

Other Information: There were no benefit changes during the year.

The information is based on the actuarial valuation reports from Lauterbach & Amen, LLP.

Basis of Accounting

The City prepared the budget for the general fund and the major special revenue funds on the modified accrual basis of accounting. Certain budgeted amounts were amended during the fiscal year.

Fund Deficit

As of December 31, 2020, the Evergreen Terrace II Fund had deficit fund balance of \$6,214,271. The deficit is anticipated to be reduced through future transfers from the General Fund.

NONMAJOR SPECIAL REVENUE FUNDS

To account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

<u>Block Grant Fund</u> - Accounts for revenue and expenditures of the Community Development Block Grant Programs.

<u>Grants and Special Revenue Fund</u> – Accounts for revenue and expenditures related to the Grants and Special Accounts Fund created to record grant activities.

<u>Special Revenue Revolving Fund</u> – Accounts for revenue and expenditures related to the collection of fines, fees, and forfeitures to be used for public safety purposes.

<u>Foreign Fire Tax Fund</u> – Accounts for a state shared tax on out-of-state insurance companies to be used for fire department purposes.

<u>City Center Special Service Area Fund</u> – Accounts for revenue and expenditures related to Special Area property tax levied for the City Center area.

<u>Park Hill Special Service Area Fund</u> – Accounts for revenue and expenditures related to Special Area property tax levied for the Park Hill subdivision.

<u>Miscellaneous Special Service Area Fund</u> – Accounts for revenue and expenditures related to Special Area property tax levied for the other areas.

<u>Business District Tax Allocation Fund</u> – Accounts for revenue and expenditures related to the business district tax created for the Illinois Route 53 and Laraway Road Business District.

<u>Tax Incremental Financing Fund #2</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Downtown Development Program.

<u>Tax Incremental Financing Fund #3</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Cass Street Redevelopment Program.

<u>Tax Incremental Financing Fund #4</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Presence-Saint Joseph Area Redevelopment Program.

<u>Tax Incremental Financing Fund #5</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Downtown Redevelopment Project Area.

<u>Tax Incremental Financing Fund #6</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Silver Cross Redevelopment Project Area.

NONMAJOR DEBT SERVICE FUND

This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on general long-term debt.

General Debt Service Fund - Accounts for the payment of principal and interest on general obligation bonds.

NONMAJOR CAPITAL PROJECTS FUNDS

These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

<u>Capital Improvement Fund</u> - Accounts for expenditures of funds transferred in from the General Fund and Special Revenue Funds for various capital improvement projects.

<u>Vehicle Replacement Fund</u> - Accounts for revenue and expenditures related to the purchase and replacement of vehicles in the City's fleet.

<u>Performance Bonds Fund</u> - Accounts for expenditures for monies received from taxpayers for their portion of property improvement expenditures.

STATISTICAL SECTION (UNAUDITED)

This part of the City's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources, gaming tax and property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources:

Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

Beginning in 2011, the City adopted the provisions of GASB Statement No. 54, which required reporting fund balances in new classifications: Nonspendable, Restricted, Committed, Assigned, and Unassigned. The City also consolidated certain special revenue funds into the General Fund. Information was not available to restate prior year amounts.

Source of Information: Illinois Gaming Board

Two casinos operate within the City's municipal boundaries, Hollywood and Harrah's. The City receives gaming taxes from the State of Illinois based on amounts deposited in the State Gaming Fund by the two casinos in accordance with the Illinois Compiled Statutes - the "Riverboat Gambling Act" (230 ILCS 10).

The Riverboat Gambling Act is a complex set of laws governing the operation and taxes related to gaming. The Act provides for the collection of two separate taxes, an admissions tax and a privilege tax, each of which have changed in amounts and percentages throughout the years.

Currently, the City receives an admissions tax - per 230 ILCS 10/12(b), "a municipality shall receive from the State \$1 for each person embarking on a riverboat docked within the municipality".

The City also receives a privilege tax based on the annual adjusted gross receipts received from gambling games - per 230 ILCS 10/13(b), "Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat."

Notes:

- (1) Source of Information: Office of Will County Clerk
- (2) The City is a home rule unit under the 1970 Illinois State Constitution and, as such, has no statutory tax rate limitations. Tax rate is a blended rate from Will and Kendall Counties.
- (3) Representative tax rates for other governmental units are from Joliet Township tax code #3011, which represents approximately 24% of the City's 2020 EAV.

Legal Debt Margin Information

The City of Joliet is a "home rule" municipality under the 1970 Illinois Constitution. As a home rule community, the City has no debt limit nor is it required to seek referendum approval for issuance of general obligation debt. The Illinois General Assembly may, by a three-fifths vote, limit debt incurred which is payable through any funds other than ad valorem property tax receipts. When debt is secured through property taxes, the General Assembly may set limits and require referenda.

At December 31, 2020, there were two bond issues and nineteen loans with outstanding balances payable from water/sewer revenues. Details about the City's outstanding debt can be found in the notes to the financial statements. Operating expenses do not include interest, depreciation, or the change in the net pension liability/OPEB expenses. Debt service principal does not include amounts defeased by new debt. Interest expense does not include construction period interest.
